EASTERN.

Collieries Resuming Work.

POTTSVILLE, 15.—The Mahonoy Planes mines will resume on Monday; several other collieries will follow.

Honor to General Lee.

RICHMOND, 15.—Ex-confederates, this evening, made arrangements to celebrate the birthday of General Robert E. Lee, on the 19th inst., by public meeting to be held, at which Governor Kemper will preside, and Captain J. Hamplin Chamberlain, editor of the Norfolk *Virginian*, will deliver an oration. Arrangements have been made to canvass the city for subscriptions to the Lee monument fund.

Assays of Centennial Mine.

LARAMIE, Wy., 15.—One hundred ounces of gold and a lot of ore from the famous Centennial mine were sent to the U.S. mint, at Denver, and returns have just been received; the gold assays nine hundred and three dollars fine in gold, and eighty-six in silver. The quartz assays forty-six thousand seven hundred and eighty dollars and thirty-four cents per ton in silver, being a total of forty-seven thousand and fifty-one dollars and eighty three cents per ton, of two thousand pounds.

Appropriation Committee Visiting—South Carolina Congressional District.

WASHINGTON, 15.—The House committee on appropriations, this p.m., visited the various government institutions in the District of Columbia for which appropriations are asked.

The House committee on elections to-day heard the argument in support of the assertion that the third congressional district of South Carolina is not legally entitled to representation, because it is not wholly constituted of continuous territory, one of the seven counties which it comprises does not touch any of the rest. no argument was submitted in behalf of Mr. Hoge, the sitting member. It was suggested that the question raised bears on the validity of the claims of all the other South Carolina representation, as it would appear that the State has not been properly districted, and that the present legislature will have to redistrict it and order a new election. The committee subsequently examined the map of S. C., and it shows that one of the counties of the third district is separated by twenty-five miles from all others, and is clearly violative of the act of Congress; the committee will inquire into the manner of the passage of the act of apportionment by the legislature, and if satisfied that it was done to prevent proper representation, Congressman Hoge will be unseated. The question of unseating the other members from that State is not before the committee.

Pension Frauds to be Investigated.

Secretary Chandler has appointed a commission to examine into the suspended pension cases and to direct payment where no actual fraud has barred the grant of the pension.

WESTERN.

"Bulletin" and "Life" Libel Suit—Trotting Matches—The Revolution in Sonora—Express Robbed.

SAN FRANCISCO, 15.—In the *Bulletin* and *Alta* libel suit the motion of defendants to strike out the engrossed complaint was denied, and twenty days given to answer.

The match at Oakland park to-day, mile and quarter, between Golden Gate and Amanda, the former failed to appear, and Amanda secured a forfeit of five hundred.

The trot to-day at Bay District track, for the association plate of a thousand dollars, mile heats, three in five, between Alameda Maid, Lady Thorn, and Harry, the Maid won the second, third and fifth heats, in two forty-one, two forty, and two forty.

A dispatch from Tucson says that advices from Sonora confirm the report of revolutionary successes; twelve towns have pronounced in favor of General Serna, who has a force of two thousand men.

On the night of the 11th the southern overland express was robbed by American highwaymen, between the Rio Mimbres and Rio Grande, of four thousand dollars in bullion and a large amount in greenbacks from the passengers.

FOREIGN.

GREAT BRITAIN.

International Boat Races—Striking Weavers and Miners—Commercial.

LONDON, 15.—It is said that, in order that any English and Irish university may accept the invitation to contest in the international college boat race in America, it is indispensable that the day for the event be fixed considerably later than proposed, July 19th; it is probable that England will be represented by two or three crews besides the universities at the international regatta at Philadelphia at the end of August.

Six hundred weavers at the Lower Heyes mills, at Macclesfield, have been locked out in consequence of a disagreement between the proprietors and the secretary of the weavers' union.

A portion of the North Wales colliers have again struck for higher wages. The Iron Trade Employers' Association have voted to resist any attempt of the men or the societies to restrict the price of work in the shops. The lock-out recommended by the executive committee will not be resorted to at present, as such lock-out would throw 70,000 men out of employment.

Money has been in active demand to settle, but there has been little commercial demand for accommodation, and in the absence of inquiry for new loans and other financial enterprises the rate has gradually lowered, and a reduction in the bank rate on Thursday is already talked about.

Last Night's Dispatches.

EASTERN.

A Good Riddance.

PUEBLO, Colo., 16.—A drunken rough named Jas. Delaney was fatally shot here to-day, by a policeman, whom Delaney resisted and assailed with a knife.

Interesting Developments Expected—Withholding Information Refused to the War Department—Congressional Speeches not to be Changed.

CHICAGO, 16.—A *Tribune's* Washington special says the investigation ordered into Indian expenditures has in prospect some very interesting developments connected with the Black Hill's business. It is said that the expedition of General Custer into the Black Hills country was in violation of treaty stipulations with the Indians, that the Red Cloud commission, appointed to treat for the Black Hills country, was organized in violation of law, and that the geological survey of the Hills, conducted under the charge of Professor Jenney, was also in plain violation of law. Sec. 2,406 of the Revised Statutes prescribes that there shall be no further surveys by the government unless hereafter authorized by law; sec. 3,681 of the Revised Statutes expressly prohibits any payment of money on account of any commission, except military and naval court martials, until special appropriations for such commission shall have been made by law. The accounting officers of the Treasury paid out $12,000 for the expenses of the Red Cloud commission and the Jenney survey in ignorance of the law. It is said that neither the President, Secretary of the Interior, nor the senators who were on the Red Cloud commission were aware of the illegality of this action until it was discovered by the accounting officer of the Treasury. It is understood that either the President or Secretary of the Interior will now have to send a communication to Congress, asking for legal sanction for what has been done, and a specific appropriation to pay the expenses.

The sub-committee of the House committee on Indian affairs having in charge the subject of the transfer of the Indian Bureau to the War Department met yesterday. No vote was taken, but discussion developed a favorable sentiment for the change. The committee decided to solicit the views of General Sherman before definitely disposing of the subject. Some of the republican members will soon introduce a rule to the effect that no speech delivered in either House should be materially altered in revision before publication in the *Congressional Record*. This is suggested by the material modification of the speech of Hill, of Georgia, in the House, a few days since. Hill said, in his speech, that the atrocities of Andersonville do "not begin to compare with the atrocities of Elmira or Camp Douglas, or of Fort Delaware, and that of all the atrocities, both at Andersonville and Elmira, the confederate government stands acquitted of all responsibility and blame." This does not appear in his speech as revised for publication in the *Record*, but in lieu thereof is the following—"The mortality at Andersonville and other confederate prisons falls short by more than 3 per cent. of the mortality in the federal prisons." Cox's speech delivered on the same occasion, and which was also withheld for revision, appears now in a different form from that delivered; not only are the indiscreet utterances doctored or omitted altogether, but whole paragraphs never uttered are interpolated.

Another Amnesty Bill—Louisiana Matters.

WASHINGTON, 16.—It is said, tonight, in congressional circles, when the State of Mississippi is called in the House of Representatives tomorrow, representative Lynch will introduce an amnesty bill, when an opportunity will be afforded to vote directly on the question whether Jefferson Davis shall be excluded from its provisions; it was the intention of representative Cox to prepare an amnesty bill, affording an opportunity for a similar vote, but he has not yet prepared it, as the State of New York may not be called for bills and resolutions.

Representations having been made to the President that the laws of the United States are obstructed in several parishes in Louisiana, U. S. District Attorney Beckwith will be instructed, through the Department of Justice, to bring illegal combinations as well as individual offenders to trial under the enforcement act. The President has expressed a determination to preserve public order to the extent of his constitutional powers; there are three companies of cavalry and one of infantry in Louisiana, but there is no probability of using the military to aid the civil authorities.

Mr. Pinchback will again be in Washington this week, to urge action by the Senate on his claim to a seat.

Meeting of Boat Club.

BRUNSWICK, MAINE, 16.—An enthusiastic meeting of the Bowdoin boat club on Saturday evening, unanimously voted to remain in the association and to send a crew to Saratoga next regatta.

Chairman of Tammany—A Very Unlikely Story—$250,000 Shortage.

NEW YORK, 16.—John Kelly, last night, was rechosen chairman of the executive committee of Tammany Hall.

The *Herald's* Washington dispatch gives a rumor that ex-Governor Morgan of New York has a letter in his possession from General Grant, in which the President, in direct, explicit language, declares himself opposed to a third term, and asserts, positively, that he will refuse a nomination; the correspondent, however, says it is impossible to trace the rumor to an authentic source.

It is stated that the committee on the expenditures of the treasury, on Saturday, found items of $250,000 shortage in the printing and engraving division; superintendent McCartie stated to the committee that this discrepancy was occasioned by the appropriation committee of last Congress, which compelled him to change the manner of printing the red seal on the currency from machine to hand work, making an additional expense of more than $200,000.

That Congregational Council—Yarrotted.

Immediately after the sermon, this morning, at Plymouth church, the committee to make arrangements for an advisory council met, and decided to invite all the churches to take part in the mutual council except those of Storrs and Buddington, which are considered hostile.

At 10 o'clock to-day Samuel Whaley, of Brooklyn, was garrotted and robbed while passing through Water St., in that city, by two ruffians.

A Belligerent Note from Spain.

The *Herald's* Madrid special reports that the Spanish government has sent out a diplomatic note in reply to the American circular on Cuban affairs; the reply is quite belligerent in tone and takes high ground on all the questions raised by the United States. The note declares that commerce between Cuba and the United States has not suffered to any appreciable extent by the insurrection, and that, instead of having been diminished, it has, in reality, actually increased, and is constantly increasing, so that the U. S. government had no occasion for complaint, and has no tenable ground for its proposed action or interference in the affairs or troubles existing in Cuba. Attention is also called to the fact that many American citizens have established themselves in business on the island, and, being unmolested by the Spanish government, have gained large individual fortunes; these fortunes have not added to the material wealth of the island, being entirely in foreign hands. The territory of the U. S. is a constant refuge for Cuban outlaws, who are permitted to hatch conspiracies, to the detriment and injury of the Spanish government. In this the laws of nations are outraged. All just and equitable claims between the U. S. and Cuba have been amicably and fully satisfied, or are in course of adjustment, therefore there can be no cause for complaint on that score. The Spanish note is believed to be the work of Senor Jovellar.

Death of Mrs. A. Johnson.

KNOXVILLE, Tenn., 16. — The wife of ex-President Johnson died at her daughter's, Mrs. Judge Patterson's, near Greenville, at eleven o'clock last night; the funeral will take place on Tuesday.

FOREIGN.

FRANCE.

The Elections.

PARIS, 16.—Elections for delegates to choose senators were held to-day throughout France, the municipal council here elected Victor Hugo senatorial delegate, and M. Spuller, editor of *La Republique Francaise*, substitute delegate. The returns indicate that the majority of the delegates elected in the department of the Seine are moderate republicans, and the minority radicals. The republican deputies and departmental and municipal counsellors have called a meeting of the senatorial delegates on Monday, for the purpose of deciding on a definite list of candidates for the senate in the department of the Seine; this list will certainly contain the names of Victor Hugo, Louis Blanc and Peyratt. Full returns from the departments are not expected for several days. The delegates elected in Valence and neighborhood are radicals. The prefects of several departments have issued proclamations ordering freedom of elections to be respected. Gambetta arrived yesterday in Marseilles, where arrangements are being made to give him a banquet.

Conservatives Elected.

Midnight.—A majority of the senatorial delegates elected in the departments of Seine, Seine-et-Marne, Finisterre, Vienne and Aller are conservatives.

GREAT BRITAIN.

Reception of McMahon's Proclamation.

LONDON, 16. — Paris advices state that President McMahon's proclamation has fallen rather flat; the republican newspapers, which were expected to greet it with sharp criticism, appear, with the exception of a few irreconcilables, delighted with the recognition of the republic, and appeal for a fair trial of constitutional laws. At the bourse it produced no effect, and in political circles the prevalent opinion is that it leaves things where they were; satisfaction is generally felt at the adjustment of the ministerial crisis, but it is utterly devoid of enthusiasm.

Loan Concluded.

A Vienna dispatch to the *Standard* announces that the Cis-Leithan government has concluded a loan of 40,000,000 gulden with the creditanstalt.

Military Movements.

A dispatch from St. Jean DeLus to the *Times* reports that General Moriones had advanced from San Sebastian, capturing the heights of Arralzan and silencing the Carlist artillery; important operations were momentarily expected.

DAVIS, HOWE & CO.,

FOUNDRY & MACHINE SHOP,

SUCCESSORS TO
