THE EVENING NEWS.

Wednesday. . . . August 31, 1870.

LOCAL AND OTHER MATTERS.

THE PRESIDENT AND PARTY.—A dispatch per Deseret Telegraph Line, dated

SCIPIO, 31,

Says, the President and party arrived here last evening at 5 p.m., and held meeting last night. Nephi Pratt, R. T. Burton and B. Young, jr., spoke on the subjects of gathering, and living up to the counsels of those God had placed to guide his people. There was a good meeting.

The party left at 8.20 a.m. for Fillmore.

FILLMORE, 31.

The President's company arrived here at 1 p.m. They will hold meeting at 3 o'clock, and will remain here overnight.

THEATRE.—To-night there will be a fine performance at the Theatre, consisting of the great play of "William Tell, the hero of Switzerland," and the farce of "Brag vs Plotter." To-night is the first appearance for several years of Mr. T. A. Lyne, who will assume the role of the great Swiss liberator. He will be supported by Mrs. Kiskadden, Mr. D. McKenzie and others.

Doors open at half past seven, performance commences at eight.

OBSEQUIES.—According to appointment the funeral services of sister Mary West were held in the Grove, in front of her residence, at 10 o'clock a.m. yesterday. There was a large assembly of relatives and friends present, who were addressed by Presidents F. D. Richards and Lorin Farr and Bishop L. J. Herrick, who offered words of encouragement and consolation to the bereaved, eulogized the virtues of the deceased and discoursed upon the providences of God connected with death, and the resurrection, etc. It was discovered that he body of the late Bishop C. W. West had been interred in the road and it was accordingly exhumed and reburried in another place, by the side of his wife, the deceased. The attendance was unusually large, and many evidences were given of the high respect and esteem in which sister West was held.

SODA SPRINGS.—Our Congressional Delegate, Hon. Wm. H. Hooper, with his family, started to-day on a visit for recreation and health to Soda Springs, in which vicinity they will probably remain for a few weeks. We trust the benefit derived will be all that can be desired or anticipated. We know of several who would have been pleased, had business not prevented, to accompany the Captain on this trip. Those soda springs are great institutions.

IN TOWN.—We had a call this morning from Mr. John S. Hittell, one of the editorial staff of the *Alta California*, who is on his way to his old home in the east. Mr. H. had the reputation, among literary men, when we resided in California, of being the best read man of his age in the state. He wields an able pen, is an indefatigable worker, and is the anthor of several works. We remember Mr. Hittell's course with pleasure, for when it was popular to assail and denounce the "mormons," especially about the time of the Buchanan war upon Utah, he had the manliness to tell the truth about us, without fear or favor; and though making no professions of religion, in fact called an infidel, he practiced the glorious sentiment of the great Founder of the Christian religion "all things whatsoever ye would that men should do to you, do ye even so to them." We wish him a pleasant visit here and among his friends east, and a safe return to his home in the Golden State

TERRITORIAL CHIEF JUSTICE.—His honor Judge McKean, of New York, who has been appointed Chief Justice of this territory, arrived by train from the east last evening. Several of our citizens have conversed with him since his arrival and he has made a very favorable impression upon them. He appears to be in good health and spirits. He has arrived at at time when his presence is much needed.

BORN, in this city, on the 31st inst., to Theo. F. Tracy and wife, a son.

DIED, at Unionville, Summit county, U. T., August 23rd, 1870, of cholera infantum, Emily Ann, daughter of William and Elizabeth Gunn, aged 3 years, 1 month and 13 days.

Mill. Star, please copy.

THE ACCIDENT YESTERDAY.—The name of the person to whom the accident happened, at Dinwoodey's furniture factory, yesterday, is Samuel Rieben. The injuries sustained—to all the fingers of the left hand—were very severe. Dr. Anderson is doing all that can be done in the case, but he has been compelled to amputate the fore finger, and serious fears are entertained that one or two more will have to undergo the same process.

REACHED HOME.—Brother Birch, of St. George, who has been East buying machinery, reached the terminus at Ogden last night, and this city this morning. He brought along fifty-six thousand pounds of machinery,—a complete outfit for a woolen factory, and an addition to the cotton factory now running at Washington. He also brought an experienced man, named Loughery, from Kellyville, Philadelphia, to fit up this machinery and to run it for one year. Brother Birch reports having been treated with the greatest liberality and respect by the manufacturers of Philadelphia, who, in order to post him on the latest improvements in cotton and woolen machinery, gave him free access to their factories. His freight was brought over the Pennsylvania Central and Northwestern line, and was brought along from Philadelphia without having to change cars at Chicago or Omaha, as heretofore, and Brother Birch was assured by Mr. Walsh, the Agent of the Pennsylvania Central, at Philadelphia, that arrangements had been made between these two lines to bring Utah freight along without changing cars.

PERIODICALS.—James Dwyer, of the Railway News Depot, East Temple Street, has on hand the *Phrenological Journal*, *Appleton's Journal*, *Every Saturday*, *Harper's Bazar*, *Frank Leslie's Illustrated Newspaper*, *Howe's Musical Monthly*, (all for September) specimens of which we have received from his establishment, besides a host of other things in the way of serials and publications, not forgetting a choice collection of the latest sheet music. All of the above can be obtained of him at the lowest rates. They are full of interesting matter, and contain some very fine sketches of the war. *Every Saturday* has a fine portrait of Baron Von Moltke, the great Prussian strategist.

"GOOD HEALTH."—The September number of *Good Health*, has come to hand. Its contents are interesting and valuable, including articles entitled "Preventible Diseases," "How to Eat," "Sir J. Y. Simpson and chloroform," "On Poisons," "How to ventilate a sick room," &c., &c.

REVOLUTION IN MEDICINE!

THERE is no disease but walkeo's Vinegar Bitters will cure. Their great success in healing all ailments is proving to the world that Doctors are the greatest humbugs of the age. Mr. Walker challenges the medical fraternity to show him a disease for which his BITTERS are not a cure, and if it can be done he stands ready to donate FIVE HUNDRED DOLLARS to any benevolent Institution in the United States to be, named by the person who will prove that the above assertion is not true
