Change in the Supreme Court.

WASHINGTON, 27.—Justice Strong,  
of the United States Supreme Court,  
will retire from the bench before the  
1st of January, and Justice Swayne  
intends to retire as soon as Strong's  
successor shall have been confirmed  
by the Senate. They are both  
eligible for retirement on full pay,  
each being over seventy years of  
age, and have served ten years.

They cannot both leave the bench  
at the same time without breaking  
the constitutional quorum for the  
Supreme Court (which is six of the  
total nine), because Justice Clifford  
and Hunt are each physically in-  
firmed and unable to perform any  
judicial labor. Although perman-  
ently disabled, neither Clifford or  
Hunt is willing to resign, the first  
having long ago taken the oath of  
office and the second having been  
sworn in by the President. They  
would not retire unless they could  
be succeeded by a democrat, and Hunt  
being not yet eligible to take the  
oath, if they do not resign, or if  
Justice Hunt is not provided for  
by a special act of Congress, there is  
considerable probability that a  
majority of the court will be pro-  
vided for by the appointment of  
two additional members of the  
Supreme Court whose places  
shall not be filled until the  
total number is reduced again to  
nine. This would give the court its  
full complement of membership  
both before and after the death or  
retirement of Clifford and Hunt. It  
is practically certain that ex-Senator  
Stanley Matthews will succeed  
Justice Swayne, and it is for this  
reason that he has withdrawn from  
the contest for the Senatorship.

Chinese Proclamation.

Early next week a proclamation  
will be issued by President Hayes,  
placing China on the same footing as  
Great Britain and other nations  
with the matter of tonnage duties  
in this country. The proclamation  
will, in short, declare that Chinese  
vessels are not subject to any dis-  
criminating duties. The official an-  
nouncement will probably be issued  
as soon as Monday or Tuesday. Ad-  
ditional information received by tele-  
graph from China makes it cer-  
tain that the new treaty on the  
subject of immigration will be con-  
sidered satisfactory to the Pacific coast  
settlement, as stated in a special dis-  
patch to the California Associated  
Press last Monday. It does not at-  
tempt to regulate the subject im-  
migration, but broadens the ground  
for congressional action to restrict  
the immigration of Chinese laborers  
to any extent that the United States  
may deem advisable.

Presidential Election—The Ohio  
Senatorship.

President and Mrs. Hayes enter-  
tained during the evening Presi-  
dent-elect Garfield and wife. The  
other guests were members of the  
cabinet (with the exception of At-  
torney General Devens, who is out of  
the city), most of them being accom-  
panied by their wives. Richard  
Smith, of Cincinnati, the Ohio sen-  
atorial candidate, and his wife, Jus-  
tice Strong and wife, Assistant Sec-  
retary of State Hay and wife, Sena-  
tor Morrill and wife, George Beaman,  
historian, Congressman Butterworth  
and Townsend, of Ohio, and Horace  
Davis, of California; ex-Congressman  
Shelburne, and Mr. and Mrs. Nor-  
ris, of San Francisco; Mr. Dal-  
gren and Major Swain.

After dining with Garfield last  
evening, Congressman Butterworth  
seemed thoroughly confident of John  
Sherman's success in the Ohio sena-  
torial race, in which opinion he is  
reinforced by the predictions Gen.  
John Beatty made at Columbus,  
Ohio, last night. The public senti-  
ment of Ohio will force nearly a  
unanimous vote for the great finan-  
cier.

Garfield has done himself credit in  
freeing the paper-pushing idiots who  
organized the Towpath Club at  
Washington. He first refused a  
public reception of any kind, and  
then, when the Towpath Club was  
called upon him in a manner which  
will discourage further attempts to  
mould his actions.

Garfield has had two great inter-  
views with Sherman, telling him he  
would be pleased to have him re-  
main at the head of the Treasury.  
The senatorial contest he should  
remain to the end. Garfield gave  
assurance that his own opinion  
would be neutral. On the fall of  
Ben Harrison and the fall of the  
Republican party, the senatorial  
contest will be a contest between  
cabinet positions. It is believed  
Cameron will furnish a representa-  
tive for Pennsylvania, Blaine one  
for New England, and Conkling  
will be given the portfolio for Levi P.  
Norton.

Stock Report—Railroad Earnings.

NEW YORK, 27.—Stocks, after a  
strong opening, soon declined, but a  
tendency to advance was manifested  
all day, and there was not advance  
of 1 to 2 1/2 per cent. The Union  
Pacific, Erie, and Rock Island  
are recorded by the railroad.  
The St. Paul road is standing at the  
rate of 17 per cent. and the North-  
western at 18 per cent. The Great  
Northwestern is at 19 per cent. and  
the Chicago & North Western at  
20 per cent. The demand has largely  
increased, and the market takes all  
proffered. The Erie is about to com-  
plete the purchase of a block of Union  
Pacific stock at 120.

The Union Pacific Railroad earnings  
for the first six days in November  
show an increase of \$450,000.  
Gould is reported to have bought  
largely of Atchison & Topeka from  
Boston parties. It is said that the  
company is about to make a large cash  
payment to the Hannibal Company,  
and with the cash surplus now in  
the treasury, the company will be  
able to accumulate funds equal  
to about 4 per cent. on the common  
stock.

The way to taxation is avoided.

The effort on the part of New York  
banks to be released from all tax-  
ation under the recent decision of  
Justice Wallace at the close of the  
long contested case of an Albany  
bank declaring that the law of 1885  
was illegal, is being vigorously  
opposed by the other banks. The  
holders who will have added to their  
own taxes \$1,000,000 which has been  
yearly paid by the National Bank-  
ing Corporation. The banks will  
pay all almost entirely upon the  
owners of real estate. The banks  
the commissioners have found their  
ability to discover personal property  
and the holding of a block of  
personal property have gradually  
been increased. The information of the methods  
by which personal taxation can be

legally evaded. President John  
Thompson, of Chase National Bank,  
not in favor of releasing banks  
entirely. He says the banks should  
pay a just proportion of the personal  
taxes of State and city, since they  
receive the same benefits as all other  
property. He says the banks have  
not been fairly treated, and in methods  
of taxation there is discrimination  
against banks and it exists in many  
ways.

The Telegram says the Passion Play  
is to be produced on the stage of  
Booth's Theatre, the popular sense  
of outraged sentiment in respect to  
it seems to grow stronger. To-day  
President Morey received a letter  
from a prominent lawyer of this city a  
letter enclosing a copy of an ordinance  
enacted by the Common Council of  
San Francisco, in relation to the sup-  
pression of the Passion Play. Morey  
said to a Telegram reporter to-day  
that Mayor Cooper, as Chief Magis-  
trate, had no power to interfere with  
the ordinance, and that the city of  
San Francisco, if permitted to go on,  
would be a disgrace to the city. He  
remarked the alderman, "It may be  
referred to the city council."

Thurston, Wood, in this  
morning's Tribune, joined the army  
of protesters against the play.

Manager Abbey, of Booth's The-  
atre, in a card sent the public, says he  
feels he has no right to set his single  
opinion against almost the entire  
community and thus outrage any  
sentiment they may possess, and  
therefore has concluded not to pro-  
duce or give any representation  
whatever of the Passion Play.

Another Cable.

An Ottawa, Ontario dispatch says:  
The European, American and Cana-  
dian cable will apply to Parliamen-  
tary for an act of incorporation the  
coming session. The eastern end of  
the cable will land on Sable Island,  
connecting with the government  
cable at Sable Island, which will be  
laid early in the Spring. They will  
be allowed to land on Sable Island,  
but not to connect with the cable of  
this being Chief Engineer Gibson's  
plan for destroying the cable mono-  
poly. The bill will limit the rate to  
the existing rate of 10 shillings per  
mile, but will not allow the repre-  
sentatives of the company to have an  
interview with Sir John A. Mac-  
Donald who has promised to support  
the bill.

Miraculous Escape.

A carload of passengers on Forty-  
second Street and Grand Street ferry  
last night had a miraculous escape.  
A car was turning into Twenty-third  
Street from Fourth Avenue, when a  
heavy freight car, loaded with iron  
smashing one entire side, but al-  
though passengers were pushed  
against each other and cries of dis-  
aster were heard, no person received  
more than trivial damage.

A Runaway Accident.

A rumor was in circulation to-  
night that the steamer Columbia,  
which was in the harbor, had reached  
Algeria, some days overdue at the  
port. The steamer was not in the har-  
bor, but the rumor was true. The  
Postoffice authorities upon in-  
quiry stated they had no information  
of the steamer's arrival. The vessel  
at Halifax or elsewhere. The same  
report reached the Postoffice on  
Thursday.

A Tale of the Sea.

SAN FRANCISCO, 27.—A San Diego  
dispatch says: This evening a heavy  
fog came on, and the steamer Colum-  
bia, from Hamburg, for San Fran-  
cisco, arrived in port. The party con-  
sisted of Capt. P. A. F. Classen, second  
officer S. W. Age, and five seamen.  
The captain had been absent for  
the ship sailed from Hamburg on  
June 6th, with a general cargo, con-  
signed to Henry Balz & Co., San  
Francisco. About the 1st of Sep-  
tember, when in the vicinity of  
Cape Horn, a heavy gale was en-  
countered and the ship began leak-  
ing. The captain sent to the  
pumps, watch and wait, and man-  
aged to keep the ship from making  
any more water, and she kept on  
her course, with the prospect of a  
safe arrival, until Nov. 16th about  
250 miles out from San Francisco.  
At this time a heavy gale came, the  
ship labored heavily and water  
began to come on board. The captain  
became convinced that further  
pumping was useless and it was de-  
cided to leave the ship, which was  
steadily sinking. Two ship boats  
were lowered. Capt. Classen and  
other Wago and five men went in  
one and first officer Elmes, the cook,  
carpenter, two sailors and a boy  
went on the other. On the evening  
of the 19th Capt. Classen and eight  
of the mate's boat. The captain  
thinks the boat and crew were lost.  
On Thursday night, H. W. Wapora,  
a sailing vessel, was in good  
health and will leave for San Fran-  
cisco on the next steamer.

chancey against Gen. Allman,  
Levi and the Third National Bank.  
It was referred, and the referee found  
that the charges set forth are, sub-  
stantially, that \$4,231 worth of prop-  
erty had been properly accounted for,  
and recommended that suit be  
dismissed against the defendant for  
\$18,891 and interest.

Good Report of the D. & B. Co.

COLORADO SPRINGS, CO., 27.—  
At a meeting of the Denver & Rio  
Grande stockholders, President  
Allman, in his report gave the fol-  
lowing interesting particulars: Six hun-  
dred and thirty-five miles are now  
completed and it is expected 902  
miles will be open in April, unless  
delayed by snow. The last named  
would have been in operation al-  
ready, but for the impossibility of  
retaining enough laborers. Winter  
hazards approached, all the men re-  
quired to be on duty, and it was  
found that five thousand men and three  
thousand animals are now working  
on the company's extensions. The  
gross earnings from an average of  
108 miles operated since the 1st of  
last April, when the company re-  
sumed possession of the road, to the  
first of November, were \$2,588,584;  
the net earnings were \$1,204,689 dur-  
ing the same period. The fixed  
charges including equipment pay-  
ments were \$313,549, leaving a sur-  
plus of \$890,200. The road opened to  
Leadville July 1st.

Colorado Vote.

The official canvass of the vote for  
Congressman in Belford, republican,  
27,089; Morrison, democrat, 24,470;  
Murray, greenbacker, 191.

The legislature will convene in Sena-  
te—republicans, 23; democrats, 3.  
House—republicans, 40; democrats,  
18. Republican majority on joint  
ballot, 23. The vote on the Presi-  
dential electors will be canvassed on  
Tuesday.

A Dreadful Report.

DENVER, CO., 27.—A report  
reaches here to-night from Lead-  
ville that a riot is in progress among  
the miners at Robinson's camp, al-  
though 20 miles from Leadville, and  
that Lieut. Gov. elect Geo. B. Rob-  
inson had been shot and killed. A  
relief party has gone from Lead-  
ville. The report is believed to be  
true.

A New Year's Eve Thanksgiving.

DESERET, 27.—Thanksgiving Day  
was observed in a most interesting  
manner at the residence of several  
persons of care. A man who  
quarrelled with his wife in Ingham  
county disappeared on Thursday,  
threatening to shoot himself and  
has not been found since. A wealthy  
farmer in Mayfield, Loper  
county, hung himself in a barn on  
the same day. A woman in East  
Saginaw also hung herself in a wood  
shed.

A Canada Wreck.

COLLINGWOOD, Canada, 27.—It  
is now almost certain that the  
steamer Columbia, of the Chicago  
line, which arrived here to-day, re-  
ports while passing the Ducks, Lake  
Huron, the encountered large por-  
poise, and was killed. The  
steamer was wrecked on the  
19th. The Columbia searched for hours  
but failed to find any findings of  
the crew. The general opinion is that  
the steamer struck on a ledge of  
rocks, having been rebuffed by a  
gale, the early part of the week.  
She was due here from Chicago four  
days ago. She was almost a new  
steamer, having been rebuilt at Col-  
lingwood, and was valued at \$4,000;  
insured for \$1,200.
