POLITICS.

Thomas, Sch'k'r, Rich and Others—King Entertained in Kaysville.

For the past week, everything has been politics, politics, politics.

The great parties are sending out their stalwarts to this county and each disciple professes to carry the war into the "enemy's camp."

The Hon. S. H. Thurman, of Provo was in first to open Democratic batteries here; he was closely followed by "Quiet" Senator, Democratic nominee for State Senator from the Second district. He was accompanied by Mr. Armstrong, who was introduced as an "ex-Republican."

Centerville was visited by Amos Ood, Republican nominee for county commissioner. Yesterday, Judge King was in Kaysville. He arrived here at 2:30 p. m. from Ogden and was met at the depot by a large concourse of people, and headed by the Kaysville and Centerville brass bands, marched to the Music Hall, where he addressed a large audience for over one hour and a half.

The judge, who looked pale and somewhat fatigued, was introduced by Chairman Somers of the Davis county central committee who presented the "next congressman" in a very neat speech. The Judge was receive with much cheering, continued at intervals during the speech, which was a masterly effort.

At the close of the meeting Judge King, the county nominees and prominent chairmen, were banqueted at the hotel.

Over thirty covers were laid for the occasion.

Last evening Hon. J. L. Lowe of Ogden and the choir of the Kaysville Bimetallic League and addressed that club on the issues of the day.

PROVO.

PROVO, UTAH, Oct. 31, 1896.

A Serious Charge.

On Thursday Lawrence L. Bean, a young man 20 years of age, son of Mr. and Mrs. James A. Bean, highly respected residents of this city, was arrested on a complaint sworn to by his father charging that the son had threatened to kill both parents, with whom he lives. He was taken before Justice Geary where he gave a $1,000 bond for his appearance for hearing yesterday morning; his brother-in-law and his brother became his sureties. After being released on bail, Lawrence went home, and his mother and his sister became frightened and left the house. After a time his father came home and looked through the window where he saw the son sitting at a table sharpening a knife. Mr. Bean did not go in but came down town and on officer, when they returned the young man had gone away, and was found at his brother-in-law's house where he remained over night.

Yesterday morning he appeared for hearing. Will Warner was present to defend and County Attorney Gaskill prosecution. The evidence of Mr. and Mrs. Bean was to the effect that he had threatened their lives, and on one occasion had threatened to kill himself but to kill them first. One time he threatened his father to kill him with a screwdriver if he "banged near" him (the son.) They had some disagreement about a horse which Lawrence wanted to use at the time. On another occasion his mother had trouble with him because he took some nuts to sell, and he threw a piece of wood at her, which struck her on her ankle. Mrs. Bean was very much affected while in the court room and his case is rather a sad one. From the evidence it seems that the young man has not worked for several years, and has made up his mind not to work.

His parents are past middle age and have always been regarded, respectable people, as are all their children, with the exception of the young man in trouble. Mr. and Mrs. Bean have prospered in life and Mr. Bean is established among the wealthy men of the city, and your Lawrence, in addition to living at home at room, wants money to spend from time to time. His parents object to his shiftless mode of living. Take words him angry, and when he is angry he makes some threats. Lately old people have become frightened for he might do something desperate. As before stated Mrs. Bean has very badly at the trial, and said the young man was worse to handle at home "if he would only be pleased." Some of the young man's relatives think his mind is affected.

After the evidence was heard Mr. Warner desired to dismiss on the grounds that to intend to harm seems to exist from the evidence. Upon his arguing the motion was set for 4 o'clock this afternoon.

Notes.

The Provo cotton-mill company is extensively at work on their coal property in Rock canyon. They are now hoisting a tunnel through the mountain about 100 feet below where they took out coal last year, believing they will strike a superior quality and a larger body of the same. It will also be easier get at from the new tunnel than either of the previous. If Professor Manuel Jones's luxury weight they will strike a bonanza, and they deserve it for their persistency.

Hon. George Sutherland and ex-Governor Thomas addressed a large audience at Rapid's store at the Opera house last evening. Both gentlemen were eloquent speeches upon protection and reciprocity and other issues of the campaign. John T. Morris addressed the audience with some fine invitation. Warren Foster spoke a few short words and complimented the Democratic party for standing as many of the principles of the Populist party.

Ed. Walley of Pleasant Grove bought the carcasses of three beeves now in the Provo cattle yesterday, and receives 2½ from y. Mr. Walley killed another drain a few days ago. They used to bother his sheep but have now ceased to do so.

Mrs Swasey, Martin Kemps, Pius and others who own stalls in the same with, so far as it can be ascertained, are also pushing ahead into the mountain with the same expectations as the Provo Anthracite company.

Marriage licenses were issued yesterday to W. F. Draper, aged 25, and Mrs. E. D. Rose, aged 18, both of Provo; Robert George Mosley, aged 26, of Spanish Fork and Bertha Davis, aged 19, of Salem.

Mother Cullen has sold to Alkali Campbell for Mary Jones and other mining claims situated in American Fork canyon. The purchase price named in the deed recorded in this county is $35,000.

Word was received here yesterday afternoon that John, the 18-year old son of Hon. Abel J. Evans of Lehi, had died in the morning from typhoid fever.

John H. Hansen and Miss Rose Hansen, both of this city, were married, last evening, by Bishop Evan Wride.

There are thousands of sickly school-girls all over this broad land that are dragging their way through school-life who might enjoy that abundant life which belongs to youth by simple attention to hygienic laws and a proper course of treatment with Scott's Emulsion. This would make the blood rich, the heart-beat strong, check that tendency to exhaustion and quicken the appetite by strengthening the digestion. Our book tells more about it. Sent free.
