

THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Saturday next matters of immediate importance will be given a hearing in the federal court prior to the departure of Judge Marshall next day, for Kansas City.

The Independent telephone company has a new directory out containing the names of 200 additional subscribers. It is a handsome book, and is noticeably convenient form.

Miss Naomi Felt, daughter of city Auditor C. R. Felt, was operated upon for appendicitis at the Groves L. D. S. hospital yesterday afternoon. She is reported as progressing well.

Franklin and Christian Mortensen, formerly of Denmark but now of Brigham Junction, and Robert Choe, formerly of Ireland but now a resident of Rahkosen, have been admitted to citizenship by Judge Armstrong.

Thursday All Hallows' college will open for its twentieth year, with the Very Rev. John J. Guinan continuing in the position of president. A prosperous year is looked for, as the enrollment promises to be large.

Ten dollars was assessed against William Taylor by Judge Diehl yesterday afternoon as the value of a large time which he created at West Temple and First South streets. His leading offense was heaving a brick through the windows of the Continental saloon.

Salt Lake was threatened last night with a severe electrical storm, but the center was too far south to really pour down its wrath upon the city. The high wind and electric flashes, however, caused general alarm during the evening, and disabled two wires between Salt Lake and Ogden for some time. The electric lights and car service, too, were stalled for a few minutes.

At 9 o'clock this morning civil service examinations began in the Salt Lake postoffice for positions in the internal revenue service for the district of Montana. Examination for the position of fireman (class B) in the departmental service at a salary of \$720 a year will occur here Sept. 30. On Oct. 4 examinations are scheduled for the position of pipe fitters in the department of commerce at an annual salary of \$720.

Applications for Uintah waters still continue to come in to the office of the state engineer. The latest request is from a company of 16 Uintah county men who wish 30 second feet from the Duchesne river. The application cannot be admitted to file at this time as it fails to state where the diverting point is to be located. It will be returned for correction. Another application for water is from Caroline Holdaway of Pleasant Grove, who asks for one second foot of water to wash out alkali in the soil.

John Trewhella, the traveling representative of the Idaho Lumber Co., private letter received this week relates a humorous incident which occurred at the Miles City (Mont.) opera house. He says: "While in Miles City last Tuesday night attended the performance of 'A Woman's Power' by the Sharpley Theater company. The opera house was packed, and every body was absorbed in the action of the play. In the second act a stern father disowns his wayward son, and on the misrepresentation of an elder brother, and orders him out from under the parental roof. The boy is about to go, has already shaken hands with his father and bid good-bye. 'Go on, old man, shake hands with the poor fellow!' The scene was lost, and it was some two minutes before quiet was restored."

Zion's Savings Bank and Trust Company was organized in 1873, and now operates an average of more than 10 new accounts every day. We want YOUR business. J. F. Smith, President; George M. Cannon, Cashier.

GOOD PLACE TO LIVE.

Salt Lake's Health Report Reveals Satisfactory Condition.

The report of the city board of health for the month of August has been compiled by Clerk Brothers and shows that the health of the city is in excellent condition, and that the department has been very active in keeping down contagion and improving the sanitary conditions. The total number of deaths during the month was 64, of which 38 were males and 26 females. Of the number 32 were natives, there were 19 bodies shipped away for interment and 13 brought here for burial.

The number of births was 155, of which 80 were boys and 75 girls. The total number of contagious diseases reported during the month was 64, segregated as follows: Typhoid fever, 40; smallpox, 15; diphtheria, 7; scarlet fever, 2; tuberculosis, 2. Fourteen houses consisting of 82 rooms were fumigated during the month. A total of 2,560 visits and inspections were made by the sanitary inspectors during the month, and 250 written notices to clean up premises were served. In addition to this the usual number of inspections of cesspools, grease traps and of food supplies were made.

Sprains.
S. A. Head, Clinician, writes March 11th, 1905: "My wrist was sprained so badly by a fall that it was useless, and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." Price, 50c. Sold by Z. C. M. T. Drug Dept.

MORAN OUTBIDS HIS COMPETITORS

Gets Contract for Construction of Big Cottonwood Conduit on Bid of \$230,575

BRINTON WAS NEXT LOWEST.

Figure is Much Less Than Original Estimate and Officials Are Well Pleased.

Out of the six bids submitted to the board of public works yesterday afternoon for the construction of the Big Cottonwood conduit, P. J. Moran of this city submitted the lowest one at \$17,825. His bid was \$230,575, and he will be awarded the contract. The next lowest bidder was D. B. Brinton of Murray, whose bid was \$254,400.

The conduit, which is part of the plan for the city's enlarged water system, will be 7 1/2 miles in length and will extend from Big Cottonwood to Parley's canyon. It will be of concrete and will be arched instead of tubular as at first proposed. The change in the plan brought the cost down a great deal lower than at first estimated, and is even lower than expected by those who made the change. In addition to the contract price given, the cost of the steel bands, amounting to about \$10,000, must be added, making the total cost of the conduit about \$278,000, which is \$75,000 less than the original estimate made by former Engineer George W. Snow.

The members of the board of public works and Engineer Riter and his assistants, Mr. Bacon, are well pleased with the low figure received for the big contract. The board meeting was held in the city council chamber and was attended by a number of contractors interested in the work. The six bids received are as follows:

Guffy & Keefe Construction Co., Denver	\$342,550
Snow, Clement & Strange, Salt Lake City	\$314,815
R. S. Blom, Chicago	\$289,975
Lynn S. Atkinson, Colorado Springs	\$279,700
D. B. Brinton, Murray	\$254,400
P. J. Moran, Salt Lake City	\$17,825

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for fifteen years and found a complete recovery in the use of Chamberlain's Pain Balm," says John G. Bisher, Gilman, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

FATAL FALL FROM A TREE.

Bad Accident to Little Edwin Taylor Who Dies at Hospital.

After 13 years of play in this world little William Edwin, the son of William P. Taylor of 687 east Third South street, was fatally injured while playing back out yesterday morning. He died at the L. D. S. hospital yesterday afternoon at 4 o'clock from concussion of the brain.

The boy and a number of companions were up in an apple tree on the family lot when the accident occurred. Willie had climbed farther up than his companions dared and was swinging on a slender branch when he lost his balance and pitched headlong to the ground through the network of limbs. His playmates scrambled down as quickly as they could, but he would not answer them when they spoke, and fearing that he was dead, they ran to his mother.

When she arrived he was lying unconscious on the ground, and dispirited with fear that he might be dead, she hurried to summon Dr. A. Paul and carried the child into the house. Every effort to revive him proved futile, and when an examination was made it was found that the skull had been crushed. Dr. Paul removed the boy to the Groves L. D. S. hospital where he died at 4 o'clock without regaining consciousness. The body was taken to the undertaking parlors of Jos. E. Taylor last night, and the funeral service will be held this evening. Interment will occur at Lehi, where the family burial ground is located.

William P. Taylor, the boy's father, is a conductor on the Utah Light & Railway company's cars. With his wife, he before her marriage was Miss Nellie Buckwalter, he moved to this city from Lehi about a year ago. He is the son of William W. Taylor, an old resident of Utah, and a nephew of the late Bishop Taylor, of the Fourteenth ward of this city.

The family are prostrated with grief at the death of their little boy and the sympathy of the neighborhood has been freely extended to them.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a jury in a murder case at Edwardsville, county seat of Claiborne county, Alabama. He says: "While there I was some for a week and some meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the drug didn't do me a bit of good. I then bought a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in a certain store, and after taking it I felt better. I would rather send it to me than to be in it. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by all druggists.

NOT HIGH ENOUGH.

Commissioners Reject Bid of \$15,972 For County Lot.

The county commissioners yesterday afternoon rejected the bid of Thomas Marmore, George Curley and C. West of \$121 per front foot, or a total of \$15,972 for the \$10 rod lot belonging to the county and located just west of the county jail on the corner of Second South and Second West streets. It was decided that the price bid was too low, so County Clerk Edwidge was instructed to re-advertise the property for sale at noon on Oct. 9. In the meantime it is probable that the commissioners will close a deal for a new jail site on Second East street just east of the city and county building. Should that action be taken, a new jail will be built and all of the present jail property will be sold. With the jail removed from the property it is believed that the price of the same should be greatly increased.

The board authorized Chairman Will-

son to enter into a contract with J. P. Cahoon for the purchase of 300,000 tons of slag to be used on the county roads in the next 10 years. The county will pay \$100 per year for whatever material it requires on the highways.

The following contract for rebuilding the county infirmary were entered into: Wiring, I. M. Higley, \$147.30; plumbing, H. B. Davis, \$583; heating, Erskine Bros., \$488; lighting and plastering, Hansen & Nelson, \$523.

MISS HOME WAS LUCKY.

Fell From a Second-Story Window With But Minor Injuries.

Miss Jeanne Home, who lives at 673 east Third South street, fell from a second story window of the Bell Telephone building yesterday noon, and luckily sustained but minor bruises, and a general shaking up. Miss Home was engaged in measuring a blue print frame in the drawing department of the building, and becoming ill, she went to the window for a breath of fresh air. It is thought that she fainted, and then fell to the ground. Dr. Reer was called and after an examination, concluded that no bones were broken.

PRIZE FOR NEATNESS.

Ladies' Literary Club Offers One for Well Kept School Grounds.

A prize of \$25 is to be given at the close of the present school year to the public school having the neatest kept grounds throughout the year. The donors are the Ladies' Literary club, who wish by this means to instill a love for neatness into the minds of the little ones. The winning school will be selected by a club committee, who will keep well posted on the condition of school yards, especially as to the amount of paper scraps thrown about by the children. No attention will be paid to the part of the yards under the control of the janitor, but only to the portion used as a playground.
