

THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Students to Visit Mines—A party of civil engineer students from the state university will leave on the 23rd inst., to visit the mines at Bingham, Park City and Durango.

Annual Election Today—The annual election of the Salt Lake Typographical union is being held this afternoon, at the Commercial club. The organization has 142 members.

May Increase Holdings—It is reported that Samuel Newhouse is negotiating for the purchase of the three-story brick building immediately south of the Federal building.

Boy Missing for a Year—Eddie Stephens of a Jones' court, has been missing since March, 1906, with no clue to his whereabouts. His mother would be glad to find some trace of him.

Boy Sent to Reform School—Judge Gowan of the juvenile court yesterday afternoon committed Walter Krogh to the State Industrial school at Ogden. The boy is incorrigible and his mother declared that she could do nothing with him at all.

Capital Stock Increased—An amendment to the articles of incorporation of the Inter-Mountain Republic of this city, increasing the capital stock from \$100,000 to \$200,000, divided in 20 shares of the par value of \$20 each, has been filed with the county clerk.

Will Complete Library—Plans are now being completed for finishing the library in the McCune mansion on the hill. It is proposed to import valuable book collections from India for this purpose. The library will be one of the most elegant apartments in any western residence.

Wheat on the Jump—E. L. Roberts, a prominent Lexington, Neb., miller, man, is in the city after a trip through the northwest. He reports that wheat is coming up 25 cents in one month, and 40 cents of that in three days, one hardly knows where he is at, and it hardly pays to try to do business.

"Layout" Arrives—The "grand union layout" that is to be laid by the Utah Light and Railway company at the intersection of First South and Main streets, has arrived from the eastern mills, and is stacked on North Third street and the company's men are making arrangements to lay it. The combination filled four cars.

Orpheus Makes Changes—The Orpheus Vandeville company of this city has filed an amendment to its articles of incorporation with the county clerk by which the number of directors is increased to seven and the time for holding the annual meeting of stockholders is fixed for the second Monday in May of each year. Prospects are bright for the Orpheus Vandeville of the State Fair association reports every prospect for an unusually successful display this fall. Already they have a constant call for space and concessions, and N. L. Sheffield of Wayne county has been up to arrange for a complete display from his county of everything it produces.

Will "Do the Proper Thing"—Mayor Millock of Pleasant Grove has notified Alex. C. C. Harvick of the M. & M. association that the citizens of his burg are proposing an elaborate entertainment for the "Get Acquainted" visitors when they appear May 22 next. In short, Utah county intends doing "the proper thing" generally on that day.

Choir Contest in Idaho—Horace Ensign is back from Idaho where he went to attend the contest between the choirs of the Sunset schools of the Fremont state. The first prize of \$15 was won by Rexburg, the second of \$5 by the Salem school choir. Mr. Ensign says the singing was highly creditable to all concerned, but the contest was to encourage four part singing.

Exhibit at Murray—Considerable interest is being manifested in a very creditable display of manual training work placed on exhibition this morning in the window of the Murray building. The exhibit includes work of both the boys and girls at the Murray schools, and is decidedly creditable and bears favorable comparison with any throughout the state.

Home From the East—Ex-Surveyor-General and Mrs. Ellsworth Daggett have returned from a protracted visit to the Atlantic seaboard. Mr. Daggett is a Yale 1894 graduate, and visited his alma mater but it is reported that he could hardly recognize the place. Mrs. Daggett was in the terrible R. O. C. railroad wreck, and was one of the Pullmans, escaped injury.

More Aid for the Chinese—The Deseret News in receipt of \$5.45 from T. R. Condie, president of the Croydon in aid of the Chinese fund. The money comes from: The Sunday school, 45 cents; the Ladies Aid, 50 cents; Laura Thackeray, \$1; Gibson Condie, \$1; T. R. Condie and family, \$5. The "News" list having been closed, Mr. Condie's check was sent to the treasurer of the international association at Washington.

Mayor Does Not Approve—The new ordinance amending the license ordinance for druggists selling liquor, which was passed by the city council on Monday night has not yet been approved by Mayor Thompson, but it is now under consideration by him. The ordinance fixes the liquor license of druggists in the business district of this city at \$400 per annum, and those outside the business district at \$250 per annum. All other matters passed on by the council have been approved by the mayor.

The K. of P. State—The annual meeting of the Utah Grand lodge of the Knights of Pythias will be held next Tuesday at Park City. It is considered certain that W. A. Raddon will be chosen grand chancellor, and P. Jennings and E. P. Hamilton chosen grand representatives to the meeting of the Supreme Lodge in Boston, next year. The local members of the Order are much interested in the recent establishment of a lodge at Green River with 25 charter members.

Zion's Savings Bank & Trust Co.
Pays 4 per cent on deposits, safety deposit boxes for rent.

LINE PROBABLE WEST OF PIOCHE

Clark Road May Extend West From Bristol to the New Freiburg District.

SURVEYORS NOW ON GROUND.

New Country Very Rich Mineraally and Agriculturally and Is Naturally Tributary to Salt Lake.

That a new branch of the San Pedro road, or at least a continuation of the present Pioche extension, may be built, is one of the imminent probabilities of the near future. The objective point of the branch would be the Freiburg mining district in Nevada, located 55 miles westerly from the present Bristol district, near Pioche. It is known that parties of surveyors and official railroad representatives are now going over the proposed extension, and it is condition of the district are anything like they are represented to be, and the route is feasible, there is scarcely any question in regard to the construction of the line.

The country to be tapped is rich mineral, as well as containing immense possibilities agriculturally and otherwise. The Freiburg mining district, recently heralded by N. A. Doney and C. Barcoo, is said to be one of the richest camps in the state of Nevada. Mr. Doney is now in the city, arranging for a big shipment of machinery to go to the camp, and he claims the mines of the district will produce sufficient tonnage in a few months to justify the railroad in building. "I have just received word from the camp that a new strike has been made at 72 feet depth, of lead carbonate and silver ore that goes better than \$250 per ton," he said today. "We are now plotting the townsite and business blocks on both sides are writing for locations. Prospects are going in very fast, and the whole country for 25 miles has been prospected and locations marked. We are negotiating with the Clark road to extend their line from Bristol to the new camp, where the Tri-Metalline company has 700 tons of high grade ore on the dump, and expects to start mining as soon as possible. Another company of St. Paul people have a group of 25 copper claims in the vicinity, and they are planning to start mining as soon as the advent of transportation facilities. Our company has almost unlimited ore in sight, and is now driving a 700-foot tunnel to tap a vein at 60 feet depth, which, as nearly as can be estimated, will be 52 feet wide at that depth, and containing large quantities of silver, lead and copper. E. G. Jaeger of Yakima, Wash., is prospecting the camp, and M. E. Olson, superintendent of mining operations. The St. Paul company and the Tri-Metalline are shipping large mills in to the plant, and Freiburg will become one of the most camps in the state of Nevada, mark my word. The climate is ideal, water plentiful and timber right at hand. It is a great stock country, and fruit and vegetable raising. The district is naturally tributary to Salt Lake, and is only about half the distance to the other mining camps, and I see no reason why it should not be as great a camp, as the ore is there and all the conditions necessary are there, including tonnage for a railroad."

EMPLOYMENT BUREAU.

Railroads Propose to Establish One for Themselves.
Chicago, May 15.—Several of the railroads centering in Chicago are considering the advisability of establishing a union employment bureau, and are endeavoring to secure a better grade of operating employees.

Great secrecy is maintained regarding the project because the bitter opposition of labor organizations is feared. In the operating conferences which recently have been held by one or two roads here, the subject has received unanimous approval, and a union employment bureau is being established. It will have a complete list of all operating employees in the United States, with the complete record of the service of each.

RIGHT OF WAY SETTLED.

Gov. Sparks of Nevada Arbitrates Dispute Between S. P. and W. P.
Southern Pacific and Western Pacific roads have finally adjusted by arbitration their right of way and crossing in the state of Nevada, according to the Reno Gazette. The board of arbitrators consisted of J. L. Roper, for the Western Pacific, and G. C. McClellan, for the Southern Pacific. The two selected Governor John Sparks of Nevada as the third man.

The Western Pacific runs across 250 miles of the Southern Pacific land grant in the state, entering on the land just west of the Utah line, and leaving it 35 miles west of Winnemucca. The width of the grant is 100 feet, and the land was easy compared to that of deciding upon what should be done where the two railroads would be close together.

There were several points where there would have to be crossings of the tracks, unless the Western Pacific was allowed to construct its line within the right of way grant of the Southern Pacific, and at a grade of land extending 200 feet above the level of the Southern Pacific track.

It was decided to allow the Western Pacific company to construct its road parallel with the Southern Pacific road and in some places the two lines will be 15 feet apart for several miles. All crossings were cut out, but one and another was left where the Western Pacific would cross from the south to the north side of the Southern Pacific line, about four miles west of Pullman in Twelve-Mile canyon.

Between Wells and Winnemucca there is only one point where the two lines will be more than half a mile apart.

DURAND AGAIN!

This Time Upon Charges of Passing on Cases Out of Jurisdiction.
Justice of the Peace Charles P. Durand of Murray has been made defendant in still another action brought in the district court for a writ of certiorari to review the proceedings of the court in an action wherein the Tintie Mercantile company was plaintiff and

Emil Swan was defendant. The petition was filed by Swan and alleges that the action was commenced while J. P. McOmie was Justice of the peace and that he filed a demurrer to said complaint before McOmie. When Durand came into office he proceeded to try the case without ruling on the demurrer at all and without giving Swan or his attorney any notice of the trial at all. Durand entered judgment against Swan for \$25.37 and has issued an execution against the property of the defendant. Swan claims that he received no notice whatever of the judgment against him until after it was too late to file an appeal. Swan alleges that the action of Durand was entirely without jurisdiction for the reason that the demurrer to the complaint had not been disposed of and for the further reason that neither he nor his attorney were notified of the date of the trial and had no opportunity to appear and defend. The writ of certiorari was issued in the case today and is returnable before Judge Lewis.

WILL BE NO STRIKE.

Early Settlement Looked for Between Rio Grande and Trainmen.
Denver, May 14.—An early settlement of the differences between the Denver and Rio Grande conductors and train men and the company is expected to result from the conference which is now in progress. Concessions it is announced, have been made by both sides.

Denver, May 14.—An early settlement of the differences between the Denver and Rio Grande conductors and train men and the company is expected to result from the conference which is now in progress. Concessions it is announced, have been made by both sides.

SOUTHERN PACIFIC TREASURER.

San Francisco, May 14.—Andrew K. Van Derveer, who a few days ago was made treasurer of the Southern Pacific for years been assistant treasurer of that company, is expected to resign from the position of treasurer on this coast, made vacant by the recent death of Capt. N. T. Smith, will soon be filled, probably by the appointment of a local man.

SPIKE AND RAIL.

C. S. Williams, commercial agent of the C. M. & St. P., has gone to Idaho for a few days on a business trip.

C. A. Berry, assistant general freight agent of the Chicago & Great Western railroad, is visiting for a few days in Salt Lake.

T. M. Miller, city passenger agent of the Harriman lines at Seattle, Wash., is in the city today, on his way home from the coast.

The Salt Lake Route will run an excursion to Spanish Fork Friday, the 17th, on the occasion of the ball game and dance there on that date.

C. A. Hayes, assistant general freight agent of the Grand Trunk Lines with headquarters at Chicago, is in Salt Lake. Mrs. Hayes accompanied him and together they will take the Limited for Los Angeles this evening.

The trainmen on the Rio Grande have decided not to strike. Mutual concessions have been agreed upon between the union and the company. The movement and things will go along in about the same old way.

Wm. Chapin, chief engineer of the Tonopah & Goldfield railroad, has resigned his position to take effect today. Mr. Chapin has a number of proposals before him, and will probably engage in business at Portland, Oregon.

A party of 25 young ladies from Oregon, guests of the Portland Telegram on a trip to the Jamestown exposition, will arrive in this city in a few days. They will be accompanied by a private car, and will be taken to Salt Lake before going east, and will be granted that privilege.

Twenty-three members of the senior class of the Minnesota school of mines are spending a few days taking in the principal points of interest in the state. The party, which is spending time in Utah, Park City and Bingham have been visiting and the party is spending today at Tintie. The boys are traveling in a specially chartered car.

The culmination of Nathan Raphael's suit against the Rio Grande Western railroad in the United States supreme court for \$1,898,372, resulted in judgment in his favor for that amount, covering principal and accrued interest on his claim for the suit was first brought in 1872 for foreclosure on \$800,000 worth of bonds because of alleged default in interest payments.

A. G. Hatch, general passenger agent for the Illinois Central railroad, and W. H. Sueda, general agent for the same line at San Francisco, left this city for Denver yesterday, after spending a few days looking over the situation in this vicinity. J. A. Foley, general agent for the line in this city, accompanied the party to Denver.

James Larsen, a prominent coal and lumber dealer of Logan, is here for the purpose of taking the advice of the railroads to store coal against a famine in any part of the city. James K. Shaw & Co., over 153 Main Street, are in charge of the storage, but is receiving but little encouragement on account of the shortage of miners at the coal mines. The railroads have plenty of available equipment but the mines are short of workmen and can't furnish the coal.

CHURCH NOTES.

The regular officers' meeting of the English Society Primary Association will be held Friday, May 17, at 4 p. m. in room 21, Memorial building. SARAH E. STEWART, President. ROSANNAH C. IRVINE, Secretary.

GOOD WORDS FOR CHAMBERLAIN'S COUGH REMEDY.

People everywhere take pleasure in testifying to the good quality of Chamberlain's Cough Remedy. Mrs. Edward Phillips of Blarney, Md., writes: "I wish to tell you that I have used Chamberlain's Cough Remedy. My little girl, Catherine, who is two years old, has been taking this remedy for several weeks. A cold since she was two months old. About a month ago I contracted a dread cold myself, but I took Chamberlain's Cough Remedy and was soon as well as ever. This remedy is for sale by all druggists."

RELIEF FROM RHEUMATIC PAINS.

Among the troubles that beset mankind rheumatism is one of the most aggravating. "I suffered with it for over two years," says Mr. Rolland Curry, a patrolman of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, and at other times it would be in my back and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain lessened. I used it the next night, I kept on using it for a little more than two weeks and found that I was cured. I am now as well as ever. I have had no trouble from that disease for over three months." For sale by all druggists.

Catarh.

Called an American disease, is cured by an American medicine, originated and prepared in the most cathartical of American countries. That medicine is Hood's Sarsaparilla. It cures radically and permanently, in that it removes the cause, cleansing the blood of scrofulous and all other impurities. It overcomes all the effects of catarh, too, and builds up the whole system.
