# SECRET EVENING NEWS.

With a capital of "spare change" and a surplus of "energy," you may accomplish a hundred little wonders in want advertising.

TRUTH AND LIBERTY.

10 PAGES—LAST EDITION.

WEDNESDAY, SEPTEMBER 6, 1905. SALT LAKE CITY, UTAH.

FIFTY-SIXTH YEAR.

## MOROCCO MUST COME TO TIME.

France Will Enforce Redress Without Reference to Outside Influences.

## GERMANY MUCH INTERESTED.

It is Unofficially Intimated That She Does Not Sympathize With a Military Demonstration.

## MAY COMPLICATE THE SITUATION

It is intended to keep it separate from general question—much depends on news from Fez.

Paris, Sept. 6.—The government still awaits word from Fez regarding the ultimatum to Morocco, the time limit of which expired yesterday. It is the firm intention of the ministers to enforce redress without reference to outside influences. Unofficial intimations have been received that Germany does not sympathize with a French military demonstration against Morocco as likely to complicate the general Moroccan question on the eve of the conference. Nevertheless there is a positive determination here to keep the redress of the outrage of the arrest of the Algerian officer Bouzian entirely separate from the general question of Morocco and to pursue the question of redress to the end. Whether both military and naval demonstrations will be made awaits the final word from Fez. But both branches of the service are prepared for eventualities. The successful result of the demonstration of the American squadron at Tangier to secure the release of Ion Perdicaris when he was held a prisoner by Raisuli, inclines the authorities here to favor a military movement striking into the interior instead of at the coast.

## A YELLOWSTONE ACCIDENT.

Young Woman Falls Into Hot Water Pool, Causing Her Death.

Helena, Sept. 6.—A dispatch to the Record from Livingston, says Miss Martha Weeks, of Washington, D. C., aged about 40, who was seriously injured by falling into a hot water pool in the Yellowstone park about three weeks ago, died very suddenly when evening visitors indicated her recovery. Her body has been shipped to Washington.

## TO HONOR PRESIDENT.

Vienna Will Rename a Street Theodore Roosevelt.

Vienna, Sept. 6.—The municipal council proposes to perpetuate the memory of President Roosevelt's success in restoring peace by renaming a street Theodore Roosevelt Strasse, and cabling the thanks of the city of Vienna. The proposal has been formally introduced and is set down for early consideration.

## PEACE TERMS ARE SOMEWHAT DISAPPOINTING

Tokio, Friday, Sept. 1, 8 p. m.—(Delayed in transmission.) The press telegrams outlining peace terms are further influencing the settlement against the settlement. The radicals and hot-heads continue to express the popular disapproval. There has been no violence and no scenes of turbulence, although the police reserves have been increased. The police are carefully watching the developments of the situation and the force will be doubled should any violence occur. It is done, its speedy suppression is assured.

The government continues silent. The conservative element predicts that the country will approve the settlement. Its conditions are fully understood. The agitation does not represent either the ultimate sentiment of the people or a thickly strong minority to merit serious consideration.

Possibly public opinion will become more definite when the government informs the people of the actual results of the Portsmouth conference. There has not been no information given out regarding the final adjustment of the most serious issues.

Telegrams from Kobe, Nagoya, Osaka, Sasebo, Kanazawa, Hiroshima, and Tokyo have been received. The pacification and defeat of the result. The minor radical papers have thrown out all restraint and pronounce the peace settlement the greatest humiliation the country has ever suffered. They call for a refusal to ratify the treaty, through various expedients.

Few rays are appearing in the capital. In some instances where enthusiastic citizens have displayed flags their neighbors have advised their removal. The higher middle classes, including commercial and financial men, remain strangely silent, but their disappointment is evident. The depression, reflecting the attitude of depression, declined sharply at the opening today and trading was sluggish.

## NO DECISION YET.

Management in Britt-Nelson Fight Still "Up in the Air."

San Francisco, Sept. 6.—The managers of Britt and Nelson, after their failed fight last night, at which they failed to reach a settlement, are still at a standstill. They are yet undecided regarding the date and place of a future fight. They may meet, however, at a later hour and endeavor to come to an understanding. It is not anticipated that this unexpected hitch will cause

a permanent deadlock in the fight preliminaries, though it is impossible to predict what settlement of the difficulties will be made. The fight is on. Joffries and Nelson's manager strenuously objects to the choice of the retired champion.

## INVESTIGATING CHOLERA.

U. S. Treasury Regulations Will Be Rigorously Enforced.

Hamburg, Sept. 6.—Past Assistant Surgeon McLaughlin of the United States marine hospital corps, who arrived here yesterday from Naples under orders to make a thorough investigation of the situation and who has been instructed to enforce the United States treasury regulations relative to ships leaving for American ports, began work today. He visited the quarantine station and will go to Haven and examine the 1,000 emigrants there bound for New York when they will be transferred from the Bulgaria to the Graf Waldersee, on which they will sail for America.

The new case is that of a Polish woman living in a thinly populated alley. The health authorities expect to discover more cases as the result of this one. The infected area was sensibly widened today. The river Oder has become tainted. Three cases have been reported from the administrative district of Frankfurt on the Oder in three small places along the stream among the river men. Thirty boatmen have been quarantined at Kustrin, a railway station near the Oder and the Warthe. Sharp sanitary precautions have been taken throughout the district.

## DEATHS FROM CHOLERA ARE ON THE INCREASE

Berlin, Sept. 6, 4:53 p. m.—An official bulletin just issued says that 13 new cases of cholera and two deaths were reported during the 24 hours ending at noon today, making the total 90 deaths.

Bromberg, Sept. 6.—One death from cholera has occurred here. Posen, Prussia, Sept. 6.—The wife of a ship owner Karl Scheffler, of Steintin, died here today of cholera. Marienwerder, West Prussia, Sept. 6.—Three fresh cholera cases and one death have been reported in this administrative district.

## SHOOTING AT SEABRIGHT.

Bright Sunshine Favored the Rifleman Today.

Seagirt, N. J., Sept. 6.—Bright sunshine favored the rifleman who today began competition in the regimental team match and the 100 yard cup match. The regimental teams participating in the shooting represented the First New Jersey, the Second New Jersey, which entered two teams; Third New Jersey, Fourth New Jersey, Fifth New Jersey, First District of Columbia, First troop Philadelphia City cavalry, Third Pennsylvania City cavalry, New York Second State of Washington with two teams, Second Ohio, Fifth Maryland, U. S. S. Hancock and the Fifteenth U. S. Infantry.

The regimental match was open to teams of six each team member being 10 shots at 200 and ten shots at 600 yards. The first prize was the Interstate trophy, a medal to each member of the winning team and \$150. There were three other prizes.

## Secy. Taft Sails for Amoy.

Washington, Sept. 6.—The bureau of consular affairs today received a cablegram from Col. Edwards dated at Hongkong as follows: "All well, sail today at noon for Amoy, China. Cable is broken."

This is taken to mean that Secy. Taft has started on his homeward journey, on the steamer Korea.

## Harriman Party in Tokio.

Tokio, Sept. 2, (delayed in transmission.)—The Harriman party from the United States, including E. H. Harriman, president of the Southern Pacific company, and family; R. P. Scherwin, vice president and general manager of the Pacific Mail Steamship company; Mr. and Mrs. Robert Gossel and others, have arrived at Tokio.

The visitors who are on a pleasure tour, are the guests of Minister G. G. Griscom at the American legation.

## STREET FIGHTING CONTINUES IN KISHINEFF

St. Petersburg, Sept. 6.—Private advices from Kishineff say that street fighting continues there. Roughs are attacking the Jews and the police are unable to control the inmates. It is said that more than a score of soldiers have been killed in a recent resistance to the troops.

## SHIP AFIRE IN SUEZ CANAL.

Held Up All Traffic for Some Time.

London, Sept. 6.—A dispatch from Port Said states that the British steamer Chatham, from London for Yokohama, is afire in the Suez canal, and is holding up all canal traffic.

The fire has caused great alarm as the Chatham has 20 tons of dynamite on board.

## DR. SALMON RESIGNS.

Resignation to Take Effect on Successor's Appointment.

Washington, Sept. 6.—David E. Salmon, chief of the department of agriculture, has tendered his resignation to take effect Oct. 1.

The resignation was announced by Secretary Wilson at noon, but he declined to state whether the severance is due to the charges filed recently against Dr. Salmon, of which the doctor was exonerated.

While the announcement was made that the resignation was purely voluntary there is a well authenticated rumor that President Roosevelt was not satisfied with the condition shown by the investigation.

## LIFE INSURANCE INVESTIGATION.

Begun in New York as to Conditions in That State by Joint Legislative Committee.

## ITS PURPOSE FULLY OUTLINED

Not to Punish for Past Offenses, but to Secure Information for Future Protection.

New York, Sept. 6.—Former Gov. Frank Black, of this state, appeared as counsel for the Equitable Life Assurance society before the joint legislative committee today when the committee commenced its investigation of life insurance conditions in this state. The committee is composed of Senators William Armstrong, chairman, Frank J. Tully and Daniel J. Rorand, and Assemblymen James T. Rogers, Robert Lynn Cox, William Wemple, Ezra A. Prentice, secretary, and John McKee.

Before the hearing opened Mr. Black said: "We have nothing to conceal and no one to protect. We seek no legal technicalities to evade answering any questions. We will aid in every way the progress of the inquiry."

Paul D. Cravath was present in the interests of Thomas F. Ryan and Thomas C. Gulliver, counsel for J. H. Hyde.

Senator Armstrong in outlining the purpose of the investigation said: "Our object will not be to punish anybody for wrong doing in the past, but to get at all of the salient features of the modern insurance business so as to suggest to the next legislature an adequate law that will not only protect the policyholders in all life insurance companies, but will likewise protect the insurance company's management from abuse at the hands of designing persons. As modern insurance companies are mutual in theory, we shall endeavor to pass a law that will compel them to be mutual in fact. Then the officers of the company will always be working for the interest of the policyholders instead of working for the interest of themselves by the formation of subsidiary companies to divide the profits of the main company. A large number of the present insurance laws are good. It will be our aim to make them better."

Several of the members of the New York Life Insurance company who had been subpoenaed to appear before the committee as did several officers who were summoned. With them came the company's books covering the business of the 10 years. The officers present were John W. McCall, president; Geo. W. Perkins, T. A. Buckner, D. F. Kingsley, vice presidents; Rufus W. Weeks, chief actuary; E. R. Perkins, second vice president; John N. McCall, secretary; E. E. Handsh, treasurer, and many junior officers.

Vice President Perkins said that no legal counsel was present to represent the company and that none was needed. James M. Beck represented the Mutual Life Insurance company of New York, his lawyers, Frank Lawrence and Frank H. Platt, the Mutual Reformed Life Insurance company, and Richard V. Lindbergh, the Metropolitan Life Insurance company.

In the opening of the hearing, counsel for the committee stated that the first subject taken up was the position of the policyholders in the administration of the companies. He quoted the evidence once given by Henry B. Hyde, founder of the Equitable Society, to the committee, position of the stockholders.

Robert A. Grannis, first vice president of the Mutual Life Insurance company, was called as the first witness. He testified that he was director of the U. S. Mortgage Trust company and of the Lawyers Trust company.

## RUSSIAN PLENIPOTENTIARIES LEAVE PORTSMOUTH

Portsmouth, N. H., Sept. 6.—Life in the picturesque section in New England which for the last few weeks has centered around the proceedings of the peace conference, began today with the departure of M. Witte and the Russian plenipotentiaries on a special train for New York and of the members of the Japanese entourage who did not go with Baron Komura last night. M. Witte was up early this morning and before breakfast breakfasted a crowd had assembled on the hotel veranda to see him off. He shook hands with each of the persons gathered about him and when he started he was given cheers and cries of "Adieu."

Mr. Takahira, who headed the Japanese party, also was heartily cheered. At the navy yard the work has already begun of restoring the general store to its former condition. The furniture will be shipped back to Washington, including the table on which the treaty was signed. This piece of furniture may be preserved by the department of state, and the chairs in the room which the plenipotentiaries sat. The building will, however, continue to be known as "The Peace Conference."

Mr. Felice, the assistant secretary of state, will remain here and will wind up the government's business in connection with the conference.

Capt. McR. Winslow, commanding the Mayflower, was among the last to take leave of M. Witte. The Russian plenipotentiary thanked Capt. Winslow in his own and the emperor's name for the hospitality which M. Witte and his mission had enjoyed aboard the Mayflower and presented him with an autograph photograph.

In perpetuation of the historic part which the navy yard has played in the last month, it has been suggested that a bronze tablet be placed on the walls of the peace building commemorative of the "Peace of Portsmouth" brought about within its walls.

## Crushing Russian Defeat.

Tokio, Sept. 2, noon.—(Delayed in transmission.)—An official report announces the complete and crushing defeat of the remnant of the Russian forces, after five hours' severe fighting at Naubutu, on the west coast of the island of Sakhalin. The Russians killed numbered 130. The casualties of the Japanese were slight.

## SECTION HAND KILLED BY TRAIN.

Alma Barnes of Kaysville Struck By Rio Grande Passenger and Fatally Injured.

## DIED ABOUT AN HOUR AFTER.

Was Taken to Ogden Where He Succumbed to the Injuries Received—Who He Was.

(Special to the "News.") Kaysville, Sept. 6.—Shortly after 11 o'clock this morning Alma Barnes, a section hand aged 23 years, was killed by a Rio Grande Western train as it was speeding through town on its way to Ogden. Just how the accident occurred is not known, but it is believed the young man was endeavoring to move a piece of machinery off the track when the train struck him, injuring him so badly that he died in Ogden, to which point he was taken, something like an hour later.

The unfortunate man was the son of William Barnes of Kaysville, and a nephew of John R. Barnes, the well known banker and business man. His body will be brought here for interment.

Later information from Kaysville says that Barnes, who was working with a companion named Moroni Stenstrom, engaged in spiking the rails, went forward to the track to remove a spike that had been left across the rail, as he feared it would derail the train. As he did so the beam derailed the pilot truck and this is undoubtedly what caused his death. Stenstrom was not shaken with what occurred, that up to a late hour this afternoon he was unable to give a connected story of the accident.

## THE MEN WHO SAVED THE UNION.

Veterans at Encampment Fall Into Line and March Until Exhausted.

## Ovation Given Marchers.

Cheering Was Continuous and the Old Warriors Were Kept Busy Bowing.

Denver, Sept. 6.—The main event of the Grand Army encampment speaking from the view point of the rank and file, was the grand parade which occurred today. To the veteran the privilege of again keeping in step with comrades of the bivouac of '61 is one for which no hardship seems too great to undergo, no order too severe to undertake. Many who marched to the end were exhausted when the end was reached and many others weakened by age fell out of line long before the journey was completed.

These tottering old veterans, regretting their inability to remain in the parade and giving every evidence of their feelings, would be cared for by the persons nearest at hand, led to a place where they could rest and recover from their exhaustion. It was a common sight to see a grey-haired old soldier sitting on the curb gazing wistfully at his more sturdy comrades as they passed him by.

The ovation given the marchers was unqualified. The streets were packed with people and the windows of roofs swarmed with humanity. The cheering was continuous and the grizzled old warriors were kept busy bowing acknowledgments and raising their hats in courteous salute.

The column formation for the great parade was as follows: Platoon of mounted police; Gen. W. Cook band and drum corps; Grand Marshal Col. Geo. E. Randolph and staff.

Commander-in-Chief Geo. R. King, Chief of Staff J. J. McCurdy, Senior Vice Commander G. W. Patton, Surgeon General W. R. King, Adjutant General J. E. Gilman, Junior Vice Commander E. B. Stillings.

Judge Advocate General O. L. Moore, Chaplain-in-Chief J. H. Bradford, Color bearers.

Assistant Quartermaster General J. H. Holcomb. "Executive committee council of administration—Gen. T. D. Sample, Col. S. C. James, Col. L. W. Collins, Gen. J. W. Harsay, Gen. W. H. Armstrong, Col. J. C. Wiggins.

Gen. Geo. W. Cook, chairman of the Denver executive committee. National Association of Civil War Musicians drum and file corps. Disabled national officers in carrying.

The various state departments in the following order: Illinois, Wisconsin, Pennsylvania, Ohio, New York, Connecticut, Massachusetts, New Jersey, Maine, California, Nevada, Rhode Island, New Hampshire, Vermont, Florida, Virginia, Maryland, Nebraska, Minnesota, Iowa, Indiana, Kansas, Missouri, Wisconsin, South Dakota, Washington, Arkansas, New Mexico, Utah, Tennessee, Louisiana, Mississippi, Alabama, Georgia, Texas, Montana, North Dakota, Indian Territory, Oklahoma, Colorado and Wyoming.

Light showers had fallen during the night, but the weather cleared this morning and the annual Grand Army parade has never taken place under more favorable auspices.

## CLOUDS OF SMOKE HANG OVER BAKU.

They Come From the Burning of The Black Town of the Famous Oil City.

## FLAMES ILLUMINATE THE PLACE

Disorders Said to Have Been Started By Armenians Disguised as Soldiers.

St. Petersburg, Sept. 6.—Private advices from Baku, Caucasus, today, say that the "Black town" district of that city is still burning and also the works at Bakhlan, Ribbent, Noman and Sabunt. The losses amount to millions of roubles. Baku is overhung with dense clouds of smoke and the flames of burning buildings illuminated the city all night long. It is alleged that the disorders were started by Armenians, who, disguised as soldiers, fired on Russians and Tartars. The Persian consul was asked to act as a pacifier, but he replied that conciliation was impossible with the Armenians who had killed 200 Persian subjects.

## Japanese Advanced and Retired.

St. Petersburg, Sept. 6.—Telegraphic news from Baku, Caucasus, today, say that the Japanese 34th started to advance along the Mandarlin road and commenced constructing entrenchment, but retired after meeting the Russian artillery.

The general also reported an offensive movement by several battalions of Japanese accompanied by cavalry and artillery in North Korea Sept. 3, but the result was not announced in time to be sent off in the dispatch to the emperor.

## Komura Visits Harvard.

Boston, Sept. 6.—Baron Komura, the Japanese chief peace envoy, and those of his party who came here last night, were the guests at breakfast today of the Nanyang Club, an association of leading Japanese merchants of this city. After the breakfast, which was an informal affair, Baron Komura and his suite went to Harvard university, of which institution the baron is an alumnus. The party will leave for New York this afternoon.

## WAR DEPARTMENT INTERESTED IN TAGGART DIVORCE CASE

Washington, Sept. 6.—The war department is awaiting the determination of the Taggart divorce suit now in progress at Worcester, O., before proceeding to take military action in the case. Gen. Miner, whose name has been drawn into the dispute by the captain's attorneys, has preferred a formal charges against Taggart, and a recommendation has been made to the general staff by the proper officers that an inspector be detailed to make a thorough examination of the testimony so far taken. The general staff has simply suspended action upon this recommendation until the determination of the suit is made.

The Taggart case is being handled by the department's decision as to whether there shall be court martial proceedings and whether in such cases not only Taggart, but other officers whose names have been drawn into the case, shall be placed on trial.

## POLICE MAKE A RAID.

Break Up Secret Meeting and Seize Quantity of Arms.

St. Petersburg, Sept. 6.—The police today raided a private house in the Vassilievskiy quarter, broke up a secret meeting, arrested 31 participants and seized a quantity of arms and revolutionary proclamations.

## Yellow Fever on Isthmus.

Washington, Sept. 6.—According to the summary of yellow fever conditions in Panama as compiled by the Isthmian canal commission there were 16 cases and two deaths from the disease today by the Isthmian canal during the month of August. There were 14 cases and five deaths during this time in the republic of Panama, making the total on the isthmus for the month, 30 cases and seven deaths.

## Final Word from Peary.

New York, Sept. 6.—What is believed to be the final word from Commander Robert E. Peary before his return from his attempt to reach the North Pole was received today by the Isthmian canal commission. Peary stated that his ship, the Roosevelt, would leave that port on Aug. 11, the date of the message, with 23 Eskimo men and 20 dogs, and would establish a base at Cape Sabine for the final dash into the frozen zones about the pole.

The following are the copies of the telegrams received yesterday by the president from Baron Komura and from Mr. Witte and Baron Rosen announcing the signing of the peace treaty between Russia and Japan.

President—N. H. Sept. 6, 1905.—To the President—I hasten to inform you that the treaty of peace has been signed. It is a happy day for the world and for the United States. I beg to be permitted to add my own thanks and sincere acknowledgments.

## PRESIDENT THANKED

By Baron Komura and M. De Witte.

Oyster Bay, Sept. 6.—Baron Komura and Minister Takahira, the Japanese plenipotentiaries, were announced today by Secy. Taft. They will leave for New York on the next day.

The matter came up on the complaint of H. P. Clark and others in regard to leaving the sewer trench on Seventh East, between Third and Fourth South streets, open so long. The complaint states that the pipe has been laid for two weeks but the trench still remains open and greatly inconvenient to the complainants in having access to their property, besides giving ample opportunity for accidents to happen.

Not only has Mr. Clark been very slow in completing the extensions, but he has departed from the specifications in regard to the pipe used. He has been instructed by the board to not depart from the specifications in such matter in the future and to push the work more rapidly or surrender his contract.

## ENCAMPMENT OF NATIONAL GUARD.

Utah's Boys in Khaki Commenced The First Real Day's Work This Morning.

## TENTED CITY AT CAMP TAFT.

Heavy Wind and Rain Storm Welcomed Them Yesterday Afternoon At Manti.

## GOVERNOR'S DAY ON SATURDAY.

Trophy Cup and Prize of \$50 Will Then be Awarded to the Best Drilled Company.

## IDAHO VISITORS HONORED.

Portland Commercial Club Make Them Guests at Fine Luncheon.

Sunday's Portland Oregonian: A special luncheon was given by the Commercial club yesterday in the main dining-room in the Chamber of Commerce building in honor of the Idaho commissioners to the exposition, Frederick C. Bradley, M. J. Wessels and R. W. McBride. President H. M. Calk presented at a reception to be held in the evening, adding the New York building at the fair on the afternoon of Sept. 7, also a general reception which will be held in the Idaho building from 3 to 11 the same evening. On this occasion there will be dancing and other amusements. Mr. Wessels expressed the interest that the people of his state are taking in the exposition, saying that they considered it as much their fair as that of Oregon. Thousands from Idaho have already come to the fair and thousands of others are coming.

President Calk, in reply, complimented the visitors on the fine display in the Idaho exhibit, and assured them that the members of the Commercial club would be pleased to accept the invitation. One evening last week a delegation from the club called at the Idaho building and the visit from the commissioners yesterday was in return of this courtesy.

## THE OLD OLD STORY.

Alleged Bunco Men Find it Easy to Get Away From Law's Charge.

The case of the state vs. W. S. Roberts and Robert Morris, the alleged bunco men who were arrested on the charge of robbing a Wisconsin man named Rice of \$400, came up before Judge Diehl this morning for preliminary hearing. Owing to the failure of the prosecuting witness to appear, the case against Roberts was dismissed. Morris failed to appear for the hearing, and his bond of \$25 was declared forfeited.

## JAP'S COUNSEL OBJECTED.

Judge Powers Scores Two Points for Boy Client From Mikado's Kingdom.

There is more trouble with reference to the juvenile court, and the jurisdiction of Judge C. B. Diehl of the criminal division of the city court in a case brought before the latter today.

This morning, W. S. Yamamoto, a Jap, charged with stabbing a white man, came up for hearing. The defendant was represented by Judge O. W. Powers, who at once raised an objection, alleging that the defendant was only a Japanese and therefore not within the jurisdiction of Judge Diehl's court.

This being practically established, that is, that the accused is but 17 years of age, Judge Diehl ordered the files sent to Willis Brown of the juvenile court. Then Judge Powers raised an objection to that order, on the grounds that Judge Diehl did not have any jurisdiction in the matter, and therefore could not lawfully make such an order. The objection was overruled and the papers will go to the juvenile court. But another difficulty arises.

As before mentioned in the local press, the judge of the juvenile court of Salt Lake City, is in Chicago. It is understood that he will return tomorrow, but in the meantime Judge Powers may take steps to secure the release of his client.

## MUST PUSH THE WORK.

City Gives Contractor Ford One More Opportunity.

The board of public works yesterday afternoon decided to give Contractor P. P. Ford one more opportunity to comply with his contract for the sewer and waterworks extensions to be made during the year by the city. Unless better progress is made on the work by the contractor and he adheres more strictly to the specifications in regard to the material used in the work, the board will take the job out of his hands and he will be compelled to forfeit his contract.

The matter came up on the complaint of H. P. Clark and others in regard to leaving the sewer trench on Seventh East, between Third and Fourth South streets, open so long. The complaint states that the pipe has been laid for two weeks but the trench still remains open and greatly inconvenient to the complainants in having access to their property, besides giving ample opportunity for accidents to happen.

Not only has Mr. Clark been very slow in completing the extensions, but he has departed from the specifications in regard to the pipe used. He has been instructed by the board to not depart from the specifications in such matter in the future and to push the work more rapidly or surrender his contract.

## RETREAT PARADE TONIGHT.

A full equipment of horses for both artillery and cavalry was on hand today. A mounted cavalry drill and mounted gun drill are scheduled for this afternoon, and tonight at retreat a full battalion parade will be held. No sickness is yet reported.

## LIKES THE RESERVATION.

Ray Naylor Says He Has a Good Farm And Will Stay With It.

Ray C. Naylor, formerly of Philippine fame, but now a prominent prospective farmer of Utah, is temporarily in Salt Lake purchasing material to use on his quarter section. He intends to return to the reservation this fall for another visit, and states that this land is just about the best ever, despite the feelings of the 31 men ahead of him that they each got the prize farm. His land is just one mile up the valley from that of Frank Moyer, who went out with him to locate as number 5, and both expect to co-operate in becoming leading ranchmen of the vicinity.

Mr. Naylor is not one of those who feels that there is no hope for Utah. He states that whomsoever has returned knocking it went out expecting too much, and wasn't willing to accept a good place of land with plenty of water as a beginning towards the making of a splendid ranch.

## ENCAMPMENT OF NATIONAL GUARD.

Utah's Boys in Khaki Commenced The First Real Day's Work This Morning.

## TENTED CITY AT CAMP TAFT.

Heavy Wind and Rain Storm Welcomed Them Yesterday Afternoon At Manti.

## GOVERNOR'S DAY ON SATURDAY.

Trophy Cup and Prize of \$50 Will Then be Awarded to the Best Drilled Company.

## IDAHO VISITORS HONORED.

Portland Commercial Club Make Them Guests at Fine Luncheon.

Sunday's Portland Oregonian: A special luncheon was given by the Commercial club yesterday in the main dining-room in the Chamber of Commerce building in honor of the Idaho commissioners to the exposition, Frederick C. Bradley, M. J. Wessels and R. W. McBride. President H. M. Calk presented at a reception to be held in the evening, adding the New York building at the fair on the afternoon of Sept. 7, also a general reception which will be held in the Idaho building from 3 to 11 the same evening. On this occasion there will be dancing and other amusements. Mr. Wessels expressed the interest that the people of his state are taking in the exposition, saying that they considered it as much their fair as that of Oregon. Thousands from Idaho have already come to the fair and thousands of others are coming.

President Calk, in reply, complimented the visitors on the fine display in the Idaho exhibit, and assured them that the members of the Commercial club would be pleased to accept the invitation. One evening last week a delegation from
