

POSSE SEARCHING FOR A MURDERER.

Dead Body of Jennie Kintop Found In the Woods Four Miles from Little Falls, Minn.

HEAD WAS MASS OF BRUISES.

Evidence of a Fearful Struggle—Girl Was Going to Northern Part of State to Locate a Homestead.

Little Falls, Minn., April 16.—The dead body of Jennie Kintop was found in the woods this morning about four miles from this city. The body was entirely stripped of clothing, a handkerchief was tightly twisted about her neck, the head was a mass of bruises, and there were evidences of an outrage. Two negroes were seen in the vicinity of where the body was found, and a search is being made for them. If caught, it is feared a lynching will follow.

The girl, who was about to leave for the northern part of the state to take up a homestead claim, had been in this city purchasing supplies. She left here Monday evening for Darling, from which station she was to walk to her home, distant about two miles. After leaving Darling she was not seen again until her dead body was found today.

The place where the girl's body was found bore evidences of a terrific struggle. Her empty pocketbook and the parcels she was carrying were found in a ditch near by. Her watch was found on the body.

Charles Nelson, living near the scene of the murder, heard screams on Monday night and saw two unknown negroes near the spot. It is suspected that they committed the crime. A posse is searching the country.

FOURTEENTH AMENDMENT.

Judge Stephen J. Neal, Author Of It, Critically Ill.

Lebanon, Ind., April 16.—Judge Stephen J. Neal, author of the fourteenth amendment to the Constitution of the United States, is critically ill at his home in this city. Judge Neal is past 50 years of age.

Heavy Storm in Oklahoma.

Guthrie, O. T., April 16.—Heavy storms visited Oklahoma today. Near Carnegie, in Caddo county, several buildings were destroyed, and at Bull's a store building was demolished. Col. Nelson of Boise was struck by flying timbers and severely injured. In the vicinity of Magum, in Greer county, much damage was done by hail and wind, and many houses were damaged. A heavy rain, assuming the form of a cloudburst, fell near Chandler, causing deep fork to overflow thousands of acres of land.

Ejected, He Blew Up the House.

Joe Wilkesbarre, Pa., April 16.—Because he had been ejected from a boarding house at Luzerne, a suburb of this city, Andy Bygash, a Hungarian, blew up the building early this morning with dynamite. He placed a stick of the explosive under one corner of the house and set it off. The structure was completely wrecked. Fortunately the 15 inmates escaped injury. Bygash is in jail.

St. Louis Was Dry.

St. Louis, Mo., April 16.—As a result of Gov. Folk's orders to the police commissioners to enforce the law against Sunday opening of saloons, all saloons were closed today. Large downtown restaurants were closed by their proprietors out of sympathy with the liquor dealers, and the police closed the barber shops.

Pope Receives Americans.

Rome, April 16.—Pope Pius today received in the hall of the consistory 120 Americans, including Gen. Jacob S. Smith and wife of New York, and Mrs. M. D. Walsh, E. Dietrich, B. F. Shriver of Baltimore.

The pope entered the hall accompanied by high personages of the court, preceded by two American private chamberlains, the Rev. Martin Maloney of Philadelphia, and the Rev. J. S. Brennan of Wilmington, Del. He gave his hand to each of the Americans in turn and said a kind word. Afterwards, standing in the middle of the hall and speaking in Italian, his words being translated by the Rev. Dr. Murphy, vice rector of the American college at Rome, his holiness said how pleased he was to meet so many Americans.

Spokane Church Destroyed.

Spokane, Wash., April 16.—The First Methodist church, one of the largest places of worship in Spokane, together with its new pipe organ and all the furnishings, burned at 8 o'clock this morning. The blaze lit up nearly all the city. Loss about \$40,000. Insurance \$25,000. The congregation worshipped today in the Central Christian church.

Society of Carpenters.

Indianapolis, Ind., April 16.—The proposed plan of affiliation with the Amalgamated Society of Carpenters, an English organization, submitted by the organization after an overwhelming vote in its favor, has been rejected by the Carpenters and Joiners of America by a vote of almost three to one. A committee of six has been appointed, however.

CARTER'S LITTLE LIVER PILLS

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Bile, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue, Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose. Small Price.

TEA

Why do we advertise?
To tell you what's good for you.
Why don't we tell then?
Don't we?

Your grocer returns your money if you don't like Schilling's Tea.

even, to meet a committee from the English organization to formulate plans more acceptable to the interests of both organizations.
The English organization controls out 7,000 members in the United States and Canada and the Carpenters and Joiners of America controlled that affiliation with the English union would have disrupted the financial scheme of the American union.

IS HE TORTURIC?

California Officers Capture a Man Believed to be He.

Gridley, Cal., April 16.—Constable Jesse Porter and John Culick, his deputy, have just returned from a chase into the country, bringing with them a man who is believed to be Pe-tor-turic, the Italian who is accused of the atrocious murder of a countryman in San Francisco a few days ago.

The officers learned from ranchers in the vicinity of the Butte mountains that an Italian had been going about the country since last Friday. The man made his headquarters in the fastnesses of the Buttes, but was forced to come out to the ranchhouses to obtain food. He was at the ranch of John Richardson this morning, and the officers were given an additional clue by local Italian laborers.

The constable and his deputy found their man after an all-day chase as he was walking along the road near Pennington. He refused to give his name, and while being brought into town sobbed the entire distance. He is locked in the town jail and a guard will be maintained over him tonight.

When arrested the Italian was armed with a knife. He bears a close resemblance to the description of the accused.

SANTA FE BOILERMAKERS.

Their Strike Outgrowth of Machinists' Strike a Year Ago.

Topeka, Kan., April 16.—In developments that the strike of the Santa Fe boiler-makers is an outgrowth of the strike begun over a year ago of the machinists of the road. The strike was called in the interests of the machinists. If the Santa Fe does not yield to this strike of the blacksmiths and carbuilders will be called. The authority for the foregoing is J. D. Buckelew, the official in charge of the machinists' strike.

There seems to be a difference of opinion among the strike leaders. E. R. Keyler, the president of the boiler-makers, would not deny the truth of Buckelew's assertion, but maintained that boiler-makers would not ask for help from any other class of workmen.

The Santa Fe officials profess to be confident that the road will win. The work of the road is not being interfered with in the least, they say.

PRESIDENT'S FIRST BEAR.

Killed a Large Brown One at The First Shot.

Newcastle, Colo., April 16.—A fierce blizzard raged at Camp Roosevelt 25 miles south of here, today. So violent was the storm that no one ventured out of doors. The greater part of the day was spent by the president and party around the campfires telling hunting yarns.

The mail carrier, who covers the territory adjacent to Huntsman hills, reached Newcastle today and verified the report that the president killed a large brown bear with the first shot he fired yesterday afternoon. It required several hours' chase to bring the animal to bay.

President to Address Educators.

New York, April 16.—With President Roosevelt as the chief guest and leading educators from all sections of the United States among the speakers, the next general session of the National Educational association, which will be held at Asbury Park and Ocean Grove, N. J., next July, promises to be the most notable in the association's history. The meetings will begin Monday, July 3, and continue five days. An elaborate program has been completed.

President Roosevelt will deliver the principal address of the meeting on Friday. His subject, however, has not been announced.

Anti-Semitic Disturbances.

St. Petersburg, April 16.—Serious disturbances of anti-Semitic character, in which the garrison joined, are reported to have occurred at Chetyebinsk.

In Orenburg a number of houses have been sacked. Troops have been sent there to restore order.

Killed the Family.

Geneseo, N. Y., April 15.—As a result of a family quarrel today, Antonio Sparacchio, an Italian, shot and killed his mother-in-law, Grace Bonni, fatally wounded his step-daughter, Mary L. Rossi, slightly wounded his wife and then killed himself.

Seymour to be Court Martialed.

Manila, April 16.—Lieut.-Commander Isaac Knight Seymour has been ordered to appear before a naval court martial for trial.

Lieut.-Commander Seymour was the navigating officer of the cruiser Baltimore when that vessel grounded in the straits of Malacca, about six months ago, and it is presumed that he is to be tried in connection with that affair.

It is understood that the charges preferred against Lieut.-Commander Seymour are similar in nature to those preferred against Commander John B. Briggs, who was in command of the Baltimore when the accident occurred.

Socialist Colony in Cuba.

Red Lodge, Mont., April 16.—Several hundred Finnish miners and farmers of this vicinity, all ardent Socialists, are planning the establishment of a colony near Havana, Cuba, in which Socialist doctrines will be carried out to the letter. Alfred Carlson, an agent, left for Cuba today to negotiate for the purchase of land and the other members of the colony will leave as soon as the deal is closed.

Mysterious Wireless Message.

Manila, April 16.—The cruiser Baltimore, the flagship of the Philippine squadron, received a wireless telegram at 6 o'clock yesterday evening from some point estimated at about 60 miles off the entrance of Manila bay, as follows:

"Is there any one inside with a wireless apparatus?"

The following answer was returned:

"Do you wish to communicate?"

No reply was made to the question, and the torpedoblast destroyers Dale and Decatur were sent to investigate.

They have returned to port without having solved the mysterious message.

WOMEN SHOULD HAVE POLITICAL LIBERTY

National Council of Women Pass Resolution Declaring it is Essential.

THE PERFECTION OF THE HOME.

Requires That There Shall Be Equal Personal Chastity in Both Men and Women.

Washington, April 16.—Resolutions touching the questions of the true family life and other subject have been adopted by the National Council of Women in executive session. They are as follows:

"Believing that the progress of humanity is best furthered by improvement of the individual and that the improvement of the individual is dependent upon hereditary environments and nurture, be it

"Resolved, That the perfection of the home, the institution in which heredity is fixed, the first environment of the child formed, its first nurture received, should be the object of the solicitude and the endeavor of every man and every woman who loves humanity and would serve it.

"Also believing that the home can be perfected only in a society which requires equal personal chastity of men and women and confers equal responsibility upon them, therefore:

"Resolved, That the National Council of Women of the United States rejoices in the organization at its fifth triennial of two committees which will focus its endeavors upon equal political liberty of women with men and equal personal purity of men with women.

"Further believing that what is peculiarly needed today to secure true family life is far more of plain living and high thinking on the part of the more privileged and a deeper sense of responsibility on the part of every citizen, be it further

"Resolved, That in working for these conditions the National Council of Women shall keep in mind that the safety and the health of the community, and of the state are ultimately dependent upon the character of their individual members."

The council also passed a resolution extolling the memory of Mrs. Leland Stanford. This declares "that the partnership of interest, responsibility, self denial and aggressive effort existing between Leland Stanford and his wife during the years of their struggle for material success furnished an example worthy of imitation." That it was in this partnership that Mrs. Stanford developed those qualities which justified her husband in making her sole executrix of their large fortune, and in Mrs. Stanford's demonstration of the possession of sagacity, judgment and fidelity which justified her husband's will, the public respect for women has been inevitably strengthened and increased. The resolution speaks of the unparalleled respect paid Mrs. Stanford at her death and says this was "justified by the woman's life, whose habitual prudence, philanthropic service and ideal fidelity has lifted the standard of public expectation of womanhood in respect to these qualities."

Saved Hat, Lost Life.

Tacoma, Wash., April 16.—In leaping from an outboard Interurban train this afternoon in an effort to save his hat, which had blown off, Gus Williamson, a clerk employed at the Raymond hotel, jumped directly in front of an incoming train, sustaining injuries from which he died five hours later.

Nothing is known as to his relatives as Williamson came to Tacoma only a few months ago.

Does your hair need nourishment? Is it thinning out, getting dry, harsh and brittle or splitting at the ends? The way to find out for yourself is to make an actual test that you can see and understand. Pull a hair from the top of your head, examine the root. If the bulb is plump and rosy it is all right, but if it is white and shrunken your hair is diseased and needs nourishment. Rexall's "33" Hair Tonic supplies this need. It is a germ destroying nutritive hair tonic. It first of all destroys the germs that are causing the trouble at the white and shrunken roots, then it tones up the hair follicles. A new growth of hair begins at once and the hair soon regains its youthful color and lustre. It makes an excellent dressing, delightfully perfumed and conveniently put up in a handy spritzer bottle. We sell a large bottle for fifty cents that we guarantee to give satisfaction or we return your money. You will find that Rexall's "33" Hair Tonic backs up all the claims we make for it.

THE MOST DELIGHTFUL SUMMER RESORTS IN AMERICA

Are in the "Land of the Sky" Country, Western North Carolina.

Asheville, N. C., more nearly than any other city in America meets all of the requirements of a natural sanatorium and health resort. For temperature and climate it is unrivaled. Mildness characterizes the atmosphere of this capital of health at all seasons of the year. Its hotels never close. Situated over 2,000 feet above the sea level, the Asheville Plateau possesses an atmosphere at once dry and bracing. Hills, valleys, rivers and forests abound.

Near to Asheville, which is the center of the beautiful "Land of the Sky" country, are other resorts of fame, such as Hot Springs, Hendersonville, Irrevard, lovely Lake Toxaway, etc. The "Sapphire Country," as the district around Lake Toxaway and Sapphire has come to be called, is within a short ride of Asheville. There are lakes of wonderful beauty several thousand feet above the sea.

The great natural beauty of the "Land of the Sky" country has not yet been marred by the hand of man, his only encroachment upon theylvan solitude having been the erection of splendid hotels on attractive heights and the construction of excellent carriage roads upon which to reach them.

For handsomely illustrated free booklets, also as to rates, train service, etc., write to any passenger representative of the Southern Railway or direct to G. B. Allen, A. G. P. A., 708 Chemical Building, St. Louis, Mo.
