"Socialism and Machinery" was the subject of an address delivered by A. L. McIntosh of Denver at Socialist headquarters yesterday afternoon. The program, which was highly interesting, was carried out in excellent style, and all present expressed their satisfaction with the exercises. ## CIRCUS COMING.

**Elks Are to Hold High Jinks in Theatre On Thursday.**

The street parade Thursday morning will be one of the features of the Elks' circus, which is to be given that evening, and the next night, at the Salt Lake Theatre. The parade will pass up and down the principal streets of the city, and will be headed by a brass band. Following it will be the most ridiculous parade ever seen in Salt Lake City.

The first represents the outside of the tent, showing the entrance to it and also show of freaks. There are the usual banners, flags, and other things, and the parade is headed by a brass band. The second act is a burlesque, in which the Elks will impersonate the usual freaks and frauds of the circus. Each has a stunt of his own, interpolated with more or less singing and joke making, which enlivens matters and adds to the fun.

The last scene shows the interior of the big tent, on one side is the rube who has come up on the stage in the band stand, and the intervening space shows the painted audience. In the center of the scene proper is given for the edification of the audience. It is the Elks' circus, and the Elks are the main attraction. The Elks are the main attraction. ## HE WANTED TAILOR MADE.

A dilapidated individual, giving his name as James Buckley, was arrested this morning by Officer Lincoln for trying to steal two or three suits of clothing from Buckle's tailoring establishment. The fellow was noticed hanging around the place for a long time. He was probably trying to make up his mind which style and pattern suited him. Finally deciding upon two or three suits, he made a grab for them and ran down the street. Officer Lincoln gave chase and soon overhauled Buckley. He was taken to the police station and locked up on the charges of petit larceny and vagrancy.

## FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "A proof that Chamberlain's Cough Remedy is a cure suitable for old and young. I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy that the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby. This remedy is for sale by Z. C. M. I. Drug Dept.

## A HONANZA IN ANY HOME.

Hard Times Book.

In all parts of the world there always have been and still are found certain persons, many gifted by nature, who have discovered and learned how to use Chamberlain's Remedy for all the ills of the flesh. Some of these persons become very expert in the cure of disease. These "experts" are generally nurses, doctors, or mothers of large families, who have acquired skill by long experience.

The fact had often been expressed that if some one would obtain and bring together from all over this and other countries all of these simple remedies and the method of applying them, he would confer upon mankind a boon which no other remedy of any age, one the value of which could hardly be estimated in dollars and cents.

To do this of course would involve immense labor and much expense, which naturally would deter almost anyone from making the attempt.

It however remained for the publisher of a book known as "Vitaleo" to undertake this herculean task, they bringing out a book under this title. In 1865 they began their labors. After gathering this country and Europe they made these simple remedies still more valuable by adding to them the value of the Japanese method of applying them. They have finally given to the world in "Vitaleo" a volume whose practical value can hardly be measured by money. In fact it must prove a "bonanza" in any home.

It can truly be termed a "Hard Times Book" for there is scarcely a family in this land to whom it would not prove a saving of many dollars each year during their whole lives. The more needy a family is, or the harder the times are, the more valuable this book to them.

The value of this book lies not alone in saving money, and saving suffering and often life itself; there is another consideration that is of no less importance, for it will be the means of preventing people from taking drugs into the system. As the Japanese would say, "taking an unknown medicine into an unknown stomach to produce an unknown effect."

Drugs generally leave a deposit in the body that weakens or injures it for the rest of life. We often take medicine and think that the medicine cures us. Yet we get well in spite of the medicine.

The following is a pertinent paragraph from the writings of the late Dr. B. F. Clayton: "No greater imposition could be practised on the people than to foist upon them the so-called Family Doctor. Books found in almost every home, that advise drug remedies which only a trained physician is capable of prescribing. If some one would bring out a book of Home Remedies, regular grandmothers' remedies, he would have something that would be a blessing in every home."

The "Hard Times" division of this book is, too, of special importance, as every part of it is of actual money value to the reader.—Morning Chronicle.

"MY RENT OR YOUR ROOF?" SAYS THE LANDLORD.

"STOP PAYING RENT" AND BEGIN TO PAY FOR A HOME TODAY.

IT'S EASY TO GET UNDER YOUR OWN ROOF THROUGH MY EASY PAYMENTS-HOME-BUYING PLAN. I MAKE EASY DOWN A SECONDARY CONSIDERATION.

The landlord by right and title is lord over the man who lives under the roof he rents them.

It's money down, on rent day, with no discount for conforming to a sliding scale, so as to provide for sickness or other causes of financial disablement, beyond your control.

I build the house to suit or sell you one already built, that meets your appetite for the money you have.

Now as I offer you the way to consummate your long-cherished hope and aim of owning your own home, it is longer necessary to ask yourself the question:

"Where's the Money?" and receive the intuitive reply, which all renters get: Not Your Roof Covers Your Head, But Your Landlord's Roof.
