Safe From Summer Complaints All mammas, and papas too for that matter, dread the heat of summer with

it's danger for the little folks, especially the babies. It is simply heart-breaking to read year after year about the great deals rate among children caused by the summer's heat. Yet it is easy to protect the infants against all summer complaints, because we know that all these fearful perils have their beginning in stomach and bowel troubles, and we have a perfect family medicine that will keep the delicate machinery in a child's body clean, regular and in healthy working order in the hottest weather -- CASCARETS Candy Cathartic. The plump, bouncing, crowing baby shown here is a CASCARET baby. He feels that way winter and summer. Nursing mammas take a CASCARET at bedtime, and it makes their mother's milk mildly purgative and keeps the baby just right. Older children like to take the fragrant, sweet little candy tablet, and are safe from colic, gripes, diarrhoea, summer rash, prickly heat and all the mean troubles that summer brings with it.
