

OUR OWN STATE.

The branch office of the Deseret News in Ogden is at No. 408 Twenty-fourth street, where advertisements and subscriptions will be received. The News is delivered by carriers in Ogden, every evening on the same terms as in Salt Lake City.

OGDEN NEWS.

OGDEN, UTAH, - OCT. 20, 1900.

BIG IRRIGATION PROJECT.

Contract Let for Raising East Canyon Dam Twenty-five Feet.

Divorce and Other Court Cases—Bicycle Demolished by Vandals—Fifth Ward Fair.

The Davis and Weber canal companies have let a contract to the Utah Construction company to make their dam in East Canyon twenty-five feet at a cost of \$28,000. The canal companies started the work about a week ago with the intention of doing it themselves, but when the construction company put in their bid, it was decided that it would be cheaper to give them the contract. The raising of the dam means a great deal in the way of storing water for irrigation, as it will hold water enough in the reservoir to water all the land below the canal and more too. When completed the reservoir will hold 4,000,000 cubic feet of water. The work will be pushed to completion as rapidly as possible, and all will be in readiness for the storing of water for next season's irrigating.

DISTRICT COURT CASES.

In the case of Sholl vs Van Patten, on default of the plaintiff, it was ordered that the plaintiff's complaint be dismissed and that the defendant have judgment for his costs. A decree of divorce was granted Mrs. Corbo as prayed for and custody of minor children awarded to plaintiff, but no alimony was granted. In the case of Sholl vs Van Patten, five days additional time was granted in which to answer. The case of R. S. Brooks vs C. M. North was continued to Nov. 12, 1900.

MALICIOUS VANDALISM.

Yesterday the police were notified by T. C. Brantley that his "Syracuse" bicycle had been stolen, later in the day it was found about a block away, terribly demoralized. He offers a reward of \$10 for the conviction of the person who took the wheel. There has been considerable vandalism going on around town of late and if the guilty parties are apprehended they will be severely prosecuted.

WEDDING NOTES.

Levi Snow and his newly wedded wife, of Montpelier, Idaho, are visiting in Ogden with relatives and friends on their return trip from Salt Lake, where they were married last Wednesday. A marriage license was granted today to Herbert V. Perkins, 27, of Denver, Colorado, and Miss Flora M. Goodsell, 24, of Salt Lake City.

FIFTH WARD FAIR.

The fifth ward fair committee and the fair workers held a meeting, and reported the progress of their work, which was very satisfactory. The soliciting committee reported that they had met with excellent success, that they had been refused only by a very few, and that some of the business houses had given some elegant and costly gifts, also some private individuals. The committee decided to open the fair on Thursday, November 1st, in the Opera House block.

BRIEFS AND PERSONALS.

The Republican nominee for superintendent of public instruction, A. C. Nelson, was in Ogden today on business. The gentleman came from Sanpete county. Merriock Booth, of Reno, Nevada is in the city. The evening the Epworth League gave an oyster supper and entertainment in the basement of the church. The attendance was good, and a very enjoyable evening was had by all present.

he had sold the furniture and pawned her clothing, since then she had been living with her parents, Mr. and Mrs. J. R. Hoshard, of this city. Mrs. Moody was given the custody of one minor child, \$10 a month alimony, \$25 alimony for the other, and costs.

BEFORE THE POLICE JUSTICE.

Two small boys were before Justice Noon yesterday on the charge of stealing a pulley from Mr. Orier and selling it to a second hand dealer. They were sentenced to pay a fine of three dollars each, or to be confined in the city jail for three days.

GENERAL NEWS NOTES.

Mrs. Jas. D. Olsen, of Mount Pleasant, is in the city to undergo a surgical operation, which was performed by Dr. Allen. A marriage license has been issued to Ephraim Finch, 31, and Mary Davis, 23, both of Goshute. J. H. Steel and J. L. Sampson and families of Steamboat Springs, Colorado, are in the city with a view to making permanent homes here. E. W. Wilford, of McKendrick, left Thursday evening over the R. O. W. for Chattanooga, to do missionary labors in the Southern States.

SALINA.

Disastrous Fire—Building Boom—Flourishing Schools.

Salina, Sevier Co., Oct. 19.—Yesterday a breach of excitement was stirred up by a fire at James Garfield place. Some boys and fellows caused the fire, and as a result the sheds, corral and a considerable amount of hay was consumed. Fortunately, the fire did not reach the dwelling house. The loss will reach \$200 or \$300. The new building annex of the Co-op. store is completed, and the postoffice is now installed there. The building is fire-proof and would be an ornament to any town. Another medicine company threatens the invasion of this place next week, and all the symptoms of all the diseases human flesh is heir to will begin to crop out. It is passing strange how a medicine man can cure a disease by a little talk. "It's funny how they do it, but they do."

The residence of J. C. Jensen is being remodelled and "Jimmy" will have one of the most conveniently arranged houses in the town when completed. There is a little building boom on just now. Chief among the buildings is a handsome pressed brick cottage of 8 rooms for rent, owned by G. W. Agard, at the corner of Main and Second streets. It has added 10 rooms to the place and when finished it will be a neat and comfortable home. Salina now boasts of a cheese factory running full blast, and turning out a first-class article. Politics are raging. Partisanship is being displayed to an alarming extent. Former friends are hardly able to greet each other. The schools are in excellent condition this year, and a full corps of able teachers, under the direction of Prof. L. E. Carter, have been engaged. The crops are all gathered here and farmers are happy.

Gladdens the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. Its severest tests have been on hopeless victims of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to health. It cures Croup, Whooping Cough, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold by Z. C. M. I. Drug Dept. Large bottles 50c and \$1.00. Trial bottles free.

ORDERVILLE.

Pictureque Village of Enterprising and Prosperous People.

Orderville, Kane Co., Oct. 15.—This picturesque little village has the prettiest little church in all Zion. Without and within it is the embodiment of neatness and blending of the colors in which it is finished show fine taste on the part of the decorator and painter. Within the arrangement of folding doors, to the two wings, makes it very convenient for school purposes and as one approaches the village from Mt. Carmel the spire of this little church pointing heavenwards gives to the scene an inspiration that peace and order.

The People here have enough of this world's good to make them comfortable and happy. Their schools, both district and Sunday school, are well attended by strong, robust boys and beautiful girls.

Bishop Esplin's son, Will, shot three deer—all there was in the bunch. The buck first fell, then the doe, then the fawn. The young man feels proud of his first exploit in the hunting field. Crops have been fair this season; fields are being plowed, and the fine rains that have fallen raise the hopes of the farmer for the future.

Orderville well merits its name. Good order prevails, and unity of effort for the public good is seen in the fine public buildings which have been erected.

A Poor Millionaire

Lately started in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by Z. C. M. I. Drug Dept.

COPIOUS RAINS—Death of Mrs. Ellen M. Hilton—Tannery Established.

Tropic, Garfield Co., Oct. 17.—During the last week we had some copious rains, about 1 1/2 inches of water. The precipitation is most welcome and wonderfully refreshed the parched ground. Elder Sextus Johnston, who has successfully filled a mission in the Kentucky conference, returned to his home here on the 15th inst. He enjoyed his labors very much. We regret to have to announce the death, on Oct. 16, of Mrs. Ellen M. Hilton, the devoted and beloved wife of brother John M. Hilton. She was an estimable woman, a faithful Latter-day Saint, and one whom to know was to love. She leaves a large family to cherish her memory. Elder William Jolley, the eldest son of our esteemed citizen, Wm. J. Jolly, left his home today in response to a call from Box B. We would assure that our young brother will with honor ful-

fill his mission. The whole community wish him Godspeed.

A tannery has just been added to our enterprises here under the supervision of C. W. Snyder, a man of good judgment and experience, and success seems assured. A good shoemaker could make a home here and find profitable employment at his trade.

PARADISE.

Enormous Yield of Potatoes—200 Bushels from Quarter Acre.

Special Correspondence.

Paradise, Cache Co., Oct. 10.—The banner potato patch of the State is located in Paradise, and is owned by Mr. S. Holbrook. On one-fourth of an acre Mr. Holbrook has just harvested 200 bushels of potatoes. This is at the rate of 800 bushels per acre, and would be hard to beat. There's positively no need to endure discomfort by reason of chafing, sunburn, insect stings, and perspiring feet or accidental bruises. You forget these troubles in using Bucklen's Arnica Salve. Infallible for Pimples, Blisters, Skin Eruptions and Itches. Sold by Z. C. M. I. Drug Department. 25c.

COALVILLE.

Wilson-Mitchell Nuptials—Funeral of Elder Joseph Hays at Echo.

Special Correspondence.

Coalville, Summit Co., Oct. 19.—Thomas H. Mitchell of Ogden and Miss Amelia Wilson of this city were married last Wednesday. The ceremony was performed by Elder J. A. Smith. Two sisters of the bride acted as bridesmaids, and the brother of the bride acted as best man. The bride is the charming and accomplished daughter of Mr. and Mrs. John Wilson of Coalville. Joseph Hays of Echo, who succumbed to an operation performed in the Ogden hospital last Tuesday, was buried at his home on Thursday. Appropriate and consoling remarks were made at the funeral by Elders Frank Croft and C. A. Cullis.

Troubles of a Minister.

To benefit others Rev. J. T. W. Vernon, of Hartwell, Ga., writes: "For a long time I had a running sore on my leg. I tried many remedies without benefit, until I used a bottle of Electric Bitters and a box of Bucklen's Arnica Salve, which cured me sound and well." Sores, Eruptions, Boils, Eczema, Tetter, Salt Rheum, and Impure blood. Thousands have found in Electric Bitters a grand blood purifier that absolutely cures these troubles. Satisfaction is guaranteed or money refunded by Z. C. M. I. Drug Dept. Large bottles only 50c.

GLENDALE.

Annoying Mail Irregularities—Fine Rain With Little Frost.

Special Correspondence.

Glendale, Kane Co., Oct. 15.—The citizens of this county feel that they are being imposed upon by the mail service between the terminus of the railroad at Marysville and Kanab, and that there is any remedy they would like to have it applied by "Uncle Sam." The facts as I am informed, are as follows: The mail carriers from Panguitch to Kanab leave Panguitch before the mail from below arrives at that place. They say that they leave Panguitch on schedule time, but the mail from below does not get into Panguitch on schedule time, consequently our mail lay over at Panguitch one day, and the Saturday's mail two days. The "News," which is published on Monday does not arrive at this place until Thursday late at night, and the Thursday's issue is not got until Tuesday morning. Whereas, when the mails connect at Panguitch we get the "News" Thursday mornings and Sunday mornings.

We have just had a fine rain here. There has not been much frost yet. The third crop of lucern was secured before the rain, but it is light. Corn has matured well.

OUR NEIGHBORS.

ROCK SPRINGS, WYOMING.

George Rhodes Loses His Life in a Mine Accident.

Special Correspondence.

Rocksprings, Wyo., Oct. 15.—A very sad accident occurred here last night at 8 p. m. In No. 8 U. P. mine, by which George Rhodes, a young man 27 years of age, the first foreman, lost his life. He was assisting the mule driver in coming in contact with a rock that lay on the side of the track. Mr. Rhodes has a father, mother and sister here. They have the sympathy of the whole community in their sad bereavement.

STUDY YOUR SHEEP.

It is most necessary that the shepherd should learn to observe the habits and behavior of his sheep in health. Then the least disturbance of this condition will easily lead to the detection of disease and locate the sources of it. Reference to a good handbook on the subject will then afford the means for relief and give time for procuring expert advice. Ninety-nine per cent of the causes of disease are due to easily prevented mistakes in management. There is not one disease to which sheep are subject that cannot be avoided by good management. Accidents are avoidable. Some persons never have accidents. Others have them happening frequently. And the truth is that most of the troubles of a flock are due to accidental causes, which might have been avoided.

ART NOTES.

An exhibition of Volkmar pottery is now open at the Pratt Art gallery in Brooklyn, and will remain open until Oct. 21. Volkmar pottery is that made by Charles Volkmar at Corona, L. I. Mr. Volkmar as a young man made a thorough study of the Limoges underglaze painting and of composition of glazes in a Paris pottery. Returning to America in 1878, he built kilns successively at Greenpoint, L. I., and Tremont, where for some years he made decorative tiles and art pottery, and drew from the beginning attracted attention from their fine artistic quality. His process is different from that generally in vogue, in that he applies his colors to the thoroughly dried surface of the unglazed ware instead of the moist or "green" clay, by which method he claims that he obtains better results than any other process. The result is a body with the securing of greater brilliancy of effect. He produces fine form, varied and subtle color effects, and superior glaze.

UNNECESSARY AND DANGEROUS.

Surgical Operations for Cure of Piles Discarded by Best Medical Authorities.

A prominent official surgeon says: It is the duty of every surgeon to avoid an operation, if possible to cure in any other way. This is especially true in the treatment of piles and rectal troubles because such operations are attended with excruciating pain and serious danger to life by collapse of the nervous system.

Furthermore, operations for piles are often unsuccessful and always very expensive.

The most advanced physicians now rise and recommend the use of astringents, combined with healing oils of vegetable extraction, and administered in suppository form. The most widely used and best known remedy of this kind is the Pyramid Pile Cure sold by druggists everywhere. This pile cure contains no cocaine, no opiate, no poisonous drug whatever, and a single 50 cent package in some instances has cured cases of several years' standing.

The harmless acids, astringents, and oils contained in the Pyramid Pile Cure cause the blood vessels and congested veins to contract to a natural condition, the little tumors are absorbed and the cure is made without pain, inconvenience or detention from daily occupation.

Being in suppository form it can be carried in the pocket, always ready for use.

Ointments, salves and pills sometimes relieve piles, but they do not cure.

The safest and surest way to cure any form of piles, itching, bleeding or protruding, is to use the Pyramid Pile Cure.

Full sized packages at all drug stores, 50 cents.

A book on cause and cure of piles mailed free, if you send Pyramid Pile Drug Co., Marshall, Mich.

of the sensational and theatrical in art, and his "Cell of a Mad Woman," which was one of the eight pictures shown by him in 1884 at Paris, created a stir.
