

FOR PROTECTION OF YOUNG GIRLS

Relief Society Inaugurates Praise-
worthy Movement in Their
Behalf

EMPLOYMENT BUREAU STARTED

Idea is to Place These Seeking Em-
ployment in Good Homes With
Pleasant Surroundings.

That young girls who come hither to seek employment may be properly looked after and surrounded with every possible safeguard for their own protection, is the object of a movement just started by the Relief society of this church, the presidency of which have issued the following circular, addressed to the stake and ward presidents and members of the Relief society in the several stakes of Zion.

The matter of surrounding our young sisters who come from the country to this city seeking employment, with every safeguard possible to protect them from the evils and temptations of city life with which they are unfamiliar and of which they are unacquainted, is a subject to which we have given considerable thought and consideration.

We most firmly believe that where the circumstances of families are such as to enable the parents to keep their daughters at home with them it is far the wisest course to adopt, for our young sisters who come unprotected to the city to obtain employment are very liable to form undesirable acquaintances, and being unsuspecting in their nature, some have brought trouble upon themselves and their families, and we regret to say, have been led from the path of virtue.

We realize, however, that circumstances compel a number to seek employment here as a means of obtaining a livelihood, and around such it is our earnest desire to place every safeguard possible to preserve them in the faith of the gospel and purity of life.

With this object in view we are organizing a "Relief Society Employment Bureau," the design of which are to place in desirable families and pleasant surroundings for such of our girls who come seeking employment, to see that they are properly treated by their employers, and to provide for them means of instruction and innocent amusement and recreation; also to provide a comfortable place where they can meet with their sisters and with some of our sisters here for social visiting and instruction; in short, it is our desire to have them feel at home with us, while at the same time, we can have a watch over them.

While we do not wish to be dictatorial in this matter we earnestly feel that for the safety of our daughters who come to this city, and where they have no other protectors, you should have them report and place themselves in touch with our organization, and we will spare no effort to obtain for them desirable positions and look after their welfare in every way possible.

In taking up this matter we have no object to accomplish or desire to gratify, except to promote the welfare and guard the purity of our young sisters whose circumstances compel them to seek employment in this city. A committee consisting of Sisters Annie Taylor, Emily S. Richards and Elizabeth S. Stevenson have been appointed to attend to the details of the work, and if this step we have taken meets with your approval we would suggest that all young ladies coming from your district should, upon arriving here, call at once on Sister Annie Campbell, 124 North State street, and register and inform her of the kind of employment they desire, and she will give them every assistance possible, and such instruction and advice as may be deemed applicable, and all correspondence should be directed to her.

HATHLEIGH W. SMITH,
ANNE TAYLOR HYDE,
IDA SMOOT DUNBERRY.

This movement is heartily endorsed by the First Presidency.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla. has written the manufacturers that the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pain in the stomach, colic and cholera, may be taken in water as hot as can be drunk. That when taken in this way the effect is double in rapidity, and he says: "I got at the right spot instantly," he says. For sale by all druggists.

THE SCHEITLER CASE.

Will be Heard in Another Form on
Monday—Luce Files Papers.

Before Referee Charles Baldwin the hearing of the Scheitler case will be resumed Monday morning at 10 o'clock, at which time the examination of the Scheitler and Mary Morgan Scheitler will not, however, be required to appear, as the examination of the question so far as they are concerned is concluded. The compromise, however, did not affect property held by other wives of Mr. Scheitler, and the titles to this will now be investigated. The wife of Mr. Scheitler, who is a student at Columbia college, at the Lucia, west one Hundred and Twenty-third street, Miss Taylor will remain with her daughter until the 1st of June, when they will make a visit to Boston and other New England cities, before leaving for the west.

At the home-like Adolphus, Thirty-ninth and Broadway, Mrs. Fisher and her daughter, Mrs. Fisher, who is a student at Columbia college, at the Lucia, west one Hundred and Twenty-third street, Miss Taylor will remain with her daughter until the 1st of June, when they will make a visit to Boston and other New England cities, before leaving for the west.

President McQuarrie made a flying trip to New York from Pennsylvania, where he is attending conferences, to effect the sale of the mission house property on west one Hundred and Twenty-third street. It is probable that headquarters will be established in a flat for a time, until a suitable place can be determined on.

COMPLAINT AMENDED.

Church Authorities Made Defendants in Smurthwaite Case.

In the case of Charles A. Smurthwaite and Don Charles W. Munster vs. Joseph P. Smith, president of the Church of Jesus Christ of Latter-day Saints, an amended complaint was filed yesterday afternoon in which President Smith's counsel, John R. Winder and Anthony H. Lund, also President Joseph P. Smith, as trustees-in-trust for the Church of Jesus Christ of Latter-day Saints, are made defendants. The amended complaint is substantially the same as the original, save for the changes here noted, and calls upon the defendants to give an itemized accounting of the manner in which they have handled church funds.

A Good Family Liniment.

Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, sprains and rheumatism, which are of frequent occurrence, there is nothing so good. It soothes the pain, but does not give instant relief from pain, but causes the parts to heat and about the time the time required by the usual treatment. It is an effective danger from blood-poisoning is avoided. Sold by all druggists.

CONGRESSMEN FROM MANY STATES PUBLICLY ENDORSE PE-RU-NA.

Hon. G. W. Smith, member of Congress from Illinois, writes from Murphyboro:

"I take pleasure in testifying to the merits of Peruna. I have taken one bottle for my catarrh and I feel very much benefited. To those who are afflicted with catarrh and in need of a good tonic, I take pleasure in recommending Peruna."

Hon. David Meekison, ex-member of Congress from Ohio, writes from Napoleon:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."

Hon. E. J. Turner, ex-member of Congress, from Kansas, writes from the Pacific Hotel, Washington, D. C., as follows: "Your Peruna is a great medical composition and should command the gratitude of all persons suffering from catarrh."

Hon. John H. Wilson, member of Congress, from Kentucky, writes from Barboursville:

"After an experience in the use of Peruna as a remedy for catarrh as well as an invigorating tonic, as developed by the relief experienced by a large number of my personal friends and acquaintances, I have no hesitation in giving it my emphatic praise and recommendation."

Hon. Romulus Z. Linney, ex-member of Congress, from North Carolina, writes from Washington:

"My private secretary has been using Peruna for several weeks and I wish to testify as to its great value and merits in cases of catarrh. He had as had a case as I ever saw, and since he has taken one bottle he seems like a different man. His system was very much run down, and at times he could not work at all, but ever since his first bottle he has been building up. I don't think any man who is under a nervous strain should be without it."

Hon. John H. Raney, ex-member of Congress from Missouri, writes from Washington:

"Your Peruna as a tonic and catarrh cure is commanding universal attention, and I and many of my friends have been benefited by its use. I have no hesitation in recommending it."

Hon. John H. Wilson, member of Congress from Kentucky, writes from Barboursville:

"After an experience in the use of Peruna as a remedy for catarrh as well as an invigorating tonic, as developed by the relief experienced by a large number of my personal friends and acquaintances, I have no hesitation in giving it my emphatic praise and recommendation."

A Popular Remedy.

The popularity of Peruna as a remedy for coughs, colds and catarrh among the United States senators and congressmen has been the talk and astonishment of the whole country.

Unays Confidence of Statesmen.

That a proprietary medicine should have won its way into the Capitol of the United States and secured the confidence of so many of the distinguished statesmen is an incident unparalleled in the history of medicine.

Prescribed by National Representatives.

Senators recommend Peruna to each other. Congressmen speak of it in private and in public in most lavish terms of praise.

Endorsed by Army and Navy.

Diplomats and consuls, representa-

tives of the army and navy, prominent figures in many departments of the federal government have given unsolicited endorsement to the prompt and permanent relief afforded by Peruna in all cases of catarrhal diseases.

A Remarkable Cure.

One congressman had catarrh for over a quarter of a century, but he heard of Peruna and was speedily cured by the use of this famous catarrh remedy.

Many Others Experience Cures.

Other congressmen and senators who have been afflicted with catarrh of more or less long duration had the same happy experience by the use of Peruna.

A Home Remedy.

Not only do these people make occa-

sional personal use of Peruna, but their

homes are supplied with it and the other

members of the family take it.

All Classes Use Peruna.

It is that the highest names in the land, the dwelling places of the most famous, have become the stronghold of Peruna as well as the millions of more modest homes of the middle classes.

Does What Is Claimed For It.

The only way to account for the immense popularity of Peruna among the high and lowly is that Peruna actually accomplishes what is claimed for it.

It cures catarrh in all its phases.

It stops a cough by removing the

cause.

It wards off colds, pneumonia and

other climatic diseases.

University Endorsed.

This is the only possible explanation of the fact that Peruna has received a universal endorsement, such as no other remedy has ever received.

Peruna Excellent For Catarrhal Complaints.

Hon. Geo. H. Latham, ex-member of Congress from West Virginia, writes: "After using it, I have no hesitation in certifying to the excellence of Peruna for all catarrhal complaints."

An Effective Cure For Coughs and Colds.

Hon. John Lamb, member of Congress from Virginia, writes from Washington, D. C.: "I can cheerfully recommend your Peruna as a very effective cure for coughs and colds."

An Excellent Tonic.

Hon. C. F. Trigg, ex-member of Con-

gress from Virginia, writes from the

National Hotel, Washington, D. C.:

"I was advised to use Peruna, and find it an excellent tonic, also a good remedy for coughs and colds."

Used Peruna in His Family.

Hon. J. F. Wilson, ex-delegate to Congress from Arizona, writes from Washington, D. C., as follows: "I have used Peruna in my family and with satisfactory results."

Prince Recommends Peruna.

Prince Jonah Kahanianacle, 1522 K street, N. W., Washington, D. C., delegate in Congress from Hawaii, writes: "I can recommend your Peruna as a very effective remedy for coughs, colds and catarrhal troubles."

For Catarrh in Various Parts.

Hon. W. E. Andrews, ex-congressman

from Nebraska, writes from Wash-

ington, D. C.:

"I cheerfully recommend Peruna as a

healthful tonic and a successful remedy

for catarrh in its various forms."

Other congressmen who have used and

endorsed Peruna are, as follows:

Hon. B. F. Rice, ex-U. S. Senator from

Arkansas.

Hon. L. P. Featherstone, ex-congress-

man from Texas.

Hon. John M. McDonald, ex-member

of Congress from Maryland.

Hon. Robert W. Davis, member of

Congress from Florida.

Hon. C. W. Butts, ex-member of Con-

gress from North Dakota.

Hon. Willis Sweet, ex-member of

Congress from Idaho.

Hon. J. R. Dankhead, ex-member of

Congress from Alabama.

SALT LAKERS IN GOTHAM.

Special Correspondence.

NEW YORK, May 14.—The

Brooklyn conference of the Latter-day Saints held its last Mutual for the season on Friday evening, May 12th, at missionary head-

quarters, 141 West One Hundred and Twenty-third street, President Lamoreaux presiding. The society has done good work all winter. President Lamoreaux, with his assistants, James Ken-

nard, Smith Quick and Herbert Woolley, N. S. Porter, and young Dan McQuarrie, all having made Friday evening interesting to the young and old, during the long winter months;

the programs have been varied and instructive, and every member has felt some day having to secure a contract for some sugar machinery, and which he has been successful in accom-

plishing. Sunday evening they spent with old friends, Col. and Mrs. Willard Young, leaving Tuesday, for Chicago on their way home.

At their home in the Bronx, Elder and Mrs. Lamoreaux, entertained a party of musical friends Wednesday evening. President and Mrs. McQuarrie, Miss Ellen Thomas and Elder James Ken-

nard, among those invited to meet Elder Lamoreaux's friends.

Mrs. L. P. Taylor of Sugar House ward is visiting with her daughter, Miss Mina Taylor, who is a student at Columbia college, at the Lucia, west one Hundred and Twenty-third street. Miss Taylor will remain with her daughter until the 1st of June, when they will make a visit to Boston and other New England cities, before leaving for the west.

At the home-like Adolphus, Thirty-ninth and Broadway, Mrs. Fisher and her daughter, Mrs. Fisher, who is a student at Columbia college, at the Lucia, west one Hundred and Twenty-third street, Miss Taylor will remain with her daughter until the 1st of June, when they will make a visit to Boston and other New England cities, before leaving for the west.

President McQuarrie made a flying trip to New York from Pennsylvania, where he is attending conferences, to effect the sale of the mission house property on west one Hundred and Twenty-third street. It is probable that headquarters will be established in a flat for a time, until a suitable place can be determined on.

A good position has been offered Miss Emily Jensen of 128 Amsterdam avenue to take classes in the University of Utah by Prof. Stewart. Miss Jensen, who is a pupil of Miss Mohan in voice, and Prof. Farnsworth in theory and practice of teaching music, both of Columbia university, goes to her field well equipped as a teacher, from both professors. She will carry the best of recommendations, she has been fitted for special teaching in those lines, and also in her field, which she will take up in the college. Her contract with the Fordham Baptist church expires this month, she having filled the position of contraalto in the well known quartet of that church for some time.

At Mrs. Mohan's studio in Carnegie hall Saturday evening, Miss Jensen and Miss Leona Taylor will bring, it being the last concert given by Mrs. Mohan this season before her departure for Europe for the summer. The best of wishes from friends here go with Miss Jensen, to her new field of work. Mrs. Jensen and her daughter Margaret will

remain for the present at their flat on Amsterdam avenue.

Elder Eliot Clawson, son of Dr. S. H. Clawson, was visiting friends last week, previous to sailing for Germany, where he goes to fill a mission. The three days he was in New York were devoted to sight seeing, and not a historic spot or building of note, was left unvisited, that his limited time would permit his seeing. Elder Clawson sailed on the White Star line steamer last Wednesday.

Today, at Stamford, Conn., Prof. N. L. Nelson of Provo, will preach at the Universalist church. Elder N. T. Porter, of the Brooklyn branch, was asked to speak but business of importance kept him in the city. Prof. Nelson, was asked to fill the place. Elder Porter's reputation as a speaker has extended beyond the confines of Manhattan.

Mr. T. C. Waltemple, of Salt Lake, was a visitor to chapel services today. Mr. Waltemple is making his first visit to New York in many years, and finds changes at every corner. When he lived here Fourteenth street was up town, and the district around the lower east side boasted a more refined class of people than now. The Arion club, many of whose members are friends, have extended courtesies to Mr. Waltemple, during his stay in the metropolis, and he is having a royal time on his vacation.

On Wednesday the entire branch will take the steamer for Coney Island to spend a few hours. It will be under the auspices of the Relief society, and Elder Thomas and Elder James Ken-

nard, who leave for their home in Bountiful, Utah, Friday morning. Mr. and Mrs. Pack leave a host of friends here; both have enjoyed themselves had acted in the past or perform what it promised. After an attack of the grip my kidneys were weakened and easily affected. The pain centered in the small of the back and was particularly severe, rendering stooping or the act of lifting anything but pleasant. My physician told me it was kidney trouble, so that I had not the slightest doubt but that a remedy for the kidneys, if a remedy at all, should have some effect upon these organs. Don's Kidney Pills certainly did me a world of good. I will be only too pleased to recommend the medicine when opportunities present themselves."

For sale by all dealers. Price 25 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Don's—and take no other.

The Utah students of Columbia university are making preparations to scatter to the four quarters of the globe the beginning of June. Joseph Howell (66) will take the six weeks' summer course in civil engineering at "Camp Columbia," in Connecticut. Burgess Young (67) will also take the summer course in civil engineering at "Camp Columbia," and the first of September will change his quarters to New Jersey at Perth Amboy, near the smelting works, to do work in metallurgy for a few weeks. Robert Marsh (68) accompanies the two former to "Camp Columbia" for the six weeks. Mr. Marsh has made a local reputation in middle and long distance running, winning handsome medals, and he has also made a fine record in his studies.

B. C. Easton arrived in the city Sunday evening. "The Bonnie Brier Bush" company ended their season in Montreal, Canada, Saturday, May 13, most of the company coming direct to New York.
