Chicago, Aug. 11 .- President Michael ponnelly of the butchers' union today said he had little faith in the retailers' negotistions to settle the packing house telke.

"It looks to me as though this is only the beginning of the fight," he said. "I will Lot stand now for the first sgreement. The matter is now beyond me. The allied trades conference board will have to approve of any terms offered. I do not think the packers will agree to terras that I would insist upon now, and of course the strike can not be settied unless terms are satisfactory to all

Not in a long time has there been so much apprehension of loss among shippers and commission men as there was in the yards today. The livestock receipts today consisted of 7,000 cattle, 24,000 hogs and 12,000 sheep, and to this was added more than half of yesterday's receipts. There was little buying yesterday and less today, and as a result prices fell lower. This was largely due to the shutting down of big east-ern plants, which bought heavily in this market.

Mr. Stewart was active in the in-est of the National Civic federation. This fact may rise to a theory that the rederator is becoming interested in the stockyards situation.

At the Dissel plant of the American Tany it was declared today hat the management had agreed not o furnish any cans to the packers, By his means the calling of a strike the plant will be averted. Admiral Skrydloff and Viceroy Alexieff. While the destination of the squadron is not admited, there is no doubt that if it succeeds in shaking off Admiral Togo, its purpose is to effect a junc-ture with the Vladivostok squadron.

St. Petersburg, Aug. 11, 6:08 p. m.-The admirality has just received from Viceroy Alexieff a brief dispatch officially announcing the departure of the Fort Archur squadron. It does not give details, and doubless was the news communicated to the admiralty by the captain of the torpedo boat destroyer Ryeschitelni from Chefoo.

Result Unknown-Shells Dropped In to Fortress-Japs Said to Lack Enough Big Guns.

Vladivostok, Aug. 11,-Preparations are being completed here for the reception and protection of the Port Arthur squadron. The departure of the squadron from Port Arthur is generally interpusted to indicate that the siege of the fortress is entering on its final stage, as the program has repeatedly been announced by the Associated Press for the squadron to leave as soon as the situation at Port Arthur became des-The preservation of the perate. squadron is considered to be vital to Russia's future plans, and while it is acknowledged that its departure will greatly weaken the defensive power of the garrison, without the capture of the squadron the fall of the fortress would be robbed of much of its strategic importance. The smaller ships probably were left behind on account of their slow speed and inadequate fighting power, while the torpedo boat destroyers would constitute a constant menace to the Japanese fleet outside.

BIG NAVAL BATTLE.

Definite news of the result of the re-ported battle outside Port Arthur is awaited here with feverish anxiety. Even if the squadron succeded in get-ting through the Japanese ships it is realized that it runs a desperate risk in trying to reach Vladivostok, as Ad-mral Togo's fleet is larger, of superior strugth, and faster than the Russian squadron. Besides, the straits of Korea are understood to be mined, and the swadron probably will be compelled to Definite news of the result of the resquadron probably will be compelled to take the longer route around Japan.

Washington, Aug. 11.—The Japanese legation has received the following ca-blegram, dated Tokio today: "Various reports from Tasien bay say Various reports from Tasten bay say that the Russian squadron emerged from Port Arthur on the morning of Aug. 10. A severe battle ensued, con-tinuing until sunset. In the night our torpedo flotilla seemed to have attacked

the enemy's squadron, for at dawn on Aug. 11 the Retvizan and another bat-tleship of the Pobedia type appeared to be taking flight toward Port Arthur." RESULT UNKNOWN.

Washington, Aug. 11.-The state de-partment has received the following cablegram from the American legation

at Tokio, dated today: "Yesterday the Russian fleet, which has been harboring at Port Arthur, came out, and there resulted a battle which continued throughout the day with the combined Japanese fleet. The result has not yet been officially aniounced.

From Chefoo Consul Fowler tele-graphs under today's date as follows: "A Russian torpedo gunbat has ar-rived from Port Arthur, Flerce naval engagement yesterday."

AS LONDON SEES IT.

London, Aug. 11.—The afternoon pa-pers here today, while admitting that the result of the engagement off Port Arthur is not clear, generally interpret the conflicting reports from Tokio and Chefoo as meaning that the bulk of the Russian squadron at Port Arthur made a sortie in the hope of escaping, but that only the torpedo boar des-troyer Ryeshiteini, which reached Chefoo, succeeded in getting away, and that the Ryeshiteini believed, as indi-cated by the statement of her captain,

that the rest of the squadron would be equally successful. The papers recall Admiral Cervera's dash from Santiago, followed by the speedy surrender of the town, and consider that the sortie from Port Arthun indicates the impending fall of the fort.

ther With Damages for Detention.

Suit was filed in the district court today by Margaret Gleech against Mrs. Gertrude Ryckman to recover possession of a pair of diamond earrings and a diamond ring of the total value of \$1,000 and also to recover \$500 damages for the alleged unlawful detention of the same. The complaint alleges that defendant wrongfully took possession of the diamonds more than six months

age and still withholds the same from plaintiff.

Talks of Eastern Athletics and Tells Of Boat Race Weeks Ago.

D. A. Callahan returned yesterday afternoon, from New Haven and New London, Conn., well pleased with his trip, London, Cohn., well pleased with his trip, He was delayed so long in going east that he failed to reach New Haven un-til the noon of the day on which the second ball game was to be played be-twen Yale and Harvard; and while he was delighted with thousands of other Yale men, at seeing Yale win, the gratification was sadly dampened by the Yale defeat at New York, the Sat-

urday following. Mr. Callahan followed the boat races

on the pilot boat, at New London, so that he "saw the whole thing." He says the university race was hardly a practise pull for New Haven oars-men who just took things leisurely all the way up the coarse, and finished fresh as daisles, and feathering their oars with the same easy grace as marked the carlier stages of the race.

The crimson "never touched" them. The trouble with the Cambridge crew was mainly that it contained too many members of former crews, and who could not be got out of the old style of rowing, and the result was a hybrid

stroke that was "neither fish, nor flesh nor good red herring." Coach Colson could have done much better with a perfectly green crew to start with. Mr. Callahan says the Yale crew was the Callahan says the Yale crew was the finest that ever sat in the University boat, surpassing even the famous crew of 1858, and that had this crew been pushed, it would have made the race under 20 minutes. The freshmen race was a "corker;" one of the best and most exciting ever pulled on the Thames. The way the Yale coxswain yelled at his crew was a caution. He yelled at his crew was a caution. He fairly made that megaphone howl, and it was his yelling that made this crew lay down to its work so that it won, though only by 10 feet. 'The losing crew was completely "backed" and done up, and the winners were not much better off.

Mr. Callahan saw Syracuse beat Cor-Mr. Callahan saw Syracuse boai Cor-nell, to the astonishment of all Ithaca, and the rest of the world. He ascribes the fine performance of the Yale-Har-vard athletic team in London to Train-er Murphy, who got Shick into his finest form, and the Harvard contin-gent are glad to give him the credit, even though he be a Yale trainer.

John W. Beck and W. A. Nelson File Petitions in' Federal Court.

John W. Beck of Salt Loke today filed a petition in bankruptcy in the federal court, placing his liabilities at \$14,666.23 and his assets at \$60. A Dr. Mott, the imperful accoucheur, was hurriedly summoned to the villa Alex-andra, at Peterhof, this afternoon and

similar petition was filed by W. A. Nel-son of St. Gebrge, whose Habilities are \$1,348.95 and assets \$1,535.08, \$255 of the latter being exempt. Mr. Nelson is an anr hourly. Then | merchan

NO NEW DEVELOPMENTS IN THE PUEBLO DISASTER.

Pueblo, Colo., Aug. 11.-Few develop-ments are expected foday in connec-tion with the disastrous wreck of last Sunday night. Over 100 searchers left the city early to continue work where it was left off yesterday, but most of the ground has been pretty thoroughly in-vestigated as was shown by the fact that very few bodies were found yesterday.

Much interest attaches to the verdict of the coroner's jury, which is expected to complete its work today. A very thorough investigation is being made and a mass of evidence collected, many

witnesses having been examined. The body of George W. Geopert has been recovered and identified. He is said to have been a representative of Joseph Fetz's wholesale liquor house in San Francisco

Relics of the Eden wreck that have been found by searchers along the bed of Dry creek and Fountain river may prove to be valuable clews in cases of mysterious disappearance. Among these are two watches numbered 6367077 and 8827369. The first of the numbers is stamped in a hunting case watch, which containes the photographs of a man and a woman. With this watch were found a diamond ring, a long gold chain of very light weight and a breast pin, which has a French coat of arms some motions in that language. On the photograph of the woman in the back of the watch appear the initials F. C. B., placed there with black ink. Watch No. 5827369 is a hunting case

man's watch, with a heavy twisted gold chain, which has a peculiar charm if its end.

A package containing five souvenir sooons and card bearing the name of Dr. Lynn D. Mathews has been found. The presumption is that Dr. Mathews was on the train and was drowned. F. J. Schurman of Warrensburg, Mo.,

was the name written on the tag of a valise. Schurman was perhaps lost, al-though his name has not been among those of the missing or identified dead, There was a woman's gold watch delivered to the coroner, in which the name "Tillie" was engraved. It is thought that it belonged to Mrs. Mary Price of La Salle, Ill., whose body has been found.
