OGDEN COLLEGE,
WM. A. ORENCHAIN, A. M., PRESIDENT.

DEAR SIR:

I am more than pleased with my "Howe" Ventilating Stove, and cannot say too much in its praise. In the first place, it is the only base burner I have ever seen that is constructed on correct principles, while in heating capacity and economy of fuel it is all that you claim for it. In the fresh air which it warms and diffuses throughout the house there is a balminess of temperature which I have never found in the heat of any other stove; not even when sitting close to the stove is there any sense of oppressiveness.

Very truly yours,
WM. A. ORENCHAIN, Pres.

The "Howe" Ventilator stands today the most remarkable discovery in heating stove construction. We will cheerfully refund the price of any stove not proving Perfectly Satisfactory.
