Agreement by the Tailors—Loss of the "Ismalia"—Secretary Fish on Cuba.

NEW YORK, 11.—The employing and working tailors have agreed upon a five per cent reduction in wages, the old prices to be restored as trade revives.

The loss of the *Ismalia* is fully credited at the Shipping Exchange. She sailed for the Mediterranean on the 29th of Sept., with a heavy load of freight, but no passengers; the last seen of her was on the 2d ult., when she was stopped off the coast of Nova Scotia by a sailing vessel short of provisions. The vessel and cargo are valued at nearly half a million.

A Washington correspondent has had an interview with Secretary Fish regarding the shooting of the passengers of the *Virginius*, and the secretary said it was a cold blooded murder, and no one of sound judgment pretends to apologize for it. The Cubans themselves are misguided, yet they have had presumed patriots, running loose in New York and Washington City, who, had they been made of sterner metal, would have been fighting battles on the Island instead of manufacturing useless and psuedo enthusiasm in those cities. No one denies that Ryan and his confreres were in the commission of the Cubans. If an American is willing to enter into the service of foreign powers he does it at his own risk, and has no right at every turn which proves inimical to his own interests or life to ask the intervention of his government. He has voluntarily left it to battle for another power. It would have been much more creditable to the Cuban authorities to have kept their officers at home doing service where it was valuable. The secretary added that he sympathized with Cuba, but could not render aid in any manner which will conflict with the comity of nations. Further, he wanted better material from Cuba than has been sent, before he could hope to hear of them ultimately achieving their independence. In the present juncture of affairs, he said the State Department will use the utmost diligence to be advised at the earliest practicable moment, and after we have full facts we will act. This government cannot now act, because it does not have any basis upon which to proceed firmly and intelligently. It may be a week yet before the news is presented in an official shape.

Clearing House Rules—Stock Exchange.

The governing committee of the Clearing House Association have submitted the following rules for adoption by the associated banks:

First, No bank shall pay or procure to be paid interest on deposits; second, no check shall be certified unless the full amount is first deposited; third, checks upon associated banks only shall be received on deposit; fourth, checks upon places out of New York city shall be received at the rates of discount fixed by the Clearing House committee; fifth, checks shall be taken at depositors' risk and through the clearing houses; sixth, checks not good will be returned to depositors the day following. Banks not strictly observing these rules will be excluded from the Clearing House Association. The foregoing will be discussed at a meeting this day week, and if accepted will take effect on the 1st of January, 1874.

Stocks, to-day, were strong and higher, at an advance of half to five-eighths per cent. up to end of second call. When the report of the Clearing House Association was made public, a reaction of half to two per cent. took place. Towards the close there was a firmer feeling, and though the afternoon decline was not fully recovered, a larger business was done than usual. The dealings were particularly animated in W. U., L. S. R. R., O. U. P. and Ohio. Many short contracts were covered. To-day the *Express* says, if the Clearing House report is adopted then the present Wall-street machinery for speculation will be destroyed, and new methods will have to be adopted. The volume of business on the Stock Exchange was unusually large, aggregating, between twelve and two o'clock, eighty thousand shares, of which 3,300 were W. U., 4,800 U. P., 1,700 Wabash, 1,800 Pacific Mail, 2,400 Ohio, 1,380 Central, 3,300 St. Paul, 12,000 Lake Shore, 500 Hannibal and St. Joe, 700 Harlem, 4,000 Erie, 3,000 Delaware, Lackawanna and Western, 600 Cleveland and Pitts, 1,500 Columbus, Chicago and Indiana Central, 1,200 Rock Island, 10,000 North Western and 300 do. pfd.

Appended to the report of the Clearing House committee are the articles of the Association, relating chiefly to banks, and the following in regard to the bank statement, which is of public interest:

Article 1. Every bank, which is a member of the Clearing House Association shall, every Saturday before twelve o'clock, furnish a weekly statement of its condition to the manager for publication, showing the average amount of, first, loans and discounts; second, specie; third, legal tender notes; fourth, circulation; fifth, deposits. And it shall also furnish for the information of the Association such other items as may be called for by the Clearing House committee. The question of making an actual statement of the actual condition of banks, in addition, is left to the Clearing House committee.

Meeting of Ticket Agents—Dana's Defence—Shocking Boiler Explosion—Health Association—Races.

The general railway and steamship ticket agents had a meeting to-day, and formed a permanent organization for the purpose of maintaining passenger rates, to secure protection against the movement of railroad managers, and to abolish the business of commission agencies. Every agent in this city was present, and steps will be taken to invite the agents throughout the country.

The suit of Gassoway R. Lamar, of Savannah, Ga., against Chas. A. Dana, was argued in the U. S. Circuit Court, to-day; Dana's defence is that the arrest was made in good faith, under orders from President Lincoln.

A boiler exploded at four this p. m., at the corner of South Avenue and 128th Street, used by Coyne & Bremer, contractors, on Fourth Avenue improvement. Seven persons were instantly killed and several wounded. All the killed had either the whole or portion of the head blown off.

The American Health Association resumed its session this evening. The business transacted was a summary of evidence and local reports on the cholera as it appeared in the Mississippi valley and elsewhere in America during the present year. The reports were illustrated with maps and explained. Papers were read by Dr. C. B. White, president of the Louisiana Board of Health; Dr. Eli McLellan, of the U. S. A., and Dr. Wm. Clenden, of Cincinnati.

The race at Fleetwood, to-day, between Judge Fullerton and American Girl, was won by Fullerton; time, 2:24, 2:24¼, 2:24, 2:24. The third heat was dead.

The Texas and Pacific Co.—The Pacific Mail Co.—Women Elected—Billiard Tournament.

CHICAGO, 11.—The *Tribune's* Philadelphia correspondent telegraphs that Col. Thomas Scott informed him, this afternoon, that no more bills of the Texas Pacific Construction Company will be allowed to go to protest, and that Jno. Welsh will arrange an extension with the holders. Col. Scott says the failure of the company, for virtually it is a failure, is mainly attributed to the present scarcity of money in Europe and at home, and their consequent inability to dispose of their bonds, and thus meet their obligations. He is of opinion that their difficulties will shortly be settled to the satisfaction of all concerned. The same paper's New York special says that public interest has been re-awakened in the Pacific Mail litigation by the publication of the papers in the case. Ex-president Allen B. Stockwell has made, through counsel, an answer to the complaint of Aaron Freeman, of Schenectady. It is a general denial of all the charges of fraud or malfeasance in office made against him. It sets forth, among other things, that during the year 1873 the Pacific Mail Steamship Co., owned a certain amount of the stock of the Panama R. R. Co., but that the company disposed of it during the same year. Friends of Stockwell say that when he became president of the company it had the 17,000 shares of Panama stock so often referred to. It was desirable to obtain more funds, and Stockwell sold 15,000 of the stock at 100. The remaining 12,000 shares were hypothecated or loaned for the account of the company. The proceeds of all these operations were used by the company in the transaction of its regular business. It is also alleged that these securities were largely enhanced in value, so that the company actually profited to the extent of one million dollars by the operations of the president. After the hypothecation of the 12,000 shares the stock began to fall, and the securities of the company were pledged to secure those with whom the transactions had been made. These securities were afterwards purchased by Stockwell and, in payment thereof, he gave the mortgages and notes of the Howe Sewing Machine Company. This left Stockwell to pay the company's debt of $1,200,000, with interest. For these suits were brought. On a careful examination by the directors of the Pacific Mail Co. the latter agreed to an adjustment of the claims on Stockwell's payment to the company of ten million of its capital stocks, which at the present market rate would net about $280,000.

One of the features of the recent election for county officers in this State was, that in twenty-nine counties, women were candidates on one or the other of the tickets for county superintendents of schools, and in three of these counties the candidates on both tickets were women. In the twenty-nine counties, eleven of the females as-pirants were elected. In Mercer County Miss Frazier defeated Miss Walker, in Alexander County, Mrs. Brown led Mrs. Taylor, and in Cass County Mrs. W. H. Hinckley demonstrated the superiority of married women over single by beating both Miss Housekeeper and Miss Plaister.

The billiard tournament began at Kingsbury Music Hall last evening. All the best players in the United States, including Ubassy, the celebrated French player, Garnier, the Dions, Maurice Daly and all the best players in this city. The games are all French caroms, 400 points. The two played last night were between Joe Dion and Peter Snyder, and F. Ubassy and John Bessinger. Dion won the first score, 400 to 272; Abassy won the second score, 400 to 188, making an average of nearly thirteen.

At the billiard tournament to-day, Cyrille Dion, of New York, beat Slosson of Chicago, the score was 400 to 397, the winner's average 5 60-68. Daly, of New York, beat Snyder, of Chicago, 400 to 169; the winner's average was 10. Garnier, of N. Y., beat Bessinger, of Chicago, 400 to 340, winner's average 7 22-24. Daly beat Slosson, 400 to 207, the winner's average 1 24-23, largest run 153, French caroms. The attendance is large and the tournament is successful.

Suspended.

PITTSBURG, 11.—The Duquesne savings bank in this city, and the savings deposit bank at East Liberty suspended to-day.

Discharged.

JAMAICA, L. I., N. Y., 11.—Royal Sammis, Rudolph Sammis and all others implicated in the tarring and feathering of Kelsey, appeared before Judge Armstrong this a. m. Counsel moved for their discharge on the grounds that Queen's County had no jurisdiction in the case. The District Attorney said the grand jury of Suffolk county had been in session and found no bill against the parties, therefore he would not oppose their discharge. Thereupon Judge Armstrong discharged all the defendants, which releases them from all further trouble in the matter.

Strike Ended.

KNOXVILLE, Tenn., 11. — The late strikers on the East Tennessee, Virginia and Georgia railroad, including the engineers, mechanics and blacksmiths, have withdrawn from their unions; the trains are now running regularly and everything is quiet.

Assaulted.

RICHMOND, 11.—Judge J. C. Underwood, of the U. S. district court, was assaulted here to-day by Wm. McKeigh, formerly the owner of property in Alexandria, Va., which was purchased by Judge Underwood under the confiscation act.

Emigrating to Europe.

The S. S. *Atlas*, hence to-day, for Liverpool, had two hundred and sixty steerage passengers; a large proportion of them were mill operatives and artisans, returning to the old world for lack of employment here. Some forty factory operatives came on from Fall River to embark on the *Atlas*.
