Dr. H. J. Faust, the mining operator, s in from Deep Creek to spend the hol-days. He says that much work has seen done in that district during the past few months and that in nearly very case where even assessment work only has been prosecuted, better mineral howings have been encountered. The octor states that the claim owners generally are of the opinion that before many months a railroad will be built into the district.

According to Brig. H. Young, who has just returned from a five week's visit to the Dove creek section of the Park valley district there is every reason for the Salt Lakers interested in claims there to hope for much. Young reports that the various claims in that part of the district, where work has been prosecuted, have fine showings of ore. He says that the fall has been a fine one for those operating on claims, and that work will be continued during the winter. The Susle and othoperties, give promise of develop-

ing into big mines. Percy Williams, general superintendent of the Century, is down from Park valley and will return to the camp the last of the week. He says that there is enough ore already in sight to keep the plant at the Century operating for two years and that the lower tunnel work will soon add materially to the onnage in sight. Owing to the friable nature of the ore, the mill handles about sixty tons a day instead of forty as It was expected to do, and in con equence the stamps are hung un a day and a half a week. Mr. Williams expects soon that matters will shape themselves so that the mill can

MARKET VERY ERRATIC.

Much Irregularity in Opening, After Which Prices Were Going Every Way.

Amalgamated Copper Was the Chief Feature-Engagement of Gold for Export Sent Stocks Bown.

New York, Dec. 11 .- There was great irregularity in opening price changes on the stock exchange today. Changes were mainly confined to fractions. Amalgamated Copper opened unchanged, fell 1/2 point and then rose as much above last night's close on very large dealings. The whole market weakened on the engagement of \$500,000 in gold for export, and a decline in Amalgamated Copper from 70% to 69% resulted. That stock rallied to 72, causing a recovery in the general market. The transcontinental and local tractions yielded easily. Th market became dull and irregular when Amalgamated Cop-per reacted to near 70, operators pre-ferring to deal lightly pending a more settled course in Amaigamated, Prices generally were above the lowest, Amaigamated Copper ran up again to about 72, sold off below 71, and railled to 72. General Electric declined 3 points, Pacific Coast second preferred 2%, Colo-rado Fuel & Iron 1%, and Denver & Rio Grande preferred a point.

Bonds were irregular. There was a rise of 5½ points in Lackawanna and 3¼ in Delaware & Hudson, and sympathetic advances elsewhere. The Readings, Pennsylvania and New York Central rose a fraction over last night and Amalgamated Cop per rose to 72%. The market about 'clock became immensely dull yielded somewhat.

A rapid fall in Amalgamated Copper to 701/2 and heavy selling of the transcontinental stocks enlivened trading omewhat. Colorado Fuel lost 3%. St Paul declined to 159 and the Pacifica vere also at the lowest. Baltimore & Ohio declined 21/4 to par. New York Cen tral, Pensylvania, Delaware & Hudson and Lackawanna reacted from 1 to 21/2. The market became semi-stagnant for a time until the selling was renewed

The call money rate stiffened late in the day as it has for several days and brought large offerings on stock on the market, driving prices to the lowest of the day. St. Paul fell to 159, Nor-folk & Western lost 24. D. & H. re-ceded to below the morning low price. Brooklyn Union railway dropped points and Colorado Fuel & Iron 514 All the principal active stocks were a point or more lower than yesterday' close. Amalgamated Copper dipped below 70 again. Rallies were feeble and the closing was active and easy near the lowest.

THE CRISWOLD DENTAL MANUFACTURING CO

DENTISTS.

We manufacture artificial teeth on all

kinds of plates from rubber to porcelain, and make them better and for less money than they can be made by any other reliable dentist in the state, for the reason that we have a large and complete laboratory, fitted with every known time saving device and have adopted modern methods of handling our business. Our methods of producing all CROWNS and BRIDGEWARK are superior in every respect and the time saved to busy people by having us do the work will in many cases pay our enthe charges. We employ expert dent-ists in every department and have every piece of work experted by Dr. Griswold, whose passing upon any work in dentisits perfection. Under no circumstance will a single piece of work be allowed to leave our office that does not come up to his high standard of excellency, GRISWOLD GUARANTEES THE

WORK. Until January 1st only we will make a good set of teeth for \$4.85; others get \$10.00 to \$12.00, and will make the best grade for \$8.50; no dentist can make a better one. These prices will be raised on January 1, but will even then be far below the charges made by other dentists for similar but not as good work. If your plate hurts or does not fit properly, see the Griswold Dental Manufacturing company. We will reset them for you at a small cost and guarantee them to be right. If your plate is broken we will repair it for from \$1.00 to \$2,00. We often are compelled to exfor artificial teeth, and can do so absolutely without pain and with no dan kind resulting. Our price is 50 cents. CROWN AND BRIDGEWORK.

We will discount the price of any other dentist on all Crown and Bridgework and guarantee the work to be perfect in every detail. We use only the very best gold and do the work better than others because of our large experience and our most perfect means and methods of producing the work quick ly; and, more we will advise you con-scientiously as to what is the proper thing to have done in your particular case. Are you thinking of having some work done? If so, consult us, and we will tell you frankly what is needed and the exact cost, We guarantee to save you money. Consultation free Remem-ber that our terms are cash in every instance. The Griswold Dental Manufacturing company, over Walker's Bank, where we have been for twelve

J. N. CORBIN INDIGNANT.

Says That "Dud" Wilson is Alive In Idaho Now.

Following the press dispatches which were printed on Saturday regarding the execution of a convict by the name of "Dud" Wilson, who had murdered a guard at Little Rock, Arkansas, a persistent rumor was circulated to the effect that the criminal who had paid the penalty for his crime was none other than the former sheriff of Grand county. Utah. The morning papers today credit J. N. Corbin, county attorney of Grand county, and editor and proprietor of the Grand Valley Times, with positively identifying the executed man from the descriptions published as being none other than the ex-sheriff or his county.

This Attorney Corbin most emphatically denies at the same time stating that he is of the belief that "Dud" Wil-son is at this tim running a saloon as Grangeville, Idaho.

'I cannot see how I came to be cred fted with any such statement as credited to me in the morning papers," he said this morning to the "News," "unless it is that a gentleman came to me and said that Wilson had been hanged last week and I expressed surprise at th statement, as I knew that he was up in Idaho with his family the last time heard of him, and I still believe that he is in business there at this time. It seems to me that the Sait Lake papers never let a chance go by to give Grand county a black eye. It has always been so in the past, and I want to say right now that our county is no nearly so black at it is painted. Such statements are a libel upon the people down there, who for the major part are just as law-abiding citizens as you will find anywhere. Grand county is thank-ful for any advertisement she can get in regard to her mining and oil interests, but when it comes to exploiting her citizens as hard cases that is entirely another matter.' In speaking about "Dud" Wilson Mi. Corbin stated that while the sheriff was

politically opposed to him and vice versa that they were otherwise good friends and during his term of office e made a very efficient and fearless
