LIVER AND BLOOD DISEASES, by R. V. Pierce, M.D.—A healthy liver secretes each day about two and a half pounds of bile which contains a great amount of waste material taken from the blood. When the liver becomes torpid or congested, it fails to eliminate this waste material, which remains in the blood, and is conveyed to every part of the system. What results is the condition of the blood when it is receiving and retaining each day two and a half pounds of poison? Nature tries to work off this poison through other channels, and the kidneys, lungs, skin, etc., but these organs become overtaxed in performing this labor in addition to their natural functions, and can not long withstand the pressure, but become variously diseased.

The brain, which is the great electrical center of all vitality, is unduly stimulated by the poison in the blood, and the result is a diseased condition of the brain, which is the source of many of the most serious and dangerous symptoms of liver and blood diseases. Hence the importance of keeping the liver healthy, and the blood pure, by the use of the medicine which cures liver and blood diseases.

There was a full attendance of the residents of the Ward, at the Sixteenth Ward meeting held last evening, the meeting having been called to organize a branch of the United Order. The utmost unanimity prevailed and the following officers were elected, without a dissenting voice:

President, Bishop F. Koster; 1st Vice President, G. C. Riser, sen.; 2nd Vice President, Theo. McKean; Secretary, Francis Cope; Assistant Secretary, F. E. Schenck; Treasurer, E. R. Tripp, sen.; Directors, H. Emery, sen., J. W. Phipps, Theo. R. Jerny, sen.

A Rough Character.—Yesterday, at eleven o'clock, Henry Miller was taken from the city jail, his hands and arms being secured by a pair of manacles, and taken to the city jail, where he had been kept for some time.

LOCAL AND OTHER MATTERS.

Thermometer 81 degrees F. in the shade, at 1 p. m. to-day. Fine, some clouds.

Picnic.—A select party of ladies and gentlemen have been enjoying a good time at Lindsey's gardens to-day.

Decisions.—It was expected that several important decisions would be delivered by the Bench of the Supreme Court of the Territory this afternoon.

The Woman's Exponent for May 15, is the last number of the second volume, and contains "R. S. Reports," "Woman's Voice," "Man, Know Thyself," "Dress," "Conference Items," "A Talk with the Sisters," etc.

Bobby at Sandy.—On Tuesday night a saloon at Sandy was broken into by burglars and a number of boxes of cigars, a couple of pistols and a sum of money stolen from it. Up to last night the burglars had not been arrested.

Mr. B. L. Croft, of Summit, who called at this office yesterday, is requested to go and see Mrs. Eliza Croft, who can be found either at the residence of Mr. Royal Barney, or of Mr. Fred. Culmer, in this city.

A Fight.—Second South Street was the scene of a disgraceful rough and tumble fight this morning, the cause of which was whiskey, as usual. After flogging and punching about for a while the belligerents desisted, by mutual, though tacit, agreement.

Missionary.—In addition to the missionaries called at the late Conference, Elder William B. Barton, of the 20th Ward, has been called to go to England, and purposes leaving for that country in about three weeks, in company with Elder Peter St. Clair, who goes to Scotland.

Horse Stealing.—Night before last a horse belonging to R. Douglas, of Ogden, was stolen at that place. As it might lead to the discovery of the horse-thief, we here-with give the description of the animal:

Brown color; white stripe in face, one foot white, branded R. D. on the left shoulder.

Knocked Down.—A man crossing from the Cliff House corner this morning was knocked into the water ditch through the carelessness of a person driving a light wagon, and making one of these quick sweeps which takes in part of the footpath. The party was not materially hurt. The streets are wide enough without teams encroaching on the sidewalks.

Mr. Mastayer.—This popular character actor, who makes his appearance at the theatre next Monday evening, has arrived in this city, and we had a call from him and a pleasant chat with the gentleman this afternoon. Mr. Mastayer is engaged for one week here, and judging by the reputation he has acquired, our theatre goers will really enjoy his performance.

Fouling the Water.—Those parties who regularly perform their morning ablutions in the 30th Ward ditch should at once stop it. A due regard for the rights of their neighbors who reside further down on the stream, who object to being compelled to use fouled water, demands that they should. There is an ordinance providing for the punishment of parties who foul the water ditches.

Opposition in Trade.—Messrs. Dorey and Hill, both colored bootblacks, had a dispute this morning regarding the right to a stand in the Salt Lake House. From words the matter went to blows, Dorey being the one who administered the punishment, for which he was fined \$5 by the police justice. In making a statement of the case, Dorey, with the characteristic volubility of the colored race, gave an eloquent biographical sketch of his life for the past three years.

Sixteenth Ward United Order.—There was a full attendance of the residents of the Ward, at the Sixteenth Ward meeting held last evening, the meeting having been called to organize a branch of the United Order. The utmost unanimity prevailed and the following officers were elected, without a dissenting voice:
