San Francisco, Sept. 18.—The young court-martial convened at 10 o'clock this morning. Commander Cook, Judge Gear, his attorney, and several naval experts were present. Naval board was present. Naval board was present. Naval board was present.

With Dist. Atty. Morrison, after an all-day conference between John S. Miller, general counsel for the packers, and a number of naval experts, the court decided that the naval rules and regulations, Rear Admiral Glass decided that the charges and specifications were read and Commander Young pleaded not guilty to each of the six charges.

Dist. Atty. Morrison, called as the first witness, was not present, as he was in the hospital. Judge Gear called and deposed that he was a member of the logs of the Bennington.

At Washington, D. C. West produced them for the last days of the month of November and December, 1904, and said that for the first six months of this year the logs were not put out under the signature of Commander Young.

Judge Gear objected as the logs were not produced here and he only had West's statement to rely on. West's statement was substantiated by the fact that the logs were not produced here and he only had West's statement to rely on.

There are now 18,375 troops in the Philippines. Including 5,181 native scouts and Gen. Corbin recommends that there be no reduction of this force. He says the conditions as to peace in the islands are better than at any time since American occupation with exception of Samar.

A reduction in expenditures amounting to a million and a half dollars is being made. The reduction is being made by the administration of Gen. Corbin.

The Bennington's hull books were produced and identified by Judge Gear and after discussion Rear Admiral Glass upheld the objection and the books were not produced in evidence.

Prof. Frederickson, the water tender of the Bennington's forward fire room, testified that he was sworn and the court allowed.

SIMPLE LIFE ALONE SUITABLE FOR YOUNG OFFICERS

Washington, Sept. 18.—Only the "simple life" is possible for young army officers, according to Maj. Gen. Corbin, commanding the Philippine division.

There were no court proceedings and the plea has not yet been properly filed with the clerk of the district court, but this will be done tomorrow morning.

The moment an officer begins living beyond his means he should be subjected to discipline. Young officers joining the service should be admonished that for them only the simple life is possible.

CLERK STOLE FROM THE GOVERNMENT

James A. Boyd, of the Public Health and Marine Hospital Service, Arrested.

HE MADE A FULL CONFESSION

Got Away With Twenty Thousand Dollars—Did the Automobile Act and Sent His Family to Europe.

Washington, Sept. 18.—James A. Boyd, a clerk in the public health and marine hospital service, was arrested today on a warrant sworn out by Chief Clerk W. P. Worcester of that office, charging him with embezzlement. The discovery of facts leading to the charge was made last Thursday in Boyd's absence, and the amount abstracted was, according to Boyd's own confession, reach not less than \$20,000.

It was Boyd's duty to prepare bills for the approval of the surgeon general, and when checks were signed they were delivered to him to be mailed to the persons for whom they were intended. It is charged that he mutilated the bills by erasing the dates and amounts of duplicates left in the office, and that he secured the money on the checks by endorsing on them the names of the firms to which they were issued.

The alleged defalcation has been in progress for the past three years, but Boyd was not suspected until a recent illness compelled him to be absent and made it necessary for some one else to assume his duties. When his desk was opened a number of suspicious documents were discovered.

This discovery led to an investigation by Surgeon-General Wyman and Chief Clerk Worcester, with the result that the case was placed in the hands of the secret service operative who made the arrest. Property belonging to Boyd, valued at about \$8,000, has been seized.

Boyd has been in the public health service for about 12 years, and was appointed from Westchester county, New York. He was well known about town, and especially because of his fondness for automobiles. He was drawing a salary of \$1,500 a year. His family is said to be traveling in Europe.

When taken before United States Commissioner T. B. Bay, a hearing and a hearing was held in \$10,000 bail.

"Thomas Christ, engineer, of 217 south Second West street, says: 'Pain in my back and hips as the weeks and months rolled by became so severe that I grew anxious about my condition. When there was added to it a distressing and annoying condition of the kidney secretions I reasoned that something serious might result. Added to the above were distressing and burning before my eyes, and on more than one occasion I came to the conclusion I would be compelled to give up my occupation, for different remedies, and all of them standard, did not bring relief and the use of plasters and other makeshifts were useless. An advertisement about Doan's Kidney Pills influenced me to go to the F. J. Hill Drug Co.'s store for a box. While I am not prepared to say that the treatment has radically cured me of kidney complaint, I know that my health is better and my back is considerably stronger. I have every confidence in this remedy and am more than pleased to publicly endorse it.'
