Cannon vs. Haddock.

The case of Eugene M, Cannon as trustee of the estate of Joshua B. bankrupt, vs Benjamin R. Haddock, constable, was put on trial before Judge Morse yesterday. Counsel succeeded in impaneling a jury by 12:30 o'clock, when a recess was taken till 2 o'clock, at which time counsel made their opening statements of the case to the jury. Testimony for the plaintiff was just begun when this report closed. Plaintiff is represented by Ferguson, Cannon & Tanner, and defendant by A. L. Hoppaugh.

The plaintiff's contention is that Joshua E. Stewart filed a petition in bankruptcy on June 4th last, and that on the 20th of that month he (plain-tiff) filed his bond for \$500 and became trustee of the estate.

He alleges that on June 4th last, while Stewart was still in possession of thirteen head of cattle that Constable Haddock levied upon them and sold them appropriating the proceeds, \$650, to his own use, to the damage of the creditors, and he now asks that the sale be considered void and judgment be rendered against Haddock for \$650 with interest from last June, the levy having been made within a period of

Sam Elchenbaum, a young person with a wealth of black hair and a fierce countenance, pleaded not guilty to assaulting and battering C. E. W. Bowers, a watchmaker. It seems that the defendant went into Bower's place of business and offered to paint a sign, for which he was to receive \$7; \$3.50 in cash and \$3.50 in trade. Eichenbaum shewco up again yesterday and wanted Bowers to take a watch out of pawn which he refused to do. Eichenbaum became noisy and Bowers ordered him out on the threat of having him arrested. Eichenbaum said he wouldn's go out and didn't care for all the policemen in Salt Lake. Finally Bowers tried to eject Elchenbaum and the lat-ter hit Bowers on the side of the head. The men clinched and were separated by Capt. Esslinger. The testimony showed that Bowers went after the de-

fendant with a broom stick. The accused took the stand and stated that he was a sign painter "by trade," and a healer "by gift." He claimed that Bowers was the aggressor during all the difficulty, and said that because he did not leave the place immediately the watchmaker tried to hit him with

n chisel. The court held that Bowers had gone too far in trying to eject the accused and Elchenbaum was discharged,

Report That New Telephone Promoters Got Money and Quit.

Despite statements to the contrary, the fact is pretty well established that the two independent telephone companles which were after franchises to erect plants in this city, have given up their attempts and have quit the field for good. It is also claimed that the representatives of the two independent companies saw that it was not very easy for either to get a franchise, and so made the best terms they could and accepted substantial sums to duit the field altogether.

Some weeks ago representatives of the Salt Lake Mutual and the Home telephone companies, respectively, came to Salt Lake and for some time kept them. selves much before the public eye with their attempts to get a franchise and to conclude each other that it might of a more favorable nature. Stories of buying each others interests were afloat and it was frequently told h much money was being spent by both companies. However, the city council ailed to act in the matter of a fran-chise and Mr. Webster, and Mr. Hamchise and Mr. Webster, and Mr. Ham-mer, who were said to represent the menical interests back of the two com-oanies left the city for eastern places. They did not return and Mr. Waterbury and W. Jones tried frequently to come to an understanding. Then they both left the city, and stories are now affont int from \$300 to \$5,000 of money was livided between them as an inducement wided between them as an inducement a abandon this field. It is also said hat they left without a word to their saistants here and with the undertanding that neither should again try o obtain a franchise in this city,
