

DOBBINS' ELECTRIC SOAP!

The Best in the World!
Strictly Pure!
No Sand!! No Rosin!! No Clay!!
No Adulteration of any kind!!!
Children can do the Washing.
No Washboard Required.
No Boiling Needed.
By the use of the Un-qualified and un-approach-able DOBBINS' ELECTRIC SOAP, clothes, money, fuel, labor, time and temper are all saved. Try it once, and use it ever afterward.
Every Grocer sells it!
Every Family uses it!
None can do without it!

Be sure that the wrapper has on it the cut of Mrs. Fog and Mrs. Enterprise, and that each bar is stamped with the name of the inventor and originator, J. D. DOBBINS, as none other is genuine.
Like everything of great value, it is extensively counterfeited, and the market filled with false and worthless Electric Soaps, not worth a room, and dear if even given away.

The Finest American Toilet Soap, fully equal to the French, made by a French soap-maker in the same manner as the French Soaps are made, and sold at one-fourth their price.

DOBBINS' Triple-Scented TOILET SOAP!

No Toilet Table is complete without it!
The Best Emollient in the market!
It is given the preference at every watering place in the country, and in for sale every where.
PLEASE ASK FOR IT!

Don't be put off with any cheap common soap. Try it, and see how much BETTER it is than you say.

The only Boot Polish that will produce a Brilliant and Lasting Shine, and at the same time preserve the leather, is

DOBBINS' ELECTRIC BOOT POLISH!

Makes old Boots look like new ones!
And Calf-skin like Patent Leather!
It is put up in a Patent Box, the greatest novelty of the age. The box alone is worth more than the price of the Boot Polish combined.

KRUGHAT

THE GENUINE
Turkish Bath Compound!

Used in all Oriental countries, in the bath, and manufactured by us on a license and royalty, in exact style, color and quality, from the original receipt, as that used in Constantinople, and import duties, postage on gold, etc., saved, thus enabling us to sell it at a very low price. By its use a bath becomes indeed a luxury. Very highly scented, and producing miraculous effects upon the skin. It is really worth a trial.

THE CELEBRATED COOKING STOVES!

SUPERIOR
For Wood.
They are really what their name indicates, SUPERIOR to any other stove in the market, and for Economy, Durability, Convenience & Dispatch are unequalled!

KANSAS, ALASKA IMPROVED AMERICAN

For Coal.
Which for Neatness of Design, Thoroughness of Construction, Capacity of Oven, Economy in the Use of Fuel and Uniformity of Operation, place them as the best stoves in the market.
They have been constructed especially for the use of our Western Bituminous Coal (for which all stoves of Eastern manufacture are so ill adapted). Enlarged Flues insure a perfect draft; the plates that line the fire chamber are unusually heavy, and combine certain peculiarities in their construction which give these Stoves superiority over all others in the consumption of its smoke, thus saving a large per centage of fuel.

Bridge, Beach & Co., ST. LOUIS.

PEOPLE'S VERDICT!

Over Half a Million sold and in use!
4,000 made and sold per week!

SINGER'S

New Improved Silent
FAMILY SEWING MACHINES
ARE
The Best in the World,
Because all of them are in constant use, with a very large proportion of other makes are not used, owing to their being partially or wholly impracticable.

THE SINGER NEW FAMILY MACHINE

Has been brought to perfection, regardless of time, labor or expense, and is now indisputably the best Sewing Machine in existence.
It is simple, compact, durable, beautiful, quiet, light-running, and capable of performing a wide variety of work never before accomplished upon a single machine; using a single Silk, Twist, Linen or Cotton Thread, and working with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.

The New Improved Attachments for Hemming, an widely Bridding, Embroidering, Magic Ruffing, Gathering and Sewing on the same time! Self-Sewing, Cording, Tucking, Quilting, Felling, Trimming, Blind Stitches, etc., are novel and practical, or anything being invented and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.
New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety of Wood, such as black Walnut, Mahogany, Rosewood, Satinwood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.

In the Singer work is fed or passed through the Machine in the natural direction, namely, from the operator, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.

The Singer uses a SHORT STRAIGHT NEEDLE, which is not liable to break or slip, and is not so stiff as the needles of other Machines. The Singer Machine has a strong crooked needle, which is liable to break, and to miss the stitch.

In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the thread or goods. Other Machines drive their Shuttles in a way thus causing great wear, and requiring of so-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.

The SINGER is the
Oldest Practical Sewing Machine,
Being about twenty years in the market. Having been constantly improved by the employment of the most skilled ingenuity of the age, and the most improved machinery, it is now an all unnecessary parts and possesses all the very latest inventions and improvements. It is the only Machine in the world which is as simple as it is practical, and will do all that is claimed for them. Some other Machines are greatly complicated, in do useless and unnecessary things, and thus are rendered liable to constant Derangement. The Singer Seldom or Never gives trouble, and is readily and easily managed by those who utterly fail in other Machines.

SINGER'S New Manufacturing Machines
Claim the same advantages over others of their class as the new Family Machines. These are all well-tried Sewing Machines, and are adapted to all kinds of heavy and light manufacturing work, such as making of shirts, collars, cuffs, etc., and run in the most perfect and reliable manner without trouble to the operator.

Without any previous advertisement, the demand for the Singer Machines is so great that we are compelled to purchase them in large quantities to exhibit. All sold, but a large number are now on the way from New York.

WILL ARRIVE IN A FEW DAYS.
They will consist of the Different Varieties made by the Singer Manufacturing Company, and we shall sell at Eastern Prices, with addition of Freight only. To accommodate parties who cannot pay all down, we will sell on

EASY MONTHLY INSTALLMENTS
So that all may possess one of these Elegant Sewing Machines, but allow their Great Merit to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined, they cannot nearly fill their orders, and are compelled to extend their Gigantic Works.

We have been so fortunate as to secure the
General Central Agency,
For this Territory, we extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the Singer.

We Guarantee every Machine we sell to give entire satisfaction.
