NOTICE.

To Sunday School Superintendents of Salt Lake City, Farmers, Sugar, Forest Dale and Cannon Wards:

The general committee having in charge the arrangements for the Labor-day Sunday School excursion to be held Nov. 20th, desire to call your attention to the letter recently sent you asking you to appoint a committee to solicit for each ward, and also asking for names of delegates who will attend the excursion. As the time is short, we respectfully request that said committee be appointed and delegates selected and names forwarded to the secretary at the earliest possible day. Further, the 20th inst. will be a good opportunity to have the attendance in. In assisting your committee, please have the same energy enough to extend to the committee, and kindly forward address of chairman to Geo. D. Pyper, general superintendent, Templeton building. Delegations from city wards and wards adjacent thereto, can be made up of the Sunday school officers and teachers who can attend the meetings, at least a portion of the time, and take your chances. Upon receipt of the names of delegates, the secretary will have tickets of admission to delegates sent.

GEORGE REYNOLDS,
JOSEPH W. SUMMERHAYS,
GEORGE D. PYPER,
Committee.

The Air Gun Nuisance.

The decidedly dangerous practice of playing with air guns continues unchecked. There is scarcely a day in any part of the city that some narrow escape is not reported. Yesterday afternoon Dan Clayton, the 12-year-old son of A. W. Clayton, came near being killed by one of these weapons in the hands of a lad whose identity is not known. Young Clayton was hit in the head and knocked senseless, and it was some time before he recovered.

Death of Mrs. Andrews.

The death of a very amiable woman, Mrs. Henry Andrews of Lewisville, Colorado, sister of Mrs. L. C. Trent of this city, occurred at St. Mark's hospital shortly before last midnight. Mrs. Andrews had been a resident of this city for a few months only, coming here for the benefit of her health. But instead of getting better, she grew steadily worse, notwithstanding the gentle ministrations of surgical experts who finally decided it impossible to relieve. During her sojourn in Salt Lake she had endeared herself to many people and all will sincerely regret to learn of her demise and will sympathize heartily with those who are bereaved.

Red Cross Operations.

Another meeting of the directors of the Red Cross society will be held at the residence of Mrs. W. W. Riter on Saturday evening next beginning at 8 o'clock. The society is in urgent need of funds and preparations will be made at the meeting to secure the necessary means with which to carry on the splendid work for which it was organized. It is not improbable that a benefit entertainment of some kind may be given at the Salt Lake Theater.

Zion's Savings Bank & Trust Company, Nos. 1, 3 and 5 Main street, is the largest and oldest Savings Bank in Utah. $1,134 accounts have been opened since the bank was established in 1873. Have you an account? If not, start one now.

All labor will be contract work, at ten cents a cubic yard for earth work. Gravel, loose and solid rock to be paid for in proportion.

WILL GET TRAVEL PAY.

Successful Efforts of Colonel Cannon Will Make Rough Riders Happy.

SOME SUBSTANTIAL THANKSGIVING GIFTS

Men Home Should Immediately Forward Their Final Papers to Chief Paymaster Stiffen at Denver.

Lieutenant-Colonel John Q. Cannon of the Second United States Volunteer cavalry is in receipt of information that will bring gladness to the hearts of all rough riders who came home on account of the failure of the government to pay for the transportation of the final papers for settlement to the chief paymaster of the department of the Colorado, with headquarters at Denver. He immediately took the matter up with the war department at Washington and has succeeded in securing favorable action thereon and instructions from the department to the chief paymaster stating how to allow travel pay to all these men. This will amount to a very considerable sum to the Utah men, as the rate is 5 cents per mile each way for the distance traveled. This applies to be a large amount for travel pay, and indeed it would if it were not for the fact that Utah lies the government allows one day's pay for each twenty miles traveled by the shortest route. Colonel Cannon secured a similar ruling in regard to the Spanish war veterans, however, there are many allowances in that case for extra pay for cooking and also the regular ration allowance, together the average will reach the amount first indicated.

Colonel Cannon advised the men on the private home—there were few of them on the regimental rolls—to remain at home but to accept any settlement whatever upon the terms and conditions stipulated and in accordance with that advice telegraphed to the adjutant general of the department requesting that he direct the chief paymaster to permit them to adhere to the regulations of travel pay, nothing and relied adherence. That the adjutant acted new pay and favorably to the matter is indicated by the following letter received by Col. Cannon from Major C. C. Stiffen the chief paymaster at Denver.

Here—The following telegram received from the paymaster general of the army this morning would seem to meet all inquiries and questions contained in your letter of the 8th inst.

"Washington, D. C., Nov. 15, 1898.

Stiffen, Chief Paymaster, Denver, Colo.:

Secretary of war directs that men discharged while on furlough by order of secretary of war will have pay to be allowed travel pay from station of regiment or place where the regiment is mustered out to place of residence at the time of discharge they are at home on furlough. WANTON,

Paymaster-General.

I have to request though, for purpose of identification, that I all show be furnished with a certified copy of the telegram under seal (this, of course, manifesting discharge with travel allowances) and a list of the names of the 29 men which Colonel Torrey writes me are affected. Very respectfully,

C. C. STIFFEN,
Maj. and Chief Paymaster.
