MORE FALSEHOODS REFUTED.

A correspondent in the East who has be become interested in the "Mormon" question, writes to us against the people of Utah by Eli H. "Mormon" question, writes to us Murray when he, in his official capacity ject, and we make the following extract hood was greater than the expressing his views on this aub-

almost desire to be one of them. I am so heartily sick of the cant, hypocrisy, selfishness and worldliness so preva-lent among the Christians of these parts, it is really refreshing to read of the simplicity and faith of your people. I am sure the fair minded ones of the world could they but have a fair know-ledge of Mormon doctrine and practice would not have the loathing and hor-ror of the system they now evince.

the Mormon people, old and young, are terribly given to profanity; that it is shocking to hear ladies and little child-ren using the language they do." It is also stated that "The Mormons do not | the perpetrator. teach that Jesus Christ was divine, God and man, but that he had an carthly father by whom he was begot- | tucky be fully sustained, we see no ten." Our correspondent asks if these statements are true.

bigot and rabid anti-"Mormon," who tions out of, as well as inside of Utah. speaks to the public on the "Mormon" question. His object is chiefly to raise money. By impressing the public outside of this Territory with the idea that ignorance and depravity prevail among the benighted "Mormons," he succeeds in exciting the interest of the benevolent and obtaining cash for the school with which he is connected and In securing thereby considerable coin for Coyner.

It is not true that profanity is com-mon among the "Mormon" people. It is emphatically denounced by their religion and made penal by the laws of the Territory. It is not denied that with the advent of Christian civilization. so called, profanity has been introduced into Utah and that the law against it is frequently violated; also that some of our youth have falles into the ways of resorts we would never have taken the the "Gentiles" and adopted their evin habits. But these are the exceptions, and the influence of the vast majority is excited against improprieties of on payment of the admission fee.

here make so much fuss and feathers about these damaging allegauld the charges be fully su tions. Should the confrger of fully su-stained, the denotement would be strictly in keeping with "Marray's mathematics." If Mr. Murray could become iso blinded to the political fights of the "Mormons," or the Peo-ple's Party, as to certify that the smallion, approved. minority candidate received the greatauditor's warrants, and granted leave er number of votes, because he and his of absence till Monday next. Mr. inscrupulous clique were leagued up-Barton was named to act in his place. on that side of the political issue, what reason is there in believing that he would not do the same in any instance the committee on irrigation a joint com where his own interests were involved, mittee for the consideration of that if he imagined he could do it with

safety? In our opinion, the crime committed

hood was greater than the offense he is charged with perpetrating while Marshal of Ken-tucky. By his act, had it not fallen short of its nefarious aim, that which I read every word in the DESERST NEWS pertaining to the so-called Mor-mons, sometimes twice over, and must say that if it is a faithful exponent of Mormon faith and practice, then I love and respect the Mormons and would almost desire to be one of them. I am public accounts. Mr. H. J. Richards presented a report from the committee on public health, referring to C. F. No. 11, to restrain the running at large of sheep, recommending its passage. reach its full consummation was no fault of his. The crime is greater too for the reason that a larger number of people were directly wronged by it, or come up in its order. would have been."

It appears to make a great deal of difference as to who the people are that are wronged, but the principle is The writer adds that he has been reading Coyner's expose of "Mormon-ism" in which it is stated that, "All consideration. consequences of his act behind the fact

In reply we will state, to begin with, get up another reception, and give tee on education, C. F. No. 5, to amend three rousing cheers for "Murray's 576 of the Compiled Laws of Utab. that the man Coyner is a Presbyterian | Mathematics," as exhibited in operapassed its second reading. is notoriously untruthful whenever he It would be a step toward consistency, from which they have been a long time lamentably estranged. cepted.

OUR STRICTURES DEMON-STRATED.

WE learn from persons who attended the masque entertainment at the skating pavilion given recently, that our strictures in relation to that alluring resort were more than demonstrated. A number of respectable people who

attended on the occasion and saw many disreputable characters participating, resolved that that would be the last time they would be found in such a place. Had we not been fully sware of the

A Big Blow.

London, 30.-Within a radius of 10 miles of Ayr 200,000 trees were blown down in the recent storm, 100,000 on the estate of the Marquis of Allas, The clerk read a communication from the House to the effect that the House had adopted a joint resolution making

England's Intentions Interpr aberlain, president of the board of trade, in a speech at Birmingham, said: England is not going to allow the war with El Mahdi to interfore for a single moment with the projected re-forms and the improved institutions which England is making every effort to develop in Egypt and by which it is o develop in Egypt and by which it is oped that security may be given to gyptian liberties and the people edu-ated for independence, and self-

Rebellious En

Rebelitous Busides. Sr. PETERSBURG, 30,-The Imperial Council will shortly consider the ques-tion of forming the Russian-American Company for crecting elevators. In spite of many arrests the agrarian agitation continues. In Pakow and Vitebak, so intense is the irritation, that peasants of the latter province, the governor has telegraphed to St. Petersburg, are asking the troops specially sent to Vitebak to be with-drawn as a collision is feared. Appeals addressed to the educated classes have appeared in the whole of Russis, urg-ing them to join in the struggle against absolutism. Received and laid on the table to Mr. Hammond presented a report from the committee on education, on C. the F. No. 5, to amend section 576 of the Compiled Laws of Utah, with an amendment recommending its passage. The amndmentwas adopted, and the bill was laid on the table for further

Dickens sont e check back by the messenger who ought it without any answer.

brought it without any answer. The Horseshoe surgests the following sensible hints: "Colts should not be permitted to stand on a plank, dement, paved or any hard floor the first year, as these are liable to seniously affect the feet and legs. Unless the yard where the colts run has a fine, dry, gravelly soli, it should be well littered, so as to keep their feet dry. Mud or soft, wattian ground is apt to make tender hools, no matter how well bred the colt may be. One reason why the horses in one district grow up superior to those in another in hoof, bone, muscle and action is because it has a dry limestone and allotons soil. When the mare is at work do, got let the colt run with her; and if she comes back from her work heated allow her to get cool before suckling the colt, as her overheated milk is liable to give the foal diarrhoes." The bill reported on by the committee on education, C. F. No. 5, to amend A communication from the Salt Lake Mining Institute, was read. extending an invitation to the Council to visit the institution. The offer was ac-

though not always, oured. It checks falling of the hair, inter a woak' and sickly growth to vigor. It movents and curve sourf and dandruff, and heads notify every discase peculiar to the healp. As a Ladies' Hair Dressing, the Vigon is unequalled ; it contains neither oil nor dyo, renders the hair soft, glossy and alicen in appearance, and imparts a delicate, agreeable, and listing perfume.

MR. C. P. BRICHER writes from Kirby, O., July 3, 1882. "Lass fall me hair commenced failing out, and in a short time T became nearly baid. I used part of a bottle of Aven's Manu Vasion, which stopped the fail-write Hant Vasion, which stopped the fail-there new a full head of hair grawing vigor-ourdy, and an convinced that but for the use of your preparation I should have been entirely baid."

4. W. Bowns, proprietor of the Ma Arthur (Dao) fuquirer, says: "Avait's lists Treos a most excellent preparation for the hair, ispeak of it from my own experience. In this promotes the growth of new hair, and makes it glossy and soft. The Vacque is also a sure entre for dandruff. Not within my sincerisities has the preparation ever failed to give entire satisfaction."

MR. ANOUS FAIRDAIDS, leader of the sold-brated "Fairbairn Family" of Scottish vocalists, writes from Boston, Mans., Feb 6, 1890. "Ever since my hair began to give sil-enty avidence of the charge which fleeting ima procurath, I have used AVER'S HAIR Chica, and so have been able to maintain in spectrathe of youthulens - a mainter of insiderable consequence to ministers, ora-are, netors, and in fact every one who lives a the eyes of the public,"

A the eyes of the public," Mrst. O. A. PHERCOTT, Writing from 18 Ehm. (hadcoloces, Mass., April 14, 1982, Says: "Free years ago about two-filings of my Init to an off. Is thinned very rapidly, and I was fast, geowing hald. On using AVER's HAin fatire the failing stopped and a new growth sommensail, and in about a mouth my head was completely cavared with short hair. It ins continued to grow, and is now as good as before it fell. I regularly used but one bottle of the Vision, but how use is occasionally as a drively."

We have hundreds of similar testimonia to the efficacy of AVER's HAIR YIGOR, of business beyond my personal super-vision. I have this day entered into a co-partnership with my two sons (D. W. and H. O. James) and Mr. W. H. Schluter, who will unitedly with myself, constitute the firm of David Jamas & Co.

ech as well as the greater vices Let U which are common in "Christian" communities. It is taught that the saying, "For every idle word a man do as they may, we hope to be found shall speak, he shall give account at ever and always on the side of purity and the Latter-day Saints are under special covenants that they will not "take the name of the Lord in vain."

The divinity of Jesus Christ is very plainly taught in the Book of Mormon. the Doctrine and Covenants, and the discourses of the leading Elders of the Church, which are published from time Occasionally we hear of accidents octo time in the DESERRET NEWS. It is curring by which frequenters receive declared that He was "in the beginning bodily injury, jone death having resultdeclared that He was "in the beginning with the Father;" that He is part of the Godhead; that His parentage was entirely divine excepting on the part of to the contamination of the innocent His mother, Mary; that He is One with by exposure to associations with the the Father, and that "in Him dwells the fulness of the Godhead bodily." It is nowhere taught or intimated that He was begotten by an earthly

father, but on the contrary, it THE flattering prospect for the erection is declared that God is the Eternal of a new building for the Brigham Father of His spiritual being and that Young Academy at Provo is a matter He was "the only begotten" of God in of congratulation. It is very likely the flesh; therefore He is altogether, in that there will be no doiny in begin-His whole nature, emphatically the ning the erection of the structure. Son of God. Yet, being also the Son The subscriptions toward a building of Mary," as pertains to His body, He fund have been liberally headed partook of the earthly nature, feelings, by President John Taylor, as Trus-capacities, needs and susceptibilities too in Trust for the Church, of man. But He was without sin, be-cause He observed every law and was Doubtless these examples will be fol- a University. perfectly obedient to the will of the lowed by many eitizaus, for the fur-Father. On that account death had no therance of so worthy an object. On consideration of the resolut claim on Him, but He voluntarily laid first reflection, the burning of the old postponed until to-morrow. down His life for the sins of the world, and their mediator with the Father. These things are taught in great plainness as doctrines of the Church and are believed by the Latter-day Saints, whose faith is but little understood and is continually subject to the misrepre-sentations of such unscrupulous individuals as the man Coyner.

We are pleased that our efforts to defend our people and our faith meet with endorsement from candid minded persons like our correspondent, of which we receive frequent assurances, and notwithstanding the immensity of the op-position and prejudice which we have to meet, we are sanguine that the time will come when our side of the question will be listened to by the fair and intelligent in every land, resulting in a change of sentiment which will be truly astounding, and tend to the benefit of millions and the glory of our God. O II

"THREE CHEERS" MORE FOR MURRAY.

THE perpetual agitators in this locality who have stood in with Governor Murray in his efforts to bring about the political enslavement of the people of Utah have a forte. On every con-celvable occasion they have been in the habit of getting up receptions and ratification meetings, at which it has been their custom to indulge in the

thropic liberality. Let the funds flow in that the academy may, as a credit-able educational institution, be placed firmer than ever on its feet.

Murray, as everybody knows, is Gov-ernor of Ctab. Lest anyone should re-main ignorant of this historic fact, Murray has rushed into margazine print, interviews and sensational messages. ere are several other governors in se United States, basilies Murray

but he is the only genuine Murray, but he is the only genuine Murray. Besides being Governor of Utah, he is also a stern moralist, this Murray is. Indeed its in the latter capacity that he excels. His afforts to convert the worked Mormons to the path of virtue ire among the graudest spectacles of

unselfish devotion to a righteous cause on record. Mr. Murray does heroic battle against the twin relic He wants the Mormons to pay the tax-es and the Gentiles to hold the offices, and thus polygamy will go. In this the Governor is probably right. Such an arrangement would effectually drive out the Mormons, including the "twin relic," and leave the office holders matters of the altimulos and the terri-tor. But this is merely a matter of secondary consideration with Mr. Mur-ray. Which is mostly surving for 1s the morality of the territory entrusted to his ercontive care. And for more

The Edinburg Scotsman states that on Dec. 15th, a number of perch de-scended in a heavy shower of rain upon the employees of the New Caledonian Railway works at Airdrie. The men gathered this unexpected supply of manna and took it home. With the exception of the Monkland Canal, there is no water nearer to Airdrie than the reservoir at Caldercruix, which is stocked with perch, and which feeds the canal.
