

EDUCATIONAL

UNIVERSITY OF UTAH.

Attorney Waldemar Van Cott, one of the regents of the University, gave the college students a talk on "College Spirit" during the chapel hour on Wednesday. In referring to the recent outbreak he told the students their enthusiasm was carried too far. Other speakers were Prof. Lyman, Talmage, Coray and Roylance, and John C. Brown, president of the student body. The general sentiment among students and faculty is that athletic victories should be celebrated in a more dignified manner.

President J. T. Kingsbury left yesterday for De Moines, Ia., to attend the annual session of the National Association of State Universities. From there he will go to St. Louis and Chicago, and will visit other cities before returning home. Today he stopped in Denver to see the football game between the University of Utah and the Denver university.

At the faculty meeting on Monday it was decided to recommend to the regents that the first year of the preparatory or high school department be eliminated next year. The normal school to remain as it is.

Prof. Chamberlin has just received a shipment of chemicals and new apparatus for the department of biology. Room 25 of the Museum building has been fitted up with new tables and gas connection for a preparation room.

Today Prof. Lyman addressed the public school teachers of Summit county at Park City.

Dr. Talmage has been recently investigating the mineral wax deposits of Utah, and has a very extensive series of occurrences and manufactured products from these famous deposits within the state. He is also investigating the mineral contamination of the soils of Salt Lake valley from smelter emanations.

Prof. Crosby of the Massachusetts Institute of Technology was a visitor and guest of Dr. Talmage during the past week. Mr. Crosby has been examining the geological features of the Bingham district.

The course in mineralogy 2, in advance of the work required of regular college students, is continued this year. The course is devoted to research work.

A geological map of Utah was in part completed by the advanced students in geology for last year. This work is still in progress.

During the vacation, and since that time, Dr. Talmage has been investigating the geological structure and metalliferous deposits of Bingham and Park City.

The anthropometric apparatus for the gymnasium has been completed in its entirety every day. As soon as it comes Dr. Gowans will begin the work of physical measurements.

The students in Human Osteology have completed their study of the vertebrae and ribs and are now studying the bones of the cranium.

Next Tuesday afternoon, the big football game, between the juniors and seniors will take place on Cummings field. Both teams are out for practice every day. George Riser is the junior coach, while O. W. Carlson and Ben Tibbey are looking after the seniors. The following will be the line up:

Seniors.
Forrester J. E. Moore
Olsen J. E. Moore
Travers L. E. Whingar
Smith L. E. Whingar
Soule J. E. Greaves
Reese, Kelschaw J. E. Greaves
Cahoon J. E. Greaves
Tibbey J. E. Greaves
Lafayette J. E. Greaves
Crandall J. E. Greaves
Christensen J. E. Greaves

Juniors.
Forrester J. E. Moore
Olsen J. E. Moore
Travers L. E. Whingar
Smith L. E. Whingar
Soule J. E. Greaves
Reese, Kelschaw J. E. Greaves
Cahoon J. E. Greaves
Tibbey J. E. Greaves
Lafayette J. E. Greaves
Crandall J. E. Greaves
Christensen J. E. Greaves

The University football team left Thursday afternoon for Denver, where it is lined up against the Denver university eleven this afternoon. The result of the contest is awaited with great interest by the "Varsity" students.

John Hume and Stanley Wade, both former students, were visitors yesterday.

On Wednesday afternoon the prep football team defeated the East Side High School eleven on Cummings field.

Yesterday the game between the freshmen and sophomores took place on the Varsity field.

John Wooton of American Fork visited the University yesterday.

DR. AXEL F. O. NIELSON.

Another Young Utah Physician Whose Progress Attracts Attention.

Dr. Axel F. O. Nielson is one more Utah student who has done himself and his old home state credit in the educational field. The doctor has just completed a four years' course in the Illinois Medical college at Chicago, graduating with high honors, and is at present doing post graduate work in that city, but intends completing that work at Johns Hopkins university, Baltimore, before returning home. Dr. Nielson was born in Copenhagen, Denmark, 26 years ago, but was brought to Utah while yet a child. He graduated from the B. Y. university at Provo while a youth, took a special course at the University of Utah, and has been a successful teacher and principal of schools in Utah and Idaho. In the latter state being principal of the Cassia State academy for many years. He was also superintendent of schools of Cassia county before entering the medical college. He married Miss Louisa Haight, daughter of the late President Hector C. Haight of Cassia stake, who with their two children, at present resides in Oakley, Idaho. He is a son of the late Hacon Nielson of the Eleventh ward, this city, and his widowed mother, also two sisters, Mrs. Joseph Kjar and Mrs. Hugo Peterson, reside in Salt Lake City, while his brother, Alex. J., is now finishing a course in medicine at the Columbian university, Washington, D. C.

Parratt was last year relieved of the duties of principal, which, however, he has resumed this year, in addition to his supervisory work.

Teachers will note the following meetings for the coming week: Third grade, Tuesday, 4:15, at Fremont, first and second A and B, Wednesday, 4 p. m., at Fremont; fourth grade, Thursday, 4:15 p. m., at Fremont; first B, Thursday, 3:15 p. m., room 204 city and county building.

Miss Corbett of the sewing department will supervise work in the seventh and eighth grades. Teachers in the fifth and sixth grades who desire to introduce sewing in their departments are free to ask for suggestions from Miss Corbett, with the understanding that the course of study does not provide for such work in the last mentioned grades, and hence taken in cognizance of it. It has been suggested that if the girls of the lower grades be permitted to add sewing to their course, the boys also be provided with officers of the cadet corps from the High school, to instruct them in military tactics.

Miss Corbett will be found in her office, 204 city and county building, from 4 to 5 p. m., Tuesday and Thursday.

Through the courtesy of the Utah boys, the teachers of the city schools, who desire cat-tails for decorating purposes in their classrooms, will find an ample supply at the superintendent's office.

At the last principal's meeting Supt. Christensen entertained a discussion of the subject of principal's attitude toward children regarding refusing or granting the privilege to the latter to

Class Poem—Mr. George Q. Knowlton Reading, "My First School,"

Short Talk—Miss Clara Palmer

Recitation—Prof. J. L. Horne

Recitation—Miss Abbie Cowley

The '05 class will give a halloween party next Monday evening, in the Lion House. Spooks, goblins and witches will appear in the spacious rooms of the Lion House. Dainty refreshments will be served, after which, all will adjourn to the gymnasium and engage in dancing. Students of the L. D. S. and their friends are invited, and a good time is assured to all. Tickets may be obtained from any of the seniors—Leone Asper.

Mrs. Eda S. Dehlin, instructor of domestic arts, is working up an unprecedented degree of enthusiasm among the lady students in her classes in cooking and domestic economy. Of late "Vegetables and how to prepare them" has been the subject of study in the kitchen. About 25 different methods of preparing Irish and sweet potatoes have been practically demonstrated. Egg plants, summer squash, and in fact, all available varieties of vegetables have also been prepared. Another subject has been the preparation of cereal gruels. A very useful and interesting feature of the work, just started by Mrs. Dehlin, is the sample cabinet of food products. At her request various kinds of national and local fame have contributed samples of their manufactures until now over 60 food products are represented.

BRIGHAM YOUNG UNIVERSITY.

Provo.—Last Friday a banquet was given by the faculty under the supervision of the domestic science department, in honor of Capt. Willard Young.

The Beacon Light society, an organization formed by the lady members of the faculty and by the wives of the male members, with a few outside friends, has effected a reorganization and commenced regular work for the year. The officers elected on Wednesday are: President, Mrs. Mary H. Linford, vice president, Mrs. Alice H. Wright, secretary, Mrs. Louise W. Skidmore; corresponding secretary, Mrs. Althea R. Bowen; treasurer, Mrs. Amelia C. Chamberlin. The program committee has outlined an excellent course in which "Masters of Art" and two Shakespearean tragedies, "Othello" and "Romeo and Juliet," will be the principal subjects considered. The first paper in the art section was presented on Wednesday by Mrs. Wright, and it was an ably written and interesting study of the work of some early sculptors. The society will in future meet once a week, on Friday, at 4 p. m., the day having been changed from Wednesday.

The Upsilon society, open to all the young women of the college, was organized yesterday afternoon at a special meeting called for the purpose. This society combines social and literary matters, and has always been very popular. The officers for the ensuing year are: Miss Gwendolyn Hubbard, president; Edith Bowman, vice president; Miss Mamie Morrell, secretary; Miss Hattie Pond, treasurer.

The college athletic association reorganized this week with George D. Harding, president; Jeddie Merrill, vice president, and Willie H. Blood, secretary and treasurer. The president and Hyrum Schneider and Nathaniel Merkle, form the executive committee. The association will devote special attention to basketball, and at the same time will encourage all kinds of proper sports for indoor and open-air.

The Webster Literary and Debating society is again at work and oratory and argument will begin to flow on Friday night of next week, when the subject, "Resolved, that Socialism would be a benefit to the United States," will be discussed, with Hyrum Schneider and Elmer Barrett on the affirmative and Ephraim Erickson and Joseph Jensen on the negative of the question.

Dr. Joseph Morrell, son of President Morrell of Cache stake, and a former student of the college, visited the institution on Wednesday and spoke in the devotional exercises, giving some excellent suggestions as to the preservation of health during student life. Dr. Morrell filled a mission and then took up his studies in Rush Medical college, from which institution he was graduated with the highest honors, receiving a much coveted position in the Cook county hospital, Chicago. He will return to Chicago shortly.

Joseph Pond of Gentile Valley was a visitor at the college yesterday. He was shown through the domestic arts and mechanic arts departments, and was especially interested in the progress made by his son, Lewis, who is taking the blacksmithing course.

President Elias Kimball of Blackfoot stake was again a visitor with us this week.

The faculty social last Saturday night was a very pleasant affair.

The first evening party for the students will be given this evening in the gymnasium.

Prof. Robinson's new college song is becoming very popular with the student body. It has a catching melody, which aptly fits and emphasizes the sentiments of loyalty that are contained in the three verses under the title "Hail, B. Y. Hall."

Arrangements have been made for the

appearance here in the college hall of Heber S. Goddard, who will give a recital on Nov. 12, assisted by Prof. John J. McCallan and Prof. Willard Weihe. The musical department of the college will take the matter up with a view to making it successful financially, as everyone knows it will be artistically.

The class of 1905 held an enthusiastic meeting last Friday.

WEBER STAKE ACADEMY.

Ogden.—F. E. Lewis of Columbia, Ky., was a visitor on Wednesday. Formerly Mr. Lewis was the principal of the Lindsay-Wilson Training school in Columbia, Ky.

Principal David O. McKay occupied the time at devotional on Wednesday morning.

The night school almost doubled its registration last week. Several of the city teachers are in attendance. There are quite a number of missionaries to enter yet.

Principal McKay conducted a Primary Sunday school convention in the academy building on Friday and Saturday of last week.

The zoology class, under Prof. Lind, took a very profitable field excursion on Monday.

The largest Freshman class in the history of the academy organized on Thursday with Raymond Becraft as president; Kate King, vice president; Pear Cragan, secretary; Etta Brown, treasurer.

The first grand ball of the season was given on Friday night by the senior class. A large crowd was in attendance, showing that the people have not forgotten the great success we had in our dances last year. The seniors are paying the way towards leaving something to the institution that will cause them to be remembered.

It is gratifying to see almost every student in his seat at 8:45 every morning to enjoy the beautiful strains of music from the organ.

Dr. Thomas, principal of the Ogden High school, visited us Thursday afternoon.

Durable cabinets have been built in the dressing rooms this week for the benefit of the boys and girls who play basketball.

BEAVER BRANCH B. Y. U.

Beaver, Oct. 25.—The Etude club held its first meeting for the season Friday. The club will be fully organized in the near future and hold regular meetings. They have already begun a small musical library.

The class of '05 was organized with G. A. Mitchell president and W. J. Bastian as vice president. The same day the '06 and a few guests spent the afternoon and evening in the canyon. The purpose of the outing was nothing, but none of the company were disappointed in the trip as a result of finding no nuts.

Our buildings are all well lighted with electricity. Visitors from the north declare it is better lighted than can be had in that part of the state.

No Sunday services were held in the school Oct. 23, on account of conference in Beaver, which was largely attended by members of the school.

The De M. Vis quartet gave two selections in M. I. A. conference Sunday evening. The work of the quartet is good, and very much enjoyed.

Miss Laura Pearl Adams assisted the Beaver choir in its concert Saturday evening by giving several readings. Miss Adams very much pleased the people.

Mr. N. H. Tanner, a former teacher of the school, visited us Monday, and spoke before the students.

Elders J. G. Kimball, M. Steel and Joe Fish were visitors at school Monday, and gave good practical advice to the students.

AGRICULTURAL COLLEGE.

Logan.—In spite of the fact that the course in commercial law, given by Prof. Robinson, has this year been made elective, it has a large enrollment, being elected by students in va-

rious courses as well as by those in the commercial department.

For the first time in the history of any Utah educational institution a fresh, and a class formed at the Agricultural college this year. One of the crying needs of Utah is more public libraries, and an opportunity for training in this profession is a step in the right direction.

Among the new courses offered by the Domestic Science department is that in pattern making, given by Mrs. Cooke, and that in mural decoration, given to the senior women by Mrs. Cotey. So many last year students have returned to continue their work in domestic science that the students are nearly double the number of last year.

The three new members of the Sorosis, the club of the young women students, are Miss Blida Roberts, Miss Edith Rudolph, and Miss Anna Taylor. The Sorosis girls sent a telegram of encouragement on Wednesday to the men of the football team, who were to play the Agricultural College of Oregon at Corvallis on that day.

During the absence of Prof. Merrill and Prof. Hall, the courses in agronomy and in horticulture are being given by Prof. Jardine.

A card party was given Saturday evening by Prof. and Mrs. Catelin to a large number of their friends.

Prof. Hall has completed his series of experiments on the codling moth, apple worm, and the experiment station will soon publish a bulletin on the subject prepared by him.

On Saturday afternoon the football team of the Idaho State academy at Pocatello will play against the second eleven of the Agricultural college on the college campus at Logan.

At the stake meeting in Hyrum last Sunday night Prof. Robinson gave his ever popular and instructive lecture on the Holy Land.

On Friday evening Prof. Fred Engle of the department of history lectured before the students of the Oneda Stake academy at Preston, Ida.

On Tuesday the Rev. Mr. Elmquist, a college friend of Prof. Rexell, formerly of Rock Island, and now pastor of the Lutheran church at Ogden, visited the college.

Among the recent important additions to the college library are the following books: a copy of Luther's translation of the Bible, published in 1522, and presented by the Right Rev. Daniel S. Tuttle; 12 volumes of "Modern Eloquence," edited by Thomas B. Reed; and the two volumes of President G. Stanley Hall's latest work, "Adolescence. The last was given to the librarian, Miss Smith, by the author, a personal friend of hers.

The Best Doctor.

Rev. B. C. Horton, Sulphur Springs, Texas, writes, July 24, 1892: "I have used the family Ballard's Snow Liniment and Forehead Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pain. The cough syrup has been our doctor for the last eight years." 25c, 50c, \$1.00. Sold by Z. C. M. L. Drug Dept.

11:58 a.m. 6:30 p.m. 9:30 p.m.

Three express trains leave Dearborn station, Chicago, every day over the Erie Railroad for New York, thousands of miles of first-class road operated by one company between the two greatest cities on the continent. No change of cars and lowest rates at all times.
