

# THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

## LOCAL BRIEFS.

**Poultry Men Meet**—The Utah State Poultry association will meet at the Commercial club, Tuesday evening at 8 o'clock.

**Laborers' Source**—Capt. George A. Hammond of the reclamation survey has returned from a trip of inspection to the Carson-Truckee irrigation project. He found a great scarcity of laborers.

**Initiation Friday**—The Mystic Shrine will initiate a large class of neophytes Friday evening next. Immediately afterwards preparations will be made for the trip to Los Angeles in May.

**Bankruptcy Petition**—A petition in bankruptcy has been filed by Marion D. Lindsay, of Forest Dale, in the United States district court. His liabilities are scheduled at \$11,194.77 and the assets are placed at \$145.

**Schools Visited**—The schools at Bingham were visited by County Superintendent Smith yesterday who found the building in rather a crowded condition. The enrollment in Bingham is 720 pupils but the completion of the new schoolhouse there in the near future will relieve the congested condition.

**Deputies to Serve Summons**—Deputies L. A. Smith and J. L. Riley of the United States marshal's office left Salt Lake today, to serve summons upon jurors chosen for the November term of the federal court. Mr. Smith went south, while Riley went northward, and the work of serving the papers will require several days.

**Died On the Train**—Henry Borge of Niagara Falls, en route to California for his health, died suddenly on the train this side of Reno, yesterday noon. His body was taken from the train by his mother and sister who were with him, and was embalmed by an undertaker for shipment to San Jose, whither the dead man had been destined.

**Chronicle Out Today**—The University Chronicle is out today, under a new cover, and made interesting with witty poems, excelling cartoons, and lurid stories bearing on college life—not the least of which is the concluding serial of "It Happened in Alta." Hugh Lewis designed the cover, the best one in a number submitted in competition. One page with nothing thereon but "Utah 9, Colorado 6," tells the sad, unvarnished tale of that game.

**Officers Elected**—The Barbers' club of the state university law school chose these officers yesterday: J. S. McKinnon, chief bartender; J. L. Brown, assistant bartender; Ed Watson, recording bartender; chief justice, E. B. Brammel; associate bartender, M. Morgan and J. C. Woodbury; clerk of court, Russ Watson; sheriff, E. J. Barton. The club has arranged a series of lectures for the law students, the first of which will be by some prominent Salt Lake attorney next week.

**Jap Laborers' Claim**—The Japanese laborers on the Big Cottonwood conduit also have a claim against the sub-contractors for back wages due them amounting in all to \$2,658.50. Their claims have been assigned to E. D. Hamilton, the labor agent, who, by his attorney, yesterday notified the board of public works of the claims of the laborers. The men will be protected by the board which will withhold sufficient funds from the estimates to the contractor to satisfy the claims of the laborers.

**ZION'S SAVINGS BANK AND TRUST CO.**  
Pays 4 per cent on deposits. Joseph F. Smith, Pres. D. C. Beebe, Cashier.

**TEAMS WANTED**  
C. S. Martin Coal Co. yard.

## JUNIORS' OPEN RECEPTION

Given at the State University Last Night to the Freshmen.

HAD BIG CAMPFIRE BAKES.

Students Played "Run Sheep Run" in Dry Canyon and Two of Them Were Lost.

The state university juniors gave an open air reception last night to the freshmen on the foothills below the big "U," and potatoes, onions, etc., were baked in big campfires to regale the interior men. While the totemic repast was in preparation, the students played "Run Sheep Run" in and out of Dry canyon, and two students, Harry Alley and A. Anderson, unfamiliar with the country, got lost. They were shortly missed, but could not be found, so their fellow students built a big bonfire on a neighboring eminence, and by its glare the lost sheep managed to find their way out of the dark and the tangled underbrush.

The students then came down in a first street car, with pots of red paint. In the classical discussions which were held in the car, the windows suffered severely. These were paid for, and the students spread themselves up and down Main street painting on the sidewalks very informal invitations to attend Saturday's game at the University field. This reminded eastern college men who saw the performance, of the pranks of the "Med. Facs" at Harvard, who daubed up the handsome pavement near Stancie's with "To b—h with Yale!" and painted the feet of the stone statue of John Harvard a bright and glowing red. One of the juniors, James Smith, was arrested by the police, but was released without any punishment to appear before the police court today. Finally the roysterers got tired and "dispersed to their rooms."

**TAKE IN YOUR GATES.**  
This is Halloween Night—Youthful Franks Are in Order.

This is Halloween night, and the gilded youth about town have made preparation for an extended lark in celebration of the event. Citizens are taking in their gates and looking up in the barns their movable hen coops and ash barrels, rakes, lawn mowers, etc. The store windows in town are decorated with grinning pumpkin faces, and other cheerful insignia of the day, and judging from the number of parties that will be held this evening, the occasion will be well celebrated here.

**MRS. SNOW PRESIDENT.**  
Chosen at Annual Meeting as Head of The Women's Press Club.

The Women's Press club held its annual meeting last evening at the residence of Mrs. Emma H. Jensen where Mrs. Minnie J. Snow read a paper on the recent National Council of Women at Toledo, and an elaborate luncheon was prepared. The officers elected for the ensuing year were: President, Mrs. Minnie J. Snow; first vice president, Mrs. Ella R. Shipp; second vice president, Mrs. Maria Francis; recording secretary, Mrs. Flora S. Critchlow; treasurer, Mrs. Emma H. Jensen. A picture was presented by the members of the club to Mrs. Jensen, the retiring president. The next meeting will be held Saturday, Nov. 24.

**LEST WE**  
Forget—Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Get it at the office of the U. S. Drug Dept., 112 and 114 South Main Street.

**Dr. Broadbent, Dentist.**  
600-201 Scott building, 108 Main.

**CAR SMASHED WAGON.**  
Joseph Douglass Injured While Attempting to Cross Tracks.

While driving on West Second South street last yesterday afternoon, Joseph Douglass was run into by car No. 71 of the street railway company, and was severely injured. Douglass attempted to cross the track immediately in front of the car and the rear end of his wagon was struck and smashed against a pole. The driver of the car, who was driving at a high rate of speed, had no time to stop, and the car struck Douglass, besides receiving a number of cuts and bruises. He was taken to the emergency hospital at the city jail, where he was attended by Assistant City Physician Paul and was detained at the hospital for the night. Douglass is a carpenter and resides at Fifth South and State streets. On Aug. 29 he was injured by colliding with a wagon of the Elgin dairy.

**RIOT WAS IMMINENT.**  
Greek Laborer Stirred up Trouble Among Paving Gang.

For a short time yesterday afternoon a riot was imminent among the gang of men engaged in paving east Second South street. Among the laborers are a number of Greeks, and one of them, John Bonopas, was discharged Tuesday by Foreman Showells. The Greek became angered at his dismissal, and immediately went among his countrymen and endeavored to incite an insurrection. Mr. Showells took a hand in the matter and was knocked down by Bonopas, who, in addition to the pick handle which he wielded, was armed with an ugly pocket knife. A number of American workmen rushed to the assistance of their foreman, and Bonopas was more or less severely handled. As a result to his indifference to the order in the emergency hospital at the city jail, where he received the attention of Dr. Paul, and afterwards a complaint was sworn to by William Showells, charging the Greek with assault and battery. Bonopas put up \$25 bail and was released from custody, after his wounds had been dressed.
