conference at Provo.

# UNIVERSITY OF UTAH.

The college men who are actively in-terested in debating and public speak-ing met on Thusday and perfected their organization. The society is known as the University Debating club. The by-haws provide for a new chairman for every meeting. The only permanent of-ficers are a standing committee of three. Membership is limited to 16. The standing committee is composed of standing committee is composed of Frank Holman, O. W. Carlson, and B. H. Jacobson. The club meets once a week for practise in debate.

man, the students came brimfull of enthusiasm, to which they gave vent in college yells and song. Short speeches by the "boys" brought forth great ap-plause. Their coming event is the con-test with the Junction City on Thanks-giving day. At 8 o'clock on Wednesday morning Dr. Talmage delivered a stereopticon lecture on "Glaciers and Glacial De-posits," before his classes in geology. giving day.

Milan Crandall was elected business manager of the Utah Engineer on on Tuesday.

The University Chronicle will be issued on Fridays instead of Wednesdays hereafter.

Late Monday afternoon one of the large transformers in the tunnel en-trance to the physical building became heated. The insulation melted and at once the electric current was short cir-cuited. The burning oil filled the lowcuited. The burning oil filled the low-er hall with smoke and the students rushed outside, thinking the building was on fire. Dr. Merrill was one of the first who say the smoke and im-mediately sent Mr. Foresburg to the switch near the bolierhouse to turn off the current. When this was done the smoke cleared away and the students returned to their laboratories.

On Thanksgiving Day, the big game between the football teams of the Ag-ricultusal college at Ft. Collins, Colo., and the University will take place on the Cummings Feld, University campus.

Next year the University football team will make two trips to Colorado, It will play the A. C. C. at Ft. Collins in October and line up with the Uni-versity of Denver in November.

On Monday night Pror. Marshall de-lievered a lecture on the "Teutons and Romans" before the Unity club. Early in April Instructor Arnold will speak at the club on "Heinrich Heine, the Great German Poet," and will be followed later by Mr. Arnoldson, who will lecture on German universities.

Next Monday the students of German Next Monday the students of German II will commence renearing for the German play, "Die Respectable Gesells-chaft," by Kotzebue. The play is a one act drama of 10 characters. The lead-ing parts will be taken by Misses Lylia Knudson, Alice Farnsworth, Janet Wit-tich, and Messrs. G. A. Hedger and E. T. Cannon.

On Tuesday the University received a valuable collection of 5,000 European rocks, carefully numbered, named and catalogued, with a convenient case in which to keep them. These minerals were collected by the late Victor M. Clement, a prominent mining men, who died about a vear are and were predied about a year ago, and were pre-sented to the university by his wife. This collection will be of great service to the school of mines. The gift is highly appreciated by the faculty and

and well considered. We had started to sing, "O Colum-bine, We're Walting, and We Long for You," in the fear that the Columbine girls were not to do anything this year; but on Wednesday last the lady stu-dents met and elected the following of-ficers for the ensuing year: Laura Young, president; Ethel Snow, vice president: Laura Divet, secretary, and Hene Pratt, treasurer. The society will hold occasional meetings and will have some special affairs that will be duly announced. On Wednesday the new student body constitution was adopted after a good deal of spirited discussion. The new announced.

relative to "Parents' Meetings." De-cidedly varied opinions were expressed as to the purposes, officering, and man-ner of conducting these meetings. It is reported that this auxiliary to public school work has not been recognized by some principals, while in other dis-tricts, great importance has been at-tached to these meetings. At this meet-ing no definite point was renched; the discussion, therefore, will be resumed at next week's session.

Dr. Engle gave an excellent address at chapel last Tuesday on discipline as one of the beneficial elements to be gained in college life. He expects to follow with another address on in-dictional initiative. High school, on the gridiron last Satur-day was duly celebrated in a short "Assembly" Monday morning. To a dividual initiative.

dividual initiative. The report of the registrar which has just been filed with the president shows a very marked increase in the techni-cal departments, particularly those of agriculture, household science and me-chanic arts. A larger number of stu-dents than ever before have come from other institutions for advanced work here. It is gratifying to note the large increase in attendance and the advancement in grade and the im-

the large increase in attendance and the advancement in grade and the im provement in character of the work. The students gave a successful grand ball at Christensens last night.

Prof. Jensen sang at devotional on uesday a splendid bass solo, entitled Director Widtsoe left last Wednesday or Washington to attend the annual The Mighty Deep.'

# BEAVER B. B. Y. UNIVERSITY.

Beaver-Principal Anderson spoke last Sunday in Beaver, subject, "How to Conduct Second Intermediate Classes.

A matinee was given last Saturday evening.

The choir contemplates going to Min-ersville on an excursion and will give a concert for the purpose of advertising the school

The baseball game between the class of 1905 and 1906 took place Saturday at 2 p. m. The '05's were victorious. They accepted the challenge made by the class of 1904, "for a game with the winning team," to be played Thurs-dev afterment. day afternoon

Polosophical meeting convened Friday evening at 7 p. m. The program was as follows: First, selection, "The Spring Song," by the members of music class C: second, lecture delivered by Atty, W. E. Raydalch, subject, "Abraham Lincoln the Man of the People;" third, plano duet by Miss Mansfield and Prof. Durham; after this meeting a party was given at the residence of Miss Mamle Ollerton, and In attendance were the Hallowe'en workers, the fac-ulty and also Atty, W. E. Raydalch. Polosophical meeting convened Frida

#### BRANCH NOR MAL.

Cedar City, Nov 12 .-- The young ladies of school gave a party Saturday even-ing. The art room, library, and the assemply room were opened for the accommodation of the guests. Dancing

of the decoration hung the class ner, bearing the inscription, "Begin and Complete, 1996." The ball was well attended, and all seemed to have an en-joyable time. The Thatcher orchestra furnished music.

The missionary class has materially enlarged this week, owing to the many who have just come in.

Niel Nielson, a graduate from the short commercial course last year, has been visiting at the college this week.

Niel has been in the employ of the rati-road company since he left school, but soon expects to enter business for him-

self. A great many hearty handshakes have been going on between Niel and the students and it is needless to say

that they all wish him much success in

The class in zoology is now dissecting

the earthworm,

The new boller to be used to heat the J. H. Rosengren, a former advanced student of the college, was a visitor on science building has arrived and is being placed by the plumbers. Thursday.

The boys have moved their basketball work to the ward hall. They find it bleasanter working in doors.

The chapel talks last week were di-ected along the line of the home life if the students. Many homely, practical suggestions were given, and given in a way that went home to the students.

The students in book-keeping seem very much interested in their work. That all the work is class work seems to add a charm even though it takes two hours every day in recitation.

The sifting process is still going on, but generally speaking, the students have found their depth, and are applying themselves earnestly to their tasks The new building has reached the square, and preparations for the roof are going on rapidly.

#### BRIGHAM YOUNG COLLEGE.

Logan, Nov. 12 .- Many new students have come in this week.

Sister Zina Y. Card addressed the lady students during the student meet

ing hour last Wednesday. Many of the glrls have spoken very favorably of the valuable lessons Sister Card taught them in that meeting. At the same hour the young men met in Priesthood very sweetly sung in devotional last Friday morning by Prof. Robinson. The students insisted on having it over again and Prof. Robinson was obliged to sing it a second time.

neeting. The second year class gave a party in

the gymnasium last Friday night. The class committee, which arranged for the party had decorated the head of the gymnasium hall in white and green, the class colors, in the center of the decoration hung the class ban.

One class in cooking is now consider-ing the spicing of fruits. The girls of another class are beginning to make Thanksgiving cakes.

It is a noticeable fact that the third year students very often make ap-nouncement in chapel that there will be an important business meeting of the class. This class holds the trophy cup, and they say they intend to keep it as ong as they remain at school. These ousiness metings must be taken up in A movement is now on foot to begin the publication of a college paper, the first number of which will come out about Christmas time. iscussing various plans for victory on field day.

The president's report is now in the press, and will soon be ready to mail. Prof. Done, a former professor in the ollege, visited school on Wednesday, He spoke in devotional exercises and encouraged the students very much. He opportunities, and expressed himself as being highly pleased with the rapid progress the college is making.

W. E. Hall, who was a student in the institution several years ago, and has since fulfilled a mission in California, has returned to school to take up his labor as a student.

Brother, Burnham, one of Prof, Rob-inson's vocal students, sang a beauti-ful song in devotional on Thursday morning. He was alded in chorus by the choir. Brother Burnham received The Philomathic Literary society is the hearty applause of the students.

The football game between members of the faculty and F. A. club did not take place yesterday on account of the rain and mud. The game will be played next week next week.

### SALT LAKE CITY SCHOOLS.

Dr. Boone will lecture to the city teachers on the 20th and 21st insts. Place of meeting has not yet been decided upon

Miss Pollock visited the Fremont this Week.

Supt. Christensen spent some of his time during the week visiting.

The City Teachers' association held its meeting at the West Side High school building Friday afternoon.

Mr. Welch has been succeeded at the Fremont by Miss Claire Ellerbeck.

The September report of punctuality shows the high percentage of 99.9 reached by the three following named schools: Oquirth, Fremont and Union. Others follow very close to them.

Examination has been conducted by Lieut. Webb at the East Side High school to applicants for the position of non-commissioned officers in the ca-det correst det corps.

Good Friday-pay day-has chron-icled another important event in the life of the pedagague.

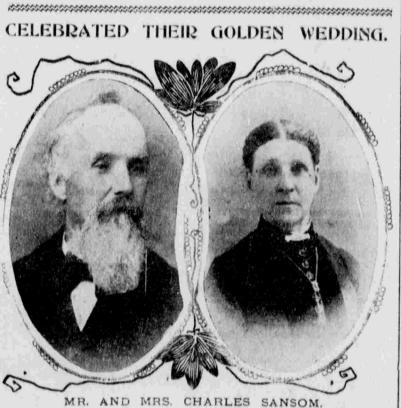

Prof. Conrad Nies, a German-Ameri-can poet, who is touring the Union, de-lighted the German classes of the High school with renditions in German, last Monday, after school. The pupils sang "Die Larelie" and gave vent to the "Hoch." Hoch.'

In the principals' regular meeting this week, a long-drawn out discussion occurred in regard to libraries. Princi-pal Folsom gave a sketch of the ground desired to be covered in the discussion, after which ideas were liberally expressed. It was the prevailing sentiment that more that more should be sentiment prevailing venile literature should be found in the school library; that if luvenile the collection of books be necessarily small, only reference books should find place in the library. Principal Halleck introduced the subject, "The Relation of the City Public Library to the School" and contended that the of the City Public Library to the School" and contended that the funds set apart for use by the library have not been used. His suggestion was that, these unused funds be, in pair at least, used for the purchase of such books, whose adaptability for reading by school children would make them especially an advantage to the city schools. In this regard, the speaker held, the public library would be a stronger factor in the education of the younger pupils and would be an able support to the small school libraries. Principal Dysart began the discussion support to the small school in Principal Dysart began the disc

The preparatory department has out-grown the largest room in the Lion House, and has been removed to room 101 of the Business College building, but will hold the recitations in theology and history in Barratt hall. For some time it looked as if new students would have to be denied admission to the de-partment for lack of room; but a way was at last discovered, whereby the department might not only continue to grow, but it now occupies two of the finest rooms in the school. The preparatory department ha

# AGRICULTURAL COLLEGE.

AGRICULTURAL COLLEGE. Logan.—The board of trustees met at the college today for the purpose of inspecting the various departments of the college and approving the new buildings. The building committee met

The home of Mr. and Mrs. Arthur F. Barnes, 147 north First West street, was the scene last evening of a merry gathering of old timers, who had assembled by invitation to do honor to Mr, and Mrs. Charles Sansom in the celebration of the fiftleth anniversary of their wedding day. Among the invited guests were Presidents Angus M. Cannon and Joseph E. Taylor, Elders John Nicholson, Joshua Midgley and Bishop Romney, and all present had a most enjoyable time recounting early experiences and extending congratulations to the worthy couple, Supper was served at 6:30, after which an informal program was rendered, the same consisting of short addresses, songs, recitations and instrumental selections. The festivities continued till a late hour and all dispersed voting it one of the most deHghtful times of their experience.

Charles Sansom, son of John and Sarah Sansom, was born in Gloucestershire, England, 78 years ago, and emigrated to Utah to cast his lot with the "Mormons," in 1852. A year later Mary Ann Lewis, daughter of Henry Lewis, emigrated from Yorkshire and making the acquaintance of Elder Sansom, the two were shortly afterwards married, Bishop Abraham Hoagland of the Fourteenth ward performing the ceremony. Since then eleven children have been born to them, four boys and seven girls, four of whom have been called to the other side. The others are respected residents of the community and all were present at the celebration with the exception of their son Benjamin, who is now in Canada. For many years Mr. Sansom has followed the mercantile business, and for a long time has been a resident of the Twentieth ward. In early days he was a member of Capt. Ballou's brass band, as were also some of the invited guests, and the anniversary was especially interesting from the fact that so many old comrades had met together. The "News" joins in extending congratulations.
