**STAMPED
IRON
WARE**

WE ARE NOW MANUFACTURING, IN CONNECTION WITH THE

ST. LOUIS STAMPING COMPANY,

A new line of
TINNED and POLISHED WROUGHT IRON
WARE, suitable alike for

HOUSEHOLD,**MINERS' OR CAMP USE.**

And take pleasure in calling the attention of Stove, Hardware and general dealers to the many desirable qualities of this NEW WARE, not only as an article of trade, but of UTILITY, combining as it does, NEATNESS, CONVENIENCE and LABOR SAVING in the care of utensils that are in every day use, in the most important of all HOUSEHOLD DEPARTMENTS. We desire and request every housekeeper to see our Tea Kettles, Sauce Pans, Dippers, Dish Pans, Wash Basins, Polished Stew and Fry Pans, as we are sure they have only to be seen to be appreciated.

Many of the articles are made entirely of one piece of wrought iron which, during the process of manufacture, receives several coatings of black tin; this leaves a surface, when finished, perfectly smooth, easily kept clean and entirely protected against rust. The cost is but little more than common tin ware, and every article will do ten times the service. The shape enables us to pack the various sizes in nests so as to occupy but little space, and being but a little heavier than tinware, the cost of transportation is very small. At present our assortment consists in part of

Tea Kettles, Camp Kettles,
Mess Pans, Dish Pans, Sauce Pans,
Dish Kettles, Fry Pans,
Fadles, Dippers, &c., &c.

We are now preparing a new Catalogue and Price List, and we believe Stove and Hardware Dealers will find it to their interest to send for a copy of each before purchasing elsewhere. Address

By Telegraph.**GENERAL.**

New York.—A new suit, against the directors of the Erie Railway, was begun in the Supreme Court in chambers, before Judge Sutherland, to-day, on the application of August Belmont. The complaint is founded on affidavits by Frank Work and others, substantially setting forth that the money of the Erie Company has been used by Messrs. Gould, Fisk and Lane for the furtherance of stock speculations for their private interest. The affidavits further set forth that recently Lane was insolvent, and Fisk was an adventurer from New England. It is also alleged in the affidavits that Pike's Opera House had been purchased in the sole name of Fisk, with the money of the Company, to the amount of \$5,000 dollars. Messrs. Fisk, Gould & Lane are further charged with having issued from twenty-three to thirty millions of spurious shares, with a view to creating a corner in Wall street. The affidavits further allege that the above named individuals have denied the other directors access to the books, and in fact, managed the affairs of the Company exclusively for their own interest, and in a reckless manner. Judge Sutherland granted an injunction, which directs the officers and agents of the Company to refrain from increasing the Capital stock of the Erie Railroad Company beyond the amount now existing and in the hands of *Bona fide* holders; it also orders the defendants to refrain from removing any books, papers, securities or funds of the Company from the jurisdiction of the Court.

San Francisco, 17.—Arizona advises to Oct. 31st say the Indians have commenced a vigorous warfare, and that four successful raids have been made against the whites near Prescott, in which two men were killed and five wounded. The people are greatly startled at these unexpected attacks, and appear to be helpless. Gen. Halleck is implored to send troops to their assistance.

Raleigh.—The Legislature met to-day. Governor Holden will send his message to-morrow. Hon. H. A. Jones, of the Mountain district, claims that he has beaten Plato Durham, Conservative, and will take the official count to decide.

Tallahassee.—Gov. Reed will apply to the Supreme Court for a writ of *quo warranto*, on Lieut. Governor Gleason, to show by what right he holds the office of Lieutenant-Governor. Gov. Reed claims that Gleason was ineligible, not having resided three years in that State.

The Venango oil transportation company have sold to the Erie railroad a water front of two thousand in Weehawzen for 1,400,000. It is thought to be a certainty that this locality will soon be a great depot as a terminus for western and southern lines, indeed the Erie company have thought to forestall all competitors by securing this water front.

St. Louis.—The *Democrat's* Little Rock special reports that a part of Gen. Catterson's command was attacked by Kuklux in Levier county on the 11th; three of the attacking party and one militia-man was killed.

Chicago.—Grant's official majority in Minnesota is 15,540; the majority for negro suffrage is 9,416.

A dispatch from Warner, U. S. Senator from Alabama says Grant's majority will reach 4,000.

Negro suffrage is defeated in Missouri by 18,000 majority.

The Senatorial fight in Minnesota is highly exciting, Ramsay and Donnelly being the strongest aspirants; Wilkinson will have some strength, and may secure his election.

New York.—The following gentlemen were, to-day, elected Directors of the Pacific Mail Company:

Allan Mc Lane, Wm. Dennison, J. M. Brown, Howard Potter, A. A. Low, Francis Skiddy, Jonathan Thorn, W. Huleff, Sidney Mason.

Charleston.—Grant's official majority in South Carolina is 17,679.

Tallahassee.—Owing to the absence of Chief Justice Randall, the Supreme Court has not yet rendered an opinion upon the legality of the impeachment of Gov. Reed.

Hartford.—The total vote of Connecticut is 98,947, of which Grant received 50,995 and Seymour 47,952. The town of Brooklyn which gave Grant 109 majority, has failed to return its vote to the office of Secretary of the State. Leaving out this town, Grant's official majority will be 2,924.

Chicago, 19.—Grant's official majority

in Illinois is 51,150, out of a total vote of 450,000.

Washington specials say that Secretary Seward pronounces an entire fabrication of the statement that the British Government had agreed to withdraw her joint occupancy of the island of San Juan. He says the State Department has received no intelligence which would subject the conduct of Minister Washburne to censure, but, on the contrary, the *Standard*, a leading English paper, at Buenos Ayres, firmly defends his conduct, as being governed by the highest considerations of courage and humanity.

New York.—Specials say the Erie controversy is the general topic of conversation. In Wall street to-day there is a general disposition to await further developments, before operating to any extent. Counter suits have been commenced against Belmont, Drew and others, charging them with conspiring to get control of the road. The war promises to be very bitter. There is some talk of carrying the case to the United States Courts, on the complaints of foreign stockholders.

In the Erie difficulty it is shown that Carless and McIntosh filed the bill of a complaint with Judge Barnard, upon which the Judge appointed Jay Gould trustee of the Company, with the power of receiver; he also granted an order of injunction, restraining all parties from presenting new suits.

Jos. Fisk, jr., has made a counter affidavit, in which he declared that Daniel Drew informed him that the intended suit on the part of Belmont, was because the latter asked for a loan of 30,000 shares in consideration of information given, and this being refused, he stated that he would injure Fisk and his associates all he could.

The first billiard match, between Rudolphe and Carme, was played last night. The game was the French Carrom game. Five hundred points were won by Rudolphe, the score standing Rudolphe 500, Carme 395. The second game is to be played to-night, and will be the American four ball caroms, push barred, 1,000 points.

FOREIGN.

The city of Alamosa in the State of Sonora with a population of 1000 was destroyed by floods, and whirlwinds, and Loretto in Lower California and several other small towns were entirely demolished. Herds of cattle were swept away, and the orange groves and crops in some instances were entirely ruined. The Yaqui and Mayo rivers rose forty feet.

A terrible wind and rain storm raged over the country from October 15th to the 18th, doing immense damage and causing great suffering and loss of life.

London.—Baring Brothers, yesterday, drew a million sterling from the Bank of England for the Russian Government. It is said that this was on the American account, and that the money was part payment for Alaska.

New York.—Capt. General Lersundi telegraphs the Spanish Consul here that the insurrection in Cuba is breaking up.

Havana.—Gen. Rosecrans arrived to-day, and visited Captain General Lersundi in company with Admiral Hoff. General Rosecrans leaves for Mexico to-day.

Vera Cruz dates to the 13th have been received. The newspaper, *The Two Republics* says Romero will soon return to Washington, and that Riva Palacio will replace him as Secretary of the Treasury.

A slight shock of an earthquake was felt at Iturbide on the 3d and 6th.

The Mexican Congress has approved the contract for the Vera Cruz and Mexican railway.

Paris.—*La France* criticises Lord Stanley's speech at King's Lynn, and says he should recommend moderation to Prussia. *La France* declares that the general impression produced by the speech is not re-assuring, either as to the result of the American negotiations or as to the prospect of peace in Europe.

Madrid.—The Republican party is gaining largely in influence and members in the cities of Seville and Cadiz.

London.—A dispatch from India announces the death of the King of Siam.

London.—The Parliamentary nomination was made to-day in nearly 200 boroughs, and nine counties in England, Scotland and Ireland. Great excitement prevails in all parts of the kingdom, but so far the elections have
