TRUTH AND LIBERTY.

FIFTY-EIGHTH YEAR

Never before have such good things been offered in the "Want" Ads. Read them.

GRAY WOULD BECOME BEING

Under No Circumstances Will He Take the Nomination for the Vice Presidency.

MAKES POSITIVE STATEMENT

Managers in Denver Kept Busy Denying Reports That He Will Accept.

Bryan Men for Him—After Meeting Convention Will Adjourn First Day Out of Respect for Cleveland.

Wilmington, Del., July 1.—In reply to a question from a representative of the Associated Press, Judge Gray this morning stated that he had just sent a telegram to the New York Evening Journal, as follows:

"I have your telegram saying that it is stated positively that I will accept the vice presidential nomination and asking whether this is true. As I have repeatedly said, I would not consent to being placed in nomination as a candidate for the presidency, I now say with equal emphasis that I will under no circumstances consent to a nomination for the vice presidency.

(Signed) "GEORGE GRAY."

WHAT GRAY'S MANAGER SAYS.

Denver, July 1.—When shown a copy of Judge Gray's telegram from Wilmington, declaring that he would not consent to "being placed in nomination as a candidate for the presidency," Mr. Marvel, the Gray campaign manager said:

"There is nothing new in that telegram. It repeats exactly what Judge Gray said in his letter to the Delaware convention. He never has given his permission to being placed in nomination before the convention, but his friends who realize how well qualified he is to be president of the United States, have taken the matter into their own hands. It is our affair and not his."

When told it was reported Mr. Bryan favored John B. Stanchfield of New York for vice president, if Judge Gray was not available, Mr. Marvel laughed and said:

"There is no need of my saying anything on that subject. The only manner in which we consider the vice presidency is to wonder why will be on the ticket with Judge Gray."

DENVER CONVENTION.

Denver, July 1.—After meeting and perfecting temporary organization next Tuesday, the national convention will adjourn for the day out of respect to the memory of former President Cleveland, if the present plans of the committee on arrangements are carried into effect. This committee has not reached the point of making a definite announcement, but the question has been recently discussed, and the expression of opinion favors this course. It is believed that the adjournment can be taken in this way without interfering with the progress of the proceedings of the convention and at the same time enable the convention to pay the proper degree of respect for the ex-president. The committee will be announced so that they can proceed with their business. The program looks to the completion of the work of the convention within three days.

No arrivals of political importance were registered early today, but one of the leading hotels. Not a single delegation has as yet put in an appearance and individual delegates are but slightly more numerous than the delegations.

The headquarters booms were under a temporary eclipse throughout the day. The Johnson men were not expected here, and their rooms at the Albany hotel were not opened until after noon because of the illness of Josiah Marvel, who is in charge of the campaign with R. J. Beamish of Philadelphia.

RUMORS ABOUT GRAY.

The same rumors regarding Judge Gray and the vice presidency were in active circulation today and both Mr. Marvel and Mr. Beamish were busily denying that the Delaware man is to be considered for a single moment in connection with that position. Many of the supporters of Bryan, however, persist in considering Judge Gray as most acceptable vice presidential timber.

TOWNE GOES TO LINCOLN.

Chicago, July 1.—Charles A. Towne of New York arrived here last night on his way to Lincoln, Neb., where he will hold a conference with W. J. Bryan this afternoon. Mr. Towne announces he is a candidate for vice presidential nomination on the Democratic ticket.

"I am in the race," said Mr. Towne. "Mr. Bryan, whom I consulted, is favorable to my candidacy. Had he not been I would not be seeking the nomination. I will be at Lincoln tomorrow at Mr. Bryan's request and the subject of our conference will be, of course, the vice presidential nomination."

NOTIFICATION OF BRYAN.

Lincoln, Neb., July 1.—A movement with much local notoriety has been started here to have Mr. Bryan, in the event of his nomination for the presidency in Denver, receive the notification committee at Fairview in advance of the convention. The subject is one on which Mr. Bryan will not talk.

Mayor Brown of Lincoln and Mr. Tom Allen, Mr. Bryan's brother-in-law, are in the city. Mr. Brown is believed to be the leader at Fairview last night but details are lacking.

Among many of Mr. Bryan's friends it is believed that valuable political capital will be made by having the notification take place in some large city, preferably New York. It is argued that the natural enthusiasm of such an occasion should be made the most of as a campaign asset.

Mr. Bryan rose early today and with his secretary, Robert F. Rose, renewed his attack on an immense pile of correspondence.

Mr. Bryan receives on an average of 1000 pieces of mail daily and even with the assistance of his brother, Charles Bryan, and a staff of stenographers, unable to make much headway in answering the multitudinous inquiries on all parts of the country.

TAF HAS BEGUN CAMPAIGN WORK

First of All Signed Several Thousand Letters in Response to Congratulatory Telegrams.

CAME FROM ALL OVER WORLD

As Yet He Has Made No Choice for Chairman of the Republican National Committee.

Washington, July 1.—Secy. of War Taft today relinquished to other hands the reins of official position and once more became a private citizen.

After having been executive head of the war department for four years and five months, he retires now to undertake the duties and responsibilities of a candidate for the presidency.

Mr. Taft's final duty at the war department was the deputation of his successor, Luke E. Wright. He said he regarded it as not merely a duty, but a pleasure to induct Gen. Wright into his new office and to start him on the way he should go.

His routine campaign work began today. It was commonplace enough in a way as it consisted of signing several thousands of letters which he had written in response to congratulatory messages received by mail and by telegram. These came not only from every part of this country, but substantially from every part of the civilized world.

In most of the important countries of the world, Mr. Taft has warm personal friends who took delight in sending him felicitations and good wishes. He is doing this with a man nominated for public office in recent years received so many messages of congratulation as has Mr. Taft. They are contained in several large boxes and constitute a part of his baggage.

Despite rumors and conjectures regarding the selection of a chairman of the Republican national committee, assurance is given that the choice of Mr. Taft as yet has fallen definitely upon no man. Tentatively, at least, two decisions have been reached since the subcommittee of the national committee conferred with Mr. Taft in Cincinnati June 29, but in both instances the decision practically had to be abandoned.

Mr. Taft expects to have a conference on the subject late this afternoon with Arthur I. Vorys, the Ohio manager of his preliminary campaign. It is reasonably certain that Mr. Vorys himself will not be selected, although he is likely to be identified with the campaign in an important position.

PATENTS GRANTED

SALT LAKE INVENTORS

(Special to the "News.")
Washington, D. C., July 1.—Patents issued: Utah—F. G. Janney, Salt Lake City, for concentrator; J. H. Jensen, Salt Lake City, for device for attaching engineering instruments to their supports; D. W. Shultz, Salt Lake City, for propeller; H. C. Sillit, Salt Lake City, for deep well cable pump.

Idaho—M. Coffey, Pocatello, for a portable engine; W. G. Wilcox, Pocatello, for device for airtight vessels.

ZEPPELIN AIRSHIP.

Reaches Basel and Lucerne and Returns to Friedrichshafen.

Friedrichshafen, July 1.—The Zeppelin airship, which left at half past 10 and Lucerne at a quarter past 12, it is now, at 5 o'clock in the afternoon, returning to Lake Constance via Zurich.

It was Count von Zeppelin's intention to visit the city of Lucerne, but it is understood that the proposed voyage to Marenco will be postponed until a later date, as the necessity for accumulating adequate supply of gas.

ALL QUIET AT JUAREZ.

El Paso, Texas, July 1.—Quiet prevailed last night at Juarez, Mexico, opposite El Paso. It had been reported that the city would be attacked last night by revolutionists.

Troops from Fort Bliss now at maneuvers at Leon Springs, Texas, are being hurried back to this city.

WILL THEY GET TOGETHER

Mining and Railroad men's Visit Revives Story of Agreement Between Gould and Guggenheims.

Railroad and mining circles in this city are today wondering what the unheralded visit of President S. W. Eccles of the Nevada Northern and of numerous other big corporations with J. P. Hughes, manager of the Rio Grande, means. The speculation is as to whether the visit means something or nothing. Indications point to its meaning something, and this would indicate that the Gould and Guggenheim forces, or more directly, between the Western Pacific and Nevada Northern lines. The Western Pacific has been threatening the Gould and Guggenheim forces for some time past.

Mr. Hughes as general manager of the Rio Grande is high in Gould's list of lieutenants. Mr. Eccles is not only president of the Nevada Northern but of the American Smelting and Refining company; the Nevada Smelting and Mining company; the Nevada Consolidated Copper company, and he is also an officer and director of numerous other Guggenheim corporations. His coming here and joining Mr. Hughes in a trip out over the Western Pacific is believed to mean something, the something described.

S. V. Derrah, assistant general freight agent of the Rio Grande here, accompanied the party, as did F. W. Hills, controller of the A. S. & R. W. Eccles, Mr. Hughes and the others were in this city only a few hours, going out over the Western Pacific almost as quickly as a train could be made up for them.

It is pointed out by believers in the future agreement that the Western Pacific is not going to build a long branch when it can reach an agreement with a company holding a piece of track which will serve the purpose splendidly.

The mystery attempted in the visit and departure for the west lend additional reason for credence in the traffic agreement rumor.

Mr. Hughes as general manager of the Rio Grande is high in Gould's list of lieutenants. Mr. Eccles is not only president of the Nevada Northern but of the American Smelting and Refining company; the Nevada Smelting and Mining company; the Nevada Consolidated Copper company, and he is also an officer and director of numerous other Guggenheim corporations. His coming here and joining Mr. Hughes in a trip out over the Western Pacific is believed to mean something, the something described.

S. V. Derrah, assistant general freight agent of the Rio Grande here, accompanied the party, as did F. W. Hills, controller of the A. S. & R. W. Eccles, Mr. Hughes and the others were in this city only a few hours, going out over the Western Pacific almost as quickly as a train could be made up for them.

It is pointed out by believers in the future agreement that the Western Pacific is not going to build a long branch when it can reach an agreement with a company holding a piece of track which will serve the purpose splendidly.

It is pointed out by believers in the future agreement that the Western Pacific is not going to build a long branch when it can reach an agreement with a company holding a piece of track which will serve the purpose splendidly.

TWO MESSIAHES KIDNAP LITTLE GIRL

Awakened by Sound of Firing of Guns Went Out of House To Face Rifles.

DEMANDED \$5,000 OF FATHER

House Searched, No Money Found—Took Daughter—Pursued by posse, Overtaken and Captured.

Fresno, Cal., July 1.—Using the body of the girl he had kidnapped from her father's house, as a shield for his own body, Cleveland Rogers, held the posse that had run him down, at bay for half an hour yesterday before finally surrendering himself and the girl. The girl, Edna Domingine, 16 years old, daughter of a wealthy stockman of Coalinga, has been returned to her parents.

Awakened from a sound sleep by the sound of firing of a dozen rifle shots in the yard of her ranch home, the girl fled into the night to find herself staring into the muzzles of two threatening rifles held in the hands of a pair of desperadoes.

Her father and mother had preceded her, and they stood with hands up, the whole scene being lighted up by the glare of a burning barn, which the bandits had fired.

Clad only in her night dress, the young girl stood terrified, staring at the gleaming muzzles of the rifles. As she watched before her had time to realize what was happening, two of her father's ranch hands came running to the spot. Instantly one of the bandits ordered them to throw up their hands.

Tony Lovell, the leader of the pair, broke in on the gaze of the party. In the name of his pal and himself this man demanded \$5,000 from Domingine.

Domingine declared there was no money in the house. Rogers thereupon forced the young girl to guide him through the darkness to the barn, where the family kept their plate and other valuables.

When the search revealed nothing the ruffians dragged her into the yard once more, and seeing no money, the girl belonging to Domingine, bundled Edna into the buggy and drove off into the night.

Domingine made his way to Coalinga, where he was immediately arrested. Several posse started and at 4:30 yesterday afternoon Rogers was overtaken at Jack's Springs. He fired a warning shot, and the posse, armed with men and officers swarming in, he gave up. He and the girl were brought to town in an automobile. A big crowd gathered and would have lynched Rogers had not Sheriff Chittenden pleaded with them not to take the law into their own hands.

Lovell managed to escape. Miss Domingine said the men offered no affront to her.

UTAH NEGRO ARRESTED

Charles Savage, Expert Postoffice Thief, Who is Accused of \$50,000 Robbery, Is Caught.

Washington, July 1.—F. E. McMillan, chief inspector of the postoffice department was today notified of the capture and arrest at Monroe, Mich., of Charles Savage, alias Charles Savage, a negro, in connection with the recent robbery at Kansas City, Mo., of \$50,000, through registered pouch of mail from Los Angeles to New York City.

The arrest of the notorious Savage is not only gratifying to the United States officials but to the police of several cities, including Salt Lake. The negro was identified by the police some months ago but went from here to Denver.

Just a short time before the big robbery at Kansas City, Savage left Denver. He returned to this city a few hours following the robbery of the mail pouch and was well supplied with money. He gave \$500 to a colored woman of the town and then disappeared. It was he who was committed to the robbery is the firm belief of the authorities. He served a term in the Utah state prison for robbery and was considered by the police here to be a bad man.

MAE C. WOOD INDICTED.

On Charge of Perjury and Forgery in Her Suit for Divorce.

New York, July 1.—Mae C. Wood, the Omaha woman who sued United States Senator C. P. Fitzgerald in Salt Lake, was indicted by the grand jury today on charge of perjury and forgery.

Miss Wood is charged with having signed a false affidavit in her divorce suit, acknowledging her husband's perjury incident is based on Miss Wood's testimony in the divorce action, when she testified that she was married to the senator at the Fifth avenue hotel in 1901.

Miss Wood is at liberty on \$5,000 bail. She will be arraigned in court Monday.

FLOODS IN KANSAS.

Topeka, Kas., July 1.—Many portions of Kansas were flooded late Tuesday afternoon and last night. St. Mary's and Rosebud report over four inches of rain last night, while Valley Falls had the heaviest downpour, with hail, in years. Near Meriden and Ozark two days of heavy rain are reported.

In Topeka the fall was close to two inches and the Kaw is rising. A terrific cloudburst of 12 inches is reported from Payne county and much wheat destroyed.

DYNAMITE OUTRAGE

PERPETRATED IN BUFFALO

Buffalo, N. Y., July 1.—Two heavy charges of dynamite exploded by a time fuse under the Lehigh viaduct at Selkirk and Ferry streets early today and blew two heavy iron girders out of place, twisted the rails above and shattered the ties for many feet.

The dynamite had been placed on top of one of the tie-ends and the sparks between the third and fourth spans.

The viaduct was but recently completed by McIntock & Marshall, a firm which maintains an open shop principle, and who have had several bridges wrecked by dynamite during the past year.

One man was arrested on suspicion.

ROADS FOR REBELS ARE FLED TODAY

This Action Ends Official Interest In Case Until October Term of Court.

TRIBUNE ROUNDLY SCORED

Its Report of Indictment Proceedings Meets With An Indignant Reception on Every Side.

Col. A. B. Irvine, attorney for many business concerns in which Joseph Nelson is interested, today filed with Judge R. L. Letcher, clerk of the United States court, the documents covering the bond of A. W. Nelson, indicted yesterday by the grand jury. The men on the bond are J. E. Langford, manager of Saltair, and P. W. Madsen of the Madsen Furniture company. The sureties were approved last night at 10 o'clock by Judge Marshall at the Alta club, and young Nelson was released from custody without the necessity of actually going behind prison bars.

Shortly after filing the bond Col. Irvine left for Ogden. When asked whether he intended to defend young Nelson, Col. Irvine stated that this matter had not in any way been discussed, and that he did not think he would, as he was attorney for the Utah National bank, and should he take up Nelson's defense, he certainly would resign his present connection with the bank.

With this matter of bail disposed of, official interest in the bank robbery, except so far as it may be carried on by the Pinkertons and the United States attorney, will lapse until the October term of the United States court, when William Nelson must be ready to stand trial.

The conduct of the robbery has been general today, and the most frequently expressed opinion is surprise that there were not more indictments, coupled with opinion that if a guilty man has been found he had accomplices and instigators.

TRIBUNE CONDEMNED.

The Tribune's issue this morning is being discussed and condemned, and if all the "Mormon" sentiment is eliminated from consideration, there still remains a universal expression of condemnation.

"It is a shame," he said "that we have to tolerate such a wicked, lying, dishonest, and unscrupulous newspaper. It is a disgrace to our city."

The personal respects of Frank I. Seftic who was made to show color before the grand jury, were paid this morning to the same jury as the personal pique of the articles clearly was demonstrated. The review of the case showed bad disposition, expressing it in a vile comment. The indictment against President McCornick, still another against the Pinkerton investigation, and yet another against the men who were indicted, was not indicted. The net result was lively condemnation, without a saving expression of praise.

WHERE IS THE MONEY.

One large question of today is concerning what has become of the money, and what the bank's chances are of recovering it. So far no trace of any has been found. Many close to the investigation figure that if the indictment forebodes absolute proof of guilt, then the money has been buried, and in any case that money, at least in part, has been located.

PRAISE FOR BANK.

The Utah National bank is today the subject of a marked movement in that the faith of the people in its stability has been maintained and that through the position formerly held by Rodney T. Badger in the banking world, it has been able to come out of the long spell of cloudy weather with colors flying and a financial statement showing it to be as sound as a rock. For the present splendid condition of the bank, Cashier Badger is being much praised.

Another question is concerning what will happen to Teller Alvin Strong. After the phony in his person had been investigated, he emerged from the ordeal with the good will and praise of every man on the jury, and with a record before that that any one of these would have been proud to claim as his own. Strong is a young man, depending for his support on his salary. In the investigation his name was entirely cleared.

When he started out on all others of those holding prominent positions, left the bank, his leave being in the form of a 90-day furlough. This will be on July 15.

W. F. Adams is still a director of the bank. He refused to go out under fire, demanding a right to remain until his name was cleared, and this left the other bank directors powerless to act. Although his resignation was requested, when asked today whether he now had made up his mind concerning what was to be his future course, he replied that he had given the matter much thought, directly, and was not prepared to give out a statement.

BINGHAM JUNCTION BANK.

At Bingham Junction the Jordan State bank this morning was entirely quiet, there being no indication of a run or nervousness over accounts. The last examination by State Bank Examiner Glazier was made on May 13, this year, and he found "the bank in a generally satisfactory condition."

The quarterly report, filed June 16, shows the bank's condition to be excellent. A son of President Fitzgerald of this bank has been A. W. Nelson's assistant as cashier, and it is possible that he will carry on the business, although no announcement on this matter has been made.

JIM WILLIAMS QUILTS.

Old Time Policeman Does Not Like State Prison Job.

Jim Williams, who for the past seven months has been a guard at the Utah state prison, resigned his position this morning. Mr. Williams was for many years a valued member of the police department. He left the department seven months ago to take a position under Warden Pratt but finding conditions not suitable to him he concluded to resign. Williams has not decided yet what he will do but there is a probability that he will make application for a position in the police department.

PLUCKY RIDER'S INJURY CAUSES HEART FAILURE FOR TENDER COMPANION.

Heart Failure for Tender Companion.

CONDITION OF BOTH CRITICAL

Word from Hospital is That Recovery Is Doubtful—Many Queries Over the Telephone.

When told that Monday evening her husband Norman C. Hopper, bicyclist par excellence and the most popular little fellow in the racing world, had suffered an accident that might cost him his life, Mrs. Hopper was seized with heart trouble. From St. Marks hospital, where both sufferers were taken, the report comes that husband and wife may quit this life together; both are low and their recovery is announced as extremely doubtful. At 10:30 this morning the message was: "Both had a rather peaceful evening; there is no change in either's condition, but the attending physicians and nursing staff still refuse to give out a statement which might be cause for hope."

MANY INQUIRIES MADE.

So popular is Norman C. Hopper that hundreds of telephone inquiries have been made at the hospital every few hours since Monday evening. So constant was the ringing of all bells that those in charge of the institution made arrangements with the information bureau of both telephone companies to keep them posted so they, in turn, can keep the public posted on the bicyclist rider's condition. Attaches of the hospital report that all day and all night inquiries have been keeping them sitting at the telephone desks. Never has there been greater worry exhibited over the condition of an inmate of the hospital. All are watching Hopper's plucky little rider may pull through.

The physician in charge of the hospital, who is most feared, Hopper spent a peaceful night last night, but was lower. This morning his condition saw no change.

Hopper's injuries were terrible; the long splinter pierced his abdomen and cut his intestines in six or seven places. Peritonitis, internal blood poisoning, is what is most feared. Hopper spent a peaceful night last night, but was lower. This morning his condition saw no change.

It has been agreed that when the rear tire came off it threw him to the track. Because he had reached a 1:25 speed while following Samelson's race, he was thrown from the track from the 30-yard mark on the south side of the track past the 60-yard mark on the side. He might have slid a hundred yards over the same stretch of track and escaped with nothing more serious than a scratch.

If Hopper recovers it will be a surprise; that is the truest way to describe his condition. If he recovers it will be against overwhelming odds.

CONDITION THIS AFTERNOON.

Mrs. Hopper, wife of the little bicyclist rider who was hurt Monday evening, is up and about; her presence at the bedside may aid Hopper in his fight. The last message received from the hospital was that Hopper was resting fairly comfortably but the outcome could not be even guessed at yet. Mrs. Hopper was taken to the hospital, and after receiving news of her husband's accident, this morning saw her improve wonderfully. She seemed to summon every ounce of strength that she might give courage to her terribly injured husband.

JAIL BREAK AT PROVO.

Three Prisoners Escape from the County Jail—Two Recaptured.

(Special to the "News.")

Provo, July 1.—James Harris Thomas, A. Healy and John Sullivan, held in the county jail here for burglary committed on Strawberry day, June 23, at the residence of William Palmer, made a successful break for liberty last night at 9 p. m. The two first named were captured after a long hunt but Sullivan is still at large.

Sheriff Harmon who takes all the responsibility although not to blame, left the men in the corridor later than usual. At 8:30 he was in the office telephoning to the authorities at Bureka, Gothen and Lehi, and shortly afterwards his son came running by spreading the alarm that the prisoners had escaped. Investigation showed that the men had climbed to the top of the cell house and ripped off a section of the corrugated iron ceiling. Crawling inside they made their way to the east end of the building and knocked out a ventilator. It was then a comparatively easy matter to reach the ground along the branch of a tree.

After the deputies and city police had made a thorough search Officer Perry and Arthur Clyde, a citizen, caught the two men at the railroad crossing eight miles north of town. Sullivan is still unaccounted for.

STILL GOULD'S ROAD.

Harriman Has Not Secured Control, Says W. Pac. Legal Representative.

The story that Harriman has secured control or will secure control of the Western Pacific is not believed generally. It is believed, however, that amicable relations will be maintained between the Gould and Harriman lines in this district and the coast. In a speech during a celebration at Niles, Cal., a celebration of welcome to the new road, Max Thelen of the Western Pacific's law department said:

"I have been authorized to say on behalf of the Western Pacific management that the reports recently sent out from the east that Harriman has bought up the new road and that the line would be controlled by the Southern Pacific company are absolutely untrue and without foundation. It would be a calamity if such a transfer should come to pass. The Western Pacific company is building its own road, and means to operate its own road independent of Mr. Harriman and the Southern Pacific."

OL' FOLKS HOME FROM GREAT TRIP

One Incident Mars Pleasure of The Day and That Not Serious.

PROVO WITHOUT PAR EXCELLENCE

All Citizens Unite in Effort to Show The Visitors a Royal Good Time.

Only one thing occurred to mar the pleasure of the Old Folks' outing to Provo yesterday, and that was the accident that befell Mrs. Mary Jones Young, Mrs. William Naylor and Mrs. Harriet Nye. The team that carried them to the Provo depot, shortly before the departure of the train, ran away and all occupants of the carriage were thrown into the street. Mrs. Young suffered a dislocation of the shoulder, and the other two ladies were slightly bruised. A physician was close at hand and the injury to Mrs. Young was quickly attended to, all the persons figuring in the accident coming to the city, except the driver, Peter Zobel of Lako View.

The street was crowded with pedestrians and vehicles when the runaway occurred. The team was a young one and became frightened at an engine standing near. The driver was unable to control the horse and the vehicle collided with a telephone pole.

The condition of Mrs. Young today is reported to be favorable, and nothing serious is thought possible to result to any of the injured.

AFTERNOON PROGRAM.

The afternoon program of the old folks' outing was no less interesting than the proceedings of the forenoon. After lunch, the people again assembled in the Tabernacle, where the program commenced by singing of "Auld Lang Syne," by the Old Folks' choir and the congregation.

Sid Clawson gave an imitation of the different animals and birds, the mimicry of the rooster being especially good. Smoot brought forth great laughter and applause.

The only Josh Davis, impersonator of the Chinese ambassador, added greatly to the amusement of the day. Heber J. Grant was well rendered and enjoyed by the audience.

Mrs. Whipple, who is past 94 years, sang "The Rose Tree" in a manner that was wonderful for one of her age.

C. R. Savage, in behalf of Chairman Nye, made an address thanking the good people of Provo for the hospitality extended to the old folks of Salt Lake. Other addresses were made by President J. B. Keeler, Elder Heber J. Grant, Fred, Francis M. Lyman and Geo. F. Richards.

The violin solo by "Grandpa" McDonald caused many a remark. "That old man has been 40 years ago." The closing number of the day was the singing of the doxology at 4:15 p. m. Promptly at 5 o'clock the train bearing the venerable band departed for home, with the music of the Provo band ringing in their ears, hats and hands waving as the train passed out of sight.

WILL RAISE WATER RATES

Council Committee Plans Another Grab at the Taxpayers' Purse—"Americans' Need Money."

The "Americans" need the money and it is probable an increase in the water rates of the city will be made by the water department, such a step having been practically decided upon by the waterworks committee of the city council, which held a meeting yesterday afternoon in the office of Supt. Hobday. Mr. Hobday recommended that
