Special Notices.

GRIST MILL.—There is an excellent chance for any one who wants a good grist mill. A. C. Pyper has a fine one for sale, the entire machinery of which is portable. See advertisement.

Dooley's Baking Powder

Well deserves the reputation attained, as it is by far the best and cheapest in market. No baking powder has ever been manufactured so free from deleterious substances, and so exactly proportioned that good, sweet, light rolls, biscuits or pastry could be made each time with success. It is always ready for use, reliable, and requires but about half the quantity of any other in market. Will not spoil in any climate. Grocers everywhere keep it.

WHO USE IT? The most fashionable public of America use Burnett's Cocaine for the hair. BURNETT'S FLORIMEL. This perfume is not overpowering or intoxicating, but delicate, exhilarating, and eminently healthful.

BURNETT'S KALLISTON will cure chapped hands.

THE POPULARITY of Burnett's Preparations has caused worthless imitations.—St. Paul Press.

The "Life of Washington Irving," by his nephew, Pierre M. Irving, Vol. IV, page 272, gives evidence of the merits of Whitcomb's Asthma Remedy in his last sickness.

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY.

CORRECTION.—In a letter from Elder Joseph F. Smith, published in the NEWS on the 18th of March, he is made to state, in speaking about the organization of the "Upper Weber Co-operative Lumber Company," that the shares would be \$5 each. This was an error of the type; it should have read: "In shares of \$50 each."

DISTRICT COURT.—In the case of the people, etc., vs. Wm. Griffin a *nolle prosequi*, was entered by the Attorney General on the part of the people. The Petit Jury were empaneled to try the case of the people vs. Augustus Sprouse, indictment for murder, in appeal from the Probate Court of Weber county.

IOWA.—Elder B. F. Stewart, on a mission in the States, writing from Van Buren County, Iowa, on the 9th inst., says the Saints are holding meetings in four different places. He has organized a branch of ten, and others are believing. There are many old "Mormons" who, he thinks, will be resurrected. He has ordained some of his new converts and sent them out preaching. He is traveling continually and bearing testimony of the truth, and finds a much better spirit in Iowa than in Illinois.

OGDEN.—The Junction of Saturday says the Salt Lake Theatrics were to give their last performance at Ogden last night.

The same paper contains a lengthy account of the ladies' indignation mass meeting, on the 19th instant. The meeting was opened by prayer by Mrs. Abbott. Mrs. Mary West was chosen to preside; Mrs. H. C. Brown was appointed secretary. The committee on resolutions consisted of

Mesdames Mary Kay, Maria Ballantyne, Sarah Herrick and Sandford Bingham. The speakers were Mrs. Mary Kay, Mrs. H. C. Brown, Mrs. Mary M. McGaw, Mrs. Mary J. Hammond, Elizabeth Boyle, Mrs. Sarah Ann Fielding, Mrs. Maria Ballantyne, Mrs. Rachel F. Burton, Mrs. Amelia M. Frodsham, Mrs. Lucinda Brown, Mrs. Ann Odell and some twelve or fourteen others, and the way they denounced that precious production of Pettifogger Buckskin, K.L.P.S. was a caution. The speeches were spirited and worthy of their authors, and we are ready to confess that if we had ever had any doubts of the loyalty of the ladies of Weber County to the system of patriarchal marriage, a perusal of these speeches would entirely dispel them.

FROM WEDNESDAY'S DAILY.

THE PRESIDENT AND PARTY.—The following dispatch has been received per Deseret Telegraph line:

St. Joseph, A. T., Mar. 20th via St. George, March 22d.

Editor Deseret News:—The members of the company are all well, but considerably fatigued. On Wednesday we reached the Colorado, at the mouth of the Rio Virgen; the country there is not very inviting. We returned to St. Thomas on Friday, and held meetings there yesterday. To-day we came here, via Overton. Meetings will be held at this place to-day and to-morrow morning; to-morrow afternoon we go to West Point. The Muddy Valley, thus far, is many times better than the location at St. George was. The people seem to feel very well, and enjoy good health. The wheat looks promising and the peach trees are in full bloom.

A. M. MUSSER.

Another dispatch says President Young and party are expected to reach St. George next Thursday, 24th, about noon.

PLAY ANOTHER WEEK.—The ladies and gentlemen of the Salt Lake Dramatic Company, now performing at Ogden, in compliance with the very general desire of the people of that city, have consented to give eight more performances, commencing on Friday evening, and continuing every night next week. We hope they will return to this city bearing "precious sheaves" with them, in the form of gold, silver and greenbacks, which in dull times like these are calculated to gladden the hearts of their possessors.

CALLED.—Bishop Weiler and Dr. J. D. M. Crockwell, just home from missions in the States, called this morning; they are well, hearty, and have enjoyed their trip, and express great pleasure at reaching their home in the mountains once more.

AN IMPROVEMENT.—The public will surely appreciate the labors of Supervisor Isaac Groo in the removal of the ruins of the old lime kiln, on Chestnut Street, which have so long partially blocked the thoroughfare there, and on dark nights, have been a source of danger to those unacquainted with the locality. Teams can now travel up the hill with tolerable facility, and with about another day's labor, from the Supervisor's men, the road may be made first rate. While working in that part of the city, there is one little improvement that would be of great service to the residents, that is a foot-bridge across the main ditch about two blocks above the lime kiln. The number of inhabitants in that locality is twenty times greater now than two or three years ago, and the travel down Chestnut Street, from outside the wall, has wonderfully increased, and a good foot bridge at the point named would be very convenient. A hint to the Supervisor, we believe, is sufficient.

AN ACCIDENT.—Last evening, about five o'clock, William Pugsley, a boy about ten years of age, son of Bro. Pugsley of the 19th Ward, had the misfortune to have the bones of one of his legs severely fractured. This painful accident occurred by another boy playfully pushing him from the steps of the schoolhouse, causing him to fall from a height of about four feet. Dr. Ormsby jun., was sent for immediately, and at once adjusted the fractured limb. We understand that the boy is doing well.

SETTLED.—The case of Olive N. Gardner vs. Wells, Fargo & Co., for \$12,000 damages sustained by the upsetting of a stage, which was tried in this city and subsequently appealed to the Supreme Court of the United States, in Washington, has, we understand, been settled, by the payment to the plaintiff, by Wells, Fargo & Co., of the amount claimed.

HONEY BEES.—Brother W. D. Roberts, who went East some time ago, to purchase honey bees, for various persons in the Territory, writing from Hamilton, Hancock county, Illinois, on the 17th instant, says:

"Ed. Evening News:—Dear Brother,

knowing the anxiety of those who sent by me for bees, to hear how I am getting along. I wish, through the columns of the NEWS, to say that I have purchased my bees; and will load as soon as a car comes from Omaha, which I am looking for every day. I have met with much better success than I expected in purchasing bees, and with good luck will be in the city on or before the 1st of April.

I am stopping with Mr. Philip Faust, Brother of H. J. Faust, of Salt Lake City, who, with his family, has been very kind to me, rendering me great assistance in getting ready for home, and I shall ever feel grateful to them for their kindness."

The Experience of Bro. Roberts in preaching "Mormonism" has been very similar to that of most of the Elders,—the people generally are curious to learn of Utah, but care nothing about the gospel.

DISTRICT COURT.—In the case of the People, &c., vs. Augustus Sprouse, witnesses on both sides were examined and the case was being presented to the jury by the attorney at the time of our going to press.

FROM THURSDAY'S DAILY.

A WELCOME SETTLEMENT.—We have been much pleased to meet Bishop Sharp, who has been absent for some time in California, he having gone to that country, in company with Lorin Farr, Esq., as the Administrator on the estate of the late Bishop Chauncey W. West, and his representative in settling up the affairs of Benson, Farr & West, with the Central Pacific Railroad Company. Bro. Sharp has attended closely to his business since he has been absent, and his labors have been crowned with gratifying success. He has succeeded in collecting \$100,000 on the Benson, Farr & West contract for work done on the Promontory; and though this amount will not cover all the claims due, still it is fully as much as—if not more than—many expected, from indications, would be collected, and will be a means of relieving many who have worked on that contract, from pecuniary embarrassment. Governor Stanford and the Board of Directors of the Central Pacific treated Bishop Sharp with great kindness, and he entertains the best of feelings towards them, as they also towards the people of Utah, in regard to this matter. We presume that Bros. Farr and Sharp will have a public statement to make to all the sub-contractors on that contract, before making payments. The drafts they received are time drafts.

MISSIONARIES ON LONG ISLAND.—The Elders who have been laboring on Long Island have been unusually successful in making converts, if the statements that are flashed over the wires to all parts of the country be correct. The following is the latest news per telegraph: "Sixty Mormon converts left Long Island for Salt Lake."

EMIGRATION COMPANY.—We learn from the daily *Colorado Tribune* that there are two gentlemen at Denver, who represent a powerful organization in London for establishing emigration to the Far West from England and the continent of Europe. The object of this organization is to acquaint the people of Great Britain and the European continent with the advantages offered by the Far West of the United States over the colonies, for emigration. The English company's object is to take charge of such emigrants as wish to settle on any of the Colorado lands of the Kansas Pacific railroad, in Kansas or Colorado, and forward them to the land office at Lawrence, Kansas—keeping them safe from swindlers and swindling concerns until they are located, and these gentlemen are now in that Territory looking up facts to lay before the emigrating public.

ACCIDENTAL SHOOTING.—Early this morning, Bro. Harry Pusey, while endeavoring to capture a badger on the hill above the Twentieth Ward, accidentally discharged his pistol, the ball passing through the instep and lodging in the sole of his foot. The surgical services of Dr. Anderson were immediately procured, and the young man placed under the influence of chloroform, before the painful operation of extraction could be effected. The bones of the instep were found shockingly fractured, and the young man will probably have a tedious recovery from so painful a wound, although he is doing as well as can be expected up to the present time.

IMPORTANT message at Deseret Telegraph Office for Hyrum Benson, from Parowan.

DEMISE.—The following despatch was received per Deseret Telegraph line, yesterday afternoon:

Fillmore, 24.

Miss Della Barton died at Parowan, at 14 minutes past 7 this morning, of lung fever, aged 21 years. Deceased had been sick

about four weeks; she was one of the Deseret Telegraph operators, and was known for her ability therein. She was the first female to send a message on the line, in July, 1867. She took charge of the Cedar City office on the 14th of December in the same year, and faithfully discharged the duties of operator there till July, 1868, after which she assisted in the Parowan office for some time. She was a young lady of surpassing purity and chastity, full of love, truth and sentiment, and true to the principles of "Mormonism." Her friends are many, and they will mourn her loss deeply.

"Thou art not dead, but hast gone from out our sphere,

This transient, measured, tenantry resigned;

Perchance thy spirit still is hovering near, The cherished loved ones thou hast left behind."

(Com. by her teacher, J. R.)

OGDEN ITEMS.—The Ogden Junction, of the 23d instant, says: "The ball last night was a success. It was not overcrowded and yet a large number of ladies and gentlemen from several parts of the Territory were present. The visitors from Salt Lake City who came in by the evening train, were saluted by the roar of cannon and the music of the Ogden Brass Band. Gov. Shaffer was expected, but it was reported that indisposition prevented his appearance."

On Sunday evening, the U. P. train arrived on time with about two hundred and fifty passengers, among whom was Governor Shaffer.

Mayor Farr arrived from San Francisco on Monday morning.

An outrage was attempted on Sunday night, upon a lady named Ferris, near Woodmansee's barn. The ruffian sprang forward and clapped his hands across her mouth; but disengaging herself, she screamed so that a Mr. Ward, who was near by, heard her and came to her assistance, when the villainous rascal made off.

AFFAIRS IN BEAR LAKE VALLEY.—We had a call this morning from President David P. Kimball and Judge Jas. H. Hart, who are just in from Bear Lake Valley. They came from that valley by way of Bear River Valley, to Wasatch, and from Wasatch by rail. This is the best route, at this season of the year, for traveling to and from Bear Lake Valley, as the road can easily be kept open. There has been traveling done all winter from Wasatch to Bear Lake, by people who have wanted to trade. Hon. C. C. Rich, in going home by that road, after the adjournment of the legislature, reached Paris, where he resides, on the evening of the third day, he having stayed one night in Wasatch. The distance is about 75 miles; but by making a road up Last Chance Canon, the distance can be shortened so that it will not be more than 65 miles between Paris and Wasatch. When this road is finished, ingress and egress will be comparatively easy. Bro. Kimball desires us to say that they are greatly in need of the help of those who were called last year to go to that part to settle. It is the intention to establish some three settlements in Bear River Valley, between Wasatch and the Lake, the nearer settlement to be about twenty miles from Wasatch. There are fine openings for settlements in this valley, it being thought by the brethren, to possess many advantages over Bear Lake Valley. But to make settlements more substantial, they need more help. The winter has been very mild in Bear Lake Valley. Stock has run out all winter on the east side of the lake. The health of the people has been excellent; there has been only one death this winter in the settlements.

The mail has had to be carried all winter on snowshoes. As soon as grain is put in the ground, it is the intention to complete the road between St. Charles and Logan, as the settlers are anxious to have telegraphic communication with this point. The St. Charles and Logan road will be a good summer road, but it may be difficult to keep open in winter.

The brethren are looking very well and feel that the prospects for the future of Bear Lake are very bright. We feel confident that if those who have been called to go that country to settle, should neglect to obey the call, they will live to regret it.
