#### Light Draft.

Senator Penrose was discussing Philadelphia's need of a deeper channel in the Delaware for ships.

"You know," he said, "how often ships get stuck in the mud of the Delaware now. Actually, to traverse that difficult stream with impunity, you need as light a draft as they require on the Cape May thoroughfares. 'Amazed at the way we skinned through creeks but an inch or two deep, I said to a Cape May skipper one day: 'I suppose, captain, that you think nothing of sailing across the meadows when there's been a heavy fall of dew?'"

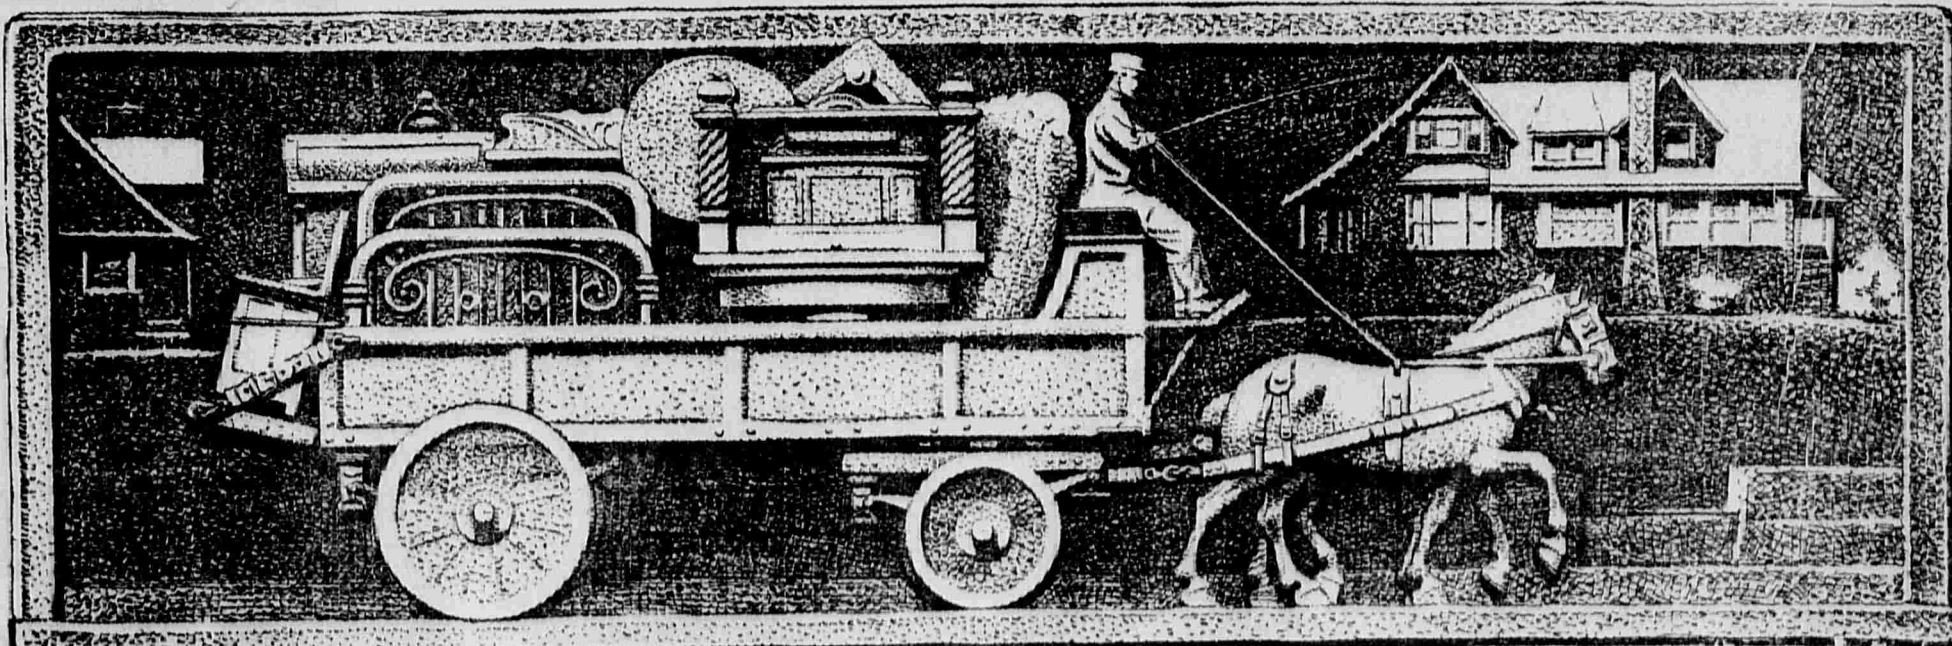

"Right you are," said the captain, "though occasionally we have to wade a man ahead with a watering can."

## Prepared--Not Manufactured.

Ghirardelli's Ground Chocolate is prepared, not manufactured. There's a difference. It is made by Nature and prepared by Ghirardelli. The Ghirardelli process simply renders available all the natural goodness of the cocoa bean. That's why it is so pure, delicious, satisfying and health giving, and that's why everybody likes it so well.

Ask your grocer for it. Be sure that you get it.

## INDOOR DECORATION IS AN ART.

THE difference between a person of refinement and taste and one who is lacking in these acquirements is most manifest in their surroundings. Lavish expenditure does not necessarily mean correct furnishing of a home. Indeed the person of modest income who possesses that rare gift—artistic taste—will usually have a home that is better furnished. A discord of colors in decoration is as shocking to the eye as is a discord of notes to the ear of a musician.

With the expectation that our suggestions will be appreciated, we offer you the services of trained experienced men who will visit your home at your invitation and make suggestions as to color schemes.

With their assistance and your own good judgment there is no reason why your home should not be furnished with the best of them.

This year we have made a departure from our usual purchase plan. In addition to the usual splendid showing we have purchased a number of rare prices of Imported silks—Broche Silks and French Challies designed for drapes, some delightful extremes in point of color are in the showing—and a number of beautiful Dresser Scarfs and Table Covers—Some perfect dreams in Fillet Laces and Old Antique.

Indeed we can truthfully say we have the finest line of Imported Novelties for high class and exclusive trade we have ever seen.

We must not omit reference to a line of Tapestry Panels for Wall coverings. The weavers and designs are of the highest order. Nothing like them has ever been shown here.

## IN THE CARPET AND RUG SECTION

It is no exaggeration to say that our carpet line contains more exclusive and really up to the minute patterns than any in the city. The mere assertion is easily made but we are anxious to demonstrate the truth.

Every grade of carpet and rug is shown. Floral and Figure designs, struggle for supremacy—The color blendings are new and original. The qualities too are what we want to direct your attention to. Every carpet sold by us is guaranteed to be just as represented.

Turkish Rugs of wonderful workmanship have been added to the usual line, some worth \$750.00 each and down, while the Domestic and Imported shagging is equally as fine or even better than last year which is saying a great deal.

Early inspection is desirable, particularly if you are anxious about having something exclusive. The fact is we have a number of very choice selections that without fail will go to early shoppers.
