It was only yesterday that the court of criminal appeals confirmed the sen-tence of death passed upon Goenczi. His victims were miserly persons who were known to have concealed large sums of money in their house on Koenig-Graetzer strasse. The trial of Goenezi was remarkable from the fact that he invented for the purpose of his defense, a man whom he called "Lowey" and persuaded a number of persons that "Lowey" was in existence and that he had seen him.

### Bids for Battleships.

Washington, Dec. 7.-There were eight bidders today for the construc-tion of the five battleships and six armored cruisers. All of the bids were within the limit of cost fixed by the appropriation. There were a number of omissions from the specifications in many cases, however, so that a care-

cessive number of articles registered free by the executive departments, and says the abuse of the registered mail in this respect will continue until Congress acts in the matter. It is said that could the amount paid as indemnity for lost registered first class domestic mail be raised to the full value, not exceeding \$200, many letters which now pass h the ordinary mails would be gathered into the registered mails. An indemnity fund not exceeding \$15,000 is estimated to be sufficient for this purpose.

#### Declares the Majority is Anxious to Destroy the Industry and Not to Regulate It.

CHARGES OF THE MINORITY

Washington, Dec. 7 .- Under the arrangement made yesterday the Grout pleamargarine bill, which was postponed to allow the army reorganization bill to be disposed of, came up for consideration in the House immediately after the reading of the journal. The bill makes all articles known as oleomargarine, butterine, imitation butter or imitation cheese transported into any State or Territory subject to the police powers of such State or Territory. It increases the tax on manu-factured butter colored in imitation of butter from two to ten cents per pound

and decreases the tax on manufac-tured butter uncolored from two cents to one-fourthe ent per pound. An attempt was made to reach an agreement for final yote this afternoon agreement for inal vote this afternoon but it failed. Mr. Henry (Conn.), who is in charge of the measure, opened the debate in its support. He ex-plained the features of the bill. The increase of the tax on colored imita-tion butter, he said, the majority of the committee on accounting believed the committee on agriculture believed was absolutely necessary to protect the dairy interests of the country. Mr. Henry produced figures to show that the cost of manufacturing olco-margarine, including the payment of the present internal revenue tax of

cents, was not more than ten two. cents a pound. Mr. Wadsworth, New York, chair-man of the committee on agriculture, who with six other members of the committee, signed the minority report against the Grout bill, explained the substitute which the minority would offer for it. Mr. Wadsworth asserted with the greatest emphasis that the with the greatest emphasis that the minority were just as earnest in their desire to prevent the frand now prac-ticed in the sale of imitation butter as the majority could be. The only dif-ference was that the minority recognized the value of oleomargarine as wholesome and nutritious article food and entitled to a place as a food product. He charged that the purpose of the supporters of the Grout bill was to destroy the manufacture of oleo-margarine not to regulate its sale. Mr. Grout, Vermont, the author of
