TESTIMONIAL.

I had a sen who appeared to be in ill health being in a pining condition. I was unable to determine the nature of the disease which affected him. A few days since I placed him under the treatment of Dr. Plant, who, within a few hours, and without pain or inconvenience to the lad, freed the patient of a tapeworm about forty feet long, since which time the boy has been improving. I wish you to publish this circumstance, as much for the beneft of people affected similarly to my boy, as to award credit to Dr. Plant, whose still in that line of complaints can be relied on, beside his charges are moderate.
