PARK CITY NEVER MORE PROSPEROUS

Says William D. Sutton, Representative From Summit County and That Camp.

## MINES IN ALL DIRECTIONS.

### New Dividend Payers Are Regular Happenings-Raise in Miners' Wages Proving Most Beneficial,

William D. Sutton of Park City, is the member of the house of representatives from the Ninth legislative district

--Summit county. He is a member of some of the most important committees in the house, and is active both in. committee and on the floor. He has been a resident of Park City for 30 years, during the last 15 of which he has conducted one of the largest grocery and butcher stores in that city. His place of business was burned out in the big fire of 1898, and he lost everything, but started in again, and has been very prosperous ever since, as will be attested by the fact of Mr. Suttons' recent purchase of the Norvex

Suttons' recent purchase of the Norvex flats on Third South street, this city. He talked willingly about conditions a Summit county, laying particular emf phasis upon the mining industry and the development of new mines, for which Summit county is famous. "Park City is the center of the larg-est mining district in Utah," said Mr. Sutton, "having produced and paid div-idends on mining properties in the enormous sum of \$30 000,000, Many of our mines are so well known as producers and dividend payers, that it is scarcely necessary to name them. Among these and dividend payers, that it is scarcely necessary to name them. Among these mines are the Ontario, Daly West, Daly Judge, Quincy and Silver King. But there are some of the younger mines that are rapidly coming to the front and taking their place among the stan-dard producers of the district. Among these may be meniloned the Litt e Bell, which is developing rapidly and is now making regular shipments, with excel-lent prospects of becoming a dividend payer in the near future. In the same section is situated the West Quincy mine, which is now being operated with drilling and boring machinery, and has attained a deapth of 1,200 feet, and ex-pects to get the contact at any time. attained a deapth of 1,200 feet, and ex-pects to get the contact at any time. "The New York is another promising property which is doing a vast amount of work, and if indications are worth anything, has the making of a mine in it. The Wabash is also located in the same mineral zone, and certainly has all the elements of making a mine.

#### SOME NEW MINES.

"In our new section where work is prospering, may be mentioned Treas-ury Hill. Some good cre bodies are be-ing opened up in this section and small shipments of very high grade ore are being made. A company was recently incorporated by local people and some additional ground acquired that makes this now one of the most prosperous properties in the camp. The Jupiter has been working under a bond for some time, and has made regular ship-ments in a small way, but has been some time, and has made regular ship-ments in a small way, but has been handicapped by lack of money to carry on development work, and was obliged to place a majority of its stock in the east. The company now has things in shape to make the property one of the best producers in the district. The Jupiter is a neighbor of the Copper King, situated in the Thames canyon, and was acquired on a bond by local people, who stared work last fail, and in a short time dropped into a full face of ore. They immediately went to work and erected the necessary buildings to protect the property through the long winter months. This property is also a neighbor of the Scottish Chief, which is well known on the market, together with the California. and Comstock.

American Fork Welcomes Law Makers and Entertains in Regal Style.

Fun unalloyed was the watchword on the legislative junket to American Fork last evening. A better natured crowd could scarcely be imagined than the one hundred and forty-odd people, composed of the legislators and their wives. sweethearts, some railroad officials and a few newspaper men who made up the party. Honored guests were also

the governor and his staff with their ladies The special train carrying the party

left the San Pedro depot shortly after 7 o'clock. Genial Dan Spencer was in charge of the train, and under his able guidance the trip was smooth and enjoyable. Formality was cast to the winds, and

everybody on board started in to have a good time. A mock house of repre-sentatives was organized in one of the cars, Speaker Joseph yielding the plat-form for the nonce to Representative Hott of San Juan, Mr. Hott shortly more size, to Representative Bolinson gave way to Representative Robinson of Bingham, and the fun began, Speaker Robinson nominated Nephi United States Centennial San Francis-co Cincinnatus Schleswig-Holstein Jensen for sergeant-at-arms; some on moved that his name be tabled; objec-tion was raised that there was no table sen

A messenger was sent out to "pinch" Representative Critch-low, and search his pockets for rail-road passes. Speaker Joseph of Podunk was nominated as the official phono-graph of the house, and a bill was passed prohibiting iadles from wearing hats with projections longer than three feet attached to them. Trived at American Fork, the party was met by a brass band and a com-mittee from the Commercial club, which escorted the visitors to the club rooms, where light refreshments were served. A speech of welcome was de-livered by Representative Jacksor, who represented the visitors to the club rooms, where light refreshments were served. A speech of welcome was de-livered by Representative Jacksor, who represented the commercial club of his own town, and was in charge for American Fork. Speaker Joseph re-sponded in a brief and wity speech, in which he thanked the people of American Fork for their hospitality, and incidentally said a good word for the representatives of Utah county in the logislature. The crowd silourned to the Apollo dancing hall, where the balance of the evening was spent in tripping the light funtastic. This dancing hall, by the way is one of the finest in the state, the floor being made of the bost quality of Oregon pine, and construited on springs. A feature of the evening was the number by the ladies' quarter, ren-dered by Miss Cassidy, Mrs. Wanless, Mrs. McCarty and Miss Wootten of American Fork. The strand march was called on at 10 o'clock, and was led by Goy. Cuiter and music was good, and the entire party ontinued in the dance unrul 11:50, when the train pulled out on the return trip.

NEVER MORE PROSPEROUS. "Another property in this vicinity is the Odin, which is going to be made a mine in the near future. It has some spiendid ore in sight, and some ship-ments have been made. Taking things altogether, Park City and Summit county were never more prosperous than at present. The coming season promises to-be the best in their history. All the business houses in Park City are doing a good husiness and are mak-ing money. The recent raise in miners' wages was a good thing for the camp, and miners can now get employment for the asking, and companies can se-cure labor without difficulty. Our sec-tion is prosperous, and the outlook is very encouraging."

#### CHILD'S LIFE SAVED BY CHAM-BERLAIN'S COUGH REMEDY.

Mrs. John Englehardt, of Gera, Mich., tells of the anxious moments spent over her little two-year-old daughter who had taken a bard cold resulting in croup. She says: "I am satisfied that if it had not been for Chamberlain's Cough Remedy she would have choked to death. I gave this medicine every ten minutes and she soon began to throw up the phiegm. I can necommend it in the highest terms as I have another child that was cured in the same way."

CANCER CAUSES DEATH.

Charles S. Rigby, West Temple Merchant, Victim of Dread Disease.

#### First and Foremost

First and Foremost In the field of medicine is Hood's Sar-saparilla. It possesses actual and un-equaled merit by which it cures all diseases caused or promoted by impure or impoverished blood. If you have rheumatism, dyspepsia, scrofula or ca-tarrh you may take Hood's Sarsaparilla and be cured. If you are run down and feel weak and tired, you may be sure it will do you good. 7 The favorite family cathartic is Hood's Pills.
