WASHINGTON, 8.—At the expiration of the morning hour the Senate resumed consideration of the bill for the incorporation of railroad companies in the Territories, the pending question being on the motion of Wright to recommit, which Wright withdrew, and moved to strike out the section giving the right of way through the public lands to such railroads, and the authority to take from such lands the material for the construction and maintenance of the road, ground for stations, &c.; agreed to. The bill was further amended by striking out the fourteenth section, which authorizes a corporation organized under the act to acquire, by purchase or gift, any lands in the vicinity of its road or through which the same may pass, and to convey the same in such a manner as directed and prescribed. ### HOUSE. The Currency Bill.

WASHINGTON, 9.—The House re-sumed the consideration of the Currency Bill, E. R. Hoar and Garfield opposing it, the latter making a powerful speech against the infla-tion of the paper currency, and in favor of a speedy return to specie payments. Conger argued in favor of the bill. At the close of the debate various

amendments were offered, and then Maynard demanded the previous question. The excitement, which had been growing all the forencon, intensified when the opponents of the bill, under the leadership of Butler, of Mass., who desired the Senate bill to be substituted for it, voted down the previous question, ayes 77, nays 142, and thus gave Butler control of the matter. He promptly, amidst great confusion and excitement, moved to postpone the further consideration of the bill till Tuesday next, stating that he would follow the vote with a mo-tion to take up and pass the Senate Allow interest at the rate of Four per bill; the motion to postpone was cent, upm daily balances of Gold and Cur-carried, 153 to 121.
