

SALT LAKE TO HAVE BALL TEAM

Will Make Race for Pacific Northwest Pennant Next Year.

SOME QUIET WORK GOING ON

President Lucas Arrived This Morning to Discuss the Proposition With Local Fans.

Unless all signs fail Salt Lake and Ogden will have good baseball teams to enter the Pacific Northwest league next season, and so far as this city is concerned it will have a club composed of the very best ball tossers money can secure.

Ever since President Lucas' invitation to join the league was announced, there has been some quiet hustling on the part of certain fans, some of the particulars of which came out yesterday afternoon.

Some other than Buck Weaver is the leader of the movement and he is believed for the position of manager of the new team. Through his untiring efforts he has secured strong backing for a financial way, and if no unforeseen hitch arises the project will be a success.

He has secured \$1,000 which is now on deposit in a local bank. The money is merely on deposit as an assurance of good faith.

Last evening a telegram was received by Clyde Shropshire, a well known attorney of this city, from President Lucas, stating that the latter had secured the city this morning to enter the league.

True to his word the gentleman arrived in due time.

Before leaving for the northwest he came on a good footing here, and he is in the scheme to join the Northwest league, and gave Atty. Shropshire full power to act for him and make all arrangements for the organization of a team. Among those whom Weaver interested in the scheme are a number of business men, whose names, however, are withheld from the public for the present. He secured all the financial backing necessary for the immediate needs and can get more when he wants it. It is likely that Mr. Shropshire will be one of the officers of the club.

Among the situation, he will return to this city and begin to look for players. One of the very first things attended to by the new club was the purchase of a new clubhouse by the Salt Lake club from Harry George and George Borchers. Both of these gentlemen are willing and anxious to do all in their power to see that the new club has a good footing here, and are depending upon to help the new organization out.

Upon the arrival of President Lucas it was shown that the club means business. The \$1,000 will be turned over to him as a guarantee of good faith. So far as Ogden is concerned, that town has always made good in baseball matters and can be depended upon in this matter. The great difficulty to overcome is the matter of railroad rates to the northwestern towns. But it is understood that the Short Line officials have agreed to make a concession, and will make rates that will prove satisfactory to all parties concerned.

FRIDAY NIGHT'S RACES.

Maxwell and Oldfield Will Go Ten Miles on Singles.

The program for Friday night's bicycle races at the saucer is a good one, as announced by the management. It includes a ten-mile race between George Maxwell and Barney Oldfield, mounted on their single motors. This will be Maxwell's last appearance on the track this year.

The professional race between a two-mile open, while the amateurs will compete in an Australian pursuit race. The card is a good one and should draw a big crowd.

Metallias gave Idolita a hard drive and Ozanam broke badly. In the second heat Metallias led to the back stretch, but Idolita took the heat. The third heat was easy for Anzella, Ozanam coming fast and getting second place. The fourth heat looked good for Hawthorne, but he broke at the wire, she came in a winner. The fifth heat was an easy win for the favorite.

The poolers evidently feared Direct Hal's burst of speed, and no pools were sold on the favorite for the 2:30 race. He won in straight heats.

Previous to starting the 2:11 pace, Billy H sold a favorite at 50 with the field 60, but Don Riley took the second, third and fourth heats. The judges believed that Billy H had been pulled, and in the last heat substituted Driver Geers for Fisher. Billy H showed the greatest speed and apparently wanted to win, but the heat was Don Riley's in easy fashion.

Lucas Denies Story.

Butte, Mont., Sept. 2.—Pres. W. H. Lucas of the Pacific Northwest league in an interview indignantly denies that he had charged Mgr. Baker of the Tacoma Baseball club with having inspired the coast league story in which it was reported that a number of the Pacific Northwest clubs were going to secede and enter a league with the California and Los Angeles teams.

What Mr. Lucas did say regarding the matter, using his own words, was: "As Mr. Baker has control of the baseball situation in Tacoma, I thought he would be in a position to know if there was any foundation to the rumors that Tacoma would join the proposed Pacific Coast league. Furthermore, that in the case of the cities of the Pacific Northwest league seceded from our organization we had men and capital sufficient to place new clubs in those cities."

THREE AMERICAN BANDITS.

Fall in an Attempt to Hold Up International Express Train.

Tucson, Ariz., Sept. 2.—Reports have reached here of a daring attempt by three American bandits to hold up the International express on the Sonora railroad, three miles from Hermosillo on Sunday morning. The train was running through the orange belt just above Hermosillo, being due there at 10 o'clock, when the explosion of a torpedo on the track caused the engine to stop.

When the engine and cars had been brought to a standstill three Americans stepped out of the shelter of a grove of trees and covered the engine crew. Two of the robbers then went to the express car and demanded admittance. The messenger replied with a volley of shots through the door, the bandits returning his fire.

Several of the passengers, learning the cause of the stop, armed themselves and were going to the aid of the plucky messenger when the highwaymen became frightened and gave up their attempt, disappearing into the orange groves, where it was supposed they had horses in waiting.

As soon as the train reached Hermosillo the alarm was given and a troop of rurales and a posse started in pursuit of the bandits. The train was held up for about an hour and a half by the railroad officials here.

Want Troops to Preserve Order.

Charleston, W. Va., Sept. 2.—Gov. White today received a set of resolutions reading: "At a meeting of local union No. 442, United Mine Workers of America, 300 members petition you to send troops to Winona, on Keen's creek, to preserve order until the strike is settled."

"Troops are now located at Thurmond to preserve order. They were sent there at the instance of our sheriff and while upon investigation it appears that the call for troops was unnecessary and utterly folly, yet we as miners, are glad to have them. They are principally union men and in sympathy with our cause and look upon men working with the same contempt as we do."

Big Oil Strike in Wyoming.

Evanston, Wyo., Sept. 3.—Another big strike of petroleum was made in the Spring Valley district today, this time by Atlantic and Pacific Oil company on section 22, two miles north of the Union Pacific well and next section to that of which the Jager was made two weeks ago and is considered equal to that made by the Jager people. The strike was made at 1,030 feet below shale formation, which has been producing gas and some oil for the past three days. The manager of the company arrived at Evanston this afternoon exhibiting samples of fluid apparently equal to any taken from the Wyoming fields. Great excitement prevails and evidence of an oil boom epidemic pervades the air. New rigs are arriving daily and the influx of population is greater than accommodations provide for. Little tented towns spring up like magic and the broad prairie of which the coyote once was the sole inhabitant now seems of the greatest activity. The land is rapidly being gobbled up by land speculators who have every confidence in the fields, a confidence constantly stimulated by new strikes and favorable indications.

A dispatch from Lisbon dated Aug. 27 said a great sensation had been caused by the arrest of several high officials charged with the defrauding the state to the extent of \$400,000 and with accepting bribes.
