

# THE MINING MARKET

A Good Day with the Bulls and Bears on 'Change.

## TEN STOCKS RECORDED TRANSFERS.

What A. J. Melloy thinks of Willow Creek in Idaho—The Mines of Oregon—Hips and Spurs.

This was a good strong day in the market, the exchange of the stocks receiving fair figures as well as giving way to a number of transfers. The trading came from both classes of properties and the hours were about evenly divided among the listed and unlisted stocks.

April, after a rest of two days, came out shining. It stood at an advance of \$1.55 but would-be buyers would give but 80 cents for the stock. Ajax sold at 72 1/2 cents and was offered at 75 cents, while at the close the bid was 60 cents. Bullion-Buck yielded a little in the offerings being thrown on the market at \$7.25, the closing was but 60 cents, the offering was stronger than on yesterday, holders demanding \$65 for the stock, but bids were posted, however. Day was stationary, as was also Day-West, both standing at the figures of the previous day. Galena was strongly bid for at \$1.50 and offered at \$1.45, while the bid for the stock was \$1.35. Mercur was strong in the bidding, selling from \$1.75 to \$1.80, the bid was \$1.65. The bid, however, held their own high and notwithstanding the efforts of the buyers to bid it down, stood at \$1.75, which was the bid for the stock, while the remaining listed stocks were about as follows:

There was a strong demand for Lucky Hill, when the market was weak and the bid for the stock was \$1.50. The bid, however, held their own high and notwithstanding the efforts of the buyers to bid it down, stood at \$1.75, which was the bid for the stock, while the remaining listed stocks were about as follows:

The closing figures were as follows:
