At Executive Mansion Pains Taken  
to Let it be Known Taft  
Did Not Send for Them.

### PRESIDENT AND CONFEREES.

Unmistakable Evidences of Friction  
Between Them on Tariff Bill  
Are Apparent.

Washington, July 15.—Slight, but unmistakable evidences of friction between the president and the conferees on the tariff bill have become apparent.

A last effort by the conferees to induce the president to consent to stripping out the corporation tax amendment failed. The president not only told Senator Aldrich and Chairman Payne that he would not withdraw from his position in favor of this tax, but that he was assured of sufficient votes to keep the provision in the bill and to insure its adoption in both houses. The president reiterated this position to several of his conferees today.

Pains were taken at the White House today to make it clear that President Taft did not send for Messrs. Aldrich and Payne on the occasion of last night's conference. The conference, it was said at the White House, had been sought by the legislative leaders.

Senator Aldrich, it is related, was pleased with the president's decision. Already committed to the corporation tax, he was anxious that the house conferees should understand that the tax is purely an administration measure.

The senate conferees have suggested to the president that he send personally for senators to whom pledges to stand firm have been given by the senate conferees. The conferees told the president that if the senators would release the conferees from their pledges the latter would be glad to accept the lower rates. The president, it is declared, has adopted this suggestion.

From all outward indications, however, not much progress has been made. The president, according to authoritative information, is still hopeful that out of the conference consideration will come a satisfactory measure. The president has indicated that the conferees that he is particularly interested in securing free hides, free oil, free

## CERTIFICATE.

Being a state official and authorized to administer oaths and certify documents, I hereby certify that correspondence laid before me this morning from an Eastern city, states as follows: "A Dr. B., an old practitioner in this city has had Bright's Disease for years, is now blind, and is simply waiting his time. He has taken three bottles of Fulton's Renal Compound with more than the usual results. Wednesday, Dr. B. called to see him. The latter upon finding he was better, asked what he was taking. Dr. B. replied, 'It is in the window.' Dr. B. rejoinder was, 'And so you are taking that stuff, too, are you? I had a severe case of Diabetes in a patient who left this city. I had a letter from him stating that he had taken Fulton's Compound and was well.'"

The following report is made by another prominent physician in the same city, using Fulton's Compound on an acute case of Bright's disease is now on the second bottle with astonishing results."

I attest my hand and seal in evidence of the genuineness of this correspondence affixed at Oakland, Cal., this December 23rd, 1907.

(Seal) T. C. LANDREGAN, Notary Public.

No matter whether you call it kidney trouble, Nephritis or Bright's Disease, it is a case of inflamed kidneys and as the old time medicines are kidney excitants, it is clear why they are futile. Fulton's Renal Compound is the first successful Renal emollient thus reducing kidney inflammation which is now curable for the first time. Even the serious supposed incurable forms yield. coal and a material reduction in the lumber schedule. Excellent progress on schedules was made on the conference today. The decisions in regard to many paragraphs were tentative. There was no night session of the conferees.

CONTRACTED TO PAY \$85,000 FOR A DICKENS

New York, July 15.—How Mrs. Mary J. Hoxie of Chicago, widow of the late John R. Hoxie, contracted to pay \$85,000 for a set of Dickens' works was related in detail in court here yesterday. Mrs. Hoxie, whose husband, a stock raiser, made a fortune of \$1,000,000 for her and her family when he died, is resisting the payment for the books.

## TWO MEN RID OF CRUEL ECZEMA

Nephew Doctored for Fifteen Years but Got No Benefit—Finally Tried Cuticura Remedies and was Permanently Cured—Uncle Similarly Cured Five Years Ago.

### ONE CURE BY CUTICURA LEADS TO ANOTHER

"About five years ago I was burned in an explosion of natural gas. My head and face, also my hands and arms, were burned. About three weeks after, eczema set in over the parts of my body which were burned and my physician undertook to cure it by administering a solution of arsenic, increasing the doses, but without any perceptible benefit. I was gradually losing strength from the suffering and I was in a very serious condition."

"About that time my nephew told me about his experience with the Cuticura Remedies. He had eczema so severe that the blood ran down into his shoes. He suffered with the eczema for many years and had tried everything the physicians could prescribe. After doctoring for fifteen years, in which time he found no relief, he was finally induced to try the Cuticura Remedies, and they cured him permanently in four months."

"You can easily believe that I made haste to try them on his recommendation. I commenced using the Cuticura Soap and Cuticura Ointment. I was cured in less than two months so perfectly that I have not even had a symptom of the disease since, although it is over five years since the trouble began. I give this testimonial voluntarily, without solicitation or hope of reward, except that some one seeing it may be relieved from suffering as was G. T. Hamilton, Indiana, Pa., Dec. 16 and 24, 1908."

For thirty years Cuticura Soap and Cuticura Ointment have afforded speedy relief to tens of thousands of skin-tormented and disfigured sufferers from eczema, rashes, itches, irritations and chafings, from infancy to age, bringing comfort and peace to the distracted households when all else failed.

Cuticura Remedies are sold throughout the world. Foster Bros. Drug Co., New York, Boston, and Salt Lake City. 32-page book on treatment and cure of skin diseases, sent free.

PAUL MARX INSANE. Chicago, July 15.—Paul Marx, brother of Gustave Marx, one of the car-barn bandits, yesterday was adjudged insane and committed to the Dunning 24th street hospital. He was found with a magazine revolver in his possession. His remarks led the police to believe he sought to avenge his brother's death by killing Acting Sheriff of Police Scully, upon whom he had called a few days previously. Brooding over his brother's death is believed to have affected the youth's mind.

MYRTLE CROSS ACQUITTED. Cripple Creek, Colo., July 15.—Myrtle Cross, 18 years old, was acquitted last night of a charge of having murdered John Phillips, her sweetheart.

Her exoneration resulted from a demonstration before the jury. It was shown that when the revolver, which caused the young man's death, and the firing of which the girl contended was accidental, was held in a certain position the hammer would fall with sufficient force to discharge it without pressure on the trigger.

AMBASSADOR THOMPSON ROBBED OF \$13,000. Janesville, Wis., July 15.—Ambassador Thompson, United States representative in Mexico, was robbed of \$13,000 while absent from his post by a trusted employee, according to a letter received here from Mr. Thompson.

MOYER'S OPPONENTS GO DOWN TO DEFEAT. Denver, July 15.—The supporters of W. F. Ryan of Butte, in his fight for the presidency of the Western Federation of Miners and the adherents of the plan to affiliate with the Industrial Workers of the World suffered a relative defeat today when the convention refused to seat Delegates Edward Hammond of Michigan and J. A. Jones of Gowanda, Ont.

The entire day's deliberations were given over to consideration of the charges against Hammond and Jones. The former was accused by Joseph Cannon of being a spy for the capital stock class. Cannon also alleged that Hammond joined the local union in Michigan last May only to become a delegate and assist in packing the convention. So wrought up did the delegates become that at times personal encounters were imminent and were only prevented by the interference of cool heads.

James Kirwan, former secretary of the organization and delegate from South Dakota, led in the fight against Jones, charging him with having embezzled money belonging to a local now defunct.

TREASURY BALANCE RAPIDLY DWINDLING. Washington, July 15.—At luncheon today the president had a conference with Messrs. Aldrich and Payne and Secy. McVeagh regarding the issuance of bonds to reimburse the general fund of the United States treasury for the \$40,000,000 paid for the purchase of the property of the New Panama Canal company.

## What is a Piano Purchase Check?

A word about "Puzzle solving," "Writing" and "Guessing" Due Bills for which the Public pays dearly : : : : : : : :

From time to time the public is startled by flaring advertisements of enormous sums to be given away by Piano Houses, using "Puzzle Solving" or "Writing" contests as a pretext for lavishing thousands of dollars(?) on the dear public.

After carefully investigating these "Piano Premium Sales" we are convinced that they are not what they seem to be.

In order to get the opinion of the public on "Piano Purchase Checks," etc., we offer a TEN DOLLAR (\$10.00) CASH PRIZE for the best answer to the question, "WHAT IS A PIANO PURCHASE CHECK?" and ONE DOLLAR (\$1.00) CASH to each person sending answers which we make use of in the Deseret News every evening until we close our fight against the "Purchase Check."
