

TERMINAL PARAGRAPHS.

We wonder if the people of the East who have money to invest in real estate, will look at the statistics of the Census Bureau, which show that the population of the United States in 1890 was 62,628,266, and that in 1900 it will be 75,000,000. The increase of population is so rapid that it is almost impossible to keep up with the demand for real estate. The people of the East who have money to invest in real estate, will look at the statistics of the Census Bureau, which show that the population of the United States in 1890 was 62,628,266, and that in 1900 it will be 75,000,000.
