## EDITORIAL NOTES.

When Job was asked "Ca thou send lightnings, that may go and say unto thee, here are?" were the telegraph and ! phone foreshadowed? They tainly answer the question literally fulfil the implied pre 13

A story is going the rounds 30 a goose in the Halifax public 3.84 dens leaves the pond whene certain gentleman appears, folk 33 him round and when he talks seat sits at his feet. This getatiman has never fed or petted it for therefore this is supposed to is case of "mistaken identity." If not more likely to be an illustrata of the old adage "birds of a feating flock together?"

Among the many "invention of modern times which on invest gation turn out to have beet common use among the anciens, the reaping machine. Similar ha vesters to those now protected letters patent, are described Pliny as used by the Gauls. there anything whereof it cape said behold this is new? It was already been of old time which before us." Solomon, you was

gering for some time on the vonte preparing them to become teachers and at length has departed. This themselves.

The British Parliament opacity to-day. The Queen delivered for ious to fight, and does not wan to interfere in the Russo - Turi th struggle, nor violate the treat of Paris; neither does she want Ty other Power to violate it; and in case they do, John Bull is reques ed to get ready for action. The very good doctrine for the Quer or rather the ministers, the say reign merely reads what they pare for her.

## LIMITATION IN CRIMINA **ACTIONS**

A BILL was introduced into A Council yesterday by Hon. Era Do Snow, which has caused some o ment, particularly among the who know nothing about its pri disions. Its object, according to be title, is to "limit the time with p which criminal actions may commenced in the Territory

To hear some people talk & would suppose this bill was "a s we thing under the sun," and the dependent of this morning infos -s its readers that "there is no prodent for such a thing." Now we not know why a measure should a protected by a procedent, but p sons who ought to know between strangely ignorant of

many States are there in the Unit where no such statute exists? A if there was no such law in the spective States, what is meant the provisions on page 193 Revi fi Statutes of the United States?

Sec. 1043. No person shall a resecuted, tried or punished for eason and tother capital offens difful murder excepted, unless the dictment is found within that ears next after such treason apital offence is done or comm

Sec. 1044. No person shall prosecuted, tried or punished any offense not capital, except, provided in section one thousand forty-six [relating to the require and slave trade laws] unless to indictment is found or the information is instituted within two years next after such offense is commit-

Is not this "precedent" enoug."
We have not seen the bill impleduced by Councilor Snow, but we venture to my that nothing will found in 'it, in its application' this Territory, which is contract the spirit and intent of the state hear a matter first and judge all by railways; referred to the committee on judiciary.

It is explained? And before mere ing decisions about preceded to the paper writers to read a little law paper writers to read a little law.

B. Dane, resigned; aggred to

MONS."

A GREAT deal of nonsense is 3)lished about the lack of education in this Territory. Most of it when the majority report was submitted on the 37th of February, ginates with impecunious preview. orn States for the plous purpose of raising money, and who, sit z wearing threadhare the old years about imaginary atrocities to if htful horrors in Utah, fall so k on the subject of education, as it is likely to touch the hearts is d pockets, of the generous, synty-

HARD

WAR

From a Distinguished Physician,

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of tasts, of sign, of hearing, the human voice, the mind, one or more and sometimes all yield to its destructive influence. The poleon it distributes throughout the system stacks every vital force, and breaks up the most robust of constitutions. Ignored because but little

t of this terrible disease by remedies within the in of all passed jeto hands at once competent trustworthy. The new and hitherto untried tool adopted by Dr. Banford in the preparation is Rapman Cours has won my hearty approval, leve it likely to snoozed when all the usual diss fall, because it strikes at the record

emades fall, because it arrives at the root of the issue, vir., the exciding blood, while it heats the dooranged intembrane by direct application to the seal passages. Its action is based on certain fixed uses, and unless the vital forces are too far exampled, must, in the great majority of cases, effect

ELECTRICITY

As a grand curative and restorative agent is not equalled by any element or medicine in the history of the healing art. Unless the vital spart has fed the body, restoration by means of electricity by action. It is the last resort of all physician and an economic and has resomed thousands, apparently fead, from an unitunely grave, when no other human agency could have successed. This is the leading ourselive element in this Planter.

BALSAM AND PINE

The healing properties of our own fragrant baleans and pine and the gume of the East are too well known to require description. Their grateful healing, soothing, and sireingthening properties are known to thousands. When combined in accordance with late and important discoveries in pharmacy, their healing and sireingthening properties are increased tenfold. In this respect our Planter is the best in use without the aid of electricity.
