

INDEPENDENCE THEIR AMBITION

Filipino Assembly Before Final
Adjournment Passed Reso-
lution Declaring for It.

PROCEEDINGS HARMONIOUS.

Delegates to Congress Instructed to
Present Question to That Body
When Opportunity Presented.

Manila, May 20.—With but slight variation from its action on final adjournment of the session of 1908, the Philippine general assembly in the closing hour of its session today passed a second resolution declaring in favor of the independence of the islands. The last formalities with the Philippine commission had been exchanged, and the statutory hour of adjournment had passed, when the question was presented by Speaker Osmena. He said the policy of the assembly was to work in harmony with and support the government in all measures calculated to advance the interests of the Philippines. Nevertheless, the members had not abandoned their original aspiration for independence, and, therefore, he moved that the Filipino delegates to the Congress of the United States be instructed to present the question to that body whenever an opportunity was offered.

The members of the Progressist, or minority party, asked permission to abstain from voting, which was granted. All the Nationalists then voted in favor of the resolution.

The closing days of the session were marked by great harmony between the assembly and the commission, and practically all the important legislation desired by the government was enacted. Among the most important measures passed were the railway guarantee bill, which secures the construction of a railway to Baguio and the extension of the lines in central Luzon to the extreme southern part of the island, practically making a through trunk line across Luzon from north to south, and a bankruptcy act of general application. It was decided to change the date of the meeting of the legislature from the hot spring season to October, and, therefore, there will be no further session until the fall of 1910. The total amount of the budget passed is 16,000,000 pesos.

PAINFUL TREATMENT OF SCIATICA

Left Patient in Worse Condition
Than Before—When Blood Was
Restored Health Followed.

Of the many forms which rheumatism takes, that which is popularly known as sciatic rheumatism probably tortures its victim more than any other. That Dr. Williams' Pink Pills have cured this stubborn as well as painful trouble is a fact proved by the following statement, and no sufferer who reads this can afford to let anything stand in the way of trying this treatment.

The cure of Mr. George H. Owen, of No. 44 Lincoln Street, South Framingham, Mass., is convincing proof of the superiority of the tonic treatment with Dr. Williams' Pink Pills over the usual medical treatments for sciatica. Mr. Owen is an engineer with the Dennison Mfg. Co., where he has been employed for over 35 years. Of his cure, Mr. Owen says:

"Through overwork and a bad cold, which settled in my back, I was attacked by sciatica in my right leg several years ago. I was bent over with pain which was continually present. It grew so much worse that the doctor recommended a blistering plaster. Then my leg was lanced and the pain relieved by infection of the morphia. After all this treatment for the sciatica I was left in a run-down condition and my doctor failed to build up my strength."

"My blood was in poor shape and I had no appetite. I was restless at night. There was a constant dull ache across my back. During my sickness I was often confined to my bed and lost in weight from 165 pounds to 115 pounds."

"I was in despair of ever getting better but fortunately Dr. Williams' Pink Pills were recommended to me by some friends. The pills soon had my blood in good condition but, I took them steadily until I was fully restored to health. I am very grateful for the benefit Dr. Williams' Pink Pills gave me and always recommend them."

If you are suffering from sciatica and the treatment you are taking is not relieving you, or if you are actually getting worse while taking other treatment, then do not delay but give Dr. Williams' Pink Pills a thorough trial. The remedy that cures others will cure you.

Dr. Williams' Pink Pills are sold by all druggists, or will be mailed, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y.

COLORADO CATTLEMEN- SHEPHERD FEUD

Grand Junction, Colo., May 21.—That another outbreak of the feud long existing between cattlemen and shepherds using the range in the western part of Mesa county, the scene of the butchering of 3,000 head of sheep yesterday, is imminent, is the news contained in a message received from Aches, Colo., to-

day. Shepherds, who have a long list of murders and sheep slaughters to their credit, are in arms and a large party left Aches last night to ride across the dead line, which marks the boundary between the grazing domains of sheep and cattle to apprehend the band believed to be responsible for the many outrages. A sheriff's posse is also traveling to the scene, having started from Mack in an automobile last night, but no word has come from the officers.

Word received tonight from Aches brings the information that the sheriff's posse, which is scouring the range in search of the band that raided the Taylor sheep camp Wednesday, has so far failed to find the slightest clue to the marauders. More herders joined the hunt this afternoon, but tonight there is small hope of apprehending the culprits.

Shepherds declare that the present band is the same that murdered Peter Swanson, a shepherd, at Indian Creek, two years ago. A reward of \$1,000 offered at that time for the arrest of the guilty parties is said still to be standing.

Should the posse and raiders meet in the hills, a pitched battle is expected.

CAUSE OF RECURRENCE OF BAD DAYS EXPLAINED

Chicago, May 22.—A special cable to the Record-Herald says that London is much interested in the theories of Dr. Herman Swoboda, a prominent physician of Vienna, on recurrent "bad days."

Dr. Swoboda says that men suffer one of these "bad days" without having committed any excess of any kind. A "bad day" comes to a man without any appreciable external cause. He may suffer from headache, palpitation of the heart, indigestion, nervous excitability or lassitude.

Strangely enough, the "bad day" recurs regularly every twenty-third or twenty-eighth day, or if not then, at intervals of other numbers, such as every forty-sixth or sixty-ninth or every fifty-sixth or seventy-fourth day.

Dr. Swoboda applies this theory to mental phenomena too; thus, he says, a man's grief for a relative's death is deeply felt for 23 days then begins to grow less. Nearly every natural disaster occurs on one of these critical days, says Dr. Swoboda, when the machinery of the human body is in bud working order.

EARL OF RONALDSBAY'S APOLOGY TO COUNTLESS

Chicago, May 22.—A London special cable to the Record-Herald today says:

"EIGHTEENTH CENTURY LODGE"

Ann Arbor, Mich., May 22.—Members of "Craftsmen," the Masonic organization, composed of students and faculty of the University of Michigan, last night presented "An Eighteenth Century Lodge" at the Whiting theater. The play was witnessed only by Masons and is a portrayal of the lodge as conducted in 1723. It was written expressly for the presentation by J. E. Morcombe, one of the Tyler-Kay-stone. The staging and costuming were historically correct. Mr. Morcombe having had as co-laborers, Masonic historical students in England and Ireland.

The scene was laid in a room in the old thatched house tavern in London. As was then the custom the youngest received audience was required to perform all duties of preparing the room for Masonic uses and afterward removing all signs of such use.

SAVED FROM DROWNING BY A SHEPHERD DOG

Trenton, N. J., May 22.—Rev. Asa Perry, pastor of Bethany Presbyterian church, Philadelphia, which John Wamaker attends, and his brother, Ebenzer, pastor of the Morrisville, Pa., Presbyterian church, were saved from drowning yesterday by a shepherd dog. The brothers' canoe upset in the Delaware river. Both were rapidly becoming exhausted when the dog plunged in and swam out to them.

CENSOR CONDEMNNS SHAW'S LATEST PLAY

London, May 21.—The censor has prohibited the production of George Bernard Shaw's new play, "The Shewing Up of Blanco Posnet." The play was on a theatrical agent, and was in advanced rehearsal for an early production.

Mr. Shaw, in a characteristic interview in the Daily Chronicle, says: "The censor objects to the play, not because it is irreligious, but because it is religious and because it suggests belief in God by picturing a set of ungodly people who wake up to the perception that God is real, vital and active existence. The remarkable thing is that while it is permissible to represent God as a quaintly costumed figure, as in 'Everyman,' any verbal allusion to him is immediately tabooed."

Mr. Shaw concluded by saying he was willing to cut out or reasonably change any offending passages, "but the censor demanded practically the total cut-out of the whole play; therefore, there was no alternative but to abandon the production."

SEVEN THOUSAND SUFFRAGETTES START OUT

New York, May 22.—Seven thousand suffragettes have started out with the expectation of obtaining 1,000,000 signatures to a petition to Congress for the enfranchisement of women as a special celebration of the nineteenth birthday of Julia Ward Howe on May 27. Among the women who are back of this monster petition is Mrs. Clarence H. McKay, who has rented the Garden theater for two afternoons a month when special meetings will be held to win recruits to the cause. She and all the other prominent women connected with the movement have sent out great bundles of blank petitions with workers to be signed and returned to them in time to present to Congress as soon after May 27 as possible. It will be known as a celebration of Mrs. Howe's birthday.

KINDNESS MAY CAUSE TROUBLE

Federal Official Circles in San
Francisco Wrought Up Over
Landing of Admiral Uriu.

NAVAL AIDES IN GREAT HURRY

Brought Distinguished Japanese and
His Wife to Shore Without Con-
sent of Collector of the Port.

San Francisco, May 22.—Were the naval aides appointed to meet Admiral Uriu guilty of smuggling the famous Japanese sea-fighter, the baroness, his wife, their baggage and their valet into this country? This is the momentous question which has been agitating federal official circles ever since Capt. Edward W. Eberle, commandant of the Yerba Buena training station, in his eagerness to welcome the distinguished visitors on behalf of the army and navy took them from the Nippon Maru yesterday without the formality of first securing the consent of Boarding Officer Charles Stephens, the personal representative of the collector of the port, Frederick Stratton, who in the present case also claimed to be the personal representative of the president of the United States. Now Stratton claims that the rules of the United States treasury department have been violated by Eberle and that the latter has laid himself liable to a fine of \$2,000, \$1,000 each for landing the noted admiral and his charming wife and valet, and the customs service had been complied with.

Early yesterday morning the navy officials sailed forth in the tug Vigilant to meet the visitors and at the same time as his aides, when a liner appears in port Chief Boarding Officer Stephens started out in the revenue tug Golden Gate. But unlike ordinary trips he went armed with instructions to pass the admiral and his party into this port free of duty and the petty annoyances which less distinguished travelers must endure. The navy tug proved the faster, however, and when Stephens arrived Capt. Eberle had made off with Admiral Uriu, his wife and his baggage without even a by your leave to the representative of another arm of the government which was seeking to do honor to the admiral and his party into this port free of duty and the petty annoyances which less distinguished travelers must endure. They will also visit other state penitentiaries en route. The same commission recently visited San Quentin and Folsom prisons in California and in their report declared both unsanitary and unsuitable.

EMMA GOLDMAN GUEST OF MAYFLOWER DESCENDANTS

Orange, N. J., May 22.—The descendants of those who came over to America in the Mayflower who gathered in the Woman's clubhouse, East Orange, last night, to attend the annual meeting and luncheon, found that Emma Goldman, the anarchist, was one of the guests.

Miss Goldman accepted an invitation to attend the luncheon, extended by Allen Freeman, one of the leading members of the society, who organized it in this state a few years ago.

Mr. Freeman, whose wealth comes from Standard Oil, in which his relatives built up a large fortune, was born next to John D. Rockefeller's house in Cleveland.

After running for mayor and alderman without success, he found local affairs too tame, and now he is a full-fledged Socialist.

Some "Funny" Things

We know that if you knew just the class of work we turn out of our workshop from its various branches that no other shop in town could live.

That seems "funny" doesn't it but so does a great deal that's true.

A "funnier" thing is to see competitors advertise "the largest stock of diamonds in Utah, etc." when anybody can go to the tax records and see that the Leyson Company does now and has for years paid the largest tax of any jewelry house in Utah on its stock of merchandise.

Think it over and phone 65 for the correct time.
