Last Night's Dispatches.

EASTERN.

Not Pardoned.

WASHINGTON, 26.—The Indian Bureau corrects the impression that a pardon had been issued to Santanta and Big Tree. Both will be held until the October Conference, and no papers have been issued by the Texas executive concerning a pardon.

Gen. Benjamin Shot.

ST. LOUIS, 26.—A special from Hannibal, Mo., to the *Democrat*, says that General John F. Benjamin, of Shelburn, was shot by Jas. Hanley, his partner; the ball entered his left side, but it is not known whether the wound is of a dangerous character. General Benjamin formerly represented this district in Congress.

Destroyed by Spontaneous Combustion—New Move among Colored Republicans.

BALTIMORE, 26.—Mr. Rudolph Cunthrey's new dwelling on Eutah Place, the finest building in this city, was destroyed by fire at midnight. The fire was caused by spontaneous combustion. Loss, $30,000.

There is an announcement that a number of colored republicans have united in a secret association, styled the Equal Rights' League, for the avowed purpose of supporting only colored men for political offices. The organization is said to be led by Professor Greiner, until recently professor in the Harvard University. A portion of the Republicans here bitterly denounce the movement and characterize it as part of "know-nothingism," and unlikely to succeed in a city where, out of 35,000 votes, only 305 are cast by black men. The persons conducting this movement are the same who have agitated the mixed school question. The republicans denounce the movement as entirely unrepublican, and maintain that the colored men already have more than their share of offices in Washington, that they have appropriated their share of the school funds, and are represented in every municipal board.

Vanderbilt called to account—Disreputable Houses, Gamblers, &c., to be abated.

NEW YORK, 26.—The *Times*, editorially, intimates, to-day, that Vanderbilt has never paid for the public ground which he took for his depot, and asks why the city authorities do not compel him to pay. It further intimates that the lamps in Vanderbilt's tunnels and about his depot are lit at the public expense.

An order has been promulgated from the police department directing the superintendent to enforce the laws for the abatement of all places kept for obscene purposes, and to take lawful proceedings to abate gambling houses, and places kept for the sale of lottery tickets or policies. The superintendent is ordered to report such cases in writing to the board of police, thus taking the power of prosecution from his hands and placing it subject to the action of the board. This is considered an action favoring the gamblers.

Tight Rope Feat across Niagara River.

NIAGARA FALLS, 26.—The great sensation yesterday was the tight rope walking across Niagara Falls, immediately below the Falls, advertized by Professor Ballerer. Many were disposed to regard the whole matter as a fraud, but promptly at the time set Ballerer appeared, and with considerable flourish of music and enthusiasm set out on his perilous walk. The crossing was made in fourteen minutes from the Canada side to Prospect Park on the American side. He then returned to the centre of the rope, and let himself down on a platform, the swaying floods striking the water with a splash, which was heard above the roar of the fall. A boat was in readiness to pick him up, which was safely done, and the Professor was taken to shore, not injured in the least. The feat will be repeated two days each week during the season.

Butler and his Opponents.

BOSTON, 26.—The executive committee of the anti-Butler wing of the Republican party, have issued a stirring and pungent address to the people.

The long expected historical sketch of the legislation on back pay grab, from the Hon. Wm. Robinson, fixing the responsibility of the bill on Gen. Butler, appears to-day. Gen. Butler is to speak at Worcester to-morrow night. It is expected that he will give a vigorous and pointed reply to the recent letter of Geo. S. Hoar. It is also said that he will attack Hon. Odin Thayer and others.

NEW YORK, 26.—Private dispatches state that the storm on the Nova Scotia Coast, commencing on Saturday night, was the most severe ever experienced in that section. Over 300 miles of telegraph line was blown down, and there was fearful destruction of bridges, trees and telegraph poles from Dorchester, N. B., to Pinister Cove. Trees were blown down in all directions, and the wires were blown across them and tangled up. Great destruction of property is reported.

INDIANAPOLIS, 26.—The Journal publishes an authoritative statement that Senator Morton's back pay was not in the U. S. Treasury some time ago.

SCHENECTADY, 26.—The national convention of Universalists was in session here. Prof. Doolyn, president of Alleghany College, Pittsburgh, was elected president. Secretaries and a committee on credentials were appointed.

WASHINGTON, 26.—The President will be here on Wednesday. It is said that members of the Cabinet differ widely and dispose of the other. Those intimate in the decision, feel confident that the government will supplement the demand of the people, and that the Hon. Attorney General will soon be found down among the Democrats.

Advices from Paris indicate the dissolution of the Assembly is said to be unable to conciliate the German vote. The Germans control some 14,000 votes in the State, and that party very likely to be found in the majority.

NEW YORK, 26.—Money from 3 to 4 per cent, but lower at the close, gold then going down to 15¼ per cent, closed at 15¼. On loan the rate is 2 to 4 per cent. Exchange dull, 107½ @ 107¾. Government securities, currency 6s 113¾ @ 114. Stocks dull. Pacific Mail sold 44¼, closed 44¾. W. F., 73. Quicksilver, 40, Cales, 7s 110.

CUBA.

Trouble Imminent.

HAVANA, 24.—Rumors are rife that disturbances are likely to take place an early day. The republican and conservative clubs hold meetings nightly. The insurgents, 300 strong, have burned a small coffee estate in Brazo De Canto. Numerous volunteers have been enrolled. Loss heavy on both sides. The Spaniards admit having lost sixty killed.

MEXICO.

Loss of Life and Property—Yellow Fever.

CITY OF MEXICO, Aug. 25.—An inundation of the Guanajato, from a water spout, has occured, and a great deal of property has been destroyed and a number of lives lost. The yellow fever is still raging at Vera Cruz. Several cases have been reported here, but they are not confirmed.

The tea plant of commerce grows abundantly at Jacksonville, Florida. The people dry it and use it, and pronounce it equal to any peach leaves in the market.
