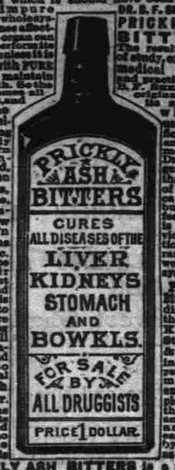
THE LIVER AND ITS FUNCTIONS.

It has become a well established fact that the health of the whole human family is subject more to the first place from some derangement of the Liver. This organ is not only the largest, but the most complex of all the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the Liver abstracts from it the elements which are necessary for digestion as well as for a cathartic to assist in the removal of waste material &c. &c. as aforesaid. Hence it is easily seen that the Liver is liable to get out of order to a greater or less extent, and when this occurs it is responsible for its proper Fulfilling of many of the most important functions of the system, rendering all objectionable matter from the blood, but allowing it to pass through, carrying with it the poisons of which it should have been relieved.

With Impure blood the whole system becomes affected, and no organ can properly perform its functions unless supplied with PURE BLOOD to maintain its vitality. Hence the Liver becoming all important, and when any thing ails you, the chances are that the liver is at the bottom of it.

DR. S. F. SHERMAN'S PRICKLY ASH BITTERS. The result of years of study, experience and practice of Dr. S. F. Sherman, in his successful wherever introduced. Recommended by all Druggists for its Wonderful Purifying Properties, and that class of remedies can be relied on to do all that is claimed for them—that is by their prompt action to develop and restore the system.

Prickly Ash Bitters acts directly on the Liver, Kidneys, Stomach, & Bowels in a mild but effectual manner, and is as pleasant to the taste as lemonade, and is as much relished by children as adults.



PRICKLY ASH BITTERS is a medicine of rare merit, and an exhilarating beverage, and being purely vegetable in its composition can be used at all times with beneficial results. It is not claimed as a cure-all, but for derangement of the organs mentioned, it is a specific and as a BLOOD PURIFIER ranks above all other preparations. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask that it be ordered for you.

PIONEERS' DAY.

Hail to the glorious Twenty-fourth
Which gave the Saints a nation's birth,
Freed from the spoiler's ruthless hand
A home was found by Zion's Band.

Great were trials they passed through,
That noble band so brave and true
They sought and found in a desert place,
A cradle of freedom for Zion's race.

To hallow thus their memory dear
Is a tribute due to the pioneer,
Recorded forever in history's fame
Live the Pioneers each known by name.

CITY COUNCIL.

Proceedings of the City Council, Tuesday evening, July 22d, 1884, Mayor Sharp presiding:

Hamilton G. Park asked teat the title to two lots in Plat C be conveyed by the Mayor to him on payment of the proper costs. Referred to committee on public grounds, with the city attorney associated.

The Silver Plate Circus, in consideration of paying a license fee of $50 for each performance, which they considered high, asked for the use of the west half of Washington Square, and asked permission to erect their canvas there free of charge. Granted, on payment of the license.

J. M. Smith and 28 others asked an extension of water mains from the corner of Second South and Seventh East streets, one block south. Referred to committee on waterworks.

Samuel G. Read, an aged gentleman doing business as a news and stationery dealer near the depot, asked remittance of his taxes and license for this year. The license was remitted and the tax referred to the board of equalization.

An auctioneer's license was granted to Joseph Wright, and a liquor license to George A. Whitehead.

The City Attorney reported the condition of the city's affairs. Accepted and filed.

The police justice submitted his report for June, showing total cases tried 140, convictions 110, cash collected, $639.10, labor fines, $468.40. Referred to police committee.

The revising committee on the History of Salt Lake City, J. R. Winder, chairman, reported that Mr. E. W. Tullidge, author of said history, had completed two-thirds of the 500 pages of the work and was therefore entitled to the second installment of $500 as per contract with the city. Report received and the Mayor authorized to issue an order on the Treasurer for the money.

From A. M. Musser and 207 others, residents of the First Ward, complaining of the seepage from the Jordan and Salt Lake City canal, the properties belonging to many having been seriously injured and in constant danger. They therefore pray that a committee of investigation be appointed to ascertain the nature of the evils complained of and suggest means to remedy them. Referred to committee on canal, with the Mayor and Watermaster associated, they having authority to act.

Sam. E. Allen complained of damage from the canal and asked for remuneration for losses. Referred to canal committee.

A similar petition from Sarah J. Bement was similarly referred.

A petition signed by B. G. Raybould and forty-one others, residents of the Fourth and Seventh Wards, asked that West Temple street, between Fifth and Eighth South, be put in thorough repair, thus making "The Drive" uniform in condition from the Continental Hotel to the penitentiary road. Referred to committee on streets and alleys.

E. T. Sprague and nine others asked that Second East, between Second and Third South streets be sprinkled by Contractor Watson. Granted, provided the water therefor be taken from the canal.

The committee on improvements reported favorably on the petition of A. Brisacher, and recommended that the inspector of buildings permit his bay window to remain till the ordinance may be amended so as to permit such improvements within the fire limits. Adopted.

The committee on police reported that the Marshal's expense bills for June had been found correct, and recommended an appropriation of $240.67 to pay the same

Two bills from the U. S. Marshal, amounting to $9.50, for serving subpœnas in the case of Levy vs. Salt Lake City, were submitted to the city attorney for investigation.

A resolution was introduced by Councilor Pettit authorizing the construction of a ditch from City Creek Cañon far enough up the cañon to carry the water at least five blocks above the present Twentieth Ward ditch, and that the new ditch be made to carry the water now conveyed by the Twentieth Ward ditch to the point of the hill between the Eighteenth Ward bench and City Creek, extending to G Street, then connecting with the present Twentieth Ward ditch. The resolution, upon being put to vote, was lost.

The sum of $28, for rent of ground of Wasatch engine house for three months, was appropriated.

The committee on cemetery reported back the petition of the Salt Lake and Fort Douglas R. R. Co. without recommendation, by request of J. W. Young, president. On motion the petition was referred to the committee on streets and alleys.

JUAB QUARTERLY CONFERENCE.

NEPHI CITY, Juab County, July 21st, 1884.

Our Quarterly Stake Conference commenced on Saturday morning at 10 o'clock, Wm. Paxman Presiding.

The Bishops reported their wards to be in a flourishing condition. The Bishop of Mona reported that their Meeting House is so far completed that they can use it for meetings and school purposes. The Saints of that ward have voted a tax for building a School House.

Apostle George Teasdale spoke a short time upon the improved condition of our Nephi Meeting House.

In the afternoon Elder John Q. Cannon addressed the congregation. In his remarks he said that he regarded the Latter-day Saints as the best people in the world. He felt a proud in being one of them. He viewed the efforts of our enemies to divide and break us up with pleasure rather than sorrow, because he knew that it would tend to unite us and make us love each other more. Our enemies regard the good they see among us as growing upon an evil tree. They forget the saying of our Savior, "How can an evil tree bring forth good fruit."

Apostle Heber J. Grant spoke of the great responsibility resting upon parents in teaching their children the first principles of the Gospel before they are eight years of age, and deprecated the course pursued by some in waiting until they are "of age" before they are taught the principles of the Gospel, comparing such to a farmer who allowed his land to grow up in weeds before he sowed the "good seed."

In the evening, about 150 of the brethren holding the Priesthood assembled together and received instruction from all the Apostles present, upon the duties and responsibilities resting upon them, and the wrongs existing among the Saints were pointed out in great plainness.

On Sunday morning the Sabbath Schools of the Stake held their Conference. The schools were reported in good running order. Apostles Grant and Taylor talked to the children.

In the afternoon, Apostles Taylor and Teasdale occupied most of the time, the former giving a description of his mission to the State of Georgia, and the latter showed that although our doctrines are unpopular, yet they are those which were taught by the Son of God and His Apostles.

The general and local authorities of the Church and of this Stake were presented by President Paxman and sustained by the congregation.

In the evening Apostle H. J. Grant occupied the most of the time. His remarks were directed to the young people, portraying to them the efforts of our enemies to draw them away from the teachings of their fathers.

Bishop McCullough, of Utah Stake, followed with words of encouragement and instruction.

President Paxman closed the conference with a few words, expressing his gratitude to God for the good time enjoyed and for the freedom with which the brethren had spoken during this conference.

TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Exactation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body.
