LOCAL AND OTHER MATTERS.

SABBATH MEETINGS.—Yesterday morning the congregation was addressed by Elder Wilford Woodruff, who spoke upon the first principles of the gospel, and the antipathy and opposition with which those principles have always been received in any and every age of the world whenever promulgated.

President George A Smith spoke a short time upon the principle of patriarchal marriage, showing that it was in accordance with the Scriptures contained in the Bible, and, that, though, as some assert, the number of the sexes born is equal, owing to various causes the number of the male sex is much smaller than that of the females when they arrive at a marriageable age, hence the introduction and practice of this principle is indispensibly necessary to enable the female sex to comply with the first command of the Creator,—to multiply and replenish the earth.

In the afternoon the time was occupied by President Young. His discourse was reported, and will probably be published in a few days.

THEATRE.—On Saturday evening there was a good house at the farewell benefit of Mr. Margetts. The entertainment throughout was of the most satisfactory character.

CHILLY.—The blustry weather of yesterday a. m. culminated in the afternoon in a shower, which continued with slight cessations until near morning. From the appearance of the mountains around quite a depth of snow must have fallen. We learn by a dispatch received per W. U. line that eight inches of snow fell last night on the Bitter Creek road east. How is that, for the last of May? To-day we have it very chilly, and from present indications the storm is not yet over.

POLICE ITEMS.—Prof. B. H. Borgman, arrested for threatening and assaulting Mr. Harry and being drunk, had a hearing before Justice Clinton this morning and was assessed $15.

Another case up to-day shows a lack of politeness and gallantry on the part of one of our city butchers, who was brought before the Judge to answer to a charge of using abusive language to a young lady customer.

FATAL ACCIDENT.—By letter from Bloomington, Rich County, we learn that, on the 14th inst., two young men were amusing themselves in wrestling; one of them, whose name was Frank Aland, was thrown heavily upon the ground, the other falling on top of him, and was so severely injured that he died on the evening of the same day. The injuries sustained by Bro. Allen were in the spinal column, at the back of the neck.

Bro. Aland was born in Batheaston, Somersetshire, England, on the 25th of Sept., 1848. His death has created a profound sensation in Bloomington, for he was generally respected and esteemed.

BOYS DON'T KILL THEM.—We are informed that the martins, or, as they are usually called here, the "swallows" are quite numerous in the 20th Ward, and that they are industriously engaged in "cleaning out" the grasshoppers. The boys, though, in that quarter are in the habit of throwing stones at them, and killing, or frightening them away. This should be stopped. We have hoppers sufficient around to employ a few millions of these scavengers; and instead of pelting them we ought to, if it were possible, entice them to come.

WEATHER.—The following report has been received per Deseret Telegraph Line:

Farmington, cloudy and raining; Kaysville, raining a little; Willard, pleasant; Franklin, very cold and clear, no rain; Richmond, cold and slightly cloudy, with sun shining at intervals; Logan, a few scattering clouds, a little cold, but pleasant, no rain yet and the ground is very dry; Springville, cold, been raining all night and still continues; Spanish Fork, very cloudy and cold, been raining here all night and snowing on the mountains; Payson, cloudy, cold and stormy; Nephi, very cloudy, been raining considerably, looks like more, snowed on the mountain; Fountain Green, cloudy and cold, been snowing all morning and still continues.

NEGRO JURY.—The first jury composed entirely of colored men ever empanneled in California, occupied the bench in a Police Court trial in Sacramento a few days since. The defendant in the case was one of their own race; he was charged with kicking and badly disfiguring a Chinese washman. The jury rendered a verdict of assault and battery as charged. The Sacramento *Daily Union* says, in speaking of them, that "a more respectable looking or dignified body of jurymen seldom has been convened within the Police Court room." That's anything but complimentary to the white jurymen there.

JOHN CHINAMAN AT OGDEN.—From the Ogden *Junction* we learn that about three hundred Chinaman arrived in Ogden, on Thursday evening, from the West. They are engaged to work on the U. P. line, between the Junction and Wasatch. These fellows have had such a hard time in California lately, we suppose they can be hired "for a mere song."

TOOELE CITY.—Elder A Galloway, writing from Tooele City, says the grasshoppers are jumping around here by ten thousand times ten thousand. They cleared my garden, in the vegetable line, and now they are on the trees. I dread them more than I do the Cullum Bill. They have taken all my wheat. The prospect of raising wheat in this settlement, at present, is very much like looking through a glass darkly, yet I presume it is right; but it is very unpleasant for a man to have his all taken by the miserable 'hoppers.'"

DIED.—In this city, on the 22nd instant, of inflammation of the lungs, Joseph Clayton, aged 31 years last February, leaving a wife, Ellen Brasenell, and child to mourn his loss. He died, as he lived, firm in the faith of the Church of Jesus Christ of Latter-day Saints.

PROSPECTUS

OF THE

SALT LAKE HERALD

The undersigned will, in a few days, commence the publication of the **SALT LAKE HERALD,** a new Morning Journal.

The **HERALD** will be strictly a newspaper. It will contain the latest Local, General and Foreign News by Telegraph and Mail, and will aim to present to its readers, at the earliest possible moment, the most interesting items of news gathered from all parts of the globe.

It will be independent in tone, and its editorials will treat current topics of interest in a straightforward, plain-spoken and liberal manner.

It will endeavour to advance the interests of the Territory, defend the rights of the people of Utah, with whom the Publishers are socially and religiously identified, sustain just principles, and labor for the general good.

Interesting Home and Foreign Correspondence will be found in its columns.

The desideratum of newspaper advertisers is a paper that is generally read by the people. The proprietors of the **SALT LAKE HERALD** will seek to secure this by laboring energetically to make a paper that will be sought after and widely read.

The Editorial department will be under the charge of EDWARD L. SLOAN.

A WEEKLY HERALD will be issued as soon as the necessary material for it arrives.

Notice to Bridge Builders!

SEALED PROPOSALS will be received by the Subscriber until the 30th instant, for building a Bridge over the Canal on North Temple street, east of and near Jordan Bridge, in Salt Lake City. The Bridge to be twenty-five feet long and twenty four feet wide, to be on three bents, each bent to consist of five piles, one foot at the butt and driven not less than ten feet each, with a cap that will square one foot, piling and cap to be tenanted, mortised and pinned—seven stringers that will square one foot each, notched and pinned to cap. Plank to be four inches in thickness, pinned; with posts and hand-rail properly braced. The piling at each end of the Bridge to be planked with four inch plank and filled in with brush and dirt in a substantial manner.

All the timber to be of good sound Red Pine and the work to be done in a workmanlike and substantial manner, and to be completed by July 1, 1870. Bonds will be required for the faithful performance of the work, and the subscriber reserves the right to reject such proposals as may be offered.

CURTIS MODELS—PRICES REDUCED TO MEET THE TIMES!—The merits of this system for Cutting all kinds of garments worn by Ladies, Gentlemen and Children are known by scores of ladies in this City and Territory, but the sure way is to prove it for one's self which may be done without charge. This system removes all anxiety regarding the FIT of garments, as all its directions are absolutely positive. There will be no altering—no taking up or letting out, which not only injures the material but destroys the proportions and often ruins the garment. The system is very simple and can be learned in a few hours.

☞ CASH and PRODUCE taken.
