Dun's Review says of last week's business conditions in Salt Lake; bing trade is fairly good in leading lines, and business improves somewhat as the season advances, while the outlook is favorable. Business is good in drugs and very fair in hardware and mining machinery. The millinery trade improves but shoes, clothing and wool ens are quiet. The sugar and wool markets are quiet and featureless. Excepting considerable activity in mining stocks little is doing in local securities Collections are inclined to drag, but money is plenty and meeting with a fair demand. Retail trade is fair."

John T. Carlson was yesterday after noon examined before County Clerk James, by County Physician Mayo and Dr. Behle, touching his sanity. Dr. Behle has been treating the unfortunate man for acute mania, and the examina tion demonstrated the fact that at times the patient becomes very violent, threatening to kill his mother and sisters. The young man is only 21 years of age, and has been employed by J. M. Christensen /and C. V. Rasmussen. commission merchants, both of whom testified to the facts brought out at hearing. The other witnesses testified that they thought the cause of the un balancing of his mind was hard mental study, followed by an attack of rheu-matism. The afflicted man lives with his widowed mother and sisters, a 52 Pear street, Sheriff Navlor took him to the asylum at Provo today.

## HEART DISEASE.

Some Facts Regarding the Rapid Increase of Heart Trouble.

Heart trouble, at least among the Americans, is certainly increasing, and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion. Real organic disease is incurable; but not one case in a hundred of heart trouble is organic

The close relation between heart trouble and poor digestion is because both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath. Poor digestion also poisons the blood,

making it thin and watery, which ir-ritates and weakens the heart. The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimil-ation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, an which contain valuable, harmless diges and ive elements in a pleasant, convenient form

It is safe to say that the regular per sistent use of Stuart's Dyspepsia Tab-lets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address F. A. Stuart Co., Marshall, Mich

# PRESIDENT RIGBY DEAD.

### Dies at Logan from Dropsy and Bright's Disease.

#### (Special to the "News.")

Logan, March 13 .- President William F. Rigby, counselor to President Thom. as E. Ricks, of the Fremont Stake, Idaho, died at the residence of his daughter, Mrs. Lavinia C. Card, this morning, after an illness from Bright's disease and dropsy, covering a period of six or eight months.

The deceased was of English birth and was born in 1833. He came to Utah in 1857 and settled in Salt Lake, after

which he lived at Lehl and Wellsville, going to the last named place in 1861. He was Bishop of Clarkston for several years and then Bishop of Newton, which town he founded. In 1881, when the "Mormon" settle-ments were engaged in opening up the

Teton valley, he was chosen first coun-selor to President Thomas E. Ricks of the Fremont Stake and held the posi-tion up to the time of his death. President Rigby also filled numerous civil positions, the duties of which were, as were the duties of his ecclesiastical offices, ever honorably and faithfully

Shakespeare, however, found in beautiful delineation of Lady Macbeth, a source of rare pleasure, and her postrayal of the many differing phases of the role was admirable. Especially notable was the strength displayed in the scene of Duncan's murder and in the sleep walking part. Mr. McLean assited her with a fine interpretation of Macbeth. Few men who have essayed the part here have rendered it. elocationary features more strikingly; his reading is at all times excellent, and his deep, rich tones make it a pleasure to hear him give Shakespeare' lines. Mr. Johnstone, while capable as Macduff, was hardly as telling as on the previous night. The remainder of the support can be ranked as fair. This afternoon "Mary Stuart" is be-ing rendered, and tonight "King John"

will be repeated.

"The Eleventh Hour" has evidently "caught on" at the Grand. The at-tendance was even heavier than on the previous night, and the signs of proval, especially over the sensational fight in the closing act, were unbounded as ever. The engagement closes tonight. 10 W N

The Herald did itself an injustice this morning in correcting its previous no-tice of the "King John" performance. It was right in the first instance, when it said that Junius Brutus Booth played the role here some 25 years ago, but it was Junius Brutus Booth, the younger, not the elder. The elder Booth had three sons. J. B., Edwin and J. Wilkes, the latter being the famous assassin of President Lincoln. J. B., the younger, was the husband of Agnes Booth, who played the part of Constance with him here. Joe Wheelock was the Falconbridge in the same rendition.

It is indeed "bringing coals to New to announce an organ recital in Salt Lake at concert prices. It is to be regretted that the noted organist Clarence Eddy, or his advisers, could not have realized this before he came to Salt Lake. The few musicians who assembled at the Congregational church last night were greatly mortified to see the very slim audience which as sembled to greet Mr. Eddy. But the truth is that the public has had so many, and such admirable recitals at the Tabernacle without charge, that there could be no hope of attracting an there could be no hope of attracting an audience which was required to pay admission. Mr. Eddy is so thorough a master of the instrument that his work needs no describing, and his play. ling of the various numbers gave rare pleasure to his listeners. Miss Stuart, the vocalist, has an executent soprano voice, and was warmly greeted.

Mr. Capson's brother was the gardener of the king of Sweden and Carl had learned much from him in the way of care for trees. The prince was seen by a re-porter, but he refused to say anything except that he had been so terribly misrepresented by some newspaper men in San Francisco that in future he men in San Francisco, that in future h intended not to talk to reporters, and wished to avoid publicity. It is said It is said by a railroad man in this city that the prince stand very high in railroad circles in Russia, and that he is car-rying with him to Russia the final plans

for some railroads to be built and operated in connection with the Trans and Siberian railroad. The railroads in Russia are owned by the governmen

so the prince represents the Russian minister of finance and the railroad department. He also represents Count Adoiph Rothstein, a very wealthy cap Italist of St. Petersburg, and it is said that his visit to China was to secure the control of the Hankow-Canton railroad for the count and a Russian syn dleate.
