**EVENING NEWS**  
Saturday, August 22, 1893.

**FLOATING FRAGMENTS.**

A young man wants a situation as cook. See advt.

The next emigrant company will leave Liverpool on Fri. 2nd.

The crops along the west side of Cache Valley are exceedingly good this season.

Common hydraulic cement is sold with all forms a good paint for roofs and out-buildings. It is waterproof and incombustible.

The funeral of the late Thomas W. Winter, will be conducted at the Fifthteenth Ward Assembly Rooms, at 10 a. m. to-morrow.

About 35,000 trees have been planted in Kansas since the enactment of the forestry laws, including 25,000 acres planted with black walnut. Utah should follow suit.

There are messages at the Western Union Telegraph office for E. R. Robert, T. E. Birge, W. S. Bailey, N. C. E. Bawell, R. B. Commey, J. A. Anderson, Rollins and M. A. A. Adler.

M. W. B. Daddridge, Western Division Supt. of the U. S. R. R., has located the head of Bear Lake, and proposes to make them attractive for tourists.

The track of the Oregon Short Line is now 17 miles west of Montpelier, Bear Lake County, and will reach Soda Springs in about 15 days, as the tracklayers make about one and fourth mile advance each day.

It is said that panthers in California are so weak from starvation that they are often thrown by the tail. It must be great fun, but how surprised a man would be if he should accidentally get hold of one.

—East Texas, Lehigh County, seems to be well named. A stranger, an aggressive old man, called at a house there and asked where a friend whom he was in search of, lived. He was answered by host of a dozen shot and a volley of stones. The old man was wounded in the legs, and a correspondent ingenious hypothesis of the citizens think the attacking party ought to be arrested, but nothing has been done about it.

On Wednesday, Hanging Rock Canyon, a tributary of American Fork, was visited by one of those waterpots so common in this mountainous region. The water came down in torrents, completely washing away the new road lately built by Bishop A. Gardener, and so damaging his mill at the junction of the stream, that he does not believe will be \$2,000. Saw the large dimensions came a distance of a mile from the stump.—*For. Enquirer.*

**LOCAL AND OTHER MATTERS.**

Religious Services.—Religious services of the Church of Jesus Christ of Latter-day Saints at the Thermale to-morrow afternoon, beginning at two o'clock.

German Paper.—A weekly paper in the German language will shortly be issued. The first number is announced to appear on the 26th inst. It will be entitled the *Mormon Gazette*. Prof. Carl Linn is the editor of the new journalistic enterprise.

Ironical.—The press of Ogden state that the first blast under the new arrangements, will be made at the iron works of that town early next week. That blast has been so frequently blown on paper that our clipping ratio are suspected of washing ironically.

An Accidental Fall.—This morning while a carpenter named West, was engaged shingling a barn, in the Fourth Ward, a portion of the scaffolding gave way and he precipitated to the ground, falling a distance of fifteen feet. He was badly sprained and his head bruised.

Emigration Intelligence.—Official information has been received from President Albert Carrington to the effect that it has been definitely decided that the fourth company of this season's emigration will sail from Liverpool on September 2nd, on the S. S. Wyoming.

New Gun Store.—To-day Messrs. Evans and Spencer opened for business in the fine store in the Opera House Building, Second South street. They deal principally in guns, ammunition and pistols, and have an most excellent stock of wares, including all the implements needed by sportsmen of every class. The store is one of the best appointed in the city, and the proprietors are gentlemen with whom it is a pleasure to do business. Read their advertisement.

The Smallpox.—The Oxford Enterprise says there are twelve cases of smallpox at Bailey's camp, near Harkness Station, on the grade of the Oregon Short Line. One man within fever one day last week, escaped to the mountains, and the whole camp was turned out to capture him, which was accomplished after a hunt of about twenty-four hours. A great many men are leaving the camp. The patients are quarantined away from the camp, and Dr. Mitchell, of Omaha, is doing all in his power for the sufferers.

The Match Factory.—The rebuilding of the Great Western Match factory has, as we have heretofore stated, begun, but the proprietors of the enterprise are exceedingly hampered for want of sufficient means to prosecute the work. There appeared to be a generous sentiment in the public mind that favored extending substantial aid to the workers by the fire shortly after it occurred, but its flame seems to have expired, as the matter of assistance has not extended beyond a comparatively small sum.

It has been demonstrated that the industry will pay when properly conducted, and the present stockholders would be pleased if some individuals would step forward and invest, and thus aid the speedy re-establishment of the factory. The company have ordered some new machinery, which will cost about \$500, and other necessary purchases will run the amount up to \$1,000.

**Solid Sympathy.**—The funeral services over the remains of Ann Josephine Leyland were conducted at the family residence, in the 20th Ward, on Thursday, Bishop McRae presiding. The father of the deceased, Elder Henry Leyland, now in England on a mission, and the mass Quorum of Seventies, of which he belongs not only manifested their sympathy by resolutions of condolence, but, on the 9th, last, appointed one of the brethren to attend to the details of the funeral, directing him at the same time to draw upon the treasurer of the Quorum for funds to defray the expenses.

**An Accident.**—Last evening while four persons were returning from the burial of Mrs. Hat, the forward wheel of the light vehicle in which they were riding, broke in places. All the occupants of the buggy were thrown to the ground, and sustained injury, except Mrs. Williams, of the Fourth Ward, whose arm was severely sprained. A large splinter from the broken vehicle entered the lower part of the horse's hind leg to a depth of nearly three inches. The accident, which occurred near the 20th Ward School House, resulted in damage to the amount of about \$50.

**Salt Lake Theatre.**—Next Thursday night there will be presented one of the most marvelous and at the same time extremely funny performances ever witnessed in this city. The Hanlons will enact "Le Voyage En Suisse," in which they are simply inimitable. The piece is a combination of comedy, pantomime, gymnastic feats and ludicrous situations, which keep the audience excited with wonderment and laughter. The Hanlons are at the head of the profession in their secular line.

**Instantly Killed.**—A correspondent informs the Ogden Herald that on the 9th inst., about 35 miles north of Spring Hill, M. T. a man named [redacted], a telegraphic repairer, happened to be on duty with telegraph wire and accessories on his person during a severe thunder storm. Before he had a chance to seek shelter, he was struck by lightning, the electric shock passing on to his earthly career. A posse of men went out to the scene of the accident and were expected to bring him to Butte, on Thursday.

**Lost and Found.**—Yesterday evening a little four-year-old daughter of Mr. and Mrs. Newell, of the 13th Ward, strayed from home and could not be found for about four hours, causing great anxiety to her parents. She was finally found by two little girls in the 20th Ward, and forwarded to an officer by Mrs. Cannon, and restored to her home. The parents of the little one desire to express their thanks to different parties who kindly aided in the search.

**Periodicals.**—We have received from J. H. Parry, the August 10th issue of *Our Continent*, the new and popular illustrated paper. Also *Seattle's Popular Monthly* for September, which contains the usual amount of popular reading, and illustrated leading articles on "The Federal Union and Capitals of the United States," "The St. Gothard Tunnel," "Sacred Animals," and "Journeys in the Volga."

**The "Contributor."**—We have received the latest number of the *Contributor*. The articles it contains are on subjects of special, and some of them striking interest, and from the pens of writers of excellent capacity. It is a number nearly equal to its predecessors, which, saying a good deal, as the magazine is a fine literary production and should be in every household in Utah.

**The Scandal Case.**—The case against N. W. Clayton, Esq., for an alleged assault upon the reporter of despicable down town sheet, was concluded this morning. The Commissioner placed Mr. Clayton under bonds of \$500 to keep the peace as to the person of J. M. Goddwin.

**BRIEF TELEGRAMS**

Catoway visits the Queen on Monday.

Senator Hill is worse and death may be looked for to-morrow or next day.

The Tariff Commission yesterday decided that at potteries at Trenton, New Jersey.

First Comptroller Lawrence signed a warrant for \$22,000 in favor of Mrs. Lucretia R. Garfield.

At midnight the Great Western Railway merged into the Grand Trunk Railway of Canada.

Bishop Lefschetz, of Three Rivers, Canada, has forbidden the ladies of his congregation, under pain of sin, from wearing curls.

At the photographic convention in New York, M. C. Hall, of California, read a paper on the influences affecting the progress of American photography.

The municipal authorities of Paris are obliged to appeal to the public to economize in the use of water. The streets of the city are only watered twice a week, amounting to the scarcity of the supply.

At Louisville, the steamer *Buckeye*, when trying to make a landing, was caught by the current and thrown against the dam, breaking her in two and sinking her. There were 10 passengers on board, and no one was injured. The boat was valued at \$15,000.

At North Adams, Mass., Frank Howe, formerly an employee of the Troy & Greenfield Railroad, was arrested charged with being in a train, robbing it. He confessed his guilt and implicated E. E. Eaton, formerly night master of the Troy & Greenfield road, and George Warner, also an employee of the road. They have all been arrested.

The Milwaukee police have been notified by the authorities of Franco-Belgium, that Herman Abetes, a 40-year old, the owner of large mill and establishments in that city, had been drowned with \$750,000 belonging to the defunct. The dispatch claims the defunct is either at Chicago or St. Paul or Milwaukee.

The London *Athenaeum* says Prof. Esmarch, a prominent German surgeon, has published a treatise, which he delivered before the Physiological Society at Kiel, on the subject of President Garfield's wound. Prof. Esmarch's is

ure was to the effect that President  
Garfield might have been alive but  
for the treatment he received.

Private dispatches say that Ste-  
phen J. May, a well known Irish  
agitator was arrested yesterday at  
Ennis, Ireland. He had just arrived  
at Ennis, his native place, when he  
was taken into custody by the po-  
lice. He left this city for Ireland  
two weeks ago. Previous to his de-  
parture his friends advised him not  
to go where he would be liable to  
arrest.

**MRS. DE. BURE, COMFORTABLE**

and Electrician, treats the diseases of women and children. Pleasant accommodations for lady patients. 3rd South, 13 blocks West of City House, 7th Ward.

**BEEKEEPERS.**

When a board of eminent physicians and chemists announced the discovery that by combining sugar with honey, they could produce a most wonderful medicine was produced, which would cure such a wide range of diseases that most other remedies could not reach. This remedy was accepted; but proof of its merit by actual trial has dispelled all doubt, and to-day the discoverer of "that great medicine," Honey, is honored and blessed as all as benefactors.

**AGITATOR THRESHERS.**

John W. Lowell has already booked orders for 15 of these *Wardens* threshing machines, manufactured by the J. I. Case T. W. Co. These machines proved themselves last year to be the *Best Threshers of earth*, and parties who think of buying a threshing this season will find it to their interest to send their orders in at once. adwfr.

**FROM "THE TIMES."**  
*Editors Times:*—The veterinary department in your valuable paper has been very much interested and I value the information received from it a hundred fold more than the small amount paid for the paper. One year ago you published a letter from Dr. John Bates, relating the wonderful success he had had in curing spavins and splints with Kendall's Spavin Cure, and I have since completely cured my practice for several human ailments on account of the success he has always had with it. The above statements from so prominent a Physician leave me no room for hesitancy, and so I had been afflicted for years with rheumatism and hip-joint lameness so bad that I could hardly walk at times, I procured for him the bottle of Kendall's Spavin Cure, and I have now completely cured him, and I proclaim it to all the world as the most wonderful discovery ever made for the benefit of afflicted men and women, and I am glad for which it was first used. As this remedy must be of incalculable value to the world, I write this letter to express my thankfulness to the inventor, Mr. Charles E. Kendall, and to ask another favor in behalf of my fellow men who are afflicted in body, that you continue to publish notices to keep up the great value of Kendall's Spavin Cure for both man as well as beast.

Respectfully yours,  
**ANDREW PARKER,**  
Rochester, N. Y., Sept. 6th, 1881.

**OBITUARY.**

Died of inflammation of the bowels, after an illness of fifty-eight hours, at his residence, No. 1015 North Main street, on the evening of Saturday, August 11th, 1882, **THOMAS WILLIAM WINTER**, in his seventeenth year. Deceased was the son of Thomas John and Mary Collier Winter, and was born at Portage, Vermont, September 22nd, November 20th, 1815. In November, 1833, he married Anna Bridges; he was baptized into the Church of Jesus Christ of Latter day Saints in June, 1840, and was connected to Brigham by Elder Thomas Smith. Brother Winter and family emigrated the sea in 1849, in company with Elder Aaron Cowan Spence, and resided in St. Louis, Missouri, one year, when Father Winter was ordained a Priest by Elder N. H. Felz. In 1850, he, with his family, crossed the plains, arriving in the valley in September, and residing at various places until 1852, when he left the valley upon a tour where he has resided ever since. He was the first Bishop of the Fifth Ward, and was ordained to that office in 1853, under the hands of Apostle Aaron Hyde and Elders Joseph R. Taylor and George A. Cannon. His number of years has been a member of the High Priests' Quorum many years, and was a regular attendant at their meetings.

He leaves quite a large family to mourn his loss. He leaves 13 living children, five having died, 14 grand children and two great grandchildren.

Bishop Winter was a man of great faith and sterling integrity to the Gospel, he has ever been faithful in attending meetings, paying tithing, and fulfilling as nearly as possible the duties and requirements of a Latter day Saint.

[He was honest, upright, energetic and in all things ready to lend a helping hand.] He has been a devoted father, and his home has gone to joy his children and friends who are waiting on the other side of the veil, but he had a glorious hope in the future which should comfort those who sorrow for his absence.

—Meredith Star, please copy.
