la carte" plan, between Denver and  
Omaha, Salt Lake City and Chicago.  
Passengers have to pay only for what  
they eat. Be sure that your tickets  
read in the Burlington route.

## DESERET EVENING NEWS.

THURSDAY, October 24, 1895.

## ARE THE ALLEGATIONS TRUE?

If Mr. Frank McNamee, of Sandy, will  
have a serious crime to  
answer for.If the charges alleged are true,  
Frank McNamee, a resident of Sandy,  
who was arrested last evening by  
Deputy Sheriff Miller, will have a  
crime of a very revolting nature to  
answer for.It is alleged by David Jones, who  
resides at Morris, and upon whom  
complaint McNamee was served, that  
while working on his farm at North  
Jordan last Saturday, two boys ap-  
proached him and told him that while  
walking along the road they had seen a  
young girl lying there in a half nude  
and unconscious condition.Mr. Jones hastened to the place indi-  
cated by the boys and found the girl  
lying there as described, with  
stomach by her side. Jones says he  
approached the girl and asked her if she  
was ill. She said yes, and he took her  
home. Jones' house is the latest type,  
which was first erected in the  
World's Fair.The light furnished by the new  
company is very neat and brilliant  
and it is said a reduction of at least  
twenty percent will be made in the  
cost to consumers.The fourth Old Dominion surprised  
everybody by taking the lead in 1895.

The race was postponed until today.

The other events were:

1000 class, mixed—Steele Fred won.

Straight second Blue Pictures third.

Trot, 2000, mixed—

H. H. H. Kelly B. Way, Way.

Second, Steiner Bay third. Time, 2:28.

The 2:20 event will occur today, and

will conclude its close contest, Capt.

Haines, owned by H. G. Fox, and

H. H. H. Kelly's Carrie B. Way, Way.

The judges were Harry Morris, trustee,

M. J. Keeney and James Grier.

THE WEEKS TURN.

New Electric Light Company now pur-  
chasing Light.Last night the Citizens' Electric  
Light company started its Works to  
operate, with contracts for 500 ac-  
tions and 100 incandescent lights. The  
incandescent lights will be 100 watts  
each. The incandescent lights will be  
100 horse-power each, two 50 horse-power compound  
engines, built at Salem, O., two 1000 capacity compound mon-  
etary incandescent dynamos, and one 100  
horse-power dynamo of the latest type, which was first erected in the  
World's Fair.The light furnished by the new  
company is very neat and brilliant  
and it is said a reduction of at least  
twenty percent will be made in the  
cost to consumers.

An invitation from Gainesville.

TO THE EDITOR:

GAINEVILLE, October 19, 1895.—  
Thinking a new issue from the part  
would be of interest to your many  
readers, I will send a brief sketch.We have had a prosperous year for  
crop this season. Our first crop was  
McNamee 2500, which in some parts of  
our valley killed most all the crops,  
but to other spots did not kill all the  
timothy grass and they had the grass  
and the weeds had not grown up so  
well. The grass is growing well and  
the weeds are growing yet. The health  
of the people generally is good. We are  
and have been very busy making  
sheds and brick for a meeting house  
which at the present time is in need  
of sheds. We have a very good  
harvest for the year.We are getting the water question  
very well under control and have  
successfully treated this season  
with our ditches. However, we ex-  
pect to have more trouble next year.We have an excellent  
meadow; peach trees have given this  
season from the pit, as big as three  
feet long inches; apple trees have  
given fruit from the pit last year  
and, of course, this year. The  
peaches, grain trees by June 20th, we  
have very open winter, can work all  
winter. Land can be got cheap in  
most, with plenty of water. There are  
specialty properties for good homes  
and can get good returns for the land. We  
would like to have some more good  
people Letter-day Saints to assist  
in developing and subduing the country.  
Respectfully,

BENJAMIN W. E. HARRIS.

His Hand Blown Off.

A miner named Tom Fowler, em-  
ployed at the Morgan company's  
mines in Hardscrabble, met with an  
accident which will deprive him of  
his left hand for the rest of his life. On  
Tuesday Mr. Fowler was walking up  
the hill to the mine, carrying a stick of  
gunpowder, when he fell with such  
violence that the gunpowder exploded  
in his hand, and he was blown off and  
knocked down. Dr. Richards of this city  
severed the remaining fragments.  
Otherwise the man was uninjured.

Y. M. M. I. A. Conference.

The Y. M. M. I. A. of the Salt Lake

City will hold their annual conference

Oct. 21st at the First Methodist

Church in the Assembly Hall, where  
every officer is expected to attend, and  
general meetings in the Tabernacle2 and 7 p. m. Very interesting pro-  
grams and singing has been prepared.

Everybody is invited.

Y. M. M. I. A. Conference.

The Y. M. M. I. A. of the Salt Lake

City will hold their annual conference

Oct. 21st at the First Methodist

Church in the Assembly Hall, where  
every officer is expected to attend, and  
general meetings in the Tabernacle2 and 7 p. m. Very interesting pro-  
grams and singing has been prepared.

Everybody is invited.

Nickel Donation Kavalier.

Superintendent of Sunday school at

Salt Lake Driving school, and

the race at the mile track on yesterday afternoon,  
and the race was much enjoyed for their  
lively features. The principal event

was the retirement of the Vicksburg and

Miss Dixie, driven double, and the

racing was interesting when they

finished second in 2:21, lowering the

Utah record 2:22, and one of a second.

There were three dashes of dust  
and sand on the track, and it was a  
splendid performance.

There was fun in the room in which

Bobby H. entered by H. Briscoe, Tom

McNamee's Old Dominion and Lucy

and the girls and the boys.

Lucy Angus had the

first heat in 2:25 and the second heat,

which was decided off in 2:24. Bobby

is, now, the third best in 2:24, while

F. C. White is the best in 2:23.

F.
