This is self-sacrificing, for the male dressmaker eclipses his feminine rivals. —Philadelphia Bulletin.

She Took Him at His Word.

A capital story is told of a Kentucky girl who agreed to elope with a lover whom the parents had refused to admit to the house. She descended the ladder in the night, and started with him on horseback. "Now you see how much I love you," she said; "you will always be a true, kind husband, won't you?" He gruffly answered, "Perhaps I may and perhaps not." She rode on in silence a few minutes, then she suddenly exclaimed: "Oh! what shall we do? I have come away and have left my pocket-book!" "Then," said he, "we had better go back and fetch it." They were soon again at the house, the ladder was again placed, the lady mounted while the ill-natured lover remained below. But she delayed to come, and so he gently called: "Are you coming?" when she looked out of the window and said: "Perhaps I may, and perhaps not," and then shut down the window.

AN Irishman recently on trial for some offence, pleaded "not guilty," and the jury being in the box, the State Solicitor proceeded to call Mr. Furkisson as a witness. With the utmost innocence Patrick turned his face to the Court and said, "Do I understand, yer honor, that Mr. Furkisson is to be a witness fornest me again?" The judge said, drily, "It seemed so." "Well, thin, yer honor, I plead guilty, sure an' yer honor please, not because I am guilty, for I'm as innocent as yer honor's sucking babe, but just on account of saving Mither Furkisson's soul."

Any body can learn to make money rapidly, operating in stocks, by the "Two Unerring Rules for Success," in Messrs. Lawrence & Co.'s new circular. The combination method, which this firm has made so successful, enables people with large or small means to reap all the benefits of largest capital and best skill. Thousands of orders, in various sums, are pooled into one vast amount, an co operated as a mighty whole, thus securing to each shareholder all the advantages of the largest operator. Immense profits are divided monthly. Any amount, from \$5 to \$5,000, or more, can be used successfully. N. Y. Baptist Weekly, Sept. 18th, 1875, says: "by the combination system, \$15 would make \$75 or 5 per cent; \$50 pays \$250, or 7 per cent; \$100 makes \$1,000, or 10 per cent, on the stock, during the month, according to the market." Frank Leslie's Illustrated Newspaper June 29th: "The combination method of operating in stocks is the most successful ever adopted." New York Independent, Sept. 12th: "The combination system is founded upon correct business principles, and no person need be without an income while it is kept working by Messrs. Lawrence & Co." Brooklyn Journal, April 25th: "Our editor made a net profit of \$101.25 for \$2 in one of Messrs. Lawrence & Co.'s combinations." New circular (mailed free) explains everything. Important to Wool Growers!

I take pleasure in announcing that I am making a pure "TOBACCO SHEEP DIP" from the best Kentucky Leaf, which makes an article of uniform strength and purity, without the addition of poisonous substances, and should be diluted 100 parts to one (although safe to use at any degree of strength) for dipping sheep.

This dip is convenient for use, as it only requires water to dilute it. As tobacco is so well known to wool growers who have used the same, I can only add that I have it in this convenient form for them—put up in one and five gallon tin packages, sealed tightly.

Order either of my Sheep Dips, viz.: Concentrated Extract of Tobacco. Also, Non-Poisonous Sheep Dip. Price per gallon:
