

## SWITCHMEN'S STRIKE SERIOUS

If D. & R. G. Yardmen's Demand  
Are Refused, Every Railroad in  
West Will Be Threatened.

### LARGER MINES ARE CLOSING.

Sixteen Near Trinidad Stop, Throw-  
ing Three Thousand Men Out  
Of Employment.

Denver, Aug. 7.—It is not expected  
that Martin A. Knapp, chairman of the  
Interstate commerce commission, and  
Charles P. Neill, commissioner of  
labor, will come to Denver in connection  
with the strike situation on the  
Colorado & Southern railroad. So far  
no progress toward a settlement has  
been made, and the outlook is that the  
strike will spread.

Grievance committees of the Denver  
& Rio Grande and other roads are  
in the city, and they will make a demand  
for an additional 2 cents an hour for  
the yardmen. If this is done, it will  
either end the present strike or cause  
it to spread to other roads. Every rail-  
road in the west is threatened. Sixteen  
of the larger mines near Trinidad, de-  
pending directly on the Colorado &  
Southern for handling their product, to-  
day closed down indefinitely as a re-  
sult of the switchmen's strike. The  
shutdown will throw some 3,000 men  
out of employment.

To prevent the closing of their mines,  
which would entail a loss of thousands  
of dollars, and to relieve a threatened  
coal famine at Central City, 10 of Cen-  
tral City's most prominent citizens  
turned "brakes" and manned a train  
of fuel destined for that district. They  
took charge of the freight at Golden,  
where it had been laid out since the  
calling of the general strike of train-  
men on the Colorado & Southern last  
week.

Grand Master Morrissey of the Brother-  
hood of Railway Trainmen tonight re-  
ceived a telegram from Labor Commis-  
sioner Neill, but declined to give out  
the contents of the message. Neill  
left for Trinidad tonight with 25  
professional strikebreakers to install  
them in the places of the strikers in the  
southern division. Twenty-five of these  
men imported from the east arrived here  
today, and about the same number  
are expected tomorrow, according to  
Vice President A. D. Parker. Mr. Parker  
admitted that the men being brought  
in to take the strikers' places are pro-  
fessional strikebreakers, but would not  
say that they had been supplied by  
John Farley, the noted strikebreaker  
of Chicago. Mr. Parker also denied  
that the Brotherhood men have been  
successful in winning away any of the  
men who had taken the strikers' places.

### ROADS WILL OBEY LAW.

Lansing, Mich., Aug. 7.—The Lake  
Shore, Michigan Central, Wabash and  
Big Four railroads announce they will  
comply with the two-cent fare law, ef-  
fective Sept. 15.

### WILLIAMS-VARDAMAN CONTEST AT WHITE HEAT

Jackson, Miss., Aug. 7.—The Demo-  
cratic state executive committee meets  
here tomorrow at noon for the purpose  
of canvassing the returns and declar-  
ing the result of the recent primary  
held in this state for United States  
senator and state officers. So close is  
the race in the senatorial contest that  
interest is at fever heat.  
For the past day or so there have  
been all sorts of rumors of destroyed  
ballots and lost ballot boxes, but when  
traced down these reports have been  
found to be without foundation. It  
was said that a lot of ballot boxes  
in Copiah county that gave Gov.  
James K. Vardaman a majority of 251  
votes over Congressman John Sharp  
Williams in the senatorial contest had  
been burned. But the secretary of the  
county executive committee tonight  
certified that this was not so and that  
every precinct had been recounted and  
that every ballot was safe in the hands  
of the proper officials. The meeting

tomorrow promises to be sensational,  
there being some predictions that trou-  
ble would arise in the event that any  
compromise measures were resorted to.  
Both candidates are claiming that a  
winner of the vote will show their elec-  
tion. Vardaman by a bare majority,  
while Williams' friends claim it by at  
least 1,000.

### SERVED THEM RIGHT.

Four Anarchists Wounded by Bomb  
Explosion.

Lisbon, Aug. 7.—Four anarchists were  
seriously wounded today by an acci-  
dental explosion in the bomb factory  
operated by an anarchistic group. The  
police here have adopted precautionary  
measures.

### ZIMMER PLEADS NOT GUILTY.

San Francisco, Aug. 7.—Emil J.  
Zimmer, ex-auditor of the Pacific  
States Telephone company, who stands  
charged in the police court with con-  
tempt of court for refusing to tell  
what he knows of the alleged crim-  
inal operations of Louis Glass,  
entered the plea of not guilty on the  
grounds of "once in jeopardy" this  
morning. The case was set for one  
week from today.

### FOUR KILLED BY TRAIN.

Altenhurst, N. J., Aug. 7.—Four per-  
sons, employees of the Norwood house,  
were instantly killed tonight when their  
carriage was run down by a Penn-  
sylvania passenger train, at a cross-  
ing here. They were Thomas A. Mc-  
Donald, driver, and Jennie McDonald  
and Hannah Murphy, waitresses.

### TROOPS IN BELFAST.

They Are in Control and City is Per-  
fectly Quiet.

Belfast, Aug. 7.—The first day of  
the military control of Belfast passed  
in absolute quiet. Some of the mills  
and factories that were closed were  
reopened, and others announced that  
they will reopen tomorrow. Move-  
ments have been moved from the  
docks than on any day since the dock-  
ers' strike began, and it is ap-  
parent that the strike of the carters  
will collapse speedily.

### STAGECOACH ACCIDENT.

San Bernardino, Cal., Aug. 7.—The  
stage from Big Bear valley yesterday  
ran off the grade, throwing the big  
coach and its passengers into the air.  
Horace Baker and Paul Daniels freed  
themselves only after Baker had his  
shoulder arm and three ribs broken,  
and Daniels had sustained internal in-  
juries from which he may die.

### SMUGGLED CHINAMEN.

Succeeded in Getting Across the Bor-  
der and Then Were Captured.

El Paso, Tex., Aug. 7.—Eleven Chin-  
amen had succeeded in crossing the  
Rio Grande four miles east of El Paso,  
were captured in the rear of the East-  
ern Grill on El Paso street, the leading  
Chinese restaurant in the city. In  
company with the Chinese were Mar  
Chew, the proprietor of the restaurant,  
one of the wealthiest Chinamen in  
the southwest, and a notorious charac-  
ter known as the "Jew Kid."  
These had, the immigration officers  
say, met the Chinamen and brought  
them to the city in a hired car. A rail-  
road watchman is also implicated, a  
box car fitted up with bedding and  
provisions for the Chinamen being  
ready for their reception. Thirteen  
other Chinamen caught here are under  
sentence of deportation. Seven Jap-  
anese who swam the Rio Grande at  
El Paso, 200 miles east of here, were  
brought here today and lodged in jail.

## TO BE CRIMINAL PROSECUTIONS

As Result of the Investigation  
Into the Harriman Rail-  
road System.

### SOME MAY BE SENT TO JAIL.

Atty. Gen. Bonaparte Says Putting a  
Few Prominent Men There Would  
Have a Good Moral Effect.

New York, Aug. 7.—A special dis-  
patch to the New York Times from  
Lenox, Mass., sent under today's date,  
says:

"That criminal prosecutions will be  
undertaken in the near future as a re-  
sult of the interstate commerce in-  
vestigation of the Harriman railroad  
system was the information obtained  
here upon authority this afternoon,  
the virtual eve of the return of Atty.-  
Gen. Bonaparte to Washington.

Mr. Bonaparte was asked if action,  
personally, against individuals would  
be included in the prosecutions. He  
replied, somewhat enigmatically:

"I have noticed a good many com-  
plaints that criminal prosecutions  
against trust magnates and sentences  
of imprisonment for them have been  
very infrequent, and, in fact, for prac-  
tical purposes, unknown. It is perfect-  
ly true that, in my opinion at least,  
a better moral effect would be produc-  
ed by prosecuting a few prominent men  
than by a great deal of litigation,  
however successful, against the  
corporations they controlled.

Some time since two corporations  
and their respective presidents were  
indicted jointly for violation of the  
anti-trust law. If the corporations  
were guilty of such, it would be hard  
for the lay mind at least to under-  
stand how their presidents could be  
innocent. Nevertheless the jury con-  
victed the corporations and acquitted  
their presidents.

"It is the avowed purpose of the de-  
partment of justice to prosecute crim-  
inally any one who is really respon-  
sible for violations of the anti-trust  
law wherever it can do so with any  
reasonable probability of success. It  
does not care to prosecute mere under-  
lings who are known to everyone to  
have acted under the direct authority  
of their superiors. But if it can get a  
case against any of the big promoters  
it justifies a reasonable hope on the  
part of experienced lawyers that he  
can be punished personally, the de-  
partment will undoubtedly take ad-  
vantage of the opportunity as soon  
as it is presented.

### MOYER IN DENVER.

Delayed Return So as to Prevent Any  
Demonstration.

Denver, Aug. 7.—It was learned to-  
day that Charles H. Moyer, president  
of the Western Federation of Miners,  
arrived in the city last night. Mr.  
Moyer was accompanied by Mrs. Moyer  
and her sister, and went immediately to  
his home.

The reason for his delayed home com-  
ing is that he desired to have no  
demonstration of any kind. It is his  
idea that such things are unnecessary  
and do no good.  
Owing to the strain to which he and  
Mrs. Moyer have been subjected, they  
have kept closely at home, denying  
themselves everything but the neces-  
saries of life. The next meeting of the  
executive committee of the federation,  
which will be held this week, probably

### EVIDENCE SHOWS MURDER.

Woman Whose Body Was Found in  
Trunk the Victim.

Monte Carlo, Aug. 7.—The evidence  
here indicates that Theresa  
Williams, parts of whose body were  
found in a trunk and in a valise at  
Marseilles, and who was a well known  
frequent of the gaming tables here,  
was murdered for her jewels. Mr. and  
Mrs. Gould, who are English, and who  
owned the trunk and valise, will be ex-  
tradited from Marseilles to Monte Carlo  
and will be tried here.

### BIG TOBACCO DIVIDEND.

New York, Aug. 7.—The American To-  
bacco company declared on its common  
stock the regular quarterly dividend  
of 3 1/2 per cent and an extra dividend  
of 7 1/2 per cent, against 2 1/2 regular and  
5 per cent extra at the last previous  
division. The dividend is payable  
Sept. 2.

### KANN ACT COLLECTION NOT BOUGHT FOR MORGAN

London, Aug. 7.—The manager of the  
London branch of Duveen Brothers  
says there is absolutely no truth in the  
report that the art objects collected by  
the late Rodolphe Kann and bought by  
Duveen Brothers for \$2,000,000, were pur-  
chased in behalf of J. Pierpont Morgan.  
The Duveens said that they purpose to  
sell the collection in Paris. The palace  
which Rodolphe Kann built for the art  
treasures is included in the sale, and  
they will be kept in the hands of the  
Duveens until the galleries which the Duveens  
are erecting on the Place Vendome. Sev-  
eral museums, including American insti-  
tutions, today telegraphed offers for  
purchase of the tapestries which are a con-  
spicuous part of the collection.

Mr. Morgan telegraphed to the As-  
sociated Press from Cowes as follows:  
"No truth whatever in the report," re-  
ferring to the allegation that the Duveens  
had secured the Kann collection for  
him.

William has conferred the Order  
of the Red Eagle of the second class  
on Henry J. Duveen of New York.

### A REMARKABLE METEOR.

El Paso, Aug. 7.—A remarkable me-  
teor was seen here at 4:15 this morn-  
ing, and was visible slowing moving  
across the heavens from the southwest  
skies to the northeast at 5 o'clock. It  
presented the appearance of a comet  
about the size of a football, with a  
tail apparently 50 feet long, from which  
showers of meteors fell continuously.  
The ball was of a greenish yellow color,  
while the tail was white.

### CONNECTICUT'S TRIAL VERY SATISFACTORY.

Rockland, Maine, Aug. 7.—In a series  
of 14 runs over a measured mile  
course outside of the harbor today, the  
first-class battleship Connecticut, the  
first battleship of the class built by  
the government, made a showing which  
was highly satisfactory to Rear Adm-  
iral Robley D. Evans and the trial board.  
The average speed of the best five runs  
was 17.8 knots from the start to the  
propeller revolutions required to make that  
speed was 127.7. The fastest mile was  
made in 19.01 uncorrected. When the  
tidal corrections are made it is esti-

ated that these figures will be re-  
duced to 18.8. In her five best runs  
the Louisiana, a sister ship of the  
Connecticut, which was built by the  
Newport News Shipbuilding company,  
attained an average speed of 18.58.  
The trial was marred by a fatal ac-  
cident. L. M. Turner, a fireman of the  
first class, who was borrowed from the  
battleship Ohio for the test, was killed  
by a bucket of ashes falling on him.

### PEARY SANGUINE OF REACHING THE POLE.

New York, Aug. 7.—"Unless old moth-  
er nature plays a new trump card this  
time," said Commander Robert E.  
Peary today, "I will certainly reach  
the pole this time, assuming I retain  
strength and health. My equipment  
will be the same as on the last trip,  
my plans essentially the same, but I  
will profit by the lessons of that trip."  
"Last time we would have reached  
the pole but for the easterly ice drifts."  
"This time we shall go farther west  
by land, leaving it at Cape Columbia,  
and, instead of heading directly north,  
will head north and then get the  
benefit of the easterly drift of the ice,  
of which nothing was known until our  
last expedition.

"Another change is that I will have a  
stronger advance party than on the last  
trip, so that when we get ready for the  
final dash there will be sledges and  
supplies enough. Last time there was  
not enough to load five sledges."

### TO STUDY EXPORT TRADE.

Treasury Department Will Send Com-  
missioners to Europe for Purpose.

New York, Aug. 8.—As a result of  
criticisms in the trade organizations in  
regard to the recently negotiated trade  
agreement, the treasury department, it  
is learned here, has made plans for  
sending a commission to Europe to  
study export and other conditions as  
they affect foreign merchandise shipped  
to the United States.  
The commission will be comprised of  
James B. Reynolds, assistant secretary  
of treasury; Maurice B. Vreeland, pres-  
ident of the board of United States  
general appraisers, and Judge Byron S.  
Waite, also of the customs department.  
According to present plans, they will  
leave New York on Sept. 15. Since the  
export concessions were granted to  
Germany many trade bodies here have in-  
augurated an energetic campaign claim-  
ing that the granting of "export prices"  
as a basis for settling ad valorem du-  
ties in place of "foreign market values"  
as provided in the present custom law,  
has done much to injure American man-  
ufacturers and shippers the privilege  
of invoicing their products at their  
own prices.

### CORDELIA CRIPPEN DEAD.

Syracuse, N. Y., Aug. 7.—Mrs. Cor-  
delia A. Crippen, 60 years old, widow  
of Alonzo Crippen, one of the old "big  
millionaires," died in poverty here at  
the home of Dr. C. A. Botch, who had  
found her starving on his doorstep.  
Her funeral, which took place today,  
was furnished by charity. The death  
of her husband in 1878, she was  
supposed to be worth nearly a million  
dollars, but lost all through unfortunate  
investments.
