

MOFFAT SPEAKS OF ROAD OUTAH.

Makes Signed Statement that He Has Money to Build to Salt Lake City.

CONTRACTS TO BE LET SOON.

Has Assurances of Plenty of Money as Fast as Construction Requirements Are Manifest.

WHOLE LINE IS INDEPENDENT.

Says it Has Absolutely No Connection With Any of the Companies That Have Thus Far Been Named.

Denver, March 31.—David H. Moffat has just returned from the east, elated over the fact that he has been able to finance the Denver, Northwestern and Pacific railroad in a manner quite satisfactory to himself. He prepared the following statement for publication:

"I have made such satisfactory arrangements in the east as will enable me to go on with the Denver, Northwestern and Pacific railroad as I originally contemplated.

"My associates in the east are not connected with any of the trunk line railroads, so the stories heretofore published that the Union Pacific, the Chicago, Rock Island & Pacific, and Denver & Rio Grande respectively had purchased the Denver, Northwestern and Pacific are without foundation in fact.

"I expect to let further contracts as soon as weather conditions will permit, and hope to reach Hot Sulphur Springs by July 15, and by Jan. 1 should have my tracks in Routt county to receive shipments of coal. I have assurances that I shall have money as fast as the necessities of construction require to enable me to go to Salt Lake.

"This is all I have to say at present."

"D. H. MOFFAT."

PRESIDENT CASTRO

Says Venezuela Places Complete Confidence in Roosevelt's Words.

New York, March 31.—A desire for a peaceful adjustment of Venezuela's financial troubles, is reiterated by President Castro of that republic in an interview given by the Caracas correspondent of the Herald. President Castro is quoted as follows:

"I have seen from the first that no danger was likely to arise out of the affairs which have unduly occupied public attention.

"Aside from other reasons, Venezuela places complete confidence in the words of President Roosevelt, who said: 'America's attitude toward all nations should be one of cordial and sincere friendship. We should show our desire for their good and be acting toward them in a spirit of just and generous recognition of all their rights. We wish peace with all, with the peace of justice, the peace of righteousness. No weak nation that acts rightly and justly should ever have cause to fear us.'"

"Venezuela's government asks no more than Mr. Roosevelt proclaims. We hold that the French cable case and the Bermudez case are identical. Neither company has fulfilled its contracts. Both favor revolution here. Their cases were not submitted to the mixed commission, because they knew it was Venezuela which should have made claims in the name of themselves. Their disposition then was to ignore Venezuela's rights.

"The cable company is fully aware that they favor the revolutionists. Original documents and proofs are in possession of this government. The company and many persons of the greatest importance were seriously involved. Time will reveal all.

"President Castro declared that the asphalt company gave the revolutionists \$400,000 in one instance.

NEWSPAPERS WARNED.

Those of St. Petersburg Are Significantly Silent.

St. Petersburg, March 31.—The newspapers today are so significantly silent about the peace reports from abroad that it leads to the inference that they have been warned by the government of the inadvisability of airing their views at this time. Those papers which have been favoring peace say nothing, while the smaller sections of the press, which have been insisting on a continuation of the war, contain articles from foreign newspapers showing that peace now means the abandonment of power of Russia's position on the Pacific.

PEACE IN HUNGARY.

Buda Pest, March 31.—It is reported that an understanding has been reached between the crown and the Hungarian majority in the diet whereby the war department and the opposition will postpone for two years their respective demands regarding the Hungarian army. The smaller sections of the press, which have been insisting on a continuation of the war, contain articles from foreign newspapers showing that peace now means the abandonment of power of Russia's position on the Pacific.

March Incorporations.

New York, March 31.—Corporations formed in the eastern states during the month of March with a capital of \$1,000,000 or more, according to statistics compiled by the Journal and Commerce, involve a total of \$132,845,000. This is the largest amount since October last when the incorporations reached \$125,000,000. In February the total was \$98,000,000 and in March 1904, \$260,000. Many delayed enterprises have been brought forward during the month, accounting for the increase.

Cerebro Spinal Meningitis.

New York, March 31.—There were eight deaths Thursday from cerebro spinal meningitis against six on Wednesday. Since last Saturday there have been 107 deaths from this disease in the entire city. Warm weather which was confidently expected by the medical profession, does not seem to have had any effect. There are now 160 cases at one hospital. Diphtheria serum used in that institution, of which much was expected, has been of little benefit. Patients not treated have recovered, but others died.

Car and Fire Engine Collide.

Chicago, March 31.—Five firemen have been injured and two engines disabled while responding to an alarm for a small fire in Market street. A collision with a crowded electric car at Jackson boulevard and Clark street, the break down of another engine, and an explosion in the building accounted for the men's injuries, which consisted of broken legs, bruises and cuts.

All the windows of the electric car were shattered by the collision and a score of passengers became jammed in the doors in the crush for safety. The wrath of the firemen was aroused by the collision and after assisting the injured men to a drug store they ran to the car and threatened the crew. The latter retreated and while other street railway men stood guard the car was hurried away.

THIRTY PERSONS CONDEMNED TO DIE

Fighting Organization of Terrorists Has Their Names on Its List.

HEADED BY GRAND DUKE ALEXIS.

Several Arrested With Bombs But Refuse to Give Any Account of Themselves.

St. Petersburg, March 31.—The authorities continue to find evidence of terrorist activity in St. Petersburg and in spite of the precautions of the police another tragedy may occur at any moment. The fighting organization is known to have on its condemnation list 30 persons headed by Grand Duke Alexis and Gov.-Gen. Treppoff, but the police, although they have arrested several persons with bombs in their possession and have taken many suspects into custody, have been completely baffled in their efforts to discover the invisible hand which is directing the campaign of the terrorists. The police theory continues to be that the central organizations of those engaged in the conspiracies are at Geneva and in Paris, and that the men arrested in Russia are agents selected to execute the sentences. When arrested these agents invariably are true to their oaths and refuse to divulge anything, no matter to what orders they are subjected. Only yesterday the police by chance foiled what is believed to have been a plot to kill Gov.-Gen. Treppoff. According to the details of the affair a man was observed during the morning lounging at the corner of Great Morskaya street about a block away from the entrance to Gen. Treppoff's chancellery. The man attracted attention at first as he wore the red cap which is the descriptive mark of employees of the messenger company, whose messengers stand at every street corner, but at least a policeman noticed that the man's face was not familiar to him, and approached the supposed messenger with the object of interrogating him. The man thereupon became alarmed, drew a revolver and fired at the policeman but missed him. The policeman then overpowered his assailant and arrested him.

Almost at the same hour that the bogus messenger was being arrested on Great Morskaya street, the police have been keeping a sharp lookout at the hotels and lodging houses discovering several sections of the terrorist pattern in a trunk belonging to a stranger who occupied furnished rooms in a house in Pushkin street, but who was absent at the time the police searched his apartment. The man was promptly taken into custody when he returned, and last night two individuals who called to see him were also arrested. All the prisoners declined to give any account of themselves, though the police are reticent, refusing to furnish any information or give the names of the prisoners, the two included in the arrest of the man on Great Morskaya street and the first of the bombs are undoubtedly connected. The man captured by the police on Great Morskaya street probably was on the list of the "thirty persons," and the "thirty persons," carrying several vehicles of the same style are constantly before the governor-general's chancellery and when he drives away about 10 o'clock, the cars move in different directions so that it is almost impossible in the confusion to determine definitely which carriage contains the governor-general. It is said that Gen. Treppoff, a fortnight ago, received a letter, informing him that this man was unavailing, as he would be killed in his bed.
