According to the *Miner* there are small-sealed people in Butte: "At the close of the skating pavilion on Saturday night, 11 pairs of skates were found beneath the seats, presumably doctored by skaters and left there to avoid paying for their use upon delivery at the office."

Mr. Charles E. Christie, representing Rice's Surprise Party, and Mr. Charles E. Blanchett, representing the Madison Square Theatre Company, arrived this morning from San Francisco, to make arrangements for the appearance here of their respective companies.

"Young Mrs. Winthrop" will be presented here by the Madison Square Theatre Co. on the 2nd, 3rd and 4th April. The success of this company on the Pacific coast has been truly great, and the play spoken of by the press as the greatest American drama ever presented.

Mr. E. Newberry, whose advertisement appears in the News, is now proprietor of the eating house formerly owned by the late Mr. John Hagell. The place presents an inviting appearance. The proprietor being an experienced caterer the viands at his house are therefore skillfully prepared.

Last evening the members of the Eleventh Ward Sunday School choir and a number of their friends joined in a surprise party at the residence of Brother Charles Denney, who has been the leader of the choir for a number of years, and is about to leave on a mission to Europe, to pay him a farewell visit. A large table was spread with good things. Brother Henry Hubbert, in behalf of the ladies, presented their choir leader with a handsome gold pen and pencil combined. Brother Denney made a fitting response. The evening was pleasantly spent.

Shot an Indian.—The following from a Montana paper shows one of those incidents which often lead to Indian outbreaks:

A Crow Indian chief was shot by a white man about two weeks ago between Big and Little Porcupine rivers. Some difficulty arose over the ownership of a horse that the Indians had in their herd and claimed on the ground that they had traded for the animal. They were not willing to turn over the horse to its original owner, who then and there drew his gun and shot the chief through his head, killing him almost instantly. He was arrested by the tribe and taken to Fort Custer where he will be held for trial before the United States authorities.

Minnie Madden Company.—This morning we received a call from Mr. A. L. Donnan, agent for the Minnie Madden Company, who will play at Haverly's Salt Lake Theatre on Thursday, Friday and a matinee on Saturday next. "Foggy" is one of the most sensational plays ever put upon the boards, and met with great success in New York. Miss Madden is described as an actress of rare attainments, and has excellent support from a strong and well trained company.

Educational.—Miss Thomas will give a lecture before the Teacher's Class on "Physical Education," at the Presbytery School-house, on Monday, at 8 p. m. All interested in the subject are invited to attend, free of charge.

This talented lady has concluded to stay in the city about six weeks longer, and during that time, at the solicitation of numerous friends, will conduct a class in elocution. See advt.

Going North.—On Monday the Opera House Stock Company will leave for the north. They will perform at several of our settlements on the way to Idaho and Montana, and we are pleased to be able to speak a good word for them. The organization is one possessing considerable histrionic ability, and those who have dealings with Mr. Curran, the manager, will find him a genial and courteous gentleman.

Runaway.—The daily runaway occurred at 10 a. m. to-day—a little earlier than usual. This time the team was furnished by Z. C. M. I., and starting from the front of that establishment took Greeley's advice as far as Latimer & Taylor's corner, when the outfit started for the south pole, but was unavoidably detained by coming in contact with a large telegraph pole, which it struck just "about the ankles." The horses and the pole stand uninjured, but the wagon is somewhat demolished.

A MYSTERIOUS FIND.

THE REMAINS OF A MAN ARE DISCOVERED ON THE GROUND NEAR CLEAR LAKE.

We learn from Dr. J. D. M. Crookwell, who is located at Clear Lake, Millard County, that while his son William, a lad of about ten years of age, was hunting stock in that locality last Wednesday, he discovered a portion of the remains of a man lying upon the ground. When the boy returned home and reported to his father, the latter with the lad and Mr. Peter Wolsey, proceeded to the spot where the bones lay. With them were portions of a skull colored fustian box coat, with side pockets. None of the other clothing could be identified so far as color was concerned. There were also found near the spot a silver watch, brass chain and six dollars in money. Dr. Crookwell at once sent a messenger to Fillmore, to notify the coroner.

A Useful Pamphlet.—Messrs. Stayer and Simmons have just published, through this office, a very excellent pamphlet on land matters. Mr. Stayer is the author of the work, which covers a large amount of ground on the subject it treats. It contains valuable information on the requirements of the land laws; shows the difference between pre-emption and homestead claims, the advantages of timber culture, and the benefits of the Desert Land Act. It also shows, in plain and concise language, how to locate mines and tunnels, so as to secure rights under the laws; gives full instructions in regard to patenting mines, and how to secure stone deposits, of which there are many in the Territory. It presents a useful chapter on coal lands, with full particulars as to filing claims, making improvements and the time for payment. Full tables containing government fees and charges on land and mines are also found in the appropriate places. The pamphlet closes with a map showing the form an sectioning of an ordinary township, with the numbering of the sections, and the method of subdividing them into quarter and fourths. School lands are also treated on, and the manner of expediting patents which have been delayed. The pamphlet is neatly printed on a good quality of paper, and sells at 25 cents.

Three Hundred Voices.—In our columns to-day will be found an advertisement of Prof. C. J. Thomas, agent for Prof. Theodore Thomas in the organization of voices for four grand choruses to be rendered at the forthcoming musical festival. He calls for three hundred good voices. Those possessing that desirable qualification and who wish to volunteer their services for the great occasion should give in their names at once. It will present a good opportunity for training to many of our local vocalists, and the fact of singing at a concert of the musical celebrity, Theodore Thomas, will give considerable prestige to those who do so.
