## SESSION OF THE CITY COUNCIL.

Local Bank Will Take up Refunding Bonds—to Repair Highway to Canyon.

## AFFAIRS OF WEBER COUNTY.

Claims Turned Down—Probation Officers Will be Paid—Will Repair Roads—Court Business.

Ogden, April 3.—At the city council last evening the Utah National bank of Ogden presented a bid for \$30,000 worth of Ogden city refunding bonds at 4 1/2 per cent. This bid includes the proposition that the bank will pay all expenses incident to the transaction. At the present time the city is paying 5 per cent interest on city bonds to eastern parties, \$30,000 worth of which they propose to withdraw and release to local people. An ordinance necessary to complete the deal was presented and passed its first and second readings.

Atty. Joseph Chex appeared before the council in behalf of the Schupe-Williams Candy company, which he stated is about to build a five-story factory at the corner of Wall avenue and Twenty-sixth street. He stated that the company was desirous of building a spur from the Union Pacific main line to the factory site. It would necessitate crossing Twenty-sixth street for which it petitioned for a franchise. Referred to the law committee and city engineer.

The council appropriated \$400 for making necessary repairs to the highway leading to Ogden canyon. The repairs were ordered to be completed without delay.

The petition of the Ogden Packing & Provision company to erect buildings for its plant within the city limits was referred back from the sanitary committee with the recommendation that the company be permitted to build subject to the sanitary rules.

Chief of Police Thomas E. Browning was granted leave of absence to attend the convention of police chiefs at Hot Springs, Ark., April 9-14.

This bid was received for the new cement water troughs. The contract was awarded to John C. O'Neill, who bid \$15 per trough.

## PROVO DEPARTMENT

The "News" is Delivered by Carrier in Provo at Seventy-Five Cents Per Month. R. J. Dugdale, Agent.

## CITY AND COUNTY AFFAIRS.

May Session of Council—Strawberry Agreements to be Recorded.

Special Correspondence.

Provo, Utah Co., April 3.—The following business was transacted by the city council last evening:

The committee on electric light reported steps taken on the matter of appropriation of water for electric light purposes, which Mr. L. L. Nunn advised the council had lapsed by reason of the city failing to comply with the provisions of the law governing the appropriation of water. The committee was of the opinion that the city's rights had not lapsed. The report was adopted, and the committee was instructed to investigate the cost of the pipe line to the proposed electric pipe to have surveys made, etc.

The committee on judiciary reported recommending that \$500 be appropriated to pay for land for street purposes in the northwest part of the city.

The following report was presented by the committee on judiciary: We were instructed to report on the matter of the committee on judiciary report as follows: In the matter of which kind of pictures should not be allowed on bill boards: We have investigated the same, and recommend that all pictures representing saloon brands, nunching, beer, murder, depravity, nudity, and all others of a similar kind that have a tendency to create in the minds of the young people the idea that criminals of any kind are heroes or any kind that might have a tendency to create in the minds of the young people a desire to commit crime of any kind be not allowed to be posted on bill boards in Provo City.

"We, therefore, recommend that the matter be referred to the chairman of the judiciary committee and the city attorney to bring in a bill covering these points." Report adopted.

Mayor Frisby presented a communication from E. H. Rollins & Sons of Denver stating that their representative, Mr. W. A. Scott, would be here again next week to confer with the

mayor and the council in relation to waterworks bonds. A meeting of the council was fixed for next Wednesday to take up the matter.

Mayor Frisby also presented the appointment of Arthur Craven as inspector of electric wiring. Consideration of the confirmation was postponed for one week.

The committee on fire department was instructed to advertise for bids for sprinkling.

The leasing of the city park was referred to the committee on public grounds and city property.

The matter of investigating the condition of bridges across Provo river, with a view to affording a passage way for the high water, which is expected, was referred to the committee on irrigation.

The council again went into committee of the whole and considered the druggists' license question, and agreed upon a bill which will be reported at the next meeting. If the bill passed druggists will be required to pay a license of \$400 a year, and they may not sell any merchandise except medicines on Sunday. If the bill is not passed, the matter of selling liquor on Sunday their license may be revoked.

UTAH COUNTY BUSINESS.

The following business was transacted by the board of county commissioners yesterday:

On application of J. S. McBeth the commissioners agreed to record, at cost, the contracts between land owners in the southern part of the county and the Strawberry Valley Water Users' association. Mr. McBeth agreeing to pay the entire bill on presentation.

In reference to the proposed road between Salem and Leland, heretofore taken under advisement, the county surveyor was instructed to correspond with Herman Snow of Salem, and to draw deeds transferring the property to be used for road purposes to the county.

GARDEN CITY NOTES.

The time for the funeral of Judge Warner has not yet been fixed. It will probably be Wednesday. The family is waiting to hear from M. M. Warner, who is in Vermont, at what time he will return to Garden City.

Judge Warner was captain of company M, Third Iowa cavalry, in the Civil war (not Ohio). He went to Decatur county, Iowa, where Ohio in 1862, and enlisted in Iowa.

At the M. L. A. meeting of the Second ward, last evening, Mrs. Hannah Carson was sustained as first candidate in the presidency to fill the vacancy occasioned by the resignation of Mrs. Nellie Jones Olsen. Miss Acha Eggersten was sustained as second candidate, and Miss Ivy Stewart as treasurer.

William Probert, formerly of Provo, is here from Alberta, Canada, where he is engaged in some profitable business enterprise and prospering financially, which is welcome news to Mr. Probert's many friends.

Miss Miriam Nalke has gone to southern Utah to give a course of readings. She will be gone about two weeks.

A sacred concert was given in the Fifth ward meetinghouse Sunday evening under the direction of Prof. J. R. Boshard; the proceeds, \$36.50, will go to relieve the poor members of the Church in Turkey.

Niagara Falls Already Ruined.

"Niagara Falls are already ruined," says the eminent hydraulic engineer, Alton D. Adams, in Technical World magazine for April. "Already enough water rights have been granted by the New York state and Canada to divert all the water which now, falling over both the American and the Canadian falls, makes the great cataract one of the natural wonders of the world. If the capitalists and promoters who now hold franchises were all to establish plants, the entire flow of Niagara river would be diverted into underground channels; and the mighty cliffs over which the torrent now pours in resistance grandeur, would be left rugged and bald and dry."

Mr. Adams sees small hope in the proposed treaty between the United States and Great Britain. He does not believe that Canada will be a willing party to any treaty which will cut off

The claims of probation officers throughout the county for services rendered have been allowed by the commissioners. Some time ago the commissioners were doubtful whether they had a right to pay these claims, as the constitutionality of the juvenile courts was attacked, but now that Judge Howell in a lengthy decision has held that the court is constitutional, the county attorney gave it as his opinion that the board had a right to pay the claims of the probation officers, as they are officers of the court.

After passing on the claims and paying the board adjourned for one week. Chairman Stanford was unable to be present on account of sickness.

COURT BUSINESS.

A judgment entered in the district court April 15, 1888, almost 18 years ago has just been settled according to the filing made with County Clerk David Mattson. The filing sets forth that on the date mentioned Charles Heet obtained a judgment against Joseph Metzler for \$1,400 with costs and interest amounting to \$1,825.85, that the said judgment was assigned by Heet to David West who accepted in full payment of the same \$1,250 and asked that an order be forth with the judgment be entered by the court.

In the condemnation proceedings brought by Ogden City against J. S. Peery et al. the defendant has filed his answer admitting some of the allegations, but is defended for street purposes that defendants will be damaged in the sum of \$2,750.

MRS. OLIVIA M. WEST'S FUNERAL.

The funeral services over the remains of Mrs. Frederick West, who died yesterday morning, will be held Thursday afternoon at 2 o'clock at the Second ward meetinghouse. Those desiring to view the face of the deceased may do so on date of funeral between the hours of 10 a. m. and 4 p. m. at the family residence near 2753 Lincoln avenue. Interment will take place in the Ogden City cemetery.

BRIEFS AND PERSONALS.

The cases against J. F. Smith and E. A. Smith, charged with running a gambling house, has been continued without date, in order that defendants may procure counsel.

The resignation of Miss Della Drew, as bookkeeper and stenographer for the Ogden Rapid Transit company has been accepted and Miss Drew will go to Evanston, Wyoming, to live.

Judge H. H. Henderson is at Carson City, Nevada, on legal business.

The bowling game to be played between Dr. Lester's team and the newspaper boys of Ogden will be played next Friday evening at the all-boys on Twenty-fifth street.

Sheriff Seehring returned last evening from Provo where he took Clara Evans to the mental hospital.

John M. Browning has gone to New York and Belgium to look after his interests in the manufacture of his various patented fire arms.

Joseph Beinap, a lumber merchant of Preston, Idaho, is visiting in Ogden this week.

# C.S.S. GREATEST OF ALL TONICS

Everyone should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from breathing the impure air of closed rooms and overheated buildings; the heavy, rich foods of the Winter season, etc., and when this vital fluid is aroused and stirred to quicker action by the return of warmer weather, these waste matters and poisons are distributed through the circulation, to act depressingly and injuriously on the system. The blood being in this unnatural and impure condition is unable to furnish the body with the proper amount of nourishment and strength, and the system suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation.

The depleted system must have assistance; it needs a tonic and it is important that the proper one be selected. When the health is in this disordered condition it is not safe to take unknown concoctions, sarsaparillas, etc., because they usually contain potash or other strong mineral ingredients which act unfavorably and often dangerously on the run-down, weakened system, at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. A great deal is being said these days about living close to nature, and it is more applicable to medicines, perhaps, than anything else. Nature has provided a remedy for all the ills of mankind, and medicines made from nature's vegetation act better in every way than do the strong mineral mixtures which are the products of the chemist's or apothecary's shop.

The greatest of all tonics is S. S. S. It is made entirely of the roots, herbs and barks of the forests and fields, selected for their purifying and health restoring qualities; and as it does not contain the slightest trace of mineral in any form it is especially adapted for a systemic remedy, one that is absolutely safe for young or old. S. S. S. acts directly on the blood, ridding it of any and all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is enabled to supply to the system the healthful, invigorating energy needed to pass this trying season of the year. Its action is the most prompt, pleasant and satisfactory of all tonics and blood purifiers, and those who are beginning to feel the need of a medicine to fortify the system against the unpleasant conditions that come with Spring, will do well to commence its use at once. It will not only tone up the system, but will remove any taint or humor that may be in the blood and thus prevent an outbreak of Eczema, Tetter, Salt Rheum or other rash or eruption of the skin. S. S. S. restores lost energy, relieves that all worn out, tired feeling, quiets the nerves, helps the appetite and imparts a relish for food, and in every way adds tone and vigor to the entire system, and prepares it for the depressing Summer months that are to follow.

In selecting your tonic for this year do not be led into believing that others are "just as good," but get **S. S. S., THE GREATEST OF ALL TONICS**, and one that for more than forty years has been recognized as such. It is Nature's tonic, absolutely pure and safe, and reliable in every way. S. S. S. is for sale at all first-class drug stores.

## GHIRARDELLI'S GROUND CHOCOLATE

Ghirardelli's Ground Chocolate is more than a delicious drink as it is used also for making cake, pastry and candy—and such good tasting things it does make!

It's simply cocoa beans and pure sugar ground fine together—ready to be made instantly into a delicious drink by adding hot milk. Drink Ghirardelli's Ground Chocolate at breakfast, say for one month, and then you will see how much better you feel—particularly if you have been drinking coffee.

In hermetically sealed tins at your grocers.

D. GHIRARDELLI CO.  
SAN FRANCISCO, CALIFORNIA

**LUCIAN A. RAY SALT LAKE AGENT,**
